DR. COGGSWELL'S NEW MEDICAL SALT.

For Inflammatory Diseases Only.

New Medical Salt! New Medical Salt!

IT IS NOT A CURE-ALL.

For Inflammatory Diseases only

Dr. Coggswell's New Medical Salt, instead of its being a remedy for all ills, has control over but one ill, has but one aim, and accomplishes but one thing, to wit: subdues inflammatory diseases, whatever be its form or locality, whether in the head, throat, abdomen, extremities or skin.

New Medical Salt. Its peculiar excellence is, that without the useless loss of blood and strength, it effectually cures inflammatory diseases (as others) by producing an equilibrium of the fluids in the body, the want of which is the sole cause of inflammation!

Notice To Invalids!! The following forms which the unbalanced fluids assume, and many others not mentioned, that have more or less fever or pain, are as easily subdued by the *New Medical Salt*, as fire is extinguished by water, to wit: Brain Fever, Headache, rush of blood to Head and Heart, Fits, Inflamed eyes, ears, nose, lungs and liver, Neuralgia Spinal affections, Erysipelas, Bronchitis, Pleurisy, Asthma, Cough, Dyspepsia, Venereal Diseases, Rheumatism, Gout, Scrofula, and all Itching and other cutaneous eruptions.

Dr. Coggswell's New Medical Salt does just what it claims to do—no more, no less—equalizes the fluids by removing from the system all arterial and venous obstructions. Descriptive circulars may be obtained from any Druggist who has this valuable medicine for sale.

Dr. Coggswell's New Medical Salt. Get a Circular. Ask any Druggist about the *New Medical Salt.*

Ask your neighbors about the *New Medical Salt.* If sick, try; if not sick, remember the *New Medical Salt.*

Dr. Coggswell's New Medical Salt is for sale in Batavia by H. W. Fellows and by all enterprising druggists wherever the Herald is [illegible]. As it is not a Patent Medicine, but the prescription of an eminent Physician, no one should fail to try the New Medical Salt.

For testimonials and directions see circular.

Acute Packages $1.00; Chronic $2.50.

HERB DISPENSARY

OFFICE 95 MAIN STREET,

(2d door, Up Stairs, Buffalo, N. Y.)

A NEW, SPEEDY, AND MOST SUCCESSFUL MODE OF TREATING

Spermatorrhoea, Nervous Debility, Marasmus or Wasting Consumption.

AND ALL

Diseases of the Urino-Genital Organs.

A CLASS of Maladies prevail to a fearful extent in community; dooming at least fifty thousand youth of both sexes, annually, to an early grave. These diseases are very imperfectly understood. Their external manifestations or symptoms are Nervous Debility, relaxation and exhaustion; Marasmus, or emaciation, wasting and consumption of the tissues of the whole body; shortness of breathing, or hurried breathing on ascending a hill, or a flight of stairs—great palpitation of the heart, asthma, bronchitis and sore throat; shaking of the hands and limbs, aversion to society, and to business or study, dimness of eyesight, loss of memory, dizziness of the head, neuralgic pains in various parts of the body; pains in the back and limbs, lumbago, dyspepsia or indigestion, irregularity of the bowels, deranged secretion of the kidneys and other glands of the body, as Leucorrhoea, or Fluor Albus &c. Likewise Epilepsy, Hysteria and Nervous Spasms.

Now, in ninety-nine out of every one hundred cases all the above named disorders and a host of others not named have their seat primarily in the sexual organs, and arise from morbid excitement and chronic inflammation—a state of morbid irritability, hence the want of success on the part of Old School Doctors.

Dr. JOHNSON is now engaged in treating this class of modern maladies with the most astonishing success. The treatment adopted by the Institution is new, it is based upon scientific principles, with new discovered remedies, without minerals or poisons. The facilities of cure are such, that patients can be cured at their own homes without expense, in any part of the country, from an accurate description of their case by letter, and have the medicine sent them by mail or express.

Young Men suffering from these direful ills, will receive for $5 a series of Health Rules, and perfect chart of cure, which will be to them a true polar star through life.

Ayer's Sarsaparilla,

A compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:—

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. [illegible]

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

PREPARED BY

DR. J. C. AYER & CO.,

LOWELL, MASS.

Price, $1 per Bottle; Six Bottles for $5.

Ayer's Cherry Pectoral

has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.

Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a Dinner Pill, and for Purifying the Blood.

They are sugar-coated, so that the most sensitive can take them pleasantly, and they are the best aperient in the world for all the purposes of a family physic.

Price 25 cents per Box; Five Boxes for $1.00.

Great numbers of Clergymen, Physicians, Statesmen, and eminent personages, have lent their names to certify the unparalleled usefulness of these remedies, but our space here will not permit the insertion of them. The Agents below named furnish gratis our AMERICAN ALMANAC in which they are given; with also full descriptions of the above complaints, and the treatment that should be followed for their cure.

Do not be put off by unprincipled dealers with other preparations they make more profit on. Demand AYER'S, and take no others. The sick want the best aid there is for them, and they should have it.

AT AUCTION.

A JUDGMENT HAVING BEEN OBTAINED at a Special Term of the Supreme Court of the State of New York, held at Corning, Steuben County, on the 19th December, 1858, in an action wherein John A. Stevens and others were plaintiffs, and The Buffalo, Corning and New York Railroad Company and others were defendants—directing the sale by a Referee of all the property of said railroad corporation covered by their first mortgage—and the undersigned, as Trustees for the holders of the first mortgage bonds of said Company, having purchased, at such Referee's sale, the said property, they will, as such Trustees, sell at public auction, by Samuel H. Bard, Auctioneer, at the Rotunda of Spaulding's Exchange, in the City of Buffalo, in the county of Erie, on Wednesday, the ninth day of November, 1859, at 12 o'clock at noon, that portion of the said property which is described as follows, to-wit: All the interest of said Trustees in and to all that part of the rail track of The Buffalo, Corning and New York Railroad Company, and of the lands or interests in lands acquired by said Company for a rail track or other purposes, lying within the city of Buffalo, in the county of Erie, and extending from thence to the Tonawanda creek, in Batavia, in the county of Genesee.

HOSTETTER'S
STOMACH BITTERS.

IT is a fact that, at some period, every member of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has introduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nausea, Flatulency, Loss of Appetite, or any Bilious Complaints, arising from a morbid inaction of the Stomach or Bowels, producing Cramps, Dysentery, Colic, Cholera Morbus, &c., these Bitters have no equal.

Diarrhoea, dysentery or flux, so generally contracted by new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend Bitters of some kind; then why not use an article known to be infallible? All nations have their Bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to prove the value of this great preparation in the scale of medical science.

FEVER AND AGUE.—This trying and provoking disease, which fixes its relentless grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTERS. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nausea nor offend the palate, and render unnecessary any change of diet or interruption of ordinary pursuits, but promote sound sleep and healthy digestion, the complaint is removed as speedily as is consistent with the production of a thorough and permanent cure.

For Persons in Advanced Years, who are suffering from an enfeebled constitution and infirm body, these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indispensable, especially where the mother's nourishment is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart temporary strength and vigor to the system. Ladies should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtue of the Bitters, will recommend their use in all cases of weakness.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for HOSTETTER'S CELEBRATED STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

The Veracity of the Advocate.

The Advocate must have broken the Sabbath badly, in that long article prepared for Monday's issue, besides breaking the moral law in telling so many confounded big stories. The Editor must have suffered a stretching of his imagination in reading tales about the Great Eastern, and the big balloon, for surely he didn't use to exhibit such an expansion of the intellectual faculties in this way, if we remember rightly.

About the Telegraph again it says:—

"The Herald states the number of Daily Papers, printed in English, correctly. But to our certain knowledge, but FOUR of them receive the Reports from the Associated Press, and pay for them. THIS WE KNOW. They are the Commercial Advertiser; the Express; the Courier; and the Republic. No other paper printed in the English language received them from the Associated Press."

There are two papers in Buffalo published in the same building, and it is bearly possible that they both use the same copy, and thus lessen the expense of a full Report to each, but the Advocate would have us believe that one paper in Buffalo at least steals its Reports, and claim this as a support of its position that whoever procures Reports from the Associated Press is accustomed to deny the participation in them with other papers in the place. The Advocate sits very uneasy on this matter.

"But the Herald thinks we made a mistake when we said that paper was 'still the Herald, printed at the same office, by the same man, and run upon the same principles.'"

How does the Advocate know that the "HERALD thinks" the above statement to be a mistake. We have said nothing of the kind, nor have we thought so, on the other hand the above is nearly the truth —quite as near as the Advocate ever gets. The same paragraph in which the above appeared originally contained a perfect contradiction upon which we commented. It now attempts to show that the above statement is *false*, by charging that the HERALD used to be an American, and Anti-Railroad paper, but if it will accuse itself of lying, and *try* to prove it, what reliance can be placed in its statements anyhow.

We do not pretend that the HERALD did not advocate the interests of the American party, and if the Advocate is unable to see the consistency of the HERALD's present position, since there is no American party in the field, we ought to [illegible] Perhaps, [illegible] it claims that the character of a paper depends upon its Editor's opinions and not upon its contents, it can reconcile the Advocates present principles with the fact that its Editor was a good American, when residing in Buffalo, and that the present Democratic Mayor of that city owes the Editor of the Advocate for the acceleration of his majority when elected to the full amount of one vote at least.

The Advocate says of the Central Railroad, that the HERALD "is now understood to be RUN by that corporation."

Now Mr. Editor of the Advocate how can you reconcile this last statement with the one above quoted, in which you say that "the HERALD is published by the same man, and advocates the same principles that it did years ago."

The attempt to make it appear that the HERALD's principles were as various as were the sentiments of the articles it has always been liberal enough to publish upon all subjects, and especially upon Spiritualism, is unworthy of any respectable mind. Pray what does the Advocate think of the New York Tribune, the leading Republican paper of this country?—It has just published the 10th article of a series advocating Spiritualism.

There is a great effort being made to get up a revival in the Republican ranks. The exhorters of Republican sentiments swarm numerously, and we hear of meetings being held all over the county, and of spontenaceous bursts of eloquence breaking out in school houses and bar rooms around about in the rural districts. Thus far the labors of these zealous souls seem to be progressing slowly for the want of hearers to be convicted and converted to the irrepressable doctrines.

Last Friday night the Republican candidate for District Attorney, William Tyrrell, backed up two other citizens of Batavia, Messrs Moulton and Montgomery from Alexander and Mr. Corlett from Wyoming, assembled themselves together at Darien City to make speeches. These are times to try men's souls though they, and there is a great work to be *did*, so they went about it.

Fired with patriotism, and burning with eloquence *inside*, the pin feather orators had thus far neglected to provide an essential ingredient for a truly enthusiastic meeting, namely, an audience. One, more absorbed than all the others actually arose and commenced—"Friends countryman and lovers"—when lo! and behold, his words fell only upon the conscious ears of the beloved five who had come in with him and he had to stop—actually broke down under the full conviction that he had commenced on the wrong speech for the occasion.

A consultation now took place, and the question was earnestly debated whether they should prepare a new set of speeches all round with which to entertain each other, or—go home. Inasmuch as it was decided that two certainly were "all right" in view of the offices for which they were candidates, and one belonging out of the county and could'nt vote, and the other three not very easily made over if not right, they concluded to go—home.

What the Herald says about Gov. Seward's speech being likely to cause insurrections and other evils, is all gammon, and has about as much foundation as the other allegation—that Gov. Seward's speech last fall was the cause of Gerrit Smith's defeat, when running for Governor!—[*Advocate.*

Mr. Seward's Rochester speech, claimed by the Republicans to be an "outspoken and proclaimed" declaration of their principles, expounds their creed as follows:

> It is an irrepressible conflict between opposing and enduring forces, and it means that the United States must and will, sooner or later, become entirely a slaveholding nation, or entirely a free-labor nation. Either the cotton and rice fields of South Carolina and the sugar plantations of Louisiana will ultimately be tilled by free labor, and Charleston and New Orleans become marts for legitimate merchandise alone or else the rye fields and wheat fields of Massachusetts and New York must again be surrendered by their farmers to slave culture and to the production of slaves and Boston and New York become once more markets for trade in the bodies and souls of men."

Does not slavery exist by law in South Carolina and Louisiana? According to Mr. Seward, the "irrepressible conflict" contemplates the entire subjugation of those and the other slave States to free labor.

Gov. Seward and the Insurrection.

It would seem from the following passage in a letter from Forbes the English Abolitionist to Dr. Howe that Gov. Seward was by no means innocent of the cotton speculation, and slave liberating schemes that have resulted in the recent Insurrection.

WASHINGTON, May 6, 1858.

To Dr. S. G. Howe, M. D. Boston Mass:

On Saturday (1st May) I had an interview with Senator WM. H. SEWARD, of New York having been introduced to him through a letter from a leading abolitionist, Dr. Bailey, of the *Era*. I went fully into the whole matter, in all its bearings. He expressed regret that he had been told, and said that he in his position ought not to have been informed of the circumstances. In part I agree with him and part I differ. I regret that the misconduct of the New Englanders should have forced me to address myself to him; but being now enlightened on the subject, he cannot well let this business continue in its present crooked condition, instead of causing it to be "put straight," both as regards my children's situation as well as the cotton speculation of the humanitarians.

The Advocate failed to acknowlege that an article on bolters and Convention corruptions which recently appeared in that paper was from the pen of JOHN H. KIMBERLY Esq., formerly Editor of that paper, now on a visit to this village.

A Common Scold on Trial.

The Anderson [S. C.] Gazette, in its report of the fall term says:

"The most interesting case was "The State agt., Nancy Stevens." As the public are aware this was an indictment against the defendant as a common scold. A true bill was found against defendant last March term of court, and was traversed. We make this brief notice of the case that the public may see how it has been disposed of, and because the papers of this and other states have commented much upon it. The case was called for trial on Wednesday last, Hon. R. Munro presiding, Solicitor Reed representing the state, and Messrs. Orr and Marshall appearing for the defendant.

The case being called, Mr. Orr made a motion to quash the indictment, on the ground that it was not an indictable offence in South Carolina. He made a brief but able argument in support of his motion, sustaining himself by reference to the case of Commonwealth agt. Samantha Hutchinson, which was tried in the Sixth Judiciary District of Pennsylvania, and found in the American Law Register, p. 113. The defendant in that case was discharged on the ground 'that the offence of common scolding was not indictable as a crime in Pennsylvania.'

Mr. Reed read from the books much law to sustain the indictment. After argument *pro* and *con*, the following order was passed: On hearing the motion in this case, it is ordered that the indictment be quashed on the ground that it is not an indictable offence, that portion of the common law relating to this offence being obsolete in South Carolina.

We think that the thanks of the ladies are certainly due the ex-speaker for his able arghment in defence of woman, and to the court for wiping out the offence in this state. As far as we ascertained this is the third indictment that has ever been preferred in the United States for the offence of scolding and we hope it will be the last, for it is invading one of the dearest rights of women, and is, in truth, an abridgement of the liberty of speech in the fairer sex. The tongue is the principal weapon both of defence and offence, and as Irving has very facetiously said, it is the only edge tool that becomes sharper by constant use."

The Detroit Tribune describes a singular looking vehicle about the size of a hand cart, which was trundled from Canadaigua N. Y. to Cleveland O., over 200 miles, by a man sixty-five years old, accompanied by his better half. The old man says it took him two days to manufacture this old contrivance. The "upper works" consisted of a slight frame, made to exactly fit the box or chest in which was stowed the "plunder" of the voyageures. The "starboard wheel" of the vehicle contained twenty spokes, while the other displayed only one half that number. Hickory bark was made to perform the duty for tires. Upon arriving at Cleveland, Capt. Evans of the Ocean, thinking the old couple had walked far enough, gave them a ride to Detroit. Being almost at the end of their journey, the baggage master at the Milwaukee depot, wishing to preserve the cart as a curiosity, offered the old man twenty-five cents for it, which was accepted.

CORNELIA SENDS HER "RESPECTS" TO HER HUSBAND.—The following love letter from a fair lady residing at Fairhaven, Connecticut, is in response to an advertisement "posting" a wife in the usual manner. Cornelia is ahead:

Whereas, my good-for-nothing husband Lyman S. Forbes, having seen fit to advertise me, forbidding all persons trusting me on his account, I would hereby warn all persons against harboring or trusting *him on my* account, as *I* shall pay no debts of his contracting after this date. As he has not been in the habit of paying any of my bills, or his own neither, since I have been acquainted with him, his caution is wholly unnecessary and uncalled for.—Moreover, no one who knows him would be verdant enough to trust anybody on his account. CORNELIA FORBES.

SUDDEN DEATH OF A SUPPOSED RESIDENT OF LYONS ON THE G. W. R. R.—A passenger died in the cars of the G. W. Railway about seven o'clock Friday morning. He was conversing with the passengers when the train left Copetown station and soon afterwards was taken with a fit of sneezing and did not speak again. No particular notice was taken of the fact, however, until the train reached Paris, when it was found that he was dead. He told some persons in the cars that he lived in Lyons, N. Y., and was a millwright by trade, and was going to see a brother in the West. He had a railway ticket to Detroit. The body was left in Paris to await the decision of a Coroner's inquest.

THE ETERNAL NEGRO.—The Republicans have sent for foreign emissaries to come here, and preach up "the gospel of Nigger" to the people, on a *State election*. WILSON, of Mass., GROW, of Penn., CORWIN, of Ohio, are three of the imported orators. Cannot the Republicans find citizens of New York who can testify to their administration of the affairs of our white citizens! Are we to be taught by foreign orators our duty to Negroes? And do our politics begin and end there!

DIED.

BOYLAND—Died in Batavia on the 21st inst., LIBBIE A. BOYLAND, daughter of J. H. and SARAH M. BOYLAND, Aged 18 years.

Dearest LIBBIE, thou hast left us
Left us, for the court above;
'Tis God! 'Tis God! that has bereft us,
What he's done, he's done in love.

In Heaven, thou has gained an entrance
Though we mourn thy loss on earth;
Faith in God, and true repentance
Has gained for Libbie, this new birth.

Libbie's gained the hidden treasure
Of which the word of God declares;
When found, she parted with all pleasure
What ere she owned, or possessed with care.

Libbie has left the cumbersome clay,
With a willing and delightful heart,
Willing to exchange darkness for day,
Was ready and willing to depart.

This is the season for coughs and colds. Call at Wilder's News Room and get Dr. Griswolds COUGH MIXTURE, the most speedy and effectual remedy for a cough known, It has been used for several years by some of our best citizens and always with success.

Remember at Wilder's.

IT is a common observation that there are more sufferers from debility, among Americans, than can be found among any other civilized nation. The reason is obvious, We take too little exercise, and forget the wants of the body in the absorbing pursuits of business. In all such cases, ordinary medicines can do little good. What is required is just such a tonic and invigorator as Dr. J. Hostetter has given to the world, in his celebrated "Bitters." The weak and nervous denizen of the counting-house, the exhausted tailor upon the shop-board, and the prostrated student of the midnight lamp, have found a wonderful regenerator in the "Bitters," and prefer it to more pretentions, but less efficacious medicines. But it should not be forgotten that the agent which is magical in its influence upon a frame which is merely debilitated, is equally powerful in assisting nature to expel the most terrible forms of disease. Who would not give it a trial!

DR. N. R. C. ROWE.
URISCOPIAN PHYSICIAN.
(Late from the Island of Barbadoes, West Indies,)

WHO has located in Rochester, begs to announce to the public of Batavia and vicinity, that he can be consulted on all CANCEROUS and CATARRH affections, Tumors, diseases of the Lungs, Throat, Liver, Kidneys, &c., &c. Also Scrofulous and all other Chronic Diseases, at his office No. 6 Stone Block, corner of Main and St. Paul Streets.

The success that has attended his practice was never surpassed by any other Medical man of his Profession. He has cured entirely some of the worst cases of that most loathesome disease, CANCER—the thoughts of which chill the heart and makes life a burden to those afflicted with it—which had been pronounced by some of the most skilful Physicians as decidedly incurable. Those patients now live as witnesses to this fact. CATARRH, this most awful disease, which if not checked, terminates in Consumption, he can cure most speedily.—Scrofulous and all other Chronic Diseases he treats with equal success. Patients placing themselves under his care will be treated strictly scientific, as he is a legitimate practitioner and no self taught man. Dr. — has discovered a speedy and certain cure for such cases of that fearful and torturing disease Cancer as are curable. It has hitherto been the opinion of the Medical Faculty that Cancer cannot be cured. Dr. Rowe however, has after a short thorough investigation and study of the disease been able to discover a remedy that will cure such cases as can be cured. Though all cases cannot be cured, yet they can be relieved and life prolonged. Any one consulting him will be told candidly whether anything can be done for them or not. Consultation free. Dr. R. by a careful chemical examination of the Urine can tell almost every Chronic Disease that mankind is liable to, and thus can treat diseases more correctly and successfully than by any other mode of examination. The reason that a great many curable diseases are deemed incurable is simply from not finding out the real secret of the disease. Parties at a distance, not able to consult him personally, by sending a small vial with some of their Urine from the first made in the morning, and $1 as a fee for testing it, at the same time stating their age, will be told their disease. Letters addressed to Box 964, Rochester, N. Y., will meet with prompt attention. Packages containing Urine must be addressed to his office. References as to his mode of treatment can be given to some of the first Physicians in this country.

☞ Dr. Rowe will be at the Exchange Hotel, Attica, for 4 days, Tuesday, Wednesday, Thursday, Friday, Oct. 4, 5, 6, 7, where he can be consulted on the above diseases.

Old Brown's Trial.
Opening for the Defence.

CHARLESTON, Oct. 31.

The Court met at 9 o'clock. The trial proceeded. Brown looks better and is evidently improving, but nevertheless he reclined on his bed, as usual.

Mr. Griswold opened for the defence, contending that Brown could not be guilty of treason, inasmuch as he was not a citizen of Virginia, and as to the charge of levying war against the State the evidence did not sustain that. He admitted, however, that Brown came to Virginia for the purpose of running away slaves and for crime. He was amenable to the laws of Virginia while attempting to carry out that purpose. *He* took temporary possession of the arsenal at Harper's Ferry, and while there attempts were made to arrest him, and it was while the prisoner was resisting these attempts that blood was shed and lives taken. This, counsel contended, was not levying war against the commonwealth, nor would it necessarily constitute levying war even if murder ensue, because the shedding of blood may not have been contemplated. Mr. Griswold then referred to the Constitution of the Provisional Government, found among Brown's papers, which he contended was as harmless an affair as a debating or any other similar Society, which in this country, are frequently created with all outside forms and machinery of government. Griswold further argued that the Jury could not find Brown guilty of treason, unless they find him guilty of associating with others to organize a government to overthrow the Government of Virginia; but if the pamphlet proved anything, it shows that an attempt was made to overthrow the United States, and not of Virginia; but it was in vague and unmeaning language, which really meant nothing but the repeal of obnoxious laws in the Constitution; as to the charge of conspiring with slaves, no one had testified that Brown or any one with him had or did one thing to induce slaves to rise in rebellion; Slaves were taken possession of for temporary purposes and placed in the arsenal, but Col. Washington has testified that not one took part in the matter, except Phil, who, at the suggestion of the prisoner, attempted to drill a port-hole, and that was done, not for insurrection or rebellion, but to protect themselves. True, they were amenable to punishment, but as they were indicted with regard to murder in the first degree, this involved premeditated murder, but he argued that no such malice had been shown. Guns were fired in all directions, and they fired or intended to fire only on armed men. Without excusing that conduct for one moment, he would remark that it refuted the idea of premeditated malice: they had not the time for thought and reflection that the law allows.

Mr. Chilton followed for the defence.—His line of arguments are about the same as Mr. Griswold's

Confession of one of the Insurrectionists

CLEVELAND, Oct. 31.

The confession of Copeland one of the Charleston prisoners to Sheriff Johnson, of this State, is published here to-day. He says he was furnished with money to pay his expenses to Virginia by Plumb, of Oberlin.

He also says that Mrs. Sturvetant, of this city, knew all about Brown's plans, and he supposed her husband did. The latter, however, denies any knowledge whatever of the transaction. Mr. C. H. Langston, a colored man, is also implicated. There are no other developements.

NEW YORK, Oct. 31.

At last accounts from the steamer New World, the cargo was floating out from her and being picked up by tugs. Two steamers and a floating derrick are alongside.

The baggage of the passengers is not yet got out.

NEW ORLEANS, Oct 31.

The steamship Granada has arrived with Havana advices of the 28th instant. There is no news of importance. Markets were unchanged.

BOSTON, Oct. 31.

Judge Russell, of the Superior Court, and George Sennott, Esq., left to-day for Virginia to take part as counsel for Brown and his men. It is reported that B. F. Butler is also retained for Brown's friends.

DR. M'LANE'S
CELEBRATED
VERMIFUGE
AND
LIVER PILLS.

WE beg leave to call the attention of the Trade, and more especially the Physicians of the country, to two of the most popular remedies now before the public. We refer to

Dr. Chas. M'Lane's Celebrated
Vermifuge and Liver Pills.

We do not recommend them as universal Cure-alls, but simply for what their name purports, viz.:

THE VERMIFUGE,

For expelling Worms from the human system. It has also been administered with the most satisfactory results to various Animals subject to Worms.

THE LIVER PILLS,

For the cure of LIVER COMPLAINTS, all BILIOUS DERANGEMENTS, SICK HEAD-ACHE, &c. In cases of

FEVER AND AGUE,

preparatory to or after taking Quinine, they almost invariably make a speedy and permanent cure.

As specifics for the above mentioned diseases, they are Unrivaled, and never known to fail when administered in accordance with the directions.

Their unprecedented popularity has induced the proprietors,

FLEMING BROTHERS,
PITTSBURGH, PA.

to dispose of their Drug business, in which they have been successfully engaged for the last Twenty Years, and they will now give their undivided time and attention to their manufacture. And being determined that Dr. M'Lane's Celebrated Vermifuge and Liver Pills shall continue to occupy the high position they now hold among the great remedies of the day, they will continue to spare neither time nor expense in procuring the Best and Purest material, and compound them in the most thorough manner. Address all orders to

FLEMING BROS., Pittsburgh, Pa.

P.S. Dealers and Physicians ordering from others than Fleming Bros., will do well to write their orders distinctly, and *take none but Dr. M'Lane's, prepared by Fleming Bros., Pittsburgh, Pa.* To those wishing to give them a trial, we will forward per mail, post paid, to any part of the United States, one box of Pills for twelve three-cent postage stamps, or one vial of Vermifuge for fourteen three-cent stamps. All orders from Canada must be accompanied by twenty cents extra.

DR. COGGSWELL'S NEW MEDICAL SALT.

For Inflamatory Diseases Only.

New Medical Salt! New Medical Salt!

IT IS NOT A CURE-ALL.

For Inflammatory Diseases only

DR. COGGSWELL'S NEW MEDICAL SALT, instead of its being a remedy for all ills, has control over but one ill, has but one aim, and accomplishes but one thing, to wit: subdues inflammatory diseases, whatever be its form or locality, whether in the head, throat, abdomen, extremities or skin.

NEW MEDICAL SALT. Its peculiar excellence is, that without the useless loss of blood and strength, it effectually cures inflammatory diseases, (no other,) by producing an equilibrium, of the fluids in the body, the want of which is the sole cause of inflamation!

NOTICE TO INVALIDS!! The following forms which the unballanced fluids assume, and many not here mentioned, that have more or less fever or pain, are as easily subdued by the *New Medical Salt*, as fire is extinguished by water, to wit: Brain Fever, Headache, rush of blood to Head and Heart, Fits, Inflamed eyes, ears, nose, lungs and liver, Neuralgia Spinal affections, Erysipelas, Bronchitis, Pleurisy, Asthma, Cough Dyspepsia, Venereal Diseases, Rheumatism, Gout, Scrofula, and all itching and other cutaneous eruptions.

DR. COGGSWELL'S NEW MEDICAL SALT does just what it claims to do—no more no less—equalises the fluids by removing from the system all arterial and venous obstructions. Descriptive circulars may be obtained from any Druggist who has this valuable medicine for sale.

DR. COGGSWELL'S NEW MEDICAL SALT. Get a Circular. Ask any Druggist about the *New Medical Salt*.

Ask your neighbors about the *New Medical Salt*. If sick, try; if not sick, remember the *New Medical Salt*.

DR. COGGSWELL'S NEW MEDICAL Salt is for sale in Batavia by H. W. Fellows and by all enterprising druggists wherever the Herald is.

As it is not a Patent Medicine, but the prescription of an eminent Physician, no one should fail to try the New Medical Salt.

For testimonial and directions see circular

Ayer's Sarsaparilla,

A compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREAUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE, OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

DR. J. C. AYER & CO.,

has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.

THE

NEW YORK WEEKLY,

A HANDSOME QUARTO PUBLICATION,

BEAUTIFULLY ILLUSTRATED,

IS NOW UNIVERSALLY ACKNOWLEDGED TO BE

THE BEST STORY PAPER

IN THE WORLD!

Among its Regular Contributors will be found the names of some of the best male and female writers in the United States! Such writers as Justin Jones, (Harry Hazel,) Augustus J. H. Duganne, William Earle Binder Harry Hazleton, James Reynolds, Francis S. Smith.

Mrs. Mary J. Holmes, Helen Forest Graves, Mary C. Vaughan, Margaret Verne, Anna Raymond, Eda Mayville. Write for it regularly, while a score of other well known writers occasionally contribute to its columns.

THE NEW YORK WEEKLY has now engaged a force of talent that cannot be rivaled by any establishment in the world!

NOTICES OF THE PRESS.

Never before has any new candidate for public favor in the Literary World received such flattering notices from the Press. From all quarters, our editorial brethren have cheered us on by speaking of our enterprise in a manner to stimulate our vanity, and to excite the envy of our rivals.

GENERAL CHARACTER OF THE NEW YORK WEEKLY.

The WEEKLY is designed more especially as a First-Class Story Paper, in which we intend to give our readers a succession of THE BEST STORIES EVER PUBLISHED IN THE UNITED STATES! The aim and object of these productions will be to inculcate useful knowledge under the pleasing guise of fiction, or to teach great moral lessons through the same means. We shall never publish a word or line, the tendency of which is to injure the morals or taste of the reader. Every issue of the NEW YORK WEEKLY will contain short sketches of Life and Manners. Notings of Travel and Adventure, Short Stories, General Summary of Events, Humorous Gleanings, Poetry, Editorials, &c., &c. As specimens of our serials, we would point to A. J. H. Duganne's great story, Garibaldi, The Hero of Italy! Harry Hazel's exciting Indian Romance. The Mute Spy! Francis S. Smith's Intensely Interesting Domestic Story, Maggie, The Child or Charity! While, as specimens of our standing departments, we point with pride to our Ballads of the Bible, admitted by all to be the most chastely written and beautiful scriptural poems ever produced.

Our Knowledge Box, in which is weekly contained a number of paragraphs of the greatest importance to house-keepers and others.

Our Pleasant Paragraphs, an interesting *melange*, ranging "from grave to gay, from lively to severe."

Our Ladies' Column, prepared especially for the ladies by one of the most brilliant lady writers of the present day.

Our Mirthful Morsels, our Items of interest, etc., etc. In a word, its Editors will use their best endeavors to get up just such a paper as will eventually find its way to every fireside in the land—that shall be a welcome visitor wherever it goes—equally popular in the workshop and the office—at the fireside of the farmer, or in the counting-room of the merchant—a paper that parents can, with safety, place in the hands of their children without note or comment, feeling certain that its influence will be to stimulate their minds to the pursuit of knowledge, or lead them to abhor vice and wrong.

OUR CIRCULATION & PROSPECTS

The NEW YORK WEEKLY has gone up to a circulation which places it second in point of circulation in the list of publications of the day. There is but one weekly publication in the world having a larger circulation than the WEEKLY.

The indications are, at present, that the circulation of the WEEKLY will soon reach half a million. Where the newsmen were taking tens, they are now taking hundreds of copies. This is the general effect among the *five* thousand News Agents who are now regularly selling the NEW YORK WEEKLY, while from nearly every Post Office in the country, we are daily getting subscriptions and orders for specimens.

How and Where to Get the "Weekly."

Wherever there is a News Agent, get the paper from him. By so doing, you do not run the risk of losing your money through the Post Office, or having to pay for what you will never get. If the paper you are buying from the Agent stops, you do not lose advance subscriptions, sent to a place where you have no means of looking after it. We trust the day is not far distant when every town, large enough to sustain a Post Office, will have its News Agency.

OUR TERMS:

The price of the NEW YORK WEEKLY is FOUR CENTS, but where Agents have to pay extra freight or postage, a higher price is necessarily charged. When sent by mail, the price will invariably be $2 00 a year, in advance. Subscriptions taken for three months. Two copies will be sent for one year for $3, four copies for $5, eight copies for $12. Postmaster and others who get up clubs of ten, and send us $15 at one time, will be entitled to an extra copy for their trouble. The bills of all solvent banks taken at par for subscriptions. Canada subscribers must send twenty-five cents extra with every subscription, to pre-pay the American postage.

All letters and communications, in relation to the Editorial or Business Departments of the NEW YORK WEEKLY, must be addressed to

HOSTETTER'S STOMACH BITTERS.

It is a fact that, at some period, every member of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has introduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nausea, Flatulency, Loss of Appetite, or any Bilious Complaints arising from a morbid inaction of the Stomach or Bowels, producing Cramps, Dysentery, Colic, Cholera Morbus, &c., these Bitters have no equal.

Diarrhea, [illegible] so generally contracted by new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent, in all its various forms, than any other, and [illegible] may always be attributed to [illegible] [illegible] HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. [illegible] physicians [illegible] those [illegible] All nations have their Bitters, as a preventive [illegible] [illegible]

[illegible] Fever and Ague—[illegible] disease, which [illegible] the [illegible] of man [illegible] [illegible] In exposed situations [illegible] [illegible] [illegible] of ordinary [illegible] and healthy [illegible] the complaint is removed [illegible] duration of a thorough and permanent cure.

For Persons in Advanced Years, who are suffering from an enfeebled constitution and infirm body, these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indispensable, especially where the mother's nourishment is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart temporary strength and vigor to the system. Ladies should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtue of the Bitters, will recommend their use in all cases of weakness.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for HOSTETTER'S CELEBRATED STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

Diseases of the Urino-Genital Organs,

A CLASS of Maladies prevail to a fearful extent in community; dooming at least fifty thousand youth of both sexes, annually to an early grave. These diseases are very imperfectly understood. Their external manifestations of symptoms are Nervous Debility, relaxation and exhaustion; Marasmus, or muscular wasting and consumption of the tissues of the whole body; shortness of breathing, or hurried breathing on ascending a hill, or a flight of stairs—great palpitation of the heart, asthma, bronchitis and sore throat; shaking of the hands and limbs, aversion to society, and to business or study; dimness of eyesight, loss of memory, [illegible] at the back, neuralgic pains in various parts of the body, pains in the back and limbs, lumbago, dyspepsia or indigestion, irregularity of the bowels, deranged secretion of the kidneys and other glands of the body, as Leucorrhoea or Fluor Albus, &c. William D Howard of Alexander.

At the request of Mr. Stevens we substitute the name of William D Howard as Candidate for one of the Coroners, in the list of Democratic County Nominations. Mr. Howard is the nominee on the "People's Ticket." He is a reliable Democrat and well qualified for the position, and Mr. Stevens has no desire to "run" as a candidate in opposition.

CORFU Nov. 1, 1859.

MR. EDITOR:—At the Taggart meeting held here on Friday evening last, Mr. J. G. Shepard one of the Orators of the occasion, reiterated at least three several times the assertion, that "Mr. Bissell had never voted a Democratic ticket in all his life." We understand the fact to be entirely otherwise. Which is correct?

Yours, Truly,

PEMBROKE.

Democrats who know Mr. J. G. Shepard and are consequently able, fully and correctly to appreciate his precise position and the influences which regulate his movements in the present *local* canvass, would not be likely to be deceived by *any* statement which he might make, with reference to either county nominee of the Democratic party. Professing to be a Democrat, those who are not thus "posted" might possibly give undue weight to such assertions.

Mr. Bissell has uniformly voted the Democratic State ticket for the past three years. Any assertion to the contrary is entirely without foundation.

We wish the same thing could truthfully be said with reference to the political course of action of Mr. James G. Shepard, during the same period.

Wm. Tyrell on Bolting.

At the Republican County nominating Convention in 1848, Mr. Tyrell a bolter from the Congressional nomination, furnished James Summerfield a like bolter with a list of names to be placed upon the County Central Committee, consisting of Thomas Yates and Austin R. Warner (both bolters) and three others one or more of whom it was supposed were bolters. On motion of Summerfield they were appointed [illegible] the non-bolters [illegible] being placed. [illegible] [illegible] To such [illegible]

Notices for a ratification meeting were circulated to some extent but no meeting could be had, because Yates and Warner, with Tyrell and other bolting confederates, were afraid to have such meeting.—The Central Committee could not be convened till a late day in the canvass.

More than this Mr. Wakeman, had previously been a member of the Central Committee but not being a bolter, or not being manageable by Tyrell his name was left off and Nathan A. Woodward put in his place, but Woodward proving equally unpalatable his name was stricken out and M. W. Hewitt, then supposed to be a bolter put in his place.

Tyrell was an out, and out bolter last year till his bolting candidate withdrew. He now makes "the welkin ring" against bolting. What is the difference between the bolt of '58 and '59? Simply in '58 the bolters preferred the candidate not nominated to the one who was; the nomination having been fairly and honestly made and the bolt without any cause. In 1859 the Convention was packed by fraudulent and deceptive means, and the managers not being satisfied with their fraudulently elected delegates usurped the prerogative of the electors, by turning out delegates and *appointing* others in their places thereby changing the numerical force of the Convention, by which change candidates were nominated that could not have been without such change.

A word in your private ear. I understand that Judge Brown voted for Judge Denio in 1858, and stated publicly and frequently that he in voting for judicial officers, should not be bound by party nominations. If so, what right has he now to ask support on the strength of his nomination.

A REPUBLICAN.

Douglas Heard From.

Fred Douglas writes from Canada West to the Rochester American. After emphatically denying that he has ever encouraged the leaders of the insurrection with promises of his help or personal presence he says:—

"The time for a full statement of what I know, and of *all* I know, of this desperate but sublimely disinterested effort to emancipate the slaves of Maryland and Virginia, from their cruel task masters, has not yet come. In the denial which I have now made, my motive is more a respectful consideration for the opinions of the slaves friends, then from my fear of being made an accomplice in the general *conspiracy* against Slavery. I am ever ready to write, speak, publish, organize, combine, and even to conspire against Slavery, when there is a responsible hope for success. Men who live by robbing their fellow men of their labor and liberty, have forfeited their right to know any thing of the thoughts, feelings or purposes of those whom they rob and plunder. They have by the single act of Slaveholding, voluntarily, placed themselves beyond the laws of justice and honor, and have become only fitted for companionship with thieves and pirates—the common enemies of God and of all mankind. While it shall be considered right to protect on self against thieves burglars, robbers and assassins, and to slay a wild beast in the act of devouring his human prey, it can never be wrong for the imbruted and whipscarred slaves, or their friends, to hunt, harrass and even strike down the traffickers in human flesh. If any body is disposed to think less of me on account of this sentiment; or because I may have had a knowledge of what was about to occur, and did not assume the base and detestable character of an informer, he is a man whose good or bad opinion of me may be equally repugnant and despicable. Entertaining this sentiment, I may be asked, why I did not join John Brown—the noble old hero whose one right hand has shaken the foundation of the American Union, and whose ghost will haunt the bed-chambers of all the born and unborn Slaveholders of Virginia through all the generations, filling them with alarm and consternation! My answer to this has already been given, at least impliedly given. "The tools to those that can use them." Let every man work for the abolition of Slavery in his own way. I would help all, and hinder none. My position in regard to the Harper's Ferry Insurrection, may be easily inferred from these remarks, and I shall be glad if those papers which have spoken of me in connection with it, would find room for this brief statement.

I have no apology for keeping out of the way of these gentlemanly United States Marshals, who are said to have paid Rochester a somewhat protracted [illegible], with a view to an interview any very charitable feelings towards me, and if I am to meet its representatives, I prefer to do so, at least, upon equal terms. If I have committed any offense against Society, I have done so on the soil of the State of New York, and I should be perfectly willing *there* to be arraigned before an impartial jury; but I have quite insuperable objections to being caught by the hands of Mr. Buchanan, and "*bagged*" by Gov. Wise. For this appears to be the arrangement. Buchanan does the fighting and hunting, and Wise "*bags*" the game.

Some reflections may be made upon my leaving on a tour to England, just at this time. I have only to say, that my going to that country has been rather delayed than hastened, by the insurrection at Harper's Ferry. All knew that I had intended to leave here in the first week of November.

FREDERICK DOUGLAS.

Tom Corwin throws a damper on Brown Republicans and the "Irrepressible Conflict"

MR. CORWIN, in his speech at Kremlin Hall on Saturday night, pitched into the "irrepressible conflict" and higher law doctrines of the Brown Republicans most admirably. It was anything but pleasant to them who have listened for so long a time to the SEWARD heresies promulgated by the press of this State. They were not the sentiments to be advocated in this vicinity to enhance the prospects of the Senator from this State to the presidency. His arguments were a reiterative of those advanced in Ohio during the recent political contest. In that State in speaking of the Fugitive Slave law, he remarked:

This is the law, and we agreed to abide by it—the law is constitutional, and it must be OBEYED. Young lawyers with soaped moustachios and cigar a foot long in their mouths, who had cursorily glanced over Blackstone's Commentaries, and had read Swan on Executors and Administrators, and perhaps seen Wilcox's Forms had no hesitation in pronouncing it unconstitutional; but, in the face of such distinguished authority, IT IS constitutional; and it is the law of the land—the highest and most intelligent tribunals in the land have so pronounced it—so defended it, and there can be no doubt about it.

Now, it being the law, it must be OBEYED—if it is resisted, it is felony; if resisted with an armed force, it is treason, and those who resist it must BE SHOT—must BE HUNG. Some men among us have a doctrine they call higher law doctrine, and profess that their consciences are above and beyond the Constitution. These gentlemen are traitors, and must be elevated to a purer atmosphere—suspended—HUNG UP.

The Great Balloon,

In New York, on Monday, Prof. Lowe commenced the inflating of his monster aerial ship. He feels sanguine of success. It is estimated it will require ten days to finish inflating it, when he will be ready for his voyage. The Commercial Advertiser says: "The metallic life boat was brought up this morning, and attracted much attention. It is nothing more than an ordinary boat of Francis pattern, having a small shaft in the bow on which to attach the propeller. The caloric engine is already fired up and puffing away vigorously. This is intended to operate the propeller. The lime stove is an object of much curiosity. This is nothing more than an ordinary tin kettle having another kettle, about half as deep, fitting inside,—into this small kettle is fitted another about half as small, and the whole is covered close. The coffee is placed in the first or largest kettle; the lime in the next smallest and the potatoes or whatever is to be baked is put in the smallest kettle, the heat is then produced by the slacking of the lime and the cooking process goes on admirably. Apples can be baked in two minutes and coffee served up hot all the time."

THE VALUE OF A HEART IN SYRACUSE.—It costs just $49 to smash a heart in Syracuse. At the Onondaga Circuit, the other day, the breach of promise case of Mary Fitzgerald against Henry E. Roff, was tried before a jury. Both are residents of Syracuse, and the Standard says the plaintiff is a girl of spotless reputation. The breach was clearly proven, and the jury gave to Mary the sum of $49 as a salve to the wound made in her heart by the faithless Roff. What sort of a jury is it that punishes broken vows so lightly,—that places so small an estimate on the love of a maiden, young, fresh and fair,—and would heal her lacerated affections with a paltry forty-nine dollars? Perhaps they are all married men, and know the value of woman's love. We are certain that no twelve men matried in the furnace of matrimony would ever bring in such a despicable verdict.

Conviction of Browns.

CHARLESTOWN, Nov. 1.

Continuation of yesterday's proceedings [illegible] concluded for the [illegible] arguments today.

Mr. Chilton asked for certain instructions to the jury, but only one was granted—the jury must be satisfied that the place where the offense was committed was in the boundaries of Jefferson county.

Recess for half an hour, when the jury came in.

Brown sat up in bed while the verdict was rendered.

The jury found him guilty of treason, advising and conspiring with slaves to rebel, and for murder in the first degree.

Brown laid down quickly, and said nothing. There was no demonstration of any kind. Mr. Chilton moved an arrest of judgment, on account of errors in the indictment, and errors in the verdict.

The remainder of the day was consumed in obtaining a jury in the case of Coppie, which was not completed when the Court adjourned.

Remember at Wilder's.

IT IS a common observation that there are more sufferers from debility, among Americans, than can be found among any other civilized nation. The reason is obvious. We take too little exercise, and forget the wants of the body in the absorbing pursuits of business. In all such cases, ordinary medicines can do little good. What is required is just such a tonic and invigorator as Dr. J. Hostetter has given to the world, in his celebrated "Bitters." The weak and nervous denizen of the counting-house, the exhausted toiler upon the shop-board, and the prostrate student of the midnight lamp, have found a wonderful regenerator in the "Bitters," and prefer it to more pretentious, but less efficacious medicines. But it should not be forgotten that the agent which is magical in its influence upon a frame which is merely debilitated, is equally powerful in assisting nature to expel the most terrible forms of disease. Who would not give it a trial?

NOTICE.

[illegible]

DR. M'LANE'S

VERMIFUGE

AND

LIVER PILLS.

WE beg leave to call the attention of the Trade, and more especially the Physicians of the country, to two of the most popular remedies now before the public. We refer to

Dr. Chas. M'Lane's Celebrated

Vermifuge and Liver Pills.

We do not recommend them as universal Cure-alls, but simply for what their name purports, viz.:

THE VERMIFUGE,

For expelling Worms from the human system. It has also been administered with the most satisfactory results to various Animals subject to Worms.

THE LIVER PILLS,

For the cure of LIVER COMPLAINTS, all BILIOUS DERANGEMENTS, SICK HEAD-ACHE, &c. In cases of

FEVER AND AGUE,

preparatory to or after taking Quinine, they almost invariably make a speedy and permanent cure.

As specifics for the above mentioned diseases, they are Unrivaled, and never known to fail when administered in accordance with the directions.

Their unprecedented popularity has induced the proprietors,

FLEMING BROTHERS,

PITTSBURGH, PA.

to dispose of their Drug business, in which they have been successfully engaged for the last Twenty Years, and they will now give their undivided time and attention to their manufacture. And being determined that Dr. M'Lane's Celebrated Vermifuge and Liver Pills shall continue to occupy the high position they now hold among the great remedies of the day, they will continue to spare neither time nor expense in procuring the Best and Purest material, and compound them in the most thorough manner. Address all orders to

FLEMING BROS., Pittsburgh, Pa.

P.S. Dealers and Physicians ordering from others than Fleming Bros. will do well to write their orders distinctly, and take none but Dr. M'Lane's, prepared by Fleming Bros., Pittsburgh, Pa. To those wishing to give them a trial, we will forward per mail, post paid, to any part of the United States, one box of Pills for twelve three-cent postage stamps, or one vial of Vermifuge for fourteen three-cent stamps. All orders from Canada must be accompanied by twenty cents extra.

For sale [illegible] Wm. Seaver, and R. Fellows [illegible], Potter & Co., Corfu; G. W. Wright, [illegible] & B. Nutting, Richville; and dealers generally throughout the country.

DR. COGGSWELL'S NEW MEDICAL SALT.

For Inflamatory Diseases Only.

New Medical Salt! New Medical Salt!

IT IS NOT A CURE-ALL.

For Inflammatory Diseases only

DR. COGGSWELL'S NEW MEDICAL SALT instead of its being a remedy for all ills, has control over but one ill, has but one aim, and accomplishes but one thing, to wit: subdues Inflammatory diseases, whatever be its form or locality, whether in the head, throat, abdomen, extremities or skin.

NEW MEDICAL SALT. Its peculiar excellence is, that without the useless loss of blood and strength, it effectually cures inflammatory diseases, (no other,) by producing an equilibrium of the fluids in the body, the want of which is the sole cause of inflammation!

NOTICE TO INVALIDS!! The following forms which the unbalanced fluids assume, and many not here mentioned, that have more or less fever or pain, are as easily subdued by the *New Medical Salt*, as fire is extinguished by water, to wit: Brain Fever, Headache, rush of blood to Head and Heart, Fits, Inflamed eyes, ears, nose, lungs and liver, Neuralgia, Spinal affections, Erysipelas, Bronchitis, Pleurisy, Asthma, Cough, Dyspepsia, Venereal Diseases, Rheumatism, Gout, Scrofula, and all itching and other cutaneous eruptions.

Ayer's Sarsaparilla,

A compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

Ayer's Cherry Pectoral

has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.

HOSTETTER'S STOMACH BITTERS.

It is a fact that, at some period, every member of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has introduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nausea, Flatulency, Loss of Appetite, or any Bilious Complaints, arising from a morbid inaction of the Stomach or Bowels, producing Cramps, Dysentery, Colic, Cholera Morbus, &c., these Bitters have no equal.

Diarrhœa, Dysentery or flux, so generally contracted by new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend Bitters of some kind; then why not use an article known to be infallible? All nations have their Bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to prove the value of this great preparation in the scale of medical science.

Fever and Ague.—This trying and provoking disease, which fixes its relentless grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be defeated and driven from the body by the use of HOSTETTER'S RENOWNED BITTERS. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nausea nor offend the palate, and render unnecessary any change of diet or interruption of ordinary pursuits, but promote sound sleep and healthy digestion, the complaint is removed as speedily as is consistent with the production of a thorough and permanent cure.

For Persons in Advanced Years, who are suffering from an enfeebled constitution and infirm body, these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indispensable, especially where the mother's nourishment is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart temporary strength and vigor to the system. Ladies should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtue of the Bitters, will recommend their use in all cases of weakness.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for Hostetter's Celebrated Stomach Bitters, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

IF YOU are crippled with Palsy or Rheumatism suffering with pains and can find no relief for body or mind—given up as beyond the reach of medical aid, and have no other prospect before you than a premature grave, read the following—pause, reflect and hope on, as an opportunity is now offered for the restoration of your health. *Profs. Cambden & Bolles*, of Buffalo, would say to the citizens of Batavia and vicinity that they have taken rooms at the *Eagle Hotel*, and will remain a few days for the purpose of introducing their new and important discovery in the use of Electricity for the cure of all chronic diseases.

They solicit no patients except those given up [illegible]

[illegible]

The current has been generally applied through the hands or feet in such power as to convulse the whole nervous and muscular system and frequently producing irreparable injury; sometimes it has been applied by means of metallic conductors to different parts of the body, which is equal to a process of mineralization—and the effect upon the nervous system is similar to that produced by over-doses of strychnia or Quinine.

Every thing connected with their mode of applying electricity is new and original with themselves. Their philosophy for the electrical laws of life, health and disease, is new.—Their reliable method for the diagnosis of disease by electrical contact is new.

As, also, their important discovery in the use of the positive and negative polarities to the human body, for the sure and speedy removal of all diseases.

It is new and unknown to medical men and others except the few instructed by them.

By this mode of applying electricity there is no guess work, no uncertainty, and no matter of doubt as to the result that will follow.

The diseased are invited to call and witness the wonderful cures they are performing daily.

Instruction given to those desiring a knowledge of this method of curing disease.

A NEW, SPEEDY, AND MOST SUCCESSFUL MODE OF TREATING

Spermatorrhœa, Nervous Debility, Marasmus or Wasting Consumption.

AND ALL

Diseases of the Urino-Genital Organs.

A CLASS of Maladies prevail to a fearful extent in community, dooming at least fifty thousand youth of both sexes, annually to an early grave. These diseases are very imperfectly understood. Their external manifestations or symptoms are Nervous Debility, relaxation and exhaustion, Marasmus, or muscular wasting, and consumption of the tissues of the whole body, shortness of breathing, or hurried breathing on ascending a hill, or a flight of stairs—great palpitation of the heart, asthma, bronchitis and sore throat; shaking of the hands and limbs, aversion to society, and to business or study, dimness of eyesight, loss of memory, dizziness of the head, neuralgic pains in various parts of the body; pains in the back and limbs, lumbago, dyspepsia or indigestion, irregularity of the bowels, deranged secretion of the kidneys and other glands of the body, as Leucorrhœa or Fluor Albus &c. Likewise Epilepsy Hysteria and Nervous Spasms.

Now, in ninety-nine out of every one hundred cases all the above named disorders and a host of others not named have their seat primarily in the seminal organs, and arise from morbid excitement and chronic inflamation—a state of [illegible] hence the want of success on the part of Old School Doctors.

DR. JOHNSON is now engaged in treating this class of disorders with the most astonishing success. The treatment adopted by the Institution is new, it is based upon scientific principles, with new discovered remedies, without minerals or poisons. The facilities of cure are such that patients can be cured at their own homes with no exposure, in any part of the country, from an accurate description of their case by letter, and have the medicine sent them by mail or express.

Young Men suffering from these direful ills, will receive for as a means of Health Rules, and perhaps a short of cure, which will be to them a new pulse star through life.

Judge Brown's Circular.

[For Private Circulation.]

We did give Judge Brown and his Black, Brown or *Blue* Republican friends the credit of being smart, but we shall have to recant—take back every such thought, and start on a new idea.

Lying before us as we now write, is a circular headed "for private circulation," and signed by the County Central Committee, in which Judge Brown attempts to put arguments into the mouths of his circulating "advocates" in denial of the public charges which stand against him in this community, invalidating his claims and fitness for the Judgeship. In this circular we find the following statement concerning the Bergen case, "The publisher of the Herald for the article on the case, was prosecuted for a contempt in making a false publication. *His answer admitted the falsity of the publication, and did not excuse it. The Court wrote an opinion, convicting him on the merits,* but letting him off on a technical informality in the proceedings, and the Herald never dared to publish the opinion."

O! Judge Brown, how could you cut your own throat with such a dull instrument? How could you give utterance to such a bundle of falsehoods as the above, and suppose that they would be kept *private*, that they would be circulated *privately*, and be uttered, but without authority by the few men you have got under your thumb, who expect office. Look at the thing Judge Brown and *subside*—sink right down into your boots, at the thought that you have got out a list of statements to patch up your official acts that you dare not make public, nor allow to meet the public gaze, and therefore put "for private circulation" over the top! Why the whole thing is of a piece with the publication of a nasty book we have heard of, in which the author cautioned the reader not to leave it on the library shelves, nor on the centre table, yet desired that it should be read by every man, woman and child in the land.

Just take the above statement for a sample of this thing!

You did prosecute the publisher of the Herald, because your back was too weak to bear a fair criticism of the reasons you offered for your decision in the Bergen case, and called it an action for *contempt*, whereas it was a contemptable action, and had you attempted to prosecute every one who expressed contempt in the matter, you would have required an unnatural prolongation of your days on earth, to do up the little business thus taken in hand. You say: "the Court wrote an opinion" (so you did, just about three months after *the* opinion we reviewed was uttered,) convicting him on the merits, (certainly, on the merits, but mind you not on any *de*-merits,) and was let off on a *technical* informality." Who ever see anything more Brownish than this? Let off on a *technical informality.* Why Judge Brown, a much better reason for "letting him off" was that you dare not do otherwise. Do you understand?

We never admitted the falsity of *any* publication we made concerning you.

You say the Herald dare not publish the opinion, you wrote! What in the world could the Herald be afraid of! a libel suit for publishing a falsehood? This certainly must have been all, for there was nothing else *scary* about it, on the other hand it was very tame.

We are very much inclined to the opinion that Judge Brown's private circular will get a most extended circulation, and will hereafter be entitled, by special act of the Herald, a "Public Document."

Preaching, Versus Practice.

MR. EDITOR:—In a very facetious commentary upon "matters in things in general" relating to the past and present history of one of the candidates for County Judge, recently published in the Daily Herald, you very pungently ejaculate—"mark the distinction between saying a thing and not saying it."

A glance at your Daily of yesterday leads us to exclaim—and we do so *vociferously*, for your especial benefit—"mark the distinction" between *doing* a thing and *not doing* it! You say you substitute Mr. Howard's name in place of that of Mr. Stevens, as candidate for Coroner. If so "where is the evidence?" Are there not candidates enough in the field for that highly important office, without running Stevens in one place and Howard in another, in the same column?

Please "mark the distinction" Mr. Editor! [The Herald owns right square up! All right to-day.

Fighting the Heresies of Republicanism.

Mr. Corwin is engaged to make several speeches in New York and vicinity this week. He is a tower of strength to the Republican cause.—*Rochester Democrat.*

He may be to the cause generally, but he knock's Seward's "irrepressible conflict" and the prospects of that distinguished Senator "higher than Gilderoy." It 'aint pleasant to take with the Brown Republicans in this vicinity, but may suit the latitude of Rochester. If Mr. Corwin can have as good sense in this State as he wrote to a friend that he did in Ohio, we say to him drive on your wagon. He writes:—"I have been constantly on the stump, fighting the heresies of republicanism and the humbugs of democracy. The former, I trust, in Ohio, are thoroughly expunged from the creed of that party, and the latter, I hope, are somewhat damaged." If he has so thoroughly expurged republicanism in that hot bed of abolition fanaticism, three is still some hope that Brown republicanism may be renovated in this State, and the Lord knows it needs it. His hopes about damaging the democracy are mere *hopes* nothing more.—Ohio was never more thoroughly democratic than at this moment, and with Douglas as our standard-bearer we shall completely wipe out what little Brown Republican heresies Mr. Corwin leaves.—*Buffalo Republic.*

Sentence of Brown.

Brown was asked if he had any thing to say, why sentence should not be pronounced upon him to which he replied in a speech of some length.

While Mr. Brown was speaking, perfect quiet prevailed, and when he had finished the Judge proceeded to pronounce sentence upon him. After a few preliminary remarks, he said that no reasonable doubt could exist of the guilt of the prisoner, and sentenced him to be hung in public on Friday, the 2d day of December next.

Mr. Brown received his sentence with composure. The only demonstration was made by the clapping of the hands of one man in the crowd, who is not a resident of Jefferson county. This was promptly suppressed, and much regret expressed by the citizens at its occurrence.

The jury came in with a verdict of guilty against Copple on all accounts of the indictment.

The telegraph reports terrible election riots at Baltimore, and several deaths were the result.

A dispatch to the Herald says that about 30 were shot, but the report may be exaggerated. It also gives the names of R. R. Kirkland and Johnson as killed in the 14th, and Henry Herring, Jr., in the 3d ward.

William P. Preston, democratic candidate in the 3d Congressional district, is now lying at Barnum's Hotel, badly beaten about the head with a "billy." The outrage is said to have been committed in the 17th ward.

Mr. Kyle, who was shot this forenoon, is dead.

In the 11th ward, the stronghold of the Reformers, Geo M. Gill made a speech, announcing the withdrawal of Mr. Thomas the Reform candidate for District Attorney. When the Reformers finding it impossible to do anything all withdrew.

IT is a common observation that there are more sufferers from debility, among Americans, than can be found among any other civilized nation. The reason is obvious. We take too little exercise, and forget the wants of the body in the absorbing pursuits of business. In all such cases, ordinary medicines can do little good. What is required is just such a tonic and invigorator as Dr. J. Hostetter has given to the world, in his celebrated "bitters." The weak and nervous denizen of the counting-house, the exhausted tailor upon the shop-board, and the prostrated student of the midnight lamp, have found a wonderful regenerator in the "Bitters," and prefer it to more pretentions, but less efficacious medicines. But it should not be forgotten that the agent which is magical in its influence upon a frame which is merely debilitated, is equally powerful in assisting nature to expel the most terrible forms of disease. Who would not give it a trial!

THE GREAT AMERICAN

Boot & Shoe Store,

No. 2, Odd Fellow's Hall.

GREAT DISCOVERY!

NEW MODE OF ADVERTISING.

The Proprietor of the Great American Shoe Store, No. 2 Odd Fellows Hall, south side Main street, nearly opposite the Post Office, claims to be the Inventor of the cheapest and best mode of advertising in the world. He claims to be the manufacturer of

BOOTS AND SHOES

that will advertise themselves, by giving ample satisfaction to the wearer, thereby speaking in language not to be misunderstood by him, which he immediately interprets to his neighbors. After having tested the merits of his invention for the last twenty years, he feels confident of its

ENTIRE SUCCESS.

and would recommend it to all the other Boot and Shoe makers and dealers in this vicinity to be adopted by them. And he would especially call the attention of the citizens of Genesee county and advise them to study well its operations.

He has on hand a good assortment of Stock such as

Oak and Hemlock Sole Leather,

French calf skins, kip and morocco, &c, which he holds will stand investigation from the best of judges: and *MECHANICS* to manufacture it who are second to none in the State.

Also the largest stock of Ready Made Boots and Shoes in the county; both *Eastern and Home Made, at prices that defy Competition.*

Thankful for the very liberal patronage you have been pleased to extend, I would respectfully solicit a continuance of the same.

Batavia, August 15th, 1859.

THOMAS YATES.

DR. N. R. C. ROWE.

URISCOPIAN PHYSICIAN.

(Late from the Island of Barbadoes, West Indies)

WHO has located in Rochester, begs to announce to the public of Batavia and vicinity, that he can be consulted on all CANCEROUS and CATARRH affections, Tumors, diseases of the Lungs, Throat, Liver, Kidneys, &c. &c. Also Scrofulous and all other Chronic Diseases at his office No. 8 Wrowe Block, corner of Main and St. Paul Streets.

The success that has attended his practice was never surpassed by any other Medical man of his Profession. He has cured entirely some of the worst cases of that most loathsome disease, CANCER—the thoughts of which chill the heart and makes life a burden to those afflicted with it—which had been pronounced by some of the most skilful Physicians as decidedly incurable. Those patients now live as witnesses to this fact. CATARRH, this most awful disease, which if not checked, terminates in Consumption, he can cure most speedily.—Scrofulous and all other Chronic Diseases he treats with equal success. Patients placing themselves under his care will be treated strictly scientific, as he is a legitimate practitioner and no self taught man. Dr. — has discovered a speedy and certain cure for such cases of that fearful and ravaging disease CANCER, as are curable. It has hitherto been the opinion of the Medical Faculty that Cancer cannot be cured. Dr. ROWE however, has after a thorough investigation long study of the disease been able to discover a remedy that will cure such cases as can be cured. Though all cases cannot be cured, yet they can be relieved and life prolonged. Any one consulting him will be told candidly whether anything can be done for them or not. Consultation free. Dr. R. by a careful chemical examination of the Urine can tell almost every Chronic Disease that mankind is liable to, and thus can treat diseases more correctly and successfully than by any other mode of examination. The reason that a great many curable diseases are deemed incurable is simply from not finding out the real secret of the disease. Parties at a distance, not able to consult him personally, by sending a small vial with some of their Urine from the first made in the morning, and $1 as a fee for testing it, at the same time stating their age, will be told their disease. Letters addressed to Box 904, Rochester, N. Y., will meet with prompt attention. Packages containing Urine must be addressed to his office. References as to his mode of treatment can be given to some of the first Physicians in this country.

☞ Dr. Rowe will be at the Exchange Hotel, Attica, for 4 days, Tuesday, Wednesday, Thursday, Friday, oct, 4, 5, 6, 7, where he can be consulted on the above diseases.

---

DR. M'LANE'S CELEBRATED VERMIFUGE AND LIVER PILLS.

WE beg leave to call the attention of the Trade, and more especially the Physicians of the country, to two of the most popular remedies now before the public. We refer to

Dr. CHAS. M'Lane's Celebrated

Vermifuge and Liver Pills.

We do not recommend them as universal Cure-alls, but simply for what their name purports, viz.:

THE VERMIFUGE,

For expelling Worms from the human system. It has also been administered with the most satisfactory results to various Animals subject to Worms.

THE LIVER PILLS,

For the cure of LIVER COMPLAINTS, all BILIOUS DERANGEMENTS, SICK HEAD-ACHE, &c. In cases of

FEVER AND AGUE,

preparatory to or after taking Quinine, they almost invariably make a speedy and permanent cure.

As specifics for the above mentioned diseases, they are Unrivaled, and never known to fail when administered in accordance with the directions.

Their unprecedented popularity has induced the proprietors,

FLEMING BROTHERS,
PITTSBURGH, PA.

to dispose of their Drug business, in which they have been successfully engaged for the last Twenty Years, and they will now give their undivided time and attention to their manufacture. And being determined that Dr. M'Lane's Celebrated Vermifuge and Liver Pills shall continue to occupy the high position they now hold among the great remedies of the day, they will continue to spare neither time nor expense in procuring the Best and Purest material, and compound them in the most thorough manner. Address all orders to

FLEMING BROS., Pittsburgh, Pa.

P. S. Dealers and Physicians ordering from others than Fleming Bros., will do well to write their orders distinctly, and take none but *Dr. M'Lane's, prepared by Fleming Bros. Pittsburgh, Pa.* To those wishing to give them a trial, we will forward per mail, post paid, to any part of the United States, one box of Pills for twelve three-cent postage stamps, or one vial of Vermifuge for fourteen three-cent stamps. All orders from Canada must be accompanied by twenty cents extra.

Ayer's Sarsaparilla,

A compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE, OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, [illegible] to expel the foul humors [illegible] in the blood at that season of the year. [illegible] in the bud. Multitudes can be [illegible] of this [illegible] foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

THE NEW YORK WEEKLY has now engaged a force of talent that cannot be rivaled by any establishment in the world!

NOTICES OF THE PRESS.

Never before has any new candidate for public favor in the Literary World received such flattering notices from the Press. From all quarters, our editorial brethren have showered us on by speaking of our enterprise in a manner to minister to our vanity, and to excite the envy of our rivals.

GENERAL CHARACTER OF THE NEW YORK WEEKLY.

The WEEKLY is designed more especially as a Fireside Story Paper, in which we intend to give our readers a succession of THE BEST STORIES EVER PUBLISHED IN THE UNITED STATES. The aim and object of these productions will be to inculcate love of [illegible] under the pleasing guise of fiction, or to teach good moral lessons through the same means. We shall never publish a word or line the tendency of which is to injure the morals or taste of the young. Every issue of the NEW YORK WEEKLY will contain short sketches of Life and Manners, Notices of Travel and Adventure, Short Stories, General Summary of Events, Romance, Obituary, Poetry, Incidents, &c., &c. As specimens of our novels, we would point to A. J. H. Duganne's great story [illegible] The Hero of [illegible], Harry Hazel's exciting Indian Romance, The [illegible], Augustine Smith's Intensely Interesting [illegible] Maggie The Child of Charity. When, we mention [illegible] of our standing departments, we point with pride to our [illegible] all to be the most chastely written and beautiful [illegible] poems ever produced.

Our Knowledge Box, in which is weekly contained a number of paragraphs of the greatest importance to house keepers and others.

Our Pleasant Paragraphs, an interesting *melange*, ranging "from grave to gay, from lively to severe."

Our Ladies' Column, prepared especially for the ladies by one of the most brilliant lady writers of the present day.

Our Mirthful Morsels, our Items of interest, etc., etc. In a word, its Editors will use their best endeavors to get up just such a paper as will eventually find its way to every fireside in the land—that shall be a welcome visitor wherever it goes—equally popular in the workshop and the office—at the fireside of the farmer, or in the counting room of the merchant—a paper that parents can, with safety, place in the hands of their children without note or comment, feeling certain that its influence will be to stimulate their minds to the pursuit of knowledge, or lead them to abhorrence and wrong.

OUR CIRCULATION & PROSPECTS

The NEW YORK WEEKLY has gone up to a circulation which places it second in point of circulation in the list of publications of the day. There is but one weekly publication in the world having a larger circulation than the WEEKLY.

The indications are, at present, that the circulation of the WEEKLY will soon reach half a million. Where the newsmen were taking tens, they are now taking hundreds of copies. This is the general effect among the *five* thousand News Agents who are now regularly selling the NEW YORK WEEKLY, while from nearly every Post Office in the country, we are daily getting subscriptions and orders for specimens.

How and Where to Get the "Weekly."

Wherever there is a News Agent, get the paper from him. By so doing, you do not run the risk of losing your money through the Post Office, or having to pay for what you will never get. If the paper you are having from the Agent stops, you do not lose advance subscriptions, and be a place where you have no means of looking after it. We trust the day is not far distant when every town large enough to sustain a Post Office, will have its News Agency.

OUR TERMS:

The price of the NEW YORK WEEKLY is FOUR CENTS, but where Agents have to pay extra freight or postage, a higher price is necessarily charged. When sent by mail, the price will invariably be $2 00 a year, in advance. Subscriptions taken for three months. Two copies will be sent for one year for $3, four copies [illegible], eight copies for $12. Postmasters and others who get up clubs of ten, and send us $15 at one time, will be entitled to an extra copy for their trouble. The bills of all solvent banks taken at par for subscriptions. Canada subscribers must send twenty-five cents extra with every subscription, to prepay the American postage.

All letters and communications, in relation to the Editorial or Business Departments of the NEW YORK WEEKLY, must be addressed to

HOSTETTER'S STOMACH BITTERS.

It is a fact, that at some period, every member of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has introduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspepsia, **Indigestion, Nausea,** Flatulency, Loss of Appetite, or any Bilious Complaints, arising from a morbid inaction of the Stomach or Bowels, producing Cramps, Dysentery, Colic, Cholera Morbus, &c., these Bitters have no equal.

Diarrhœa, Dysentery or Flux, so generally contracted by new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend Bitters of some kind; then why not use an article known to be infallible? All nations have their bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to prove the value of this great preparation in the scale of medical science.

Fever and Ague.—This trying and provoking disease, which fixes its relentless grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be defeated and driven from the body by the use of HOSTETTER'S RENOWNED BITTERS. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nausea nor offend the palate, and render unnecessary any change of diet or interruption of ordinary pursuits, but promote sound sleep and healthy digestion, the complaint is removed as speedily as is consistent with the production of a thorough and permanent cure.

For Persons in Advanced Years, who are suffering from an enfeebled constitution and infirm body, these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indispensable, especially where the mother's nourishment is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart temporary strength and vigor to the system. Ladies should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtue of the Bitters, will recommend their use in all cases of weakness.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for HOSTETTER'S CELEBRATED STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

Prepared and sold by HOSTETTER & SMITH, Pittsburgh, Pa., and sold by all druggists, grocers, and dealers generally throughout the United States, Canada, South America, and Germany.

It's Found

Something True and Important.

IF YOU are afflicted with Palsy or Rheumatism, suffering with pains and can find no relief for body or mind—given up as beyond the reach of medical aid, and have no other prospect before you than a premature grave, read the following—pause, reflect and hope on, as an opportunity is now offered for the restoration of your health. *Drs. Chamberlin & [illegible],* of [illegible], would say to the citizens of Batavia and vicinity, that they have taken rooms at the Eagle Hotel, and will remain a few days for the purpose of introducing their new and important discovery in the use of Electricity for the cure of all curable diseases.

They expect no patients except those given up everywhere else as incurable. [illegible] Have they [illegible] they would say they have [illegible] They have restored to health a great number of persons [illegible] and surrounding [illegible] The world. [illegible] but by direct application of the positive and negative polarities of electricity. Again it might be asked, has not electricity been applied as a remedial agent for years both in Europe and the United States, with indifferent success? And are not numbers now using it in our very midst, with no better result? This is all very true, and when we consider the ignorance and recklessness displayed in its application the result has been more favorable than could have been anticipated. It has been considered as beneficial in a few cases, only, and therefore worse in [illegible]. There has been no fixed principle for applying it, and, therefore, no uniform result could have been anticipated; but owing to the friendly relation existing between electricity and health, remarkable cures have been performed, which have been looked upon as a lucky hit, rather than the result of a fixed law. The ignorance displayed in the administration of this mighty agent, is unpardonable.

The current has been generally applied through the hands or feet in such power as to convulse the whole nervous and muscular system, and frequently producing irreparable injury; sometimes it has been applied by means of metallic conductors to different parts of the body, which is equal to a [illegible]—and the effect upon the nervous system is similar to that produced by over-doses of Morphine or Quinine.

Every thing connected with their mode of applying electricity is new and original with themselves. Their philosophy for the [illegible] of life, health and disease, is new.—Their [illegible] method for the diagnosis of disease by electrical conditions is new.

As, also, their important discovery in the use of the positive and negative polarities to the human body, for the safe and speedy removal of all diseases.

[illegible] others except the few instructed by them.

By this mode of applying electricity [illegible] no uncertainty, and no matter of [illegible] the result that will follow.

The diseased are invited to call and witness the wonderful cures they are performing daily.

For whom shall we Vote.

We are on the eve of an important election—perhaps more important than any that has occurred in many years, in its bearing on the interests of the people of this community.

The break in the ranks of the Republican party is the most convincing testimony that any reasoning man need to wish for, that there is something rotten there. The candidates for the higher county offices are men that the entire party, nor we think a majority even of the more intelligent portion of it, can conscientiously support. They are run by that portion of the party that seeks the emoluments of office at the expense of principle, and the public good. Certainly where there is such a break as this, it behooves every one who has heretofore given the organization his support, to look cautiously where he stands, and step out lest he goes down with the general crash. The Republican party is a truckling aspirant for power, without fixed principles that it adheres to, but on the other hand, seeks ascendency by inciting popular excitement, and then claiming to be the champion and liberator of the oppressed. Its fair promises on the start, drew into its ranks some of the best minds of the age, but they are everywhere becoming disgusted with its cry of "freedom," and "the peoples rights" as neither the one or the other is attained by it, or likely to be.

The Democratic party on the other hand stands to-day on the broad platform that was early laid down on enduring principles that cover and protect the whole country. It is the only National party in existence, knowing no north, no south, but equality and justice to all classes every where is its aim and the end it seeks.

In deciding for whom we shall vote in a local contest, it is important that we take into consideration the great end and aim of party organization, and cast our vote with an intelligent understanding of the aid we contribute to the advancement of great National interests, while at the same time, we seek to put men in office at home who are not only competent but trust worthy. With this view we appeal to the right thinking men of this county to say, are you not satisfied that the Democratic ticket is the one you ought to vote?

In all the bitterness of party strife we hear nothing from the opposition against our candidates for Judge and District Attorney. They are men who stand before this community without the shadow of a charge against them either of blame or incompetency. Never were men known to grow strong in the confidence of a people faster than C. FITCH BISSELL and JAMES M. WILLETT under the searching enquiry of a political contest. What can we ask more than this? While other candidates have all they can do to clear up their reputations, our candidates remain for the most part at home, attending to their daily business, feeling safe in the hands of the people.

A great deal has been done to make it appear that C. FITCH BISSELL would withdraw from the canvass but this is untrue. He stands as firm as a rock, and will receive the support of the entire Democratic vote, together with the American, and within a few days we learn that in the eastern district, a large portion of the Republicans will support him. If every man will vote for C. FITCH BISSELL and JAMES M. WILLETT who really desire to see them elected, their election will be sure.

Democrats Confident——Republicans Frightened.

Every day adds to the assurance that we shall sweep the State *provided only* our friends take proper measures for getting out *the full Democratic vote.*

The Republicans are badly frightened: and they are straining every nerve to reach every Republican vote on the day of election. Democrats should be admonished by the activity of their opponents; and take the requisite measures to poll a full Democratic vote.

Everything *but this*, may be neglected with entire safety. Whereas to neglect this feature of preparation would prove our ruin. A full Democratic vote will certainly carry the State. And *if all our energies* are addressed to the getting out of our own proper vote, *it can certainly be done.*

Get out the Voters.

This is all that remains to be done.—Complete and classify the canvass books, stir around among the Democrats of the election Districts, make arrangements for getting *every one of them* to the polls and see that they get there. If any are behind at noon of election day, send for the laggards. Be prepared with teams and men to do this. *Don't leave a man behind.*

LIQUID FLINT.—The New York correspondent of the Boston Journal gives in that paper an account of a new discovery of great value, being a method of reducing flint to a liquid state by the use of a solvent of a chemical nature. The process has long been known to chemists, but the New York inventor has succeeded in rendering it cheap and producing the article in great abundance. The purposes to which it can be put are innumerable. It can be used in any color on the walls of houses, theatres, churches, and all buildings, and make them uninflamable; it can be dissolved in water; it makes a cement that is water proof; it can assume any color; it can be made in any form, size, shape, or color; it can assume the form and color of any of the precious stones. It will make marble pure and white. It will make sandstone as solid as marble, and statutes, busts, and ornaments of any size can be made, and columns of any size, form and appearance, to imitate marble, or any color desired.

Forney's correspondent of the Philadelphi Press says "a Wall street gentleman showed me to-day a computation made with considerable care by himself, of the amount of gold produced during the last ten years by the mines of California and Australia. I won't bother you with a long tabular statement of the amount produced in each year, but the grand total of the whole ten year's crop is $1,400,000,000."

The election riots in Baltimore have resulted thus far in the death of but two persons; though a very large number were more or less seriously injured. The scenes at the various polling places are depicted at length in the Baltimore papers. The returns, so far of the city is concerned, are, it is needless to say, overwhelming favorable to the American ticket; and the same causes have made the State ticket of the same party successful. The Administration Party, however, have secured the Legislature.

It is said that Ex-President Martin Van Buren is engaged on an important and elaborate work, which shall embrace a political history of the country down to the close of his administration.

Judge Cady, whose death has been just announced, leaves five daughters, viz: Mrs. Bayard, of New York; Mrs. Eaton, also of New York, whose husband died in Paris about three years ago; Mrs. H. B. Stanton of Seneca Falls; Mrs. Samuel Wilkeson, of Buffalo; and Mrs. McMartin, of Johnstown. The only son of Judge Cady died during his last year at College.

An important change in Foreign Postal arrangements had been effected by the Department. The mails are to be transported weekly between Detroit and Liverpool, via Portland in Winter and the River St. Lawrence in Summer. The Western and Northwestern, and possibly some of the Southwestern mails will be forwarded by this route, and the British Government had been requested to constitute Chicago and Detroit Exchange offices.

THE MAMMOTH BALLOON.—Thursday about 15,000 feet of gas were added to that already in the Great Balloon, so that it now contains 75,000 feet. Mr. Lowe is proceeding very cautiously with the inflation, in order to thoroughly test the strength of the envelope. Thus far everything has worked to his entire satisfaction, and he feels more confident than ever of success. There is still a great rush of visitors to Reservoir-square.

LOCAL MATTERS.

The Ladie's Repository for November is an exceedingly interesting number containing a beautiful engraving of the Tree of Shelter, and a portrait of Mrs. Ann. Wilkins with a biography.

Hon. Heman J. Redfield takes his departure on Monday next for New York, and from thence he goes out in the Arago on the 12th inst to spend the winter abroad. Mr. Redfield will be accompanied by his lady and a few family friends. They take with them the ardent esteem of a large circle of friends, with the earnest solicitude for their safety and happiness.

If you have a friend who you desire to treat handsomely, just take him down to the Park Place Saloon and order of our old friend B. G. Tisdale Esq., a dish of his nice fat fresh oyster all round. The bivalves are good for the inner man, and Tisdale knows just how to set them on the table.

The Continentals.—This company of popular vocalists are to give a concert at Concert Hall, on Saturday evening next. The Continentals are great favorits in this place and always draw a full house, and therefore it will be advisable to go early to get a good seat.

DR. JOHNSON'S
HERB DISPENSARY
OFFICE 95 MAIN STREET,

(2d door, Up Stairs, Buffalo, N. Y.)

A NEW, SPEEDY, AND MOST SUCCESSFUL MODE OF TREATING

Spermatorhoea, Nervous Debility, Marasmus or Wasting Consumption.

AND ALL

Diseases of the Urino-Genital Organs.

A CLASS of Maladies prevail to a fearful extent in community; dooming at least fifty thousand youth of both sexes, annually to an early grave. These diseases are very imperfectly understood. Their external manifestations or symptoms are Nervous Debility, relaxation and exhaustion; Marasmus, or muscular wasting and consumption of the tissues of the whole body; shortness of breathing, or hurried breathing on ascending a hill, or a flight of stairs—great palpitation of the heart, asthma, bronchitis and sore throat; shaking of the hands and limbs, aversion to society, and to business or study, dimness of eye-sight, loss of memory, dizziness of the head, neuralgy pains in various parts of the body; pains in the back and limbs, lumbago, dyspepsia or indigestion, irregularity of the bowels, deranged secretion of the kidneys and other glands of the body, as Leucorrhoea, or Fleur Albus, &c. Likewise Epilepsy Hysteria and Nervous Spasms.

Now, in ninety-nine out of every one hundred cases, all the above named disorders and a host of others not named have their seat primarily in the sexual organs, and arise from morbid excitement and chronic inflamation—a state of morbid irritability, hence the want of success on the part of Old School Doctors.

Dr. JOHNSON is now engaged in treating this class of modern maladies with the most astonishing success. The Treatment adopted by the Institution is new; it is based upon scientific principles, with new discovered remedies, without minerals or poisons. The facilities of cure are such, that patients can be cured at their own houses without expense, in any part of the country, from an accurate description of their case by letter, and have the medicine sent them by mail or express.

Young Men suffering from these direful ills, will receive for $5 a series of Health Rules, and perfect chart of cure, which will be to them a true polar star through life.

DR. N. R. C. ROWE.
URISCOPIAN PHYSICIAN

(Late from the Island of Barbadoes, West Indies)

WHO has located in Rochester, begs to announce to the public of Batavia and vicinity, that he can be consulted on all CANCEROUS and CATARRH affections, Tumors, diseases of the Lungs, Throat, Liver, Kidneys, &c. &c. Also Scrofulous and all other Chronic Diseases, at his office No. 6 Stone Block, corner of Main and St. Paul Streets.

The success that has attended his practice was never surpassed by any other Medical man of his Profession. He has cured entirely some of the worst cases of that most loathesome disease, CANCER—the thoughts of which chill the heart and makes life a burden to those afflicted with it—which had been pronounced by some of the most skilful Physicians as decidedly incurable. These patients now live as witnesses to this fact. CATARRH, this most awful disease, which if not checked, terminates in Consumption, he can cure most speedily—Scrofulous and all other Chronic Diseases he treats with equal success. Patients placing themselves under his care will be treated strictly scientific, as he is a legitimate practioner and no self taught man. Dr. [illegible] has discovered a speedy and certain cure for such cases of that fearful and ravaging disease Cancer, as are curable. It has hitherto been the opinion of the Medical Faculty that Cancer cannot be cured. Dr. Rowe however, has after a thorough investigation and study of the disease been able to discover a remedy that will cure such cases as can be cured. Though all cases cannot be cured, yet they can be relieved and life prolonged. Any one consulting him will be told candidly whether anything can be done for them or not. Consultation free. Dr. R. by a careful chemical examination of the Urine can tell almost every Chronic Disease that mankind is liable to, and thus can treat diseases more correctly and successfully than by any other mode of examination. The reason that a great many curable diseases are deemed incurable is simply from not finding out the real seat of the disease. Parties at a distance, not able to consult him personally, by sending a small vial with some of their Urine from the first made in the morning and $1 as a fee for testing it, at the same time stating their age, will be told their disease. Letters addressed to Box 364, Rochester, N. Y., will meet with prompt attention. Packages containing Urine must be addressed to his office. Reference as to his mode of treatment can be given to some of the first Physicians in this country.

Dr. Rowe will be at the Exchange Hotel, Attica, for 4 days, Tuesday, Wednesday, Thursday, Friday, [illegible] 4, 5, 6, 7, where he can be consulted on the above diseases.

Latest News.
BY TELEGRAPH

Arrival of the America.

Later From Europe.

The news by the America is not of a very important character. The departure of the Great Eastern for America had been postponed sine die, and would probably not take place this year.

The details of the peace treaty at Zurich show it to be but a mere amplification of the Villifranca agreement. By it the return of the Grand Dukes is reserved.

Spain is dissatisfied with the terms offered by Morocco, and war between those powers is considered imminent.

A Zurich telegram of the 18th, says the principal points of the treaty of peace between France and Austria, signed by the Plenipotentiaries and ratified by the two governments, are as follows:

Austria gives up Lombardy, except Mantua and Peschiara, and as far as the frontier line fixed by a special commission to France, who transfers it to Piedmont.—Pensions acquired in Lombardy are to be paid by the new government. Piedmont is to pay Austria 40,000,000 florins, and be responsible for three-fifths of the debt of Monte Lombard. Venetia making a debt in all transfered to Sardinia, 250,000,000f.

The two powers will unite their efforts in order that reform in the administration should be carried out by the Pope.

The return of the Dukes of Tuscany, Modena and Parma, are expressly reserved to the two Emperors, who will assist with all their power in a formation of a confederation of all the States of Italy, and Venetia, under Austrian rule, if to form a part of the confederation.

Ratifications will be exchanged at Zurich within 15 days.

It will be seen from the above that the treaty merely is an amplification of the Villa Franca agreement.

France.

It is reported that the Emperor refused to grant an audience to a deputation from Bologna but had received those from the Duchies.

The Sardinian Minister of Foreign Affairs had left Paris for London.

The Paris correspondent of the London Herald continues to point out the immense naval armaments in progress, particular at Turin, where no less than 22 large ships are being constructed.

The Bourse was dull and declining—Rentes closed heavy on the 21st at 69f. 45c.

The projected Chinese expedition had been discussed in the Council of Ministers. It was proposed to dispatch 15,000 men, but nothing definite was arrived at. The troops would not leave before the end of the year.

The Paris correspondent of the London Times, says he is still informed that France has claimed her war expenses from Sardinia, and the Sardinian envoy's mission to Paris is supposed to have reference to the question of debt as well as the Duchies.

Accounts from Cochin China say that the French forces were so worn out by fatigue and disease, that they were preparing to abandon Touraine, and return to China. The only point which the Admiral will not abandon is Segon, where extensive fortifications had been raised, and a strong garrison will be left.

THE GROVER & BAKER
Sewing Machine Co.

Having greatly increased their facilities for manufacturing their CELEBRATED FAMILY MACHINES, with all the recent improvements, have reduced their prices, and offer for sale

A NEW STYLE MACHINE,
PRICE $50.

It is no longer questioned that these Machines are the best in use for family sewing. They also HEM, FELL, GATHER, AND STITCH in the most superior manner, and are the only machines in the market that are so well and simply made, that they may be sent into families with no other instructions than are contained in a circular which accompanies each machine, and from which

A CHILD OF TEN YEARS

may readily learn to use them and keep them in order. They make upwards of

FIFTEEN HUNDRED STITCHES A MINUTE and will do the sewing of a family cheaper than a seamstress can do it, even if she works at the rate of

ONE CENT AN HOUR.

Is there a husband, father, or brother in the United States who will permit the drudgery of hand sewing in his family, when a Grover & Baker Machine will do it better, more expeditiously, and cheaper than can possibly be done by hand?

DR. M'LANE'S
CELEBRATED
VERMIFUGE
AND
LIVER PILLS.

WE beg leave to call the attention of the Trade, and more especially the Physicians of the country, to two of the most popular remedies now before the public. We refer to

Dr. Chas. M'Lane's Celebrated

Vermifuge and Liver Pills.

We do not recommend them as universal Cure-alls, but simply for what their name purports, viz.:

THE VERMIFUGE,

For expelling Worms from the human system. It has also been administered with the most satisfactory results to various Animals subject to Worms.

THE LIVER PILLS,

For the cure of Liver Complaints, all Bilious Derangements, Sick Head-ache, &c. In cases of

Fever and Ague,

preparatory to or after taking Quinine, they almost invariably make a speedy and permanent cure.

As specifics for the above mentioned diseases, they are Unrivaled, and never known to fail when administered in accordance with the directions.

Their unprecedented popularity has induced the proprietors,

Fleming Brothers,

Pittsburgh, Pa.

to dispose of their Drug business, in which they have been successfully engaged for the last Twenty Years, and they will now give their undivided time and attention to their manufacture. And being determined that Dr. M'Lane's Celebrated Vermifuge and Liver Pills shall continue to occupy the high position they now hold among the great remedies of the day, they will continue to spare neither time nor expense in procuring the Best and Purest material, and compound them in the most thorough manner. Address all orders to

FLEMING BROS., Pittsburgh, Pa.

P. S. Dealers and Physicians ordering from others than Fleming Bros., will do well to write their orders distinctly, and take none but Dr. M'Lane's, prepared by Fleming Bros., Pittsburgh, Pa. To those wishing to give them a trial, we will forward per mail, post paid, to any part of the United States, one box of Pills for twelve three-cent postage stamps, or one vial of Vermifuge for fourteen three-cent stamps. All orders from Canada must be accompanied by twenty cents extra.

Scrofula, or King's Evil,

is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth, and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children."

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently, vast numbers perish by disorders which, although not scrofulous in their nature are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S

Compound Extract of Sarsaparilla,

the most effectual remedy which the medical skill of our times can devise for this every-where prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as ERUPTIVE and SKIN DISEASES, ST. ANTHONY'S FIRE, ROSE, or ERYSIPELAS, PIMPLES, PUSTULES, BLOTCHES, BLAINS and BOILS, TUMORS, TETTER, and SALT RHEUM, SCALD HEAD, RINGWORM, RHEUMATISM, SYPHILITIC and MERCURIAL DISEASES, DROPSY, DYSPEPSIA, DEBILITY, and, indeed, ALL COMPLAINTS ARISING FROM VITIATED OR IMPURE BLOOD. The popular belief in "*impurity of the blood,*" is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Ayer's Cathartic Pills,

FOR ALL THE PURPOSES OF A FAMILY PHYSIC,

are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search, and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures, and directions for their use in the following complaints: *Costiveness, Heartburn, Headache arising from a disordered Stomach, Nausea, Indigestion, Pain in and Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Jaundice*, and other kindred complaints, arising from a low state of the body or obstruction of its functions.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness, and so numerous are the cases of its cures, that almost every section of country abounds in persons, publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

Ayer's Sarsaparilla,

A [illegible] to which we have labored [illegible] alterative that can be [illegible] a concentrated extract of Para Sarsaparilla, so combined with other substances [illegible] as to afford an [illegible] Sarsaparilla is [illegible] that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish [illegible] prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. [illegible] by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

HOSTETTER'S STOMACH BITTERS.

It is a fact that, at some period, every member of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has introduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nausea, Flatulency, Loss of Appetite, or any Bilious Complaints, arising from a morbid inaction of the Stomach or Bowels, producing Cramps, Dysentery, Colic, Cholera Morbus, &c., these Bitters have no equal.

Diarrhœa, dysentery or flux, so generally contracted by new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend Bitters of some kind; then why not use an article known to be infallible? All nations have their Bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to prove the value of this great preparation in the scale of medical science.

FEVER AND AGUE.—This trying and provoking disease, which fixes its relentless grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTERS. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nausea nor offend the palate, and render unnecessary any change of diet or interruption of ordinary pursuits, but promote sound sleep and healthy digestion, the complaint is removed as speedily as is consistent with the production of a thorough and permanent cure.

For Persons in Advanced Years, who are suffering from an enfeebled constitution and infirm body, these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indispensable, especially where the mother's nourishment is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart temporary strength and vigor to the system. Ladies should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtue of the Bitters, will recommend their use in all cases of weakness.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for HOSTETTER'S CELEBRATED STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

'Tis Found

Something True and Important.

IF YOU are troubled with Palsy or Rheumatism, [illegible] suffering with pains and can find no relief for [illegible]—given up as beyond the reach of medical aid, and have no other prospect before you than a premature grave, read the following—pause, reflect and hope on, as an opportunity is now offered for the restoration of your health. *Fogle, Chambers & Herrin* of Buffalo, would say to the citizens of Batavia and vicinity, that they have taken rooms at the Eagle Hotel, and will remain a few days for the purpose of introducing their new and important discovery in the use of Electricity for the cure of all chronic diseases.

They admit no patients except those given up everywhere else as incurable. The reader might here ask, do they really cure such cases, or are their statements false? Have they cured any such cases in [illegible] vicinity, or are their cures all on paper and afar off? In reply they would say, they have cured and are curing every day just such cases. They have restored to health a great number of persons in Buffalo and surroundings, who have been suffering from various diseases, five, ten, and fifteen years and upwards, in a few days. They have cured and are curing a class of diseases that has baffled the skill of the medical profession in all ages of the world. The reader might here enquire, by what means such wonderful cures are performed? Not by irritating the delicate membranes of vital organs by drugging the stomach, but by direct application of the positive and negative polarities of electricity.—Again, it might be asked, has not electricity been employed as a remedial agent for years both in Europe and the United States, with indifferent success? And are not numbers now using it, to our very sorrow, with no better results? This is all very true; and when we consider the ignorance and recklessness displayed in its application the results have been more favorable than could have been anticipated. It has been considered as less fatal in a few cases, only, and uncertain even in those. There has been no fixed principle for applying it, and, therefore, no uniform result could have been anticipated; but owing to the friendly relation existing between electricity and health, remarkable cures have been performed, which have been looked upon as a lucky hit, rather than the result of a fixed law. The ignorance displayed in the administration of this mighty agent, is unpardonable.

The current has been generally applied through the hands or feet in such power as to convulse the whole nervous and muscular systems and frequently producing irreparable injury; sometimes it has been applied by means of metallic conductors to different parts of the body, which is equal to a process of cauterizing—and the effect upon the nervous system is similar to that produced by over-doses of Strychnine or Quinine.

Every thing connected with their mode of applying electricity is new and original with themselves. Their philosophy for the electrical laws of life, health and disease, is new—Their reliable method for the diagnosis of disease by electrical contact is new.

As, also, their important discovery in the use of the positive and negative polarities to the human body, for the safe and speedy removal of all diseases.

All is new and unknown to medical men and others except the few instructed by them.

By this mode of applying electricity there is no guess work; no uncertainty; and no matter of doubt as to the result that will follow.

VICTORY!

REPUBLICANS VANQUISHED

COUNTY ELECTION.

MOSES TAGGART-

The People's Candidate, elected Judge.

JAMES M. WILLETT

Democratic Candidate elected District Attorney.

The rest of the ticket, all right.

Although we are not permitted to rejoice over the election of our own candidate for Judge of the County of Genesee, yet we are permitted, and we go in strong for rejoicing over the next best result, that of the election of MOSES TAGGART over JOSHUA L. BROWN, the regular Republican candidate for that office; and the election of our own party man for the office of District Attorney. How could we in reason ask for more?

The County of Genesee is a strong Republican county, why then has she not elected her candidate? His personal unpopularity has been the cause of his defeat.

We do not say this because we would strike again, the fallen foe, but to point a moral.

Where now are the two men who stood pre-eminent in this county as its political managers three years ago? Echo alone can answer—they are set aside now, used up, defeated, vanquished. JOSHUA L. BROWN and HARRY WILBER, the one a professed Republican, and the other a Democrat, have both acted together for years. Brown's election four years ago was carried through the instrumentality of Wilber, and they together have concocted more mischief, and done more to disturb the peace and propriety of the community than any dozen other men in the county.

Those who have read the HERALD for the last three years, will readily appreciate still other reasons, why we should rejoice over the result of this election.—These two men—we class them together for they have been inseparably one—have been the constant opponents of an independent Press in this county, and have done all that was in their power to smother the utterance of an honest popular sentiment here.

They early perceived the consequences to them—the obstacle it would interpose to their various schemes, and in various ways they tried to put the HERALD down but without success, therefore it is that we may well rejoice over this election as a victory won.

For three years the preparation has been making in this county for the result we now realize, and it is referable to the fact that public acts of outrageous wrong, have been freely and fearlessly commented upon, instead of being hid from the people, and merely talked over by a few knowing ones.

Give the people the facts, and we are ready at any time to abide their judgment, for the unbiased voice of a great and enlightened people is always for the right.

We therefore most emphatically rejoice—not that a foe is crushed down—irretrievably set aside by his party and the people—but in the ascendancy of right principles; in the elevation of the just over the unjust—in short, that MOSES is greater than JOSHUA, for according to the old record the first MOSES was a great and good law giver, while the stories of the marvelous power of Joshua in making the sun and moon stand still has always been received as not altogether reliable.

The following table shows the exact vote in this County for MOSES TAGGART and J. L. BROWN for the office of County Judge. Also between JAMES M. WILLETT and WILLIAM TYRRELL for the office of District Attorney.

We have not yet been able to obtain the vote for C. FITCH BISSELL. His Democratic friends here worked hard and untiringly for him, but the odds were too much against them; yet the result shows plainly that under the circumstances he drew out a handsome Democratic vote.

Feeling excessively jubilant on the occasion our Poet sized his pen at an early hour this morning and brought forth the following *Pome*, which he respectfully submits for publication. We let it *go in*.

The Song of the Victory.

[TUNE—SONG OF THE SHIRT.]

Josh Brown is nowhere,
Or gone back to his lair
To hastily prepare
His valedictory.
For he is no longer Judge,
But will soon have to budge
And leave with a grudge,
His Phil-a-ma-dictatory.

Alas! the defeat—
By Democrats beat,
While Republicans treat—
Tis a mere "technicality,"
But this work of retreat;
Obliged always to meet,
"People" on the street,
Is a sad—sad, reality.

Hurrah! for the victory.
In spite of the "Directory"—
WILLETT'S District Attorney,
And MOSES is Judge.
Where now is Tyrrell—
After that squirrell?
Or the flee in the barrell—
Grondiloquent—fudge!
That secret circular,
So very peculiar,
Tinged with a color,
Eminently Brown,
Excessively technical
Choice and delectable
How very respectable,
But it didn't go down.
How it went round,
When it was found,
With a seething sound
As a circular should—
Grim as a bear
Just out of his lair,
A peculiar affair,
Wasn't it good!

In the Town of LeRoy, the only town in the County, we believe where the Missionaries did not hold a meeting, the vote for Brown was very large.

There was also a portion of the town of Alabama, down in the Swamp, where the people do not take the papers, nor come out to meetings, that went almost to a man for Brown. The aggregate vote of the enlightened citizens overruled them.

It is proposed that before another election takes place that a missionary fund be raised to send the light to these districts.

Verdict of the People

In the Town of Batavia, where Moses Taggart and Joshua L. Brown both live.

Taggart's majority over Brown is 347. In the County, Taggart's majority over Brown, is 262.

The Canvass for District Attorney shows Willett's majority over Tyrrell in Batavia is 245. In the County, Willett's majority is 380.

The Republicans say that their defeat is owing to the fact that the people had too much *capital*. They brought forward a large number of *charges* against the Republican candidate that had to be allowed hence the balance in the people's favor.

Destructive Fire in Buffalo.

FOUR HUNDRED THOUSAND DOLLARS WORTH OF PROPERTY DESTROYED.

A destructive fire occurred last night, between the hours of ten and twelve o'clock, which consumed the large grain elevator and warehouse adjoining the New York Central Railroad Freight Depot, on Ohio street, together with an immense quantity of grain, and some other property stored within. The building or buildings belonged to the Central Railroad Company, and were valued at $200,000, upon which their was no insurance we understand. Something over 200,000 bushels of grain, mostly wheat, were stored in the elevator, the value of which cannot vary much from $200,000. As near as we could learn this was all insured.—Such is probably the case, for grain is seldom stored without insurance.

About the quantity and value of other produce and freight in the warehouse we could ascertain nothing definite, but it was inconsiderable, compared with the remainder of the loss. We set down the total destruction of property at about $400,000—rather over than under that amount, probably.

The Freight Depot of the Central Railroad is built up to and against the elevator destroyed, and the contiguous end was in iminent danger from the fire; but though the roof was burned somewhat, the firemen preserved that building. Of the elevator and warehouse nothing remains but the walls, which are of brick, built very solidly, and which, notwithstanding the immense pressure upon them from the grain in store, stood firmly.

Of the origin of the fire nothing could be learned last night. It became apparent about ten o'clock, and was under considerable headway before the alarm was given. Before the firemen could reach the spot it was beyond control. The steam fire engine did not make its appearance on the ground at all. We would ask whether it has been rented at $1,000 for six or seven months merely for display on parade days?—*Buffalo Express.*

Episcopal Irreverence at Richmond.

A correspondent of the Churchman inveighs vehemently against the careless way in which the religious services have been conducted during the Episcopal Convention at Richmond. A huge demijohn stood under the communion table during the whole of the opening services, in full view of the congregation, while the alms were collected in an old Kossuth hat.—After the communion at the consecration of Bishop Odenheimer, the Elements left after all the communicants had partaken were treated with irreverence. The writer says:

Immediately after the blessing, strange transactions took place: first, some whispering between two Bishops right in front of the altar, then a gathering round the newly consecrated Bishops. General greeting followed, clergy and laity entered the chancel and exchanged salutations. Honor was done to men, but great dishonor to God. There upon the altar was left a great quantity of the consecrated elements, which had not been "reverently" consumed by the Bishop and other communicants as the Rubric directs. We looked on tremblingly for the issue. Soon the sexton came, and having gathered up at least three hundred pieces of consecrated bread and placed them in a napkin; he put them in a basket to be "carried out" of the church to his house, probably to be given to the dogs or beggars, or at least to be devoted to common and unhallowed uses. The consecrated wine was poured back into the demijohn, and the chalices (if they are worthy of name) were turned up on the floor of the chancel to drain.—Never did we behold such shocking irreverence! and such absolute disregard of the directions of the Church, and this with reference to the Blessed Sacrament of the Altar. Surely they do not discern the Lord's body—surely they do not believe the doctrines of the Church upon the subject, nor regard her solemn injunctions, or they would not do thus! Little do they think how earnest minded Churchmen are pained when they behold such irreverence to the Lord, and we have no doubt but that the great body of clergy and laity throughout the length and breadth of the land will be perfectly horrified to hear that these things were done.

Origin of the Great Eastern—Its Invention Claimed by an American.

NEW YORK, Thursday, Oct. 20.

In 1835, a model boat was built by Messrs. Hoe & Co., with which a series of experiments were made in Gowanus Bay, to test the presumed advantages likely to arise from the use of sidewheels and the screw in the same vessel, a combination that had not previous to that period been tried. The result was so highly satisfactory that the party who first suggested the combination, Mr. James Einathan Smith, of this city, was induced to apply for and secure the patent right for this country. In September of that year (1837) drawings and specifications of the new plan for propelling steam vessels, were sent to Joseph Ewart, Esq., M. P. of Liverpool, and by him submitted to some of the most eminent English engineers, with a view of securing a patent there also.

Their report, however, at this time was so little encouraging that the proposed patent for Great Britain was not taken out. At a subsequent period one of England's most talented engineers, the late lamented Mr. Brunel, took a more favorable view of the plan which finally resulted in the present renowned Great Eastern being constructed precisely on the same principle as had already been made known to the public by Mr. Smith, not even omitting the use of steam power as an assistant in steering large vessels. The experiments made in Gowanus Bay proved, as far as could be ascertained on so small a scale, that side wheels placed forward of the centre of gravity, in combination with a propeller or propellers in the stern, would give a considerable increased speed in smooth water, more than can be obtained from the same amount of power, applied to either the side wheels or screw separately, and that with a head wind and rough sea the difference in favor of the new plan would be still greater.

INGENIOUS MODE OF TYING HORSES.—The Icelanders have a most curious custom and a most effectual one, of preventing horses from straying, which, I believe, is entirely peculiar to this island. Two gentlemen, for instance, are riding together without attendants, and wishing to alight for the purpose of visiting some objects at a distance from the road, they tie the head of one horse to the tail of the other, and the head of this to the tail of the former. In this state it is utterly impossible that they can move either forwards or backwards, one pulling the one way and the other the other; and therefore, if disposed to move at all, it will be only in a circle, and even then there must be an agreement to turn their heads the same way.—[Barrow's Visit to Iceland.

THE MONSTER BALLOON.—We publish all that appears in the New York papers says the Rochester Union in reference to the monster balloon now being inflated in that city. It is not generally thought that an attempt will be made to cross the Atlantic. It is most likely a scheme to raise the wind rather than the balloon.—The owners will be two or three weeks inflating, and run that part of the show as long as it will pay and then collapse the thing—to try it again next spring at some other time or place. Thousands go in to the yard daily to see the balloon, and it is now paying handsomely. Prof. Lowe will be very unwise to start on a voyage across the Atlantic, as long as he can show his balloon profitably at home.

HERB DISPENSARY

OFFICE 95 MAIN STREET,

(2d story, Up Stairs, Buffalo, N. Y.)

A NEW, SPEEDY, AND MOST SUCCESSFUL MODE OF TREATING

Spermatorrhoea, Nervous Debility, Marasmus or Wasting Consumption.

AND ALL

Diseases of the Urino-Genital Organs.

A CLASS of Maladies prevail to a fearful extent in community; sweeping at least fifty thousand youth of both sexes, annually to an early grave. These diseases are very imperfectly understood. Their external manifestations or symptoms are Nervous Debility, relaxation and exhaustion; Marasmus, or muscular wasting and consumption of the tissues of the whole body; shortness of breathing, or hurried breathing on ascending a hill, or a flight of stairs—great palpitation of the heart, asthma, bronchitis and sore throat; shaking of the hands and limbs, aversion to society, and to business or study, dimness of eyesight, loss of memory, dizziness of the head, neuralgy pains in various parts of the body; pains in the back and limbs, lumbago, dyspepsia or indigestion, irregularity of the bowels, deranged secretion of the kidneys and other glands of the body, as Leucorrhoea, or Fluor Albus, &c. Likewise Epilepsy Hysteria and Nervous Spasms.

Now, in ninety-nine out of every one hundred cases, all the above named disorders and a host of others not named have their seat primarily in the sexual organs, and arise from morbid excitement and chronic inflammation—a state of morbid irritability, hence the want of success on the part of Old School Doctors.

Dr. JOHNSON'S [illegible] engaged in treating this class of modern maladies with the most astonishing success. The treatment adopted by the Institution is new, it is based upon scientific principles, with new discovered remedies, without minerals or poisons. The facilities of cure are such that patients can be cured at their own homes without expense, in any part of the country, from an accurate description of their case by letter, and have the medicines sent them by mail or express.

DR. N. R. C. ROWE.

URISCOPIAN PHYSICIAN.

(Late from the Island of Barbadoes, West Indies.)

WHO has located in Rochester, begs to announce to the public of Batavia and vicinity, that he can be consulted on all CANCEROUS and CATARRH affections, Tumors, diseases of the Lungs, Throat, Liver, Kidneys, &c. &c. Also Scrofulous and all other Chronic Diseases, at his office No. 6 Stone Block, corner of Main and St. Paul streets.

The success that has attended his practice was never surpassed by any other Medical man of his Profession. He has cured entirely some of the worst cases of that most loathsome disease, CANCER—the thoughts of which chill the heart and makes life a burden to those afflicted with it—which had been pronounced by some of the most skilful Physicians as decidedly incurable. These patients now live as witnesses to this fact. CATARRH, this most dreadful disease, which if not checked, terminates in Consumption, he can cure most soundly.—Scrofulous and all other Chronic Diseases he treats with equal success. Patients placing themselves under his care will be treated strictly scientific, as he is a legitimate practitioner and no self taught man. Dr. [illegible] has discovered a speedy and certain cure for such cases of that fearful and wasting disease CANCER, as are curable. It has hitherto been the opinion of the Medical Faculty that Cancer cannot be cured. Dr. Rowe however, has after a thorough investigation and study of the disease been able to discover a remedy that will cure such cases as can be cured. Though all cases cannot be cured, yet they can be relieved and life prolonged. Any one consulting him will be told candidly whether anything can be done for them or not. Consultation free. Dr. R. by a careful chemical examination of the Urine can tell almost every Chronic Disease that mankind is liable to, and thus can treat diseases more correctly and successfully than by any other mode of examination. The reason that a great many curable diseases are deemed incurable is for a want of not finding out the real seat of the disease. Parties at a distance, are able to consult him personally, by sending a small vial with some of their Urine from the first made in the morning and $1 as a fee for testing it; at the same time, stating their age, will be told their disease. Letters addressed to Box 903, Rochester, N. Y., will meet with prompt attention. Packages containing Urine must be addressed to his office. Reference as to his mode of treatment can be given to some of the first Physicians in this country.

☞Dr. Rowe will be at the Exchange Hotel, Attica, for 4 days, Tuesday, Wednesday, Thursday, Friday, Oct. 4, 5, 6, 7, where he can be consulted on the above diseases.

NOTICE.

[illegible]

DR. M'LANE'S

CELEBRATED

VERMIFUGE

AND

LIVER PILLS.

WE beg leave to call the attention of the Trade, and more especially the Physicians of the country, to two of the most popular remedies now before the public. We refer to

Dr. Chas. M'Lane's Celebrated

Vermifuge and Liver Pills.

We do not recommend them as universal Cure-alls, but simply for what their name purports, viz.:

THE VERMIFUGE,

For expelling Worms from the human system. It has also been administered with the most satisfactory results to various Animals subject to Worms.

THE LIVER PILLS,

For the cure of LIVER COMPLAINTS, all BILIOUS DERANGEMENTS, SICK HEAD-ACHE, &c. In cases of

FEVER AND AGUE,

preparatory to or after taking Quinine, they almost invariably make a speedy and permanent cure.

As specifics for the above mentioned diseases, they are Unrivaled, and never known to fail when administered in accordance with the directions.

Their unprecedented popularity has induced the proprietors,

FLEMING BROTHERS,

PITTSBURGH, PA.

to dispose of their Drug business, in which they have been successfully engaged for the last Twenty Years, and they will now give their undivided time and attention to their manufacture. And being determined that Dr. M'Lane's Celebrated Vermifuge and Liver Pills shall continue to occupy the high position they now hold among the great remedies of the day, they will continue to spare neither time nor expense in procuring the Best and Purest material, and compound them in the most thorough manner. Address all orders to

FLEMING BROS., Pittsburgh, Pa.

P.S. Dealers and Physicians ordering from others than Fleming Bros., will do well to write their orders distinctly, and take none but Dr. M'Lane's, prepared by Fleming Bros., Pittsburgh, Pa. To those wishing to give them a trial, we will forward per mail, post paid, to any part of the United States, one box of Pills for twelve three-cent postage stamps, or one vial of Vermifuge for fourteen three-cent stamps. All orders from Canada must be accompanied by twenty cents extra.

Scrofula, or King's Evil,

is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth, and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children."

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently, vast numbers perish by disorders which, although not scrofulous in their nature are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S
Compound Extract of Sarsaparilla,

the most effectual remedy which the medical skill of our times can devise for this every-where prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as ERUPTIVE and SKIN DISEASES, ST. ANTHONY'S FIRE, ROSE, or ERYSIPELAS, PIMPLES, PUSTULES, BLOTCHES, BLAINS and BOILS, TUMORS, TETTER, and SALT RHEUM, SCALD HEAD, RINGWORM, RHEUMATISM, SYPHILITIC and MERCURIAL DISEASES, DROPSY, DYSPEPSIA, DEBILITY, and, indeed, ALL COMPLAINTS ARISING FROM VITIATED OR IMPURE BLOOD. The popular belief in "*impurity of the blood*" is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Ayer's Cathartic Pills,

FOR ALL THE PURPOSES OF A FAMILY PHYSIC.

are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search, and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures, and directions for their use in the following complaints: *Costiveness, Heartburn, Headache arising from a disordered Stomach, Nausea, Indigestion, Pain in and Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Jaundice*, and other kindred complaints, arising from a low state of the body or obstruction of its functions.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness, and so numerous are the cases of its cures, that almost every section of country abounds in persons, publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

Ayer's Sarsaparilla,

A [illegible] blood [illegible] It is a concentrated extract of Para [illegible] other substances of [illegible] to be used as [illegible] Sarsaparilla is [illegible] from Stramonium [illegible] which will [illegible] of the afflicted sufferers [illegible] compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:—

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE, OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. [illegible], by the aid of this remedy, spare [illegible] from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

HOSTETTER'S STOMACH BITTERS.

It is a fact that, at some period, every member of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has introduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nausea, Flatulency, Loss of Appetite, or any Bilious Complaints, arising from a morbid inaction of the Stomach or Bowels, producing Cramps, Dysentery, Colic, Cholera Morbus, &c., these Bitters have no equal.

Diarrhoea, dysentery or flux, so generally contracted by new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend Bitters of some kind; then why not use an article known to be infallible? All nations have their Bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to prove the value of this great preparation in the scale of medical science.

Fever and Ague.—This trying and provoking disease, which fixes its relentless grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTERS. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nausea nor offend the palate, and render unnecessary any change of diet or interruption of ordinary pursuits, but promote sound sleep and healthy digestion, the complaint is removed as speedily as is consistent with the production of a thorough and permanent cure.

For Persons in Advanced Years, who are suffering from an enfeebled constitution and infirm body, these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indispensable, especially where the mother's nourishment is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart temporary strength and vigor to the system. Ladies should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtue of the Bitters, will recommend their use in all cases of weakness.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for HOSTETTER'S CELEBRATED STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

TO CORRESPONDENTS:

We also beg to inform our readers that we do not hold ourselves responsible for the opinions of our correspondents.

JOB PRINTING, OF ALL KINDS, EXECUTED AT THIS OFFICE WITH TASTE AND DESPATCH.

The Election.

The State has undoubtedly gone Republican, by a large majority. This we trust will serve to asuage the grief of our Republican neighbors to some extent, although it is a poor remedy for that class of *ardent* Republicans whose devotion to the party is based upon the actual value in hard cash of the office lost, or hoped for. For this kind of grief, the election of other men in the same party affords but poor relief.

We have no official report from the vanquished this m rning, although we understand that their remains *remain* in town yet, and that it is currently reported that there is to be a judicial investigation of the ELECTION, and that there is hope of discovering a "technical informality" in the unequal distribution of votes which will set the whole matter aside, or at least hold it under a "suspension of judgment" for the next four years in order to be fully prepared for a correct decision at the expiration of that time.

The Advocate devoted but a very short corner to the County election yesterday, for the reason we presume that the subject was not agreeable. We expect the Advocate will come out to-day and declare the County election a humbug, this being the decision of that print on all questions, not adapted to its comprehension, or suited to its taste or interest. We would advise the Editor of the Advocate to re-read the last two weeks issues of his paper under the light the election has thrown upon its pages, and if he don't *cave* some, we shall have to give him up. Better begin with small doses at first and watch the effect.

Fraud Rebuked.

Let not Tyrrell, Yates and Warner, and their accomplices, flatter themselves that they were defeated by Judge Brown's unpopularity. It was their own *fraud* which defeated Tyrrell and Judge Brown. The most gratifying result of this election in this county, is the fact that the People have most effectually *rebuked* that fraud. Let Tyrrell, Yates, Warner & Co., remember this fact, and let the People remember Tyrrell, Yates, Warner & Co."

*

LeRoy, Nov. 9th 1859.

ED'S. HERALD & TIMES:—GENTS:—The result of the Election in this town is truly gratifying to every Democrat.

We have polled the largest Democratic vote ever polled in the town, reducing the Republican Majority to 176 on a poll of 764 votes—our vote is 292 on Secretary of State, and not 240 as reported in the "LeRoy Gazette".

Our candidate for Judge, C. Fitch Bissell, Esq., received 310 votes running ahead of his ticket showing the high estimation in which he is held by his townsmen.

Notice to Teache's.

The following resolutions were unanimously adopted, at a meeting of the "Genesee County Teacher's Association," held at Batavia Oct. 13th, 1859, and by the "Genesee County Institute" on the evening of the same day.

Resolved.—That we earnestly recommend for use, in the Schools of Genesee County, ROBINSON'S SERIES of PROGRESSIVE ARITHMETIC'S, and ROBINSON'S ALGEBRAS, as being better adapted to the wants of both Teachers and pupils, than any other similar books in use.

Resolved.—That we recommend SANDERS NEW SERIES of READERS and SPELLERS, to be used in the schools of this county, provided the Publishers will cause the county to be canvassed, and books furnished for *introduction*, at least for *half price*, and old books and provided also the publishers will [illegible] in even exchange all "Progressive Readers" now in use in the said schools.

Arrangements have been made to canvass the county, and also with CLARK & TRYON of Batavia; V. C. Calkins of Caryville, and John Clark of Le Roy, to furnish said books to teachers for *first introduction* at introduction prices.

The above books or any other of the American Educational Series may be obtained for examination or introduction of the general agent D. W. FISK, Rochester N. Y., at Adams & Dabneys, Bookstore.

Intemperance Among Fashionable Ladies.

The New York correspondent of the Charleston Courier says:—

There is a great and growing evil in this city, but one of such a delicate nature as to almost forbid being dragged into public print. I refer to the increasing and lamentable habit now so common, of the indulgence by ladies in intoxicating drinks. I do not refer to those who do wrong almost from necessity, but to that other class who have rich husbands and homes that might be made happy. A large number of this class seem to be steadily diving deeper into dissipation every year, than many persons greatly interested in their welfare and happiness even imagine. I have heard recently of several distressing cases of this kind. And to day I learn that the wife of a well known citizen reported to be very wealthy, has been sent to the lunatic asylum, in the hope that she may with returning reason, be enabled to overcome the terrible temptations which intoxicating liquors have of late had for her. Her husband's name is almost as familiar in some parts of the South as it is here.

RAILROAD BRIDGE BURNED.—The lower Railroad bridge over the Clyde river at Lyons, was burned Wednesday morning. It is supposed that the fire caught from sparks thrown by the locomotive which went eastward from Rochester with the Cincinnati Express train at 1:10, and passed Lyons at 2:15. A freight train came westward about the same time, however, and nothing was observed of the fi e then. The bridge was about one hundred feet long, and it will be something of a job to re-build it.

The running of trains was considerably delayed yesterday forenoon, but everything was put straight again in a short time, by dispatching through passengers by the way of Auburn. Superintendent Chittenden is making preparations to rebuild the bridge. In the meantime a foot bridge will be constructed, so that trains can run to Lyons from each way, and transfer passengers and baggage from one to the other.

The foot bridge has been thrown across the stream, and the 8:40 train eastward last evening went by the direct road. It is expected that within two days trains will be able to cross on stringers and rails laid for the purpose.—*Roch. American.*

GREAT FIRE IN DANSVILLE.—There was another great fire in Dansville it is said that all the buildings on the west side of Main street, from the Empire Store to the Bank of Dansville, were destroyed. and the buildings on Exchange street, westward to the house of Capt. Henry, where the fire was stopped. Dansville has suffered much from fire, and so has Bath, Corning, and other towns up south.

ILLNESS OF MR. AND MRS. DOUGLAS.—The Washington correspondent of the Philadelphia Press, writes on Sunday, says: "Judge Douglas has been confined to his bed by a sudden attack of inflammatory rheumatism, and Mrs. Douglas, I am sorry to say, continues in a dangerous condition. During the last week, especially on Wednesday, her life was despired of.—On Saturday there was a very slight change for the better. Her child, however, is in excellent health."

JAIL EXODUS AT ROCHESTER.—Thirteen prisoners escaped from the Rochester jail Sunday evening, trapping the jailor and locking him up in the privy, and then forcing the outer doors before the jailor's wife could summon assistance.—The sheriff has offered rewards for their recover, varying from ten to fifty dollars each, and amounting in all to $430. The names of the escaped prisoners are Orren Van Buskirk, Lorenzo D. Heath, Joseph Smith (colored) Charles Dunkle, Lyman Johnson, L. D. Mitchell, D. H. Rosencranz Charles Gragor or Gregan, David Gosnell, Edward Hughes (who was arrested in Buffalo not long ago) William Burke, Hamlet Dooley and Joseph Schenck. The latter named was arrested the same night of the escape. The crimes which the escaped prisoners are charged are all of the higher grades—rape, burglary, arson, grand larceny, forgery and bigamy—such as they cultivate mainly in Rochester.

More than two-thirds of the suicides in the cities this summer, have been occasioned by delirium tremens; a large proportion have occurred among the foreign population, and the names of Germans predominate.

We find in late Salt Lake papers the details of another Indian massacre, which occurred 25 miles west of Fort Hall, on Lander's cut off, on the night of the 2d of September, on a party consisting of six men, three women and ten children, part from Michigan and part from Buchanan Co., Iowa. The massacre must have been a horrible one. The emigrants were surrounded just as they were about camping and shot down before they had time to prepare for defence. Some who escaped fell in soon after with a company of dragoons, under command of Lieut. Livingstone, who sent a detachment to the scene of the massacre. On their arrival they found the dead bodies of five persons on the ground, out of the eight that were missing. The dead were horribly mangled and scalped. One little girl, five years old, had both legs cut off, and her eyes were dug out from their sockets; and to all appearances the girl, after having her legs cut off, had been compelled to walk on the stumps, for the purpose of gratifying the hellish propensity of savage barbarity.

Mr. Purple a member of the first Legislature of Nebraska, thus tells his experience in Western politics. He says:—"Secretary T. B. Cuming said to me one morning, Purple, we want a member from Burt county. So I harnessed up and took nine fellows with me from Iowa, and we started for the woods, and when we thought we had got far enough for Burt county, we unpacked our ballot box and held an election (in Washington county,) canvassed the vote, and it was astonishing to observe how great was the unanimity at the first election ever held in Burt county. Purple had every vote. So Purple was declared duly elected."

An old gent of sixty, was struck recently, in Philadelphia with the beauty of an Italian girl who was selling chestnuts in the street. He bought some and then became affectionate. The damsel thereupon seized a pan of the hot nuts and threw them at him.

Loud complaints are already bein' made about the scarcity of hay. It has occasioned quite a panic among farmers in certain sections, and they are rapidly disposing of their cattle.—*Exchange.*

If the weather we have had lately holds long, cattle may go to grass soon.

A short time ago an urchin, aged seven years, was found in a shed, in Steuben, teaching a class of half a dozen still younger boys to swear.

As a general rule, consumptives will do best in as cold a climate and as cool an atmosphere as they can bear without suffering. The colder the better, provided one can keep warm by exercise and clothing.

We understand that Governor Wise has determined not to hang Old Brown and his companions, but to set th-m to work in the State penitentiary, and have strict examination made as to their sanity, about which there seems to be a little doubt.

Gerrit Smith is confined in the State Lunatic Asylum in this city. He was brought here by his relatives on Monday, and is seriously deranged.

RICHMOND, Nov. 6.

It is stated on the very highest authority, that no requisition has been made by Gov. Wise on Gov. Morgan, of New York for Gerrit Smith.

If Gov. Wise has made a requisition for the delivery of Gerrit Smith, no one need feel the least anxiety about the decision of Gov. Morgan. He will require conclusive evidence of criminality before surrendering to Virginia a Freeman of the State of New York.

WASHINGTON, Nov. 9.

While the Cabinet were in session yesterday, the President received a dispatch showing the pressing necessity for military assistance at Brownsville.

The secretary of War within half an hour thereafter isued instructions to Capt. Pickett, commanding the artillery company at Barton Rogue, to place his man in readines for a march, while at the same time the Quartermaster at New Orleans was telegraphed to make arrangements for transporting the troops to Point, Isabel, towards which place they are now probably on their way.

J. B. Thomas, the special delegate from Brownsville, had an interview with the Secretary of War to-day, and fully explained to him the alarming condition of the frontier of the Rio Grande.

DR. JOHNSON'S

HERB DISPENSARY

OFFICE 98 MAIN STREET,

(2d door, Up Stairs, Buffalo, N. Y.)

A NEW, SPEEDY, AND MOST SUCCESSFUL MODE OF TREATING

Spermatorhoea, Nervous Debility, Marasmus or Wasting Consumption.

AND ALL

Diseases of the Urino-Genital Organs.

A CLASS of Maladies prevail to a fearful extent in community; dooming at least fifty thousand youth of both sexes, annually to an early grave. These diseases are very imperfectly understood. Their external manifestations or symptoms are Nervous Debility, relaxation and exhaustion; Marasmus, or muscular wasting and consumption of the tissues of the whole body; shortness of breathing, or hurried breathing on ascending a hill, or a flight of stairs—great palpitation of the heart, asthma, bronchitis and sore throat; shaking of the hands and limbs, aversion to society, and to business or study, dimness of eye-sight, loss of memory, dizziness of the head, neuralgy pains in various parts of the body; pains in the back and limbs, lumbago, dyspepsia or indigestion, irregularity of the bowels, deranged secretion of the kidneys and other glands of the body, as Leucorrhoea, or Fleur Albus, &c. Likewise Epilepsy Hysteria and Nervous Spasms.

Now, in ninety-nine out of every one hundred cases, all the above named disorders and a host of others not named have their seat primarily in the sexual organs, and arise from morbid excitement and chronic inflammation—a state of morbid irritability, hence the want of success on the part of Old School Doctors.

Dr. JOHNSON is now engaged in treating this class of modern maladies with the most astonishing success. The treatment adopted by the Institution is new, it is based upon scientific principles, with new discovered remedies, without minerals or poisons. The facilities of cure are such, that patients can be cured at their own houses without expense, in any part of the country, from an accurate description of their case by letter, and have the medicine sent them by mail or express.

Young Men suffering from these direful ills, will receive for $1 a series of Health Rules, and perfect chart of cure, which will be to them a true polar star through life.

DR. N. R. C. ROWE.

URISCOPIAN PHYSICIAN.

(Late from the Island of Barbadoes, West Indies)

WHO has located in Rochester, begs to announce to the public of Batavia and vicinity, that he can be consulted on all CANCEROUS and CATARRH affections, Tumors, diseases of the Lungs, Throat, Liver, Kidneys, &c., &c. Also Scrofulous and all other Chronic Diseases, at his office No. 6 Stone Block, corner of Main and St. Paul Streets.

The success that has attended his practice was never surpassed by any other Medical man of his Profession. He has cured entirely some of the worst cases of that most loathsome disease, CANCER—the thoughts of which chill the heart and makes life a burden to those afflicted with it—which had been pronounced by some of the most skilful Physicians as decidedly incurable. Those patients now live as witnesses to this fact. CATARRH, this most awful disease, which if not checked, terminates in Consumption, he can cure most speedily.—Scrofulous and all other Chronic Diseases he treats with equal success. Patients placing themselves under his care will be treated strictly scientific, as he is a legitimate practitioner and no self taught man. Dr. [illegible] has discovered a speedy and certain cure for such cases of that fearful and ravaging disease Cancer, as are curable. It has hitherto been the opinion of the Medical Faculty that Cancer cannot be cured. Dr. ROWE however, has after a thorough investigation long study of the disease been able to discover a remedy that will cure such cases as can be cured. Though all cases cannot be cured, yet they can be relieved and life prolonged. Any one consulting him will be told candidly whether anything can be done for them or not. Consultation free. Dr. R. by a careful chemical examination of the Urine can tell almost every Chronic Disease that mankind is liable to, and thus can treat diseases more correctly and successfully than by any other mode of examination. The reason that a great many curable diseases are deemed incurable is simply from not finding out the real secret of the disease. Parties at a distance, not able to consult him personally, by sending a small vial with some of their Urine from the first made in the morning, and $1 as a fee for testing it, at the same time stating their age, will be told their disease. Letters addressed to Box 364, Rochester, N. Y., will meet with prompt attention. Packages containing Urine must be addressed to his office. References as to his mode of treatment can be given to some of the first Physicians in this country.

☞ Dr. Rowe will be at the Exchange Hotel, Attica, for 4 days, Tuesday, Wednesday, Thursday, Friday, Oct. 4, 5, 6, 7, where he can be consulted on the above diseases.

Trial of Cook.

CHARLESTOWN, Nov. 9.

The trial of Cook commenced yesterday. The court room was crowded.—Gov. Williard and Mr. Crowley, brothers-in-law of the prisoner, were seated beside him. He plead guilty to all the counts in the indictment, except that of treason. The prisoner was well dressed, firm and dignified.

The demurer to the treason court was argued and overruled by the Court.

The jury were then sworn, and the same questions put to them as in Brown's case.

Mr. Green, for the prisoner, admitted the fact of the conspiracy of the Slaves to rebel, which was punishable with death, or imprisonment for life.

Mr. Hunter then rose and read a Confession by Cook, written by himself—There were twenty five foolscap pages of it. Nothing new was elicited by it, except that he implicated Fred. Douglas and Dr. Howe of Boston. The Confession will be published in a pamphlet form, for the benefit of Samuel C. Young, who was wounded at Harper's Ferry.

To-day was spent in taking testimony and opening of argument for State.

The public feeling against Cook is stronger than against any other of the prisoners. He is regarded as having been a spy for the insurrectionists. Strong efforts will be made by Gov. Willard to save his life.

NEW YORK, Nov. 9.

Returns from New Jersey indicate the election of the Republican Governor by 20,000 majority. Senate Democratic; House doubtful.

Olden's majority for Governor is about 1,600. Senate—12 democrats, 8 Opposition and 1 American elected. House—29 democrats. 28 Opposition and 3 Americans chosen. There is little doubts as to the House.

BOSTON, Nov. 9.

Returns from nearly the whole State give Banks a majority of upwards of 9,000 in the whole vote. His plurality over Butler, Dem. is upwards of 23,000. Senate stands 34 Reps., 4 Dem., 2 doubtful, House 182 Rep 50 Dem. and 4 opposition.

The entire Republican State ticket is elected.

CHICAGO, Nov. 9.

The Springfield correspondent of the Times telegraphs that Sangammon county gives McClelland, dem. for Congress, 500 maj. and that the returns from the district indicate his election by 4000 or 5000.

Scrofula, or King's Evil,

is a constitutional disease, a corruption of the blood, [illegible]

[illegible] habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children."

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently, vast numbers perish by disorders which, although not scrofulous in their nature are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking infection and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S

Compound Extract of Sarsaparilla,

the most effectual remedy which the medical skill of our times can devise for this every where prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as Eruptive and Skin Diseases, St. Anthony's Fire, Rose, or Erysipelas, Pimples, Pustules, Blotches, Blains and Boils, Tumors, Tetter and Salt Rheum, Scald Head, Ringworm, Rheumatism, Syphilitic and Mercurial Diseases, Dropsy, Dyspepsia, Debility, and, indeed, all Complaints arising from Vitiated or Impure Blood. The popular belief in "*impurity of the blood*" is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Ayer's Cathartic Pills,

FOR ALL THE PURPOSES OF A FAMILY PHYSIC,

are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search, and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures, and directions for their use in the following complaints: Costiveness, Heartburn, Headache arising from a disordered Stomach, Nausea, Indigestion, Pain in and Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Jaundice, and other kindred complaints, arising from a low state of the body or obstruction of its functions.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness, and so numerous are the cases of its cures, that almost every section of country abounds in persons, publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

Ayer's Sarsaparilla,

A [illegible] extract of Para [illegible] us to afford an [illegible] Sarsaparilla is [illegible] It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. [illegible] this compound will [illegible] on many of the worst cases to be found of the following complaints:

Scrofula and Scrofulous Complaints, Eruptions and Eruptive Diseases, Ulcers, Pimples, Blotches, Tumors, Salt Rheum, Scald Head, Syphilis and Syphilitic Affections, Mercurial Disease, Dropsy, Neuralgia or Tic Douloureux, Debility, Dyspepsia and Indigestion, Erysipelas, Rose, or St. Anthony's Fire, and indeed the whole class of complaints arising from Impurity of the Blood.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. [illegible] by the aid of this remedy, [illegible] the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

HOSTETTER'S STOMACH BITTERS.

It is a fact that, at some period, every member of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has introduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nausea, Flatulency, Loss of Appetite, or any Bilious Complaints, arising from a morbid inaction of the Stomach or Bowels, producing Cramps, Dysentery, Colic, Cholera Morbus, &c., these Bitters have no equal.

Diarrhoea, dysentery or flux, so generally contracted by new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend Bitters of some kind; then why not use an article known to be infallible? All nations have their Bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to prove the value of this great preparation in the scale of medical science.

FEVER AND AGUE.—This trying and provoking disease, which fixes its relentless grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTERS. Farther, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nausea nor offend the palate, and render unnecessary any change of diet or interruption of ordinary pursuits, but promote sound sleep and healthy digestion, the complaint is removed as speedily as is consistent with the production of a thorough and permanent cure.

For Persons in Advanced Years, who are suffering from an enfeebled constitution and infirm body, these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indispensable, especially where the mother's nourishment is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart temporary strength and vigor to the system. Ladies should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtue of the Bitters, will recommend their use in all cases of weakness.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for HOSTETTER'S CELEBRATED STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

'Tis Found

Something True and Important.

IF YOU are crippled with Palsy or Rheumatism suffering with pains and can find no relief for body or mind—given up as beyond the reach of medical aid, and have no other prospect before you than a premature grave, read the following—pause, reflect and hope on, as an opportunity is now offered for the restoration of your health. *Profs. Chamberlin & Holden,* of Buffalo, would say to the citizens of Batavia and vicinity, that they have taken rooms at the Eagle Hotel, and will remain a few days for the purpose of introducing their new and important discovery in the use of Electricity for the cure of all curable diseases.

They solicit no patients except those given up everywhere else as incurable. The reader might here ask, do they really cure such cases or are their statements false? Have they cured any such cases in Batavia and vicinity, or are their cures all on paper and afar off? In reply they would say they have cured and are curing every day, just such cases. They have restored to health a great number of persons in Buffalo, and surroundings, who have been suffering from various diseases, five, ten, and fifteen years and upwards, in a few days. They have cured and are curing a class of diseases that has baffled the skill of the medical profession in all ages of the world. The reader might here inquire, by what means such wonderful cures are performed? Not by irritating the delicate membranes of vital organs by drugging the stomach, but by direct application of the positive and negative polarities of electricity.—Again, it might be asked, has not electricity been employed as a remedial agent for years both in Europe and the United States, with indifferent success? And are not numbers now using it in our very midst, with no better result? This is all very true; and when we consider the ignorance and recklessness displayed in its application the result has been more favorable than could have been anticipated. It has been considered as beneficial in a few cases, only, and uncertain even in those. There has been no fixed principle for applying it, and, therefore, no uniform result could have been anticipated; but owing to the friendly relation existing between electricity and health, remarkable cures have been performed, which have been looked upon as a lucky hit, rather than the result of a fixed law. The ignorance displayed in the administration of this mighty agent, is unpardonable.

The current has been generally applied through the hands or feet in such power as to convulse the whole nervous and muscular system, and frequently producing irreparable injury; sometimes it has been applied by means of metallic conductors to different parts of the body, which is equal to a process of cauterization—and the effect upon the nervous system is similar to that produced by over doses of Strychnia or Quinine.

Every thing connected with their mode of applying electricity is new and original with themselves. Their philosophy for the electrical laws of life, health and disease, is new.—Their reliable method for the diagnosis of disease by electrical contact is new.

As, also, their important discovery in the use of the positive and negative polarities in the human body, for the safe and speedy removal of all diseases.

[illegible] is new and unknown to medical men and others except the few instructed by them.

By this mode of application electricity there is no guess work; no uncertainty; and no more, or doubt as to the result that will follow.

The diseased are invited to call and witness the wonderful cures they are performing daily.

Instruction given to those desiring a knowledge of this method of curing disease.

Negro Insurrections Predicted.

The National Era predicts negro insurrections in the South as a consequence of the Harper's Ferry excitement. It says:

It would be a fatal mistake to infer that the negroes have no desire to be free because they remained passive at Harper's Ferry. They know their own strength too well in that vicinity to rush upon destruction as did Brown and his conspirators. But *suppose the same thing happened in South Carolina, where there are two negroes to one white person, does any one believe that they would have remained quiet spectators?* In Northern Virginia, and especially in the immediate neighborhood of the Ferry, there are perhaps ten white men to one negro. The slaves, therefore, could not hope for liberation by their own efforts: and they doubtless regarded the efforts of Brown, if he relied essentially upon their cooperation, as all the world seems to do, *viz:* as the enterprise of a madman. They are besides the class of slaves from which we should least expect an effort at insurrection. They are on the border of the Free States, and it would be much easier and safer to liberate themselves by running away than revolting. The facility with which they can run off is a fact well understood by themselves and their masters; and the consequence is, that they are treated with a degree of consideration and kindness which is not generally experienced by the slaves further South. For these reasons none but demented enthusiasts could have dreamed of a successful insurrection at Harper's Ferry. But in any of the Gulf States the same efforts might have been attended with an amount of bloodshed and devastation from which the imagination recoils with horror.

Terrible Shipwreck---400 Lives Lost.

MONTREAL, Nov. 7

The following is taken from the Liverpool Daily Post of the 27th Oct:

"The public will learn this morning, with overwhelming grief, that the splendid vessel, the Royal charter, was totally lost yesterday in Muffa Bay, near Bangor. The melancholy intelligence which reached us late last night, was brief, but we fear it is only too true, that of upwards of 400 persons who were on board, only ten were said to have been saved. There is some hope, however, that this is an exaggeration, but under any circumstances the loss of life has been immense.

The Royal Charter had about half a million of gold when the disaster took place, The telegraph had ceased to work, and so destructive had been the storm along the coast yesterday, that the Chester and Birkenhead Railway had been destroyed in many places.

"At Penmanaw, 20 of the dead, had been washed ashore. The bay in which the catastrophe occurred, is two or three miles to the eastward of Puffin Island, in Anglesea, and six or seven miles to the northwest of Beaumarris. It has a shallow, sandy beach for several miles, with promontories at each end of the bay.—The country around is wild, and few houses are to be seen.

From the N. Y. Evening Post, Saturday.

The Transatlantic Balloon.

The great experiment of Professor Lowe proceeds successfully, and the interest felt in it is manifested by the thousands of visitors that daily flock to the grounds where the City of New York is exhibiting. The process of inflation, which was suspended yesterday on account of the high winds which rendered the partially inflated balloon unmanageable, was resumed to day. The balloon is about one third inflated, and presents the appearance of a huge yellow dome gradually rising out of the earth—an illusion increased by its barely preceptible swaying movement when the weather is calm. A slight gust of wind will ,however, quickly affect its shape, and cause it to roll two and fro, in seeming billows, the wooden valve stopper on the top thus changing its position, first appearing on one side and then on the other, like a little bark tossed upon a stormy sea. The The rope netting encloses the balloon, which is held in its place by numerous bags of sand, that lie upon the portions of the canvas not yet inflated.

In the tent the coleric engine works bravely and excites considerable attention. The lime cooking stove, the basket to hold the aeronauts, now quite finished and covered with canvas, and the handsome set of furs presented to Mr. Lowe by Genin, also are objects of great interest to the visitors.

The inflation will probably occupy the whole of next week.

Mr. Lowe's experiment is attracting considerable attention in France where ballooning has found many devotees.—The Paris papers have given their readers full descriptions of his aerial ship, and the lively interest taken there in regard to the transatlantic trip, will insure Mr. Lowe a cordial welcome, should he ever land, as he hopes to do, in France.

Sensible Talk About Woman's Rights.

In these times of Woman's Rights Convention, Sewing machine, and progress generally, we are glad to hear occasionally a real outspoken woman give her views when they are right to the point, as are the following by "Jennie" in a communication to the Lockport Advertiser, whoever she may be she speaks like a true woman, and if a young lady, deserves a better husband than we fear these times of Diamond Weddings produces, then hear "Jennie."

I believe in the use of "counter irritants," therefore I think a little "Woman's Rights" used in that capacity, would not be bad for the people of our village to take, I contend, [and I know that every true and right minded woman will agree with me) that the glory of a true woman is the glory which encircles her in her home, and that streams out from that home through the doorways, from which go out to the world, husband and children.

It consists in the bright but mellowed radiance, the unseen but resistless influence which pervade and emanate from that "inner sanctuary" where woman understands her true dignity as Priestess and ministering Angel. It is augmented by all the attractiveness, grace and wisdom, by all the love and nobleness, largeness of soul, and refineness of perception, with which a refined and christian woman may make her contributions to society and social life.

To make a good and happy home for a noble man, and to rear in it sons and daughters, so that they shall be real acquisitions to the generation in which they live, is a work not only of responsibility, but of honor, and a work to tax the highest order of capacity.

I fearlessly assert that she who makes home so pure, and peaceful, and a holy place that the companion of her life is fain to acknowledge that within its charmed circle his manhood grows stronger, and purer, and more elevated, that he goes out from it as from a strong hold of virtue, with a truer reverence for a *true* woman, and a deeper detestation of vice—with a kindlier heart and readier hand for the weak and sorrowing—with more rational ambition, and moderate desire for the grosser things of life and the world, is in her highest, noblest, only legitimate sphere. Such a woman weilds an influence which could never be augmented by added political rights, nor by official trust and power.

THE GREAT WESTERN RAILROAD PAYING DEARLY FOR THE FLAMBORO' ACCIDENT.—Three actions against the Great Wes ern Railroad of Canada, for damages arising out of the Flamboro' catastrophe in March last, were concluded the other day at Hamilton, the road, in each case, suffering a verdict of $5,000. One was brought by the widow of John McAleese, whose death was caused by injuries received on that occasion. The verdict gave $2,000 to the widow, and $3,000 to three children of the deceased. The second suit was urged by Mrs. Jane Fawcet, whose husband was killed at the same time.—The jury awarded to her $1,500, and to seven children $3,500. In the third case $5,000 was awarded to a single plaintiff.

News Items.

It is more than probable that the abandonment of the contemplated trip of the Great Eastern to this country this Fall, grows out of apprehensions of a rupture between England and France, in which case she will be wanted at home to run between London and Havre.

Education.

Every boy should have his head, his heart and his hand educated; let this truth never be forgotten.

By the proper education of the head, he will be taught what is good, and what is evil; what is wise, and what is foolish; what is right and wrong. By the proper education of his heart, he will be taught to love what is good, wise and right; and to hate what is evil, foolish and wrong, and by the proper education of his hand, he will be enabled to supply his wants; to add to his comforts, and to assists those that are around him.

The highest object of a good education, are to reverence and obey God, and to love and serve mankind; everything that help us in attaining these objects is of great value, and everything that hinders us is comparatively, worthless. When wisdom reigns in the head and love in the heart, the hand is ever ready to do good; order and peace smile around, and sin and sorrow are almost unknown.

The Worcester Spy says that Rev. T. W. Higginson has returned from a visit to the family of Capt. John Brown. He found them up among the Adirondac mountains in New York, near Lake Champlain, opposite Burlington, Vt. Mrs. Brown and four of her surviving children three daughters and one son. She is a second wife, and has been the mother of twelve children. Brown had eight children by a previous wife, making twenty in all. Eight of the twenty are now living. Mrs. Brown accompanied Mr. Higginson on his return, and he went with her to Boston. She will leave for Virginia, having telegraphed to Gov. Wise for permission to visit her husband in prison

James Truesdell, a gentleman of some seventy years, living in Liberty, Pennsylvania, has been for over twelve years past industriously engaged, when the weather and his health would permit, in digging over a piece of ground near his dwelling, and carrying the stones and some dirt into a pile. Here he has labored, taking one stone or a shovel full of dirt at a time, until the mound has reached the height of thirty or forty feet, and is much larger than his house. He said as a reason for his labors that he lost a sixpence in his garden. He soon after found several sixpences, but continued to dig until his whole garden has been carried to increase the mound. He is peaceable and industrious in his way, so his family let him work. To their offers of assistance he gives a decided negative, and digs away alone. Mr. Truesdell is a well-informed man, and talks rationally on every subject but his lost sixpence.

FATAL ACCIDENT IN BETHANY, GENESEE COUNTY.—Dan. Huntington, an old and respectable citizen of Bethany, came to his death on Thursday last, in the following manner. On the Tuesday before, he had been to draw a load of sand for a neighbor—returning home he got out of his wagon and opened the gate—led his horse through and after closing the gate got into his wagon again, and as he stooped down to take up his lines, the horses started suddenly, causing him to lose his balance, pitching him over the other side; striking on his head and shoulders, there by injuring the spinal column. He lived a week, conversed freely with his friends, made his will, &c., conscious all the time that his stay on earth was short.

In Chicago the beef-packers have already killed upwards of 25,000 head of cattle, with about half the season to operate in yet. It is expected that before the close, from 35,000 to 40,000 head will be packed. During the past week several pork-packers have commenced. Already there is capacity in Chicago to pack from 5,000 to 7,000 hogs daily.

THE GREAT AMERICAN
Boot & Shoe Store,
No. 2, Odd Fellow's Hall.

GREAT DISCOVERY!

NEW MODE OF ADVERTISING.

The Proprietor of the Great American Shoe Store, No. 2 Odd Fellows Hall, south side Main street, nearly opposite the Post Office, claims to be the inventor of the cheapest and best mode of advertising in the world. He claims to be the manufacturer of

BOOTS AND SHOES

that will advertise themselves, by giving ample satisfaction to the wearer, thereby speaking in language not to be misunderstood by him, which he immediately interprets to his neighbors. After having tested the merits of his invention for the last twenty years, he feels confident of its

ENTIRE SUCCESS,

and would recommend it to all the other Boot and Shoe makers and dealers in this vicinity to be adopted by them. And he would especially call the attention of the citizens of Genesee county and advise them to study well its operations.

He has on hand a good assortment of Stock such as

Oak and Hemlock Sole Leather,

French calf skins, kip and morocco, &c., which he holds will stand investigation from the best of judges; and *MECHANICS* to manufacture it who are second to none in the State.

Also the largest stock of Ready Made Boots and Shoes in the county; both *Eastern and Home Made, at prices that defy Competition.*

Thankful for the very liberal patronage you have been pleased to extend, I would respectfully solicit a continuance of the same.

DR. JOHNSON'S
HERB DISPENSARY

OFFICE 95 MAIN STREET,

(3d door, Up Stairs, Buffalo, N. Y.)

A NEW, SPEEDY, AND MOST SUCCESSFUL MODE OF TREATING

Spermatorrhoea, Nervous Debility, Marasmus or Wasting Consumption.

AND ALL

Diseases of the Urino-Genital Organs.

A CLASS of Maladies prevail to a fearful extent in community; dooming at least fifty thousand youth of both sexes, annually to an early grave. These diseases are very imperfectly understood. Their external manifestations or symptoms are Nervous Debility, relaxation and exhaustion; Marasmus or muscular wasting and consumption of the tissues of the whole body; shortness of breathing, or hurried breathing on ascending a hill, or a flight of stairs—great palpitation of the heart, asthma, bronchitis and sore throat; shaking of the hands and limbs, aversion to society, and to business or study, dimness of eye-sight, loss of memory, dizziness of the head, neuralgic pains in various parts of the body; pains in the back and limbs, lumbago, dyspepsia or indigestion, irregularity of the bowels, deranged secretion of the kidneys and other glands of the body, as Leucorrhoea, or Fleur Albus, &c. Likewise Epilepsy Hysteria and Nervous Spasms.

Now, in ninety-nine out of every one hundred cases, all the above named disorders and a host of others not named have their seat primarily in the sexual organs, and arise from morbid excitement and chronic inanimation—a state of morbid irritability, hence the want of success on the part of Old School Doctors.

Dr. JOHNSON is now engaged in treating this class of modern maladies with the most astonishing success. The treatment adopted by the Institution is new, it is based upon scientific principles, with new discovered remedies, without minerals or poisons. The facilities of cure are such, that patients can be cured at their own houses without expense, in any part of the country, from an accurate description of their case by letter, and have the medicine sent them by mail or express.

Young Men suffering from these direful ills, will receive for $5 a series of Health Rules, and perfect chart of cure, which will be to them a true polar star through life.

THE GROVER & BAKER
Sewing Machine Co.

Having greatly increased their facilities for manufacturing their CELEBRATED FAMILY MACHINES, with all the recent improvements, have reduced their prices, and offer for sale

A NEW STYLE MACHINE,
PRICE $50.

It is no longer questioned that these Machines are the best in use for family sewing. They also

HEM, FELL, GATHER AND STITCH

in the most superior manner, and are the only machines in the market that are so well and simply made, that they may be sent into families with no other instructions than are contained in a circular which accompanies each machine, and from which

A CHILD OF TEN YEARS

may readily learn to use them, and keep them in order. They make upwards of

FIFTEEN HUNDRED STITCHES A MINUTE

and will do the sewing of a family cheaper than a seamstress can do it, even if she works at the rate of

ONE CENT AN HOUR.

Is there a husband, father, or brother in the United States who will permit the drudgery of hand sewing in his family, when a Grover & Baker Machine will do it better, more expeditiously, and cheaper than can possibly be done by hand?

DR. N. R. C. ROWE.
URISCOPIAN PHYSICIAN.

(Late from the Island of Barbadoes, West Indies)

WHO has located in Rochester, begs to announce to the public of Batavia and vicinity, that he can be consulted on all CANCEROUS and CATARRH affections, Tumors, diseases of the Lungs, Throat, Liver, Kidneys, &c., &c. Also Scrofulous and all other Chronic Diseases, at his office No. 6 Stone Block, corner of Main and St. Paul Streets.

The success that has attended his practice was never surpassed by any other Medical man of his Profession. He has cured entirely some of the worst cases of that most loathsome disease, CANCER—the thoughts of which chill the heart and makes life a burden to those afflicted with it—which had been pronounced by some of the most skillful Physicians as decidedly incurable. These patients now live as witnesses to this fact. CATARRH, this most awful disease, which if not checked, terminates in Consumption, he can cure most speedily.—Scrofulous and all other Chronic Diseases he treats with equal success. Patients placing themselves under his care will be treated strictly scientific, as he is a legitimate practioner and no self taught man. Dr. ... has discovered a speedy and certain cure for such cases of that fearful and ravaging disease CANCER, as are curable. It has hitherto been the opinion of the Medical Faculty that Cancer cannot be cured. Dr. ROWE however, has after a thorough investigation long study of the disease been able to discover a remedy that will cure such cases as can be cured. Though all cases cannot be cured, yet they can be relieved and life prolonged. Any one consulting him will be told candidly whether anything can be done for them or not. Consultation free. Dr. R. by a careful chemical examination of the Urine can tell almost every Chronic Disease that mankind is liable to, and thus can treat diseases more correctly and successfully than by any other mode of examination. The reason that a great many curable diseases are deemed incurable is simply from not finding out the real secret of the disease. Parties at a distance, not able to consult him personally, by sending a small vial with some of their Urine from the first made in the morning, and $1 as a fee for testing it, at the same time stating their age, will be told their disease. Letters addressed to Box 964, Rochester, N. Y., will meet with prompt attention. Packages containing Urine must be addressed to his office. References as to his mode of treatment can be given to some of the first Physicians in this country.

☞ Dr. Rowe will be at the Exchange Hotel, Attica, for 4 days, Tuesday, Wednesday, Thursday, Friday, Oct. 4, 5, 6, 7, where he can be consulted on the above diseases.

The Overland Mail, with San Francisco dates of the 24th ult., arrived last night. Great preparations were making to receive Gen. Scott. All the military companies and soldiers in the Mexican War will meet him on his arrival and escort him through the city, while all classes of people were preparing to pay him their tribute of respect.

The creditors of Chorpenning & Co., Mail contractors between California and Salt Lake, had attached their stock and other property for debts amounting to $30,000. It was feared that the Mails would be suspended from this cause.

The water courses throughout the State are at the lowest stage, and the miners holding claims in the beds of the stream were gathering a rich harvest of gold.

Oregon dates are to the 8th of Oct. 550 emigrant wagons had arrived at the Cascades, Washington Territory.

Advices from Capt. Wallens of the Salt Lake expedition, and Lieut. Mulleus of Fort Benton wagon road expedition, announce the good health and continued prosperity of their commands. Captain Wallens had rendered great service to the emigrants on the route. The Indians were quiet.

DR. M'LANE'S
CELEBRATED
VERMIFUGE
AND
LIVER PILLS.

WE beg leave to call the attention of the Trade, and more especially the Physicians of the country, to two of the most popular remedies now before the public.

We refer to

Dr. Chas. M'Lane's Celebrated

Vermifuge and Liver Pills.

We do not recommend them as universal Cure-alls, but simply for what their name purports, viz.:

THE VERMIFUGE,

For expelling Worms from the human system. It has also been administered with the most satisfactory results to various Animals subject to Worms.

THE LIVER PILLS,

For the cure of LIVER COMPLAINTS, all BILIOUS DERANGEMENTS, SICK HEAD-ACHE, &c. In cases of FEVER AND AGUE, preparatory to or after taking Quinine, they almost invariably make a speedy and permanent cure.

As specifics for the above mentioned diseases, they are Unrivaled, and never known to fail when administered in accordance with the directions.

Their unprecedented popularity has induced the proprietors,

FLEMING BROTHERS,
PITTSBURGH, PA.

to dispose of their Drug business, in which they have been successfully engaged for the last Twenty Years, and they will now give their undivided time and attention to their manufacture. And being determined that Dr. M'Lane's Celebrated Vermifuge and Liver Pills shall continue to occupy the high position they now hold among the great remedies of the day, they will continue to spare neither time nor expense in procuring the Best and Purest material, and compound them in the most thorough manner. Address all orders to

FLEMING BROS., Pittsburgh, Pa.

P. S. Dealers and Physicians ordering from others than Fleming Bros., will do well to write their orders distinctly, and *take none but Dr. M'Lane's, prepared by Fleming Bros., Pittsburgh, Pa.* To those wishing to give them a trial, we will forward per mail, post paid, to any part of the United States, one box of Pills for twelve three-cent postage stamps, or one vial of Vermifuge for fourteen three-cent stamps. All orders from Canada must be accompanied by twenty cents extra.

EAGLE HOTEL,

A good Livery attached to the House, also a [illegible]

Scrofula, or King's Evil,

is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth, and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children."

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently, vast numbers perish by disorders which, although not scrofulous in their nature are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S

Compound Extract of Sarsaparilla,

the most effectual remedy which the medical skill of our times can devise for this every where prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as ERUPTIVE and SKIN DISEASES, ST. ANTHONY'S FIRE, ROSE, or ERYSIPELAS, PIMPLES, PUSTULES, BLOTCHES, BLAINS and BOILS, TUMORS, TETTER, and SALT RHEUM, SCALD HEAD, RINGWORM, RHEUMATISM, SYPHILITIC and MERCURIAL DISEASES, DROPSY, DYSPEPSIA, DEBILITY, and, indeed, ALL COMPLAINTS ARISING FROM VITIATED OR IMPURE BLOOD. The popular belief in "*impurity of the blood*," is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Ayer's Cathartic Pills,

FOR ALL THE PURPOSES OF A FAMILY PHYSIC,

are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search, and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures, and directions for their use in the following complaints: *Costiveness, Heartburn, Headache arising from a disordered Stomach, Nausea, Indigestion, Pain in and Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Jaundice*, and other kindred complaints, arising from a low state of the body or obstruction of its functions.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness, and so numerous are the cases of its cures, that almost every section of country abounds in persons, publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

NOTICES OF THE PRESS.

Never before has any new candidate for public favor in the Literary World received such flattering notices from the Press. From all quarters our editorial brethren have showered [illegible] in a manner to [illegible], and to excite the envy of our rivals.

The WEEKLY is [illegible] especially as a [illegible] in which we intend to give our readers [illegible] THE BEST STORIES EVER PUBLISHED IN THE UNITED STATES. The [illegible] object of these productions will be to inculcate useful knowledge [illegible] of fiction, or to [illegible] through the same [illegible]. We shall never publish a word or line, the tendency of which is to injure the morals or taste of the reader. Every issue of the NEW YORK WEEKLY will contain short sketches of Life and Manners, Sayings of Travel and Adventure, Short Stories, General Summary of Events, Humorous Gleanings, Poetry, Editorials, &c., &c. As specimens of our serials, we would point to A. J. H. Duganne's great story, Garibaldi, the Hero of Italy; Harry Hazel's exciting Indian Romance, The Man Spy; Francis S. Smith's Intensely Interesting Domestic Story, Maggie, The Child of Charity! While as specimens of our standing departments, we point with pride to our Ballads of the Bible, admitted by all to be the most chastely written and beautiful scriptural poems ever produced.

OUR CIRCULATION & PROSPECTS.

The NEW YORK WEEKLY has gone up to a circulation which places it second in point of circulation in the list of publications of the day. There is but one weekly publication in the world having a larger circulation than the WEEKLY.

The indications are, at present, that the circulation of the WEEKLY will soon reach half a million. Where the thousands were taken first, they are now taking hundreds of copies. This is the general effect among the five thousand News Agents who are now regularly selling the NEW YORK WEEKLY, while from nearly every Post Office in the country, we are daily getting subscriptions and orders for specimens.

How and Where to Get the "Weekly."

Wherever there is a News Agent, get the paper from him. By so doing, you do not run the risk of losing your money through the Post Office, or having to pay for what you will never get. If the papers are not [illegible] from the Agent always you do not lose [illegible] subscriptions, send to a place where you have no [illegible] of looking after it. [illegible]

Ayer's Sarsaparilla,

[illegible] which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effectual antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE, OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

HOSTETTER'S STOMACH BITTERS.

It is a fact that, at some period, every member of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has introduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nausea, Flatulency, Loss of Appetite, or any Bilious Complaints, arising from a morbid inaction of the Stomach or Bowels, producing Cramps, Dysentery, Colic, Cholera Morbus, &c., these Bitters have no equal.

Diarrhoea, dysentery or flux, so generally contracted by new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend Bitters of some kind; then why not use an article known to be infallible? All nations have their Bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to prove the value of this great preparation in the scale of medical science.

FEVER AND AGUE.—This trying and provoking disease, which fixes its relentless grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTERS. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nausea nor offend the palate, and render unnecessary any change of diet or interruption of ordinary pursuits, but promote sound sleep and healthy digestion, the complaint is removed as speedily as is consistent with the production of a thorough and permanent cure.

For Persons in Advanced Years, who are suffering from an enfeebled constitution and infirm body, these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indispensable, especially where the mother's nourishment is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart temporary strength and vigor to the system. Ladies should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtue of the Bitters, will recommend their use in all cases of weakness.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for HOSTETTER'S CELEBRATED STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

Chamberlin & Bolles*, of Buffalo, would say to the citizens of Batavia and vicinity that they have taken rooms at the Eagle Hotel, and will remain a few days for the purpose of introducing their new and important discovery in the use of Electricity for the cure of all curable diseases.

They solicit no patients except those given up everywhere else as incurable. The reader might here ask do they really cure such cases? [illegible]

The current has been generally applied through the hands or feet in such power as to convulse the whole nervous and muscular system, and frequently producing irreparable injury; sometimes it has been applied by means of metallic conductors to different parts of the body, which is equal to a process of cauterization—and the effect upon the nervous system is similar to that produced by over doses of strychnia or Quinine.

Every thing connected with their mode of applying electricity is new and original with themselves. Their philosophy for the electrical laws of life, health and disease, is new.—Their reliable method for the diagnosis of disease by electrical current is new.

JOB PRINTING, OF ALL KINDS, EXECUTED AT THIS OFFICE WITH TASTE AND DESPATCH.

Gerrit Smith.

The brief statement of the fact of GERRIT SMITH'S insanity through the telegraph, has cast a gloom over the heart of all true men and women in the land. In the absence of all authentic information concerning the cause of this deplorable calamity, vague rumor is rampant with surmises, and such vandal sheets as the Rochester American, and Utica Herald are disposed to charge his mental aberation to long standing disease. The shock that has dethroned his reason is of very recent date and is more from grief, than fear,—it is the sorrow of a great heart that few can appreciate or understand.

The New York Tribune affects to greatly deplore this terrible calamity, but it was the New York Tribune that first stated, Gov. Wise of Virginia had made a requisition on Gov. Morgan for the surrender of Mr. SMITH, a statement that we have not seen corroborated.

GERRIT SMITH well knew that if such a requisition had come, that he would be surrendered, though it would be the cause of a civil war.

When the time comes the public may know all about the circumstances attendent upon the fall of this great and good man, and till then, it would be well not to listen to any of the flying rumors of his antagonists, those who will seek by this event to invalidate his former testimony against them.

The Woman's Rights meetting at Ellicott Hall Thursday evening was but thinly attended. No sufficient notice had been given, nor was the right kind of influence sought to get out an audience.—Mrs. Jones of Ohio, and Mrs. Cutler of Illinois occupied the evening, both speaking with clearness and plausibility. Mrs. Cutler referred to the late election, and said that she rejoiced in learning that we had had something of a muss here, in our efforts to elect a humane man for Surrogate. She thought this circumstance indicated a disposition on the part of the people to put the widows and the orphans in good hands. Judge Dibble being present, got chatecised on certain points of law by which Mrs. C. substanciated her position on the testimony of a Judge.

We regard the Women's Rights women as taking steps towards human progress, and if the public knew more of the doctrines they advocate they would be more listened to.

The speakers last evening claimed nothing more than the natural rights of the sex on any question. They claimed the right for women to work and be respectable, but until they are granted a right to think, and hold opinions for themselves, there will be of little use in advocating respectability outside of conventional rules.

From the Toronto Globe.

Frederick Douglas in Toronto.

Mr Frederick Douglas, of Rochester, passed through Toronto Wednesday on his way to Quebec, from which place he sails for England on Saturday in the Nova Scotian. He has been engaged to go to England for some time, and his present visit, therefore, is not the result of the late Harper's Ferry insurrection. It is a fact, however, that the U. S. officials visited Rochester, for the purpose of arresting him and it is, perhaps, just as well that he will be absent for a time. The friends of the slave in Canada will wish him God speed wherever he goes.

CAN IT BE!—The Chicago Journal says: "The fashionable world has been agog for the last month over the nuptials of a Cuban millionaire with Miss Bartlett. One would have supposed that Monsieur Oviedo was made of diamonds, but it seems somebody has got fooled, and that badly. The Spanish Consul, informed some inquirer that Senor Oviedo was a [illegible] merchant, in Havana, and could not by any possibility be worth over $100,000."

New York State Election Returns.

ALBANY, Nov. 10.

We have footings to-night on majorities for Secretary of State, based on greater number of correct returns than have hitherto been published, but still with many counties only estimated. We make a result as follows:

Leavenworth, maj. 45,007; Jones, 44,722. Leavenworth ahead, 285.

In the estimates we believe we have given the Republicans liberal figures.—We therefore regard the result in great doubt.

The Evening Journal still claims the election of the whole Republican ticket but by a reduced majority from that first supposed.

The hard fight for Justice of the Supreme Court in this District, which has excited much interest, closes by the election of Rufus W. Peckham, by over 1,000 majority. This result produced by Sullivan county, which gives a majority for Peckham, while it was claimed for Harris by 700.

Peckham carries five counties out of seven.

Grant, the Democratic candidate for Senator, is elected in Sullivan and Orange county, making nine Democratic Senators elected.

ROCHESTER, Nov. 10.

Monroe County Returns, two towns imperfect—Republican majority on Secretary of State, about 2400.

FREDONIA, Nov. 10.

Estimating two towns yet to be heard from Leavenworth's majority will be 2,200 in Chautauqua county.

The Republican county ticket is all elected.

SYRACUSE, Nov. 10.

Onondaga county—Complete returns from all the wards and towns give Leavenworth 2,830 majority.

Whispering of the Autumn Winds.

The weird notes of Autumn are about hushed, and the dead leaves strew the woodland path, and float down the meadow-rill which will soon be clasped in the ice-gemmed fetters of winter. "The time when the leaves fall" is passing away, and we hear a faint rustling amid the forest leaves, as the angel ascends homeward to Heaven, and there in the great volumn records the dying of the Autumn time!—The summer flowers have pined away and died long ago, and e'en a few pure snow flakes have fluttered down from the blue ether and nestled closely to the cold bosom of mother earth. There is the tolling of no funeral bell as the Autumn breaths its life away. Our ears are greeted by no death moans; and no tears are shed as we behold the dying, save indeed, those pure drops which fall from angel-eyes, as they gaze upon the deserted fields and the withered flowers, and say "the summer is past, the harvest is ended, and how few are saved," and those shed by earth-pilgrims to whom the Autumn-time has brought sorrow and tears, and sad memories of long-ago-happiness now departed; memories of melodious voices now, hushed forever, save as the shattered *echo* speaks in dim memory's halls; of eyes which the death angel closed. Oh, there will come *anguishing* thoughts of the past to the heart—thoughts of dark graves made within the heart's burial-ground; of crushed hope jewels and naught availing grief, and the fading Autumn is a fit *reminder of past sorrows!*

But yonder is the future; but a little way "adown the road" is the flowery spring-time—the balmy zephyrs—the rosy-light—and glimpses of sun-light shimmering down through the pale buds of the forest trees. Ah, yes; amid the fragrance of that spring-time, we will forget the dying Autumn with its low moanings and pale sun-light—shall forget our loneliness of *now* and all its shivering heart-pangs.—Then let this fading away, whisper to us of our own transitory deaths, and let peace fold her pinions above our heart-homes when we think of that glorious resurrection—spring-time in Heaven.

Where the flowers bloom immortal,
And the sun-light never fades.

Brighton, N. Y., 1859. M. L. B.

SUBSTITUTE FOR STRYCHNINE WHISKEY.—The liquor sold in the porter-houses of the First, Fourth, Sixth, Ninth, Thirteenth and Seventeenth wards, New York, has lately been celebrated for its certainty to kill within a few moments after drinking. A man whose stomach would not stand aquafortis cannot safely risk his life with the whiskey of the Ninth and Thirteenth wards. Hard drinkers will be pleased to learn that there is a good reliable substitute offered.

"Minie-rifle brandy," killing two hundred yards, off-hand, must yield in potency to "tangle foot whiskey," a drink now in general use. It is made of diluted alcohol, nitric acid, boot-legs and tobacco, and will upset an individual at a distance of four hundred yards from the demijohn containing it.

Strange Denouement of an Elopement.

A Mr. Hughes, of Albany, missed his daughter on Friday night, and becoming convinced from various circumstances that she was intending to elope with a young German book-keeper named Gerthet, started for the railroad depot and commenced a search for the couple. He went through a train, scanning every face, but not finding the right ones, and was about leaving the depot yard, when he discovered the parties he was looking for. What followed is thus narrated:

"His daughter saw him, and dragged her lover aside, supposing that the old man would not notice them. He seized his daughter by the arm, and attempted to drag her from her lover; but she clung to the latter as her last ray of hope. The father was very violent, and his manner threatened harm to the girl. Our Teutonic friend's nerves began to swell. He became highly excited at witnessing the rough usage of the girl. He immediately seized Hughes by the neck, struck him several times, and finally threw him heavily upon the ground. The girl was in a quandary. She did not know whom to take part with. *Both of course, were dear* to her. She was in tears. The pounding of her father by her lover, caused her to screech. Four persons rushed to the scene. The girl took hold of her lover, and pulled him off her father. She was horified at seeing the blood trickling from wounds upon her father's face. She regretted the action—placed her arms about his neck, saying, "Poor father forgive me!" She turned upon her lover and abused him for beating her father; and rather than stand that, and the gaze of the crowd, who were collecting about, the young man sloped through the gate and left. The girl remained with her father, and after washing the blood from his face, proceeded home with him."

Some of the Indians on Lake Superior have formed a *temperance society*. The occasion of this was as follows:—A large number of them had collected a considerable amount of money in small sums, which they entrusted to the keeking of a chief in whom they had implicit confidence. This dignitary was not infallible, and one day went on a spree and spent it all. The red men had an indignation meeting over it, and after a most emphatic series of *grunts*, formed a self-protective association, based on fundamental principles—that is to say, the first Indian who got drunk was to be tied to a stump and whipped with twenty-five lashes.

THE MAMMOTH BALLOON COLLAPSED.—On Sunday, the testing of the balloon having been completed to Professor Lowes satisfaction, he suffered the gas to escape. The Professor says he was impelled to permit the gas to escape, in consequence of the prevalent high winds. He says that when he is ready for the trip he will complete the inflation in twelve hours. There was not a large number of visitors on the ground yesterday. It is our opinion that neither the balloon nor the Professor will ever "make a trip" over the waters.

A stranger dined recently at a fashionable hotel where they had apple dumpling with sauce "both" for dinner. He got through with the sauce, when mine host kindly inquired. "Will you have more dumplings sir?" No, sir, thankee," was the reply, "but, I'll thank you for a little more of the 'intment."

There is no house that has not some skeleton in it—some care or some sorrow—that mars enjoyment and plants a thorn in the pillow.

DR. JOHNSON'S
HERB DISPENSARY
OFFICE 95 MAIN STREET,

(2d door, Up Stairs, Buffalo, N. Y.)
A NEW, SPEEDY, AND MOST SUCCESSFUL MODE OF TREATING
Spermatorhoea, Nervous Debility, Marasmus or Wasting Consumption.
AND ALL
Diseases of the Urino-Genital Organs.

A CLASS of Maladies prevail to a fearful extent in community; dooming at least fifty thousand youth of both sexes, annually to an early grave. These diseases are very imperfectly understood. Their external manifestations or symptoms are Nervous Debility, relaxation and exhaustion; Caresmus, or muscular wasting and consumption of the tissues of the whole body; shortness of breathing, or hurried breathing on ascending a hill, or a flight of stairs—great palpitation of the heart, asthma, bronchitis and sore throat; shaking of the hands and limbs, aversion to society, and to business or study, dimness of eye-sight, loss of memory, dizziness of the head, neuralgic pains in various parts of the body; pains in the back and limbs, lumbago, dyspepsia or indigestion, irregularity of the bowels, deranged secretion of the kidneys and other glands of the body, as Leucorrhoea, or Fleur Albus, &c. Likewise Epilepsy Hysteria and Nervous Spasms.

Now, in ninety-nine out of every one hundred cases, all the above named disorders and a host of others not named have their seat primarily in the sexual organs, and arise from morbid excitement and chronic inflammation—a state of morbid irritability, hence the want of success on the part of Old School Doctors.

Dr. JOHNSON is now engaged in treating this class of modern maladies with the most astonishing success. The treatment adopted by the Institution is new. It is based upon scientific principles, with new discovered remedies, without minerals or poisons. The facilities of cure are such, that patients can be cured at their own houses without expense, in any part of the country, from an accurate description of their case by letter, and have the medicine sent them by mail or express.

Young Men suffering from these direful ills, will receive for $3 a series of Health Rules, and perfect chart of cure, which will be to them a true polar star through life.

DR. N. R. C. ROWE.
URISCOPIAN PHYSICIAN.

(Late from the Island of Barbadoes, West Indies)

WHO has located in Rochester, begs to announce to the public of Batavia and vicinity, that he can be consulted on all CANCEROUS and CATARRH affections, Tumors, diseases of the Lungs, Throat, Liver, Kidneys, &c., &c. Also Scrofulous and all other Chronic Diseases, at his office No. [illegible] Block, corner of Main and St. Paul Streets.

The success which has attended his practice has never been surpassed by any other Medical man of the Profession. He has cured entirely some of the worst cases of that most loathsome disease, CANCER, the thoughts of which chill the heart and makes life a burden to those afflicted with it—which had been pronounced by some of the most skilled Physicians as incurable. These patients are live as witnesses to this fact. CATARRH, this most awful disease, which if not checked, terminates in Consumption, he can cure most readily,—Scrofula and all other Chronic Diseases he treats with equal success. Patients placing themselves under his care will be treated strictly scientific, as he is a legitimate practioner and [illegible] Dr. [illegible] has discovered a speedy and certain cure for such cases of that feared and ravaging disease Cancer, as are curable. It has hitherto been the opinion of the Medical Faculty that Cancer cannot be cured. Dr. Rowe however, has after a thorough investigation and long study of the disease been able to discover a remedy that will cure such cases as can be cured. Though all cases cannot be cured, yet they can be relieved and life prolonged. Any one consulting him will be told candidly whether anything can be done for them or not. Consultation free. Dr. R. by a careful chemical examination of the Urine can tell almost every Chronic Disease that mankind is liable to, and thus can treat disease more correctly and successfully than by any other mode of examination. The reason that a great many curable diseases are deemed incurable is simply from not finding out the real secret of the disease. Parties at a distance, not able to consult him personally, by sending a small vial with some of their Urine from the first made in the morning, and $1 as a fee for testing it, at the same time stating their age, will be told their disease. Letters addressed to Box 804, Rochester, N. Y., will meet with prompt attention. Packages containing Urine must be addressed to his office. References as to his mode of treatment can be given to some of the first Physicians in this country.

Dr. Rowe will be at the Exchange Hotel, Attica, for 4 days, Tuesday, Wednesday, Thursday, Friday, Oct. 4, 5, 6, 7, where he can be consulted on the above diseases.

Arrival of the Steamer Hungarian.

ST. JOHNS, N. F. Nov. 10.

The Canadian Company's screw steamship Hungarian, from Liverpool on Wednesday, the 22d inst., called off this port and sent in, this morning 42 persons whom she had saved from the wreck of a vessel from Labrador.

The lives of her passengers and crew were nobly risked to preserve their fellow-creatures from impending death, and the greatest praise which can be bestowed is due them.

The Hungarian proceeded on her voyage to Portland, Me, She has 64 passengers.

She passed on the 3d the steamship Indian, from Quebec for Liverpool, also the steamship Canada, both off Torry Island.

The Hungarian, on her outward voyage from Quebec, arrived at Liverpool on the 20th.

The City of Manchester, from New York arrived at Liverpool on the 30th.

The Royal Mail Steamship Canada, from Boston via Halifax, arrived at Liverpool on the 30th.

The ship Charles Holmes, from Liverpool bound to Mobile, has been totally wrecked at sea, and her crew all lost.

Another heavy gale had been experienced on the English coast, but no disasters to American shipping had yet been reported.

Nothing farther of an important character had been known in regard to the Royal Charter.

The prospects of recovering the gold sunk with her were less encouraging than at first.

Napoleon had written a letter to the King of Sardinia, urging him to carry out the Villafranca agreement. In the letter he says that France demands that the Duke be recalled to Modena; that Parma be united to Piedmont and that Tuscany, with an augmentation of her territory, to the reigning Grand Duke; and that the projected confederation on the basis of moderate reforms be carried out.

FRANCE.

France disclaims the idea of aiding Spain in her war against Morocco.

The Zurich Conference had again assembled. Count Karolilze represented Austria in place of Count Colleredo deceased.

All the treaties were expected to be signed in a few days.

It was asserted that the European Congress would take place with the adhesion of England.

Spain was expected to commence offensive operations against Morocco about the 8th of November.

CHARLESTON Nov. 10.

A special dispatch to the Courier, from New Orleans, states that the Mississippi Legislature organized on Tuesday by electing Mr. Drane President of the Senate, and Mr. Campbell Speaker of the House. The Govenor's inauguration will take place on the 21st.

Vidaurri was still in Mexico—at Roma, organizing a company against the liberals.

News from some Parishes in Louisiana state that the sugar crop was of good quality but the yield irregular.

NEW YORK, Nov. 10.

Some fears are entertained for the safety of the North Star, which sailed from here on the 26th of October for Aspinwall.

She had not arrived at that port when the Atlantic left on the 2d. This would have given her 13 days from New York.

She carried the U. S. mail and a large number of passengers.

LEAVENWORTH, K. T., Nov. 10.

The returns from the interior come in slowly. Leavenworth and Atchinson counties give democratic majorities. Douglas, Wyandotte, Shaunee and Jefferson counties are reported to have given Republican majorities.

The counties yet to be heard from gave large majorities for the free state constitution, which fact renders the election of Mr. Parrot, Republican, to Congress, probable.

DR. M'LANE'S
CELEBRATED
VERMIFUGE
AND
LIVER PILLS.

WE beg leave to call the attention of the Trade, and more especially the Physicians of the country, to two of the most popular remedies now before the public. We refer to

Dr. Chas. M'Lane's Celebrated
Vermifuge and Liver Pills.

We do not recommend them as universal Cure-alls, but simply for what their name purports, viz.:

THE VERMIFUGE,
For expelling Worms from the human system. It has also been administered with the most satisfactory results to various Animals subject to Worms.

THE LIVER PILLS,
For the cure of LIVER COMPLAINTS, all BILIOUS DERANGEMENTS, SICK HEAD-ACHE, &c. In cases of FEVER AND AGUE, preparatory to or after taking Quinine, they almost invariably make a speedy and permanent cure.

As specifics for the above mentioned diseases, they are Unrivaled, and never known to fail when administered in accordance with the directions.

Their unprecedented popularity has induced the proprietors,

FLEMING BROTHERS,
PITTSBURGH, PA.

to dispose of their Drug business, in which they have been successfully engaged for the last Twenty Years, and they will now give their undivided time and attention to their manufacture. And being determined that Dr. M'Lane's Celebrated Vermifuge and Liver Pills shall continue to occupy the high position they now hold among the great remedies of the day, they will continue to spare neither time nor expense in procuring the Best and Purest material, and compound them in the most thorough manner. Address all orders to

FLEMING BROS., Pittsburgh, Pa.

P. S. Dealers and Physicians ordering from others than Fleming Bros., will do well to write their orders distinctly, and *take none but Dr. M'Lane's, prepared by Fleming Bros., Pittsburgh, Pa.* To those wishing to give them a trial, we will forward per mail, post paid, to any part of the United States, one box of Pills for twelve three-cent postage stamps, or one vial of Vermifuge for fourteen three-cent stamps. All orders from Canada must be accompanied by twenty cents extra.

DR. COGSWELL'S NEW MEDICAL SALT.

For Inflamatory Diseases Only.

New Medical Salt! New Medical Salt!

IT IS NOT A CURE-ALL.

For Inflammatory Diseases only

DR. COGSWELL'S NEW MEDICAL SALT instead of its being a remedy for all ills, has control over but one ill, has but one aim, and accomplishes but one thing, to wit: [illegible] inflammatory diseases, wherever be its form or locality, whether in the head, throat, abdomen, extremities or skin.

NEW MEDICAL SALT. Its peculiar excellence is, that without the useless loss of blood and strength, it effectually cures inflammatory diseases, [illegible] by producing an equilibrium of the fluids in the body, the want of which is the sole cause of inflammation.

NOTICE TO INVALIDS!! The following forms which the unbalanced fluids assume, and many not here mentioned, that have more or less fever or pain, are equally subdued by the *New Medical Salt*, as firmly distinguished by [illegible] to wit: Brain Fever, Headache, rush of blood to Head and Heart, Fits, Inflamed eyes, ears, nose, lungs and liver, Neuralgia, Spinal affections, Erysipelas, Bronchitis, Pleurisy, Asthma, Cough, Dyspepsia, Venereal Disease, Rheumatism, Gout, Scrofula, and all itching and other cutaneous eruptions.

DR. COGSWELL'S NEW MEDICAL SALT does just what it claims to do—no more, no less—equalizes the fluids by removing from the system all arterial and venous obstructions. Descriptive circulars may be obtained from any Druggist who has this valuable medicine for sale.

DR. COGSWELL'S NEW MEDICAL SALT. Get a Circular. Ask any Druggist about the *New Medical Salt.*

Ask your neighbors about the *New Medical Salt.* If sick, try it. If not sick, remember the *New Medical Salt.*

DR. COGSWELL'S NEW MEDICAL SALT is for sale in Batavia by H. W. Fellows and by all enterprising druggists wherever the [illegible] is. As it is not a Patent Medicine, but the prescription of an eminent Physician, no one should fail to try the New Medical Salt.

Scrofula, or King's Evil,

is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children."

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently, vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S

Compound Extract of Sarsaparilla,

the most effectual remedy which the medical skill of our times can devise for this every where prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as ERUPTIVE and SKIN DISEASES, ST. ANTHONY'S FIRE, ROSE, or ERYSIPELAS, PIMPLES, PUSTULES, BLOTCHES, BLAINS and BOILS, TUMORS, TETTER and SALT RHEUM, SCALD HEAD, RINGWORM, RHEUMATISM, SYPHILITIC and MERCURIAL DISEASES, DROPSY, DYSPEPSIA, DEBILITY, and, indeed, ALL COMPLAINTS ARISING FROM VITIATED OR IMPURE BLOOD. The popular belief in "*impurity of the blood,*" is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Ayer's Cathartic Pills,

FOR ALL THE PURPOSES OF A FAMILY PHYSIC,

are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search, and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures, and directions for their use in the following complaints: *Costiveness, Heartburn, Headache, arising from a disordered Stomach, Nausea, Indigestion, Pain in and Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Jaundice,* and other kindred complaints, arising from a low state of the body or obstruction of its functions.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness, and so numerous are the cases of its cures, that almost every section of country abounds in persons, publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

Ayer's Sarsaparilla,

[illegible] have labored [illegible] alterative that can [illegible]. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effectual antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, *ERYSIPELAS, ROSE* or ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

HOSTETTER'S STOMACH BITTERS.

It is a fact that, at some period, every member of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has introduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nausea, Flatulency, Loss of Appetite, or any Bilious Complaints, arising from a morbid inaction of the Stomach or Bowels, producing Cramps, Dysentery, Colic, Cholera Morbus, &c., these Bitters have no equal.

Diarrhœa, dysentery or flux, so generally contracted by new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend Bitters of some kind; then why not use an article known to be infallible? All nations have their Bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to prove the value of this great preparation in the scale of medical science.

FEVER AND AGUE.—This trying and provoking disease, which fixes its relentless grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTERS. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nausea nor offend the palate, and render unnecessary any change of diet or interruption of ordinary pursuits, but [illegible] sleep and healthy digestion, [illegible] removed as speedily as is consistent with the production of a thorough and permanent cure.

For Persons in Advanced Years, who are suffering from an enfeebled constitution and infirm body, these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indispensable, especially where the mother's nourishment is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as *Hostetter's Stomach Bitters,* is needed to impart temporary strength and vigor to the system. Ladies should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtue of the Bitters, will recommend their use in all cases of weakness.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for HOSTETTER'S CELEBRATED STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

BATAVIA, Saturday, Nov. 12, 1859

SUBSCRIPTION PRICE 6 CENTS PER WEEK.

TO CORRESPONDENTS:

We also beg to inform our readers that we do not hold ourselves responsible for the opinions of our correspondents.

JOB PRINTING, OF ALL KINDS, EXECUTED AT THIS OFFICE WITH TASTE AND DESPATCH.

The Advocate Recovering.

The Advocate has gotten over the effects of the County election and in Friday's paper refers to the matter with a good deal of calmness and complaisancy. It falls back upon the State, and tries to rejoice, but it comes sort-o-sorrowfully.—Thinks we ought to have paid more attention to the State returns; but the fact was, we didn't find them so interesting as the county canvass; moreover, we gave the State up to some of the other papers, hoping that they would do their work as well and successfully as we did ours, but the result seem to show that they did not. Between this and next fall we propose to put things to rights, so that the ballots may all be put in right. Being young, we didn't like to take the job of the whole State this year, and then we didn't think it would pay; but next fall when we come to making a President we shall feel that there is something worth working for, and as we shall be older and stronger, and no doubt fully adequate to the task, we intend to have things altogether our own way. The Advocate further says or indicates, that if it should be stated that he considered the Editor of the HERALD a *humbug*, he would not "deny the soft impeachment." So he lays it all to us, does he? He don't think the election to blame, but it is all the Editor of the HERALD! My most respectable cotemporary, just turn over the file of your paper for the last two weeks, and then look at the election returns; then read the HERALD and look at the canvass again—if it don't make you feel too bad—and then tell us, as you are a christian man, which is the greatest *humbug* of the two?

We are advised to re-read the articles that have appeared in this paper on the Canal Enlargement, United States Bank, and the State Debt. The suggestion certainly a sensible one, come from where it will, and we will try to profit by it.—The articles are well worth re-reading, like all the HERALD'S articles; but how is it about that secret circular, a revised edition of which appeared in the Advocate? How would you like to read that Mr. Editor?

News Items.

The trial of John E. Cook, the Lieutenant of John Brown in the Harper's Ferry *emeute*, was commenced on Tuesday the 8th inst., in the Virginia Court at Charlestown. Cook, upon arraignment pleaded guilty to the charge of inciting slaves to insurrection. The Prosecuting Attorney immediately produced a long confession made by the prisoner, in which Dr. Howe, of Boston, and Frederick Douglass, are clearly inculpated in the rising.—The Court yesterday was engaged in hearing a repetition of the testimony given in the preceding cases. Cook, it is said, is that one of the conspirators to whom public sentiment in the neighborhood of Harper's Ferry is most averse; and it is anticipated that the efforts of Gov. Willard, his brother-in-law, to save him, must prove unavailing.

The New York Times says a dispatch from Richmond, stating that no requisition has been forwarded to Albany for Hon. Gerrit Smith, reaches us simultaneously with another containing the painful information that that gentleman has been confined in the Utica Insane Asylum, his mind having become unmistakably deranged.

The election in New Jersey has resulted in the choice of Mr. Charles S. Olden, to the Gubernatorial Chair. The returns as forwarded by majorities from Trenton, would appear to give the successful candidate almost the very figures obtained by the actual Governor Newell over Col. Alexander, three years ago. The Legislature is presumed to be Democratic in both branches.

Mr. William Rich of Troy, a colored politician of some notoriety, decamped on Tuesday for Canada.

In Springfield Mass., John Brown had one vote for Governor, and Lydia Maria Child one for Lieutenant Governor.

Much excitement has been created in Ottawa County, Ohio, by an alleged discovery of gold-bearing quartz in large quantities.

An Indiana Journal says that competent judges estimate the corn crop of the United States, for the present year, at nine hundred millions of bushels, which at forty cents per bushel would be worth three hundred and sixty millions of dollars.

The Tribune alludes to a letter received from a Republican of Orleans, who complains that there, and in Genesee Montgomery, Schuyler, Steuben, Ontario Chautauque, and many other counties, "unworthy, immoral and obnoxious candidates" were put in nomination by the Republican party. The Tribune advises its correspondent in future to "vote such men square down," but does not think "any good would result from publishing the communication."

A golden eagle was killed last week on the Lower St. Lawrence, and brought in Quebec, which was shot while endeavoring to carry off a child about three years of age. This is the only bird in America that will attack the human species. They breed in the North, following at this season the birds and animals that seek a milder climate. There are some "golden eagles" however, which 'fly' all the while mainly in our cities. They are especially scarce in the neighborhood of printing offices.

From the Utica Observer, last evening.

Gerrit Smith.

Gerrit Smith, now in the Lunatic Asylum in this city is *very* insane, but not violent, as has been stated. He is also suffering bodily illness.

Hon. John Cochrane of New York came up on the New York Express train yesterday afternoon, and went onward towards Peterboro. His mission was to see Gerrit Smith, who is Cochrane's uncle.—A friend who was on the train with Mr. Cochrane, and who learned soon after he left the train here that Mr. Smith was in the Asylum, sent a dispatch to Mr. Cochrane, which reached him at Rome, and which led him to return here at four o'clock The news must have been very sudden and unexpected to Mr. Cochrane. Whether he has seen Mr. Smith we have not learned, but it is understood that Mr. Smith's condition is such as to render it unadvisable that he should receive visits from his friends or others.

From the Atlas & Argus this morning.

A gentleman who saw and conversed with Gerrit Smith, shortly after the affair at Harper's Ferry, told us that he was insane—not merely excited by fear and agitated by the emotions, which his complicity in the affair might produce, but mentally deranged. His eye was wild, and his appearance haggard, and his motions spasmodic and uncertain; but unceasingly restless.

He is in constant fear of being arrested and carried to Virginia—and suspected his friends of an intention to betray him into the hands of Justice. When the cruel electioneering hoax was circulated that Gov. Wise had issued a requisition upon Gov. Morgan for him as a fugitive from justice, he seems to have become so frantic, that his friends saw no other hope than to send him to an asylum.

In Cynthiana, Ky., some person has originated a great excitement, by writing an anonymous letter, forewarning the inhabitants of the town of another servile insurrection. At once a stringent police was organized, to check the slightest movement on the part of the supposed conspirators, and all the pistols in the stores of the town bought up forthwith. Probably nothing further will be heard of the matter until another supply of firearms is procured.

An editor gives an account of his office having been for many years haunted by a lounger, who had sat there so long that when he died his shadow was found fixed upon the wall.

The Yarmouth Registers mentions several parties on Cape Cod who have made from $2,000 to $3,000 from their cranberry crops. A piece of bog land, that five years ago was not valued at $100, cannot now be purchased for $10,000.

Special dispatch to the N. Y. Tribune.

Confession of Cook.

CHARLESTOWN, Nov. 9, 1859.

The confession of Cook, which was yesterday read in Court, is jealously guarded, for purposes to be hereafter developed.—Its importance is hardly sufficient to warrant such care. The document, which filled twenty-one pages of foolscap, threw comparatively little light on the Harper's Ferry affair. It was mostly a record of Cook's personal experience. It related how he first became acquainted with Brown in 1856, just after the battle of Black Jack, how he was induced to join Brown to cooperate with him in his labor for securing the freedom of Kansas; how certain expeditions for rescuing slaves from Missouri, and setting them free in Canada, were accomplished, and similar details equally irrelevant. The more important portions were those which told of the Convention held in Canada, at which the wellknown constitution was framed; of the military training under Stevens, which Brown's party went through, altering their original intention, which was to be instructed by Col. Forbes, and of his own exploration of Jefferson county, Va., under Brown's direction, to prepare the way for the insurrection.

Gerrit Smith, Fred Douglass, Dr. S. G. Howe, and others were mentioned in the confession, but not in a way to deeply implicate them. Their connection with Brown involved, however, the presentation of pistols, money, &c. Cook said that the time of the invasion would have been deferred but for the information given by Col. Forbes. But altogether the confession does not bear very strongly upon the case, and it is the opinion of the Court that Cook has withheld the greater part of his knowledge. For certain reasons the paper is kept secret, and will not be permitted to be published at present.

A Dr. John H. Wilson, regarded as a respectable medical practitioner in New York, has been committed to prison on the serious charge of attempting to murder his wife by administering chloroform to her while she was asleep. They were married eighteen months since, but separated in consequence of disagreement six months afterwards. Three weeks ago, Mrs. Wilson was induced to rejoin her husband. On Monday night last they visited the house of a friend, and on their return home, Mrs. W., retired to bed, leaving her husband still up. She knew nothing more until she came to herself on Tuesday, and found her mother and others around her, endeavoring to revive her. Her husband had called assistance about 2 o'clock doubtless believing her then beyond recovery, and affected to be ignorant of the cause of her insensibility. Her escape from death was a narrow one.

JUDGE CULVER ON THE BROWN FAMILY.—The N. Y. Tribune says:

"Last evening the fourth of the Anglo-African course of lectures was delivered in Shiloh Church, Prince street, by the Hon. E. D. Culver * * He also paid some telling eulogistic remarks upon John Brown. His defence of Brown was conclusive."

The Judge is "great" on the Browns—vide the "widder" Brown affair which sometimes since so agitated the Baptist Church in Brooklyn to which he belonged.

The Baltimore American of Monday the 7th, says: "Mrs. Mary A. Brown, wife of Capt. Brown, now under sentence of death in Charlestown, Va., arrived in this city yesterday morning, from Philadelphia, intending to start for Harper's Ferry in the train this morning. In the course of the afternoon, however, she received a dispatch from the North, requesting her to return immediately to Philadelphia and she left again for home in the evening train. She is about thirty-years of age, tall and masculine, and was evidently in great distress of mind."

A man named Turner, confined in the Delaware State Prison, under sentence of death, recently managed to escape from durance, in company with several of his fellows. He immediately waited on the Attorney-General, informed him of the jail delivery, and further stated that he did not care for the death penalty hanging over him, but that he feared if he staid longer in his apartments he should catch the scarlet fever from a woman who was sick with the disease in a cell near him.

The Kingston (U. C.) Whig comments upon the Governor's Thanksgiving proclamation, and thinks it "unnecessary and uncalled for to appoint a day of thanksgiving for a bountiful harvest when no such blessing has been achieved. It is a queer bountiful harvest," says the Whig, "when half the cattle in the country are likely to die for want of provender during the Winter."

The State Election.

The Atlas & Argus of this morning says! The result on Secretary of State continues in doubt. The matter is too close to be settled except by official majorities. While the chances are probably in favor of the election of the whole of the Republican ticket, there is a possibility of the success of Mr. JONES and some of his associates.

BY TELEGRAPH

Evening Report.

NEW ORLEANS, Nov. 11

The steamship Tennessee, from Vera Cruz on the 8th inst, has arrived here.—She brings $30,000 in specie.

The bark Rapid, from New York, had arrived at Vera Cruz.

A severe northerly gale of ten days duration had detained many vessels.

The Liberal expedition against Tehuacan, Orizaba and Cordova proved a disasterous failure. Gen. Mejia retreated without firing a gun, losing 600 men, who were taken prisoners; also 1,000 muskets and 12 cannon, which Gen. Minon captured without killing a man.

Gen. Marquez had pronounced for Santa Anna, after seizing a conducta with $2,000,000 in specie, which he undertook to escort to Tepic. He appropriated $600,000 to himself and detained the rest at Guanajuato.

The British and French Ministers had energetically protested against this conduct.

Gen. Miramon, against the wishes of the Cabinet, with only four aids, had left the Capital, ostensibly to collect troops and pursue Marquez as a traitor, but it was feared that he was really leagued with him.

The Liberals was greatly encouraged thereby.

Gen. Degollado had defeated Alford, capturing his artillery, and entering Guanajuato with 5,000 men.

Gen. Wool, at Legros and Gen. Degollado was pushing on to attack him.

A portion of the band of Cortenez had attacked the City on Rio Grande, pillaging nearly every house.

The people of Brownsville were in the greatest distress.

All the mails were interrupted by the outlaws, and Cortenez had threatened to destroy the town and cut off and murder all the reinforcements that might be sent on to the relief of the terror stricken citizens.

LEAVENWORTH, Nov. 11

The express from Denver of the 3d inst has arrived with $35,000 in treasure.

D. D. Williams, delegate elect from Jefferson, has also arrived. It is said his seat is to be contestested by N. R. Willing, who it is alleged that over 2,000 votes were cast, but were thrown out by the canvassers. The Legislature would meet on the 7th inst.

The Utah mail of the 21st has also arrived here. No news of importance.

Parrott's majority for delegate from Kansas, will probably reach 3,000. The Republicans have mojority in both branches of the Legislature.

CHARLESTON, Nov. 11

When the prisoners were brought out for sentence, the negroes Copeland and Green declined to say anything. Cook and Coppie both addressed the Court, denying that they had any knowledge of Brown's intention to seize the Ferry, until the Sunday previous. They were called on to take the oath of obedience to their commander. They expected to be punished, but did not think they would be hung.

Hazlett will not be tried until the May term of the Court.

The negroes are to be hung on the morning of the 16th, and the whites on the afternoon of the same day.

DR. M'LANE'S

CELEBRATED

VERMIFUGE

AND

LIVER PILLS.

WE beg leave to call the attention of the Trade, and more especially the Physicians of the country, to two of the most popular remedies now before the public. We refer to

Dr. Chas. M'Lane's Celebrated

Vermifuge and Liver Pills.

We do not recommend them as universal Cure-alls, but simply for what their name purports, viz.:

THE VERMIFUGE,

For expelling Worms from the human system. It has also been administered with the most satisfactory results to various Animals subject to Worms.

THE LIVER PILLS,

For the cure of LIVER COMPLAINTS, all BILIOUS DERANGEMENTS, SICK HEAD-ACHE, &c. In cases of

FEVER AND AGUE,

preparatory to or after taking Quinine, they almost invariably make a speedy and permanent cure.

As specifics for the above mentioned diseases, they are Unrivaled, and never known to fail when administered in accordance with the directions.

Their unprecedented popularity has induced the proprietors,

FLEMING BROTHERS,

PITTSBURGH, PA.

to dispose of their Drug business, in which they have been successfully engaged for the last Twenty Years, and they will now give their undivided time and attention to their manufacture. And being determined that Dr. M'Lane's Celebrated Vermifuge and Liver Pills shall continue to occupy the high position they now hold among the great remedies of the day, they will continue to spare neither time nor expense in procuring the Best and Purest material, and compound them in the most thorough manner. Address all orders to

FLEMING BROS., Pittsburgh, Pa.

P.S. Dealers and Physicians ordering from others than Fleming Bros., will do well to write their orders distinctly, and *take none but Dr. M'Lane's, prepared by Fleming Bros., Pittsburgh, Pa.* To those wishing to give them a trial, we will forward per mail, post paid, to any part of the United States, one box of Pills for twelve three-cent postage stamps, or one vial of Vermifuge for fourteen three-cent stamps. All orders from Canada must be accompanied by twenty cents extra.

DR. COGGSWELL'S NEW MEDICAL SALT.

For Inflammatory Diseases Only.

New Medical Salt! New Medical Salt!

IT IS NOT A CURE-ALL.

For Inflammatory Diseases only

DR. COGGSWELL'S NEW MEDICAL SALT [illegible] a remedy for all ills, has [illegible] but one. It has but one aim, and accomplishes but one thing, to wit: subdues inflammatory diseases, whatever be its form or locality, whether in the head, throat, abdomen, extremities or skin.

NEW MEDICAL SALT. Its peculiar excellence is, that without the use of loss of blood and strength, it [illegible] cures inflammatory diseases [illegible] by producing an equilibrium, of the fluids in the body, the want of which is the sole cause of inflammation!

NOTICE TO INVALIDS! The following forms which the unbalanced fluids assume, and many not here mentioned, that have more or less fever or pain, are as easily subdued by the *New Medical Salt*, as fire is extinguished by water, to wit: Brain Fever, Headache, rush of blood to Head and Heart, Piles, Inflamed eyes, ears, nose, lungs and liver, Neuralgia, Spinal affections, Erysipelas, Bronchitis, Pleurisy, Asthma, Cough, Dyspepsia, Venereal Diseases, Rheumatism, Gout, Scrofula, and all itching and other cutaneous eruptions.

DR. COGGSWELL'S NEW MEDICAL SALT does just what it claims to do—no more, no less—[illegible] the fluids by removing from the system all [illegible] and venous obstructions. Descriptive circulars may be obtained from any Druggist who has this valuable medicine for sale.

DR. COGGSWELL'S NEW MEDICAL SALT. Get a Circular. Ask any Druggist about the *New Medical Salt.*

Ask your neighbors about the *New Medical Salt.* [illegible] if not sick, remember the *New Medical Salt.*

DR. COGGSWELL'S NEW MEDICAL SALT is for sale in Batavia by J. W. Fellows and by all [illegible] druggists wherever the Herald is [illegible]

As it is not a Patent medicine, but the prescription of an eminent Physician, no one should fail to try the New Medical Salt.

A NEW, SPEEDY, AND MOST SUCCESSFUL

MODE OF TREATING

Spermatorhoea, Nervous Debility, Marasmus or Wasting Consumption,

AND ALL

Diseases of the Urino-Genital Organs.

A CLASS of Maladies prevail to a fearful extent in community; dooming at least fifty thousand youth of both sexes, annually to an early grave. These diseases are very imperfectly understood. Their external manifestations or symptoms are Nervous Debility, relaxation and exhaustion; Marasmus, or muscular wasting and consumption of the tissues of the whole body; shortness of breathing, or hurried breathing on ascending a hill, or a flight of stairs—great palpitation of the heart, asthma, bronchitis and sore throat; shaking of the hands and limbs, aversion to society, and to business or study, dimness of eye-sight, loss of memory, dizziness of the head, neuralgia pains in various parts of the body; pains in the back and limbs, lumbago, dyspepsia or indigestion, irregularity of the bowels, deranged secretion of the kidneys and other glands of the body, as Leucorrhoea, or Fleur Albus, &c. Likewise Epilepsy, Hysteria and Nervous Spasms.

Now, in ninety nine out of every one hundred cases, all the above named disorders and a host of others not named have their seat primarily in the sexual organs, and arise from morbid excitement and chronic inflammation—a state of morbid irritability, hence the want of success on the part of Old School Doctors.

DR. JOHNSON is now engaged in treating this class of modern maladies with the most astonishing success. The treatment adopted by the Institution is new, it is based upon scientific principles, with new discovered remedies, without minerals or poisons. The facilities of cure are such, that patients can be cured at their own houses without expense, in any part of the country, from an accurate description of their case by letter, and have the medicine sent them by mail or express.

Young Men suffering from these direful ills, will receive for $1 a series of Health Rules, and perfect chart of cure, which will be to them a true polar star through life.

Scrofula, or King's Evil,

is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth, and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children."

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently, vast numbers perish by disorders which, although not scrofulous in their nature are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S

Compound Extract of Sarsaparilla,

the most effectual remedy which the medical skill of our times can devise for this every where prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as ERUPTIVE and SKIN DISEASES, ST. ANTHONY'S FIRE, ROSE, or ERYSIPELAS, PIMPLES, PUSTULES, BLOTCHES, BLAINS and BOILS, TUMORS, TETTER, and SALT RHEUM, SCALD HEAD, RINGWORM, RHEUMATISM, SYPHILITIC and MERCURIAL DISEASES, DROPSY, DYSPEPSIA, DEBILITY, and, indeed, ALL COMPLAINTS ARISING FROM VITIATED OR IMPURE BLOOD. The popular belief in "*impurity of the blood*" is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Ayer's Cathartic Pills,

FOR ALL THE PURPOSES OF A FAMILY PHYSIC,

are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search, and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures, and directions for their use in the following complaints: *Costiveness, Heartburn, Headache arising from a disordered Stomach, Nausea, Indigestion, Pain in and Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Jaundice*, and other kindred complaints, arising from a low state of the body or obstruction of its functions.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness, and so numerous are the cases of its cures, that almost every section of country abounds in persons, publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

HOSTETTER'S STOMACH BITTERS.

It is a fact that, at some period, every member of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has introduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nausea, Flatulency, Loss of Appetite, or any Bilious Complaints, arising from a morbid inaction of the Stomach or Bowels, producing Cramps, Dysentery, Colic, Cholera Morbus, &c., these Bitters have no equal.

Diarrhœa, dysentery or flux, so generally contracted by new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend Bitters of some kind; then why not use an article known to be infallible? All nations have their Bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to prove the value of this great preparation in the scale of medical science.

Fever and Ague.—This trying and provoking disease, which fixes its relentless grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTERS. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nausea nor offend the palate, and render unnecessary any change of diet or interruption of ordinary pursuits, but promote sound sleep and healthy digestion, the complaint is removed as speedily as is consistent with the production of a thorough and permanent cure.

For Persons in Advanced Years, who are suffering from an enfeebled constitution and infirm body, these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indispensable, especially where the mother's nourishment is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart temporary strength and vigor to the system. Ladies should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtue of the Bitters, will recommend their use in all cases of weakness.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for Hostetter's Celebrated Stomach Bitters, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

Prepared and sold by HOSTETTER & SMITH, Pittsburgh, Pa., and sold by all druggists, grocers, and dealers generally throughout the United States, Canada, South America, and Germany.

JOB PRINTING, OF ALL KINDS, EXECUTED AT THIS OFFICE WITH TASTE AND DESPATCH.

Shall Intemperance be Abolished.

The failure of every expedient that has hitherto been adopted to arrest the progress of intemperance among the people has seemed to discourage all further endeavors, and it has come now to be considered apparently as a necessity. There is but one common sentiment in all the land upon the question, including not only the inebriate, but also the manufacturer and dealer in the potent weapon of destruction—and that is; that its use is a great and growing evil, and that all parties would be benefitted if it could be done away with.

The world has become disgusted measurably, with temperance lectures, and temperance societies, for they seemingly have done no good, and therefore they, and not intemperance have almost ceased to be.

The whole system of restrictive measures that have been instituted heretofore, have been all wrong in principle. They have been based upon that old, and we hope, nearly worn out system of compulsory force that never yet served to make a man better, or restrain him from doing wrong. To compel a man to be temperate by cutting off the supply, arouses within him a principle of his nature that never slumbers much less dies. To attempt to compel men to withhold that for which there is a common and constant demand, is equally repugnant to the great majority of men, and therefore such measures are not only useless, but worse than useless.

There is no way by which men can be successfully induced to abstain from the use of intoxicating drinks, or from selling them, except by making it appear unmistakably plain that it is for their interest and happiness to do so. Every human soul is laboring for one single purpose, and that is happiness. This is the stimulous that urges mankind on in every conceivable pursuit—that calls them together for social intercouse, and even to lifting the cup of poison to the lips. To get rid of some borrowing thought, to drown some pang of grief, quiet some fear, or drive out grim melancholy is most frequently the immediate exciting cause of the worse than fatal act. The cause and the habit are most always co-existant, superinduced by reckless tampering with the fatal thing in the beginning.

There is a great want of moral influence brought to bear upon this subject. It is exceedingly unpopular, and therefore timid minds shrink from any expression of condemnation that has weight with the young. Many who hold respectable positions in the community, occasionally get drunk and possessed of unusual force of character otherwise, they stand up under it and pass it off as a mere social excess. Upon this the poor unfortunate man whose brain is drowned, with a glass of beer in his stomach, but who cannot see himself as others see him, satisfies his scruples and concludes that there is no disrepute attached to getting merry occasionally, tries a glass, looses his reason, becomes a shame to his family and friends, and finally, loosing whatever character he had, eternally afterwards curses the world because it does not treat him justly. This is but the picture of a large class of mankind living to-day.

Now does any one propose to tell us that there is no remedy for such an evil as this?

We are waging no war with any one, for we concede the point that so long as there is a demand for this kind of drink it will be sold, and one man has just as good a right to sell as another; and there is no law, and never can be one that will effectually prevent it. What then can prevent it if the law has not the power? We answer, that power that has heretofore defied the law and mastered it—that power invested in the full right of the men who make and sell the liquor, to stop making and selling whenever they please.

This is not so startling a proposition as it would seem at first thought. Go and talk with the man that sells liquor and he will tell you that he would gladly get rid of it if he could—that he despises the sight of a drunkard, and that he wants nothing to do with them.

Now how long think you will it take to induce every liquor seller in a community to throw up the business, when the right kind of influence is brought to bear upon them? It is but a simple calculation that shows that in the aggregate the business interest of all this class of dealers would be improved, for surely their customers would live longer, buy more of that which is useful and necessary and pay better than they now do; and this of course would advance the general prosperity, aside from the individual benefit to the poor unhappy man and his family who spends his money for that which destroys him. All that is required then is unanimity of opinion, and co-operation between the dealers themselves, and the end may be attained. A healthy public sentiment and encouragement, without any trial of force or compulsion, will do it in time, for a majority of dealers would gladly get rid of the cursed thing to-day.

England and France.

The following items by the last arrivals show the state of feeling between the "faithful allies:"

"The Times says there cannot be any doubt that France is preparing to interfere in the quarrels of Europe more actively than was expected, and it is quite possible that the French and Spanish forces will combine to carry out the plan for obtaining redress for the insults at Ceuta.—But the subjection of Spain to French influence, and the formation of a system of which France is the chief, and Spain, Piedmont, the Papal States and Naples are the dependents, deserves the attention of every politician among us."

"The Herald's correspondent says, that the tone of the semi official journals of Paris, is becoming more acrimonious towards England. The Italian difficulty and the Suez canal affair being the principal subjects for abuse."

"The *Constitutionel* contains an article on the Suez canal of a menacing character, which begins by the assertion, that the prohibition sent by the Sultan to the Pacha of Egypt has been obtained by the interest of Sir H. Bulwer, and remarks it is important to the powers of Europe, and more especially to France, to know this fact officially. France need not be astonished, for it is only in accordance with her eternally aggressive and selfish policy.—England is charged with the design of ruining M. D. Lesseps, in order, at a future time, to cut through the Isthmus, and thus complete her line of exclusive fortresses from Jersey to the East Indies, and at the same time to put herself in a position to cut off all communications between France and Algeria. This plan, it says, is a grand conception, but too ambitious for the present day, and France will not stand it."

A way to save Money.

Nearly a month ago, a man named William Ingham, of Kingston, Ulster Co. left that village under pretence of visiting his relations in Red Bank, New Jersey, taking his wife along with him. In a few days after he returned, and stated that his wife had been taken suddenly ill, and died.—He appeared to be filled with grief, and collecting what money was due him in the village, he left, and from that time to this nothing has been heard of him. Not long after his departure, a letter was received by the authorities of Kingston from the Police Justice of Red Bank, which stated that he attempted to murder his wife in order to save the expense of her support. Mrs. Ingham arrived in Kingston on Tuesday, and complained that her husband attempted to murder her as they were crossing over a bridge on their way to Red Bank. He pushed her from the edge of the bridge, when she fell a distance of forty feet into the water, and supposing of course, that she would be drowned, made off. The poor creature, however, managed to crawl to the shore, and, arriving at Red Bank, stated the above account, when she was sent to Kingston.

A man with a conscience has manifested his possession by sending anonymously to the Secretary of the Treasury sixty dollars, out of which the Department was cheated by him. If every other rascal who has swindled the Government would make restitution the country could pay off its debts.

Correspondence of the Baltimore American.

Arrival of the Boston Sympathizers at Charlestown.

There was considerable stir in town on Saturday, it having been announced that Mrs. Lydia Maria Child, an authoress and poet of some repute, had arrived in the afternoon train. On inquiry it was ascertained that the lady was a Mrs. Spring, from Boston. She is quite a fine looking lady, about fifty years of age, and dresses with much taste. She is accompanied by a young man who represents himself as her son, who is also of very genteel appearance. Immediately after their arrival in town they proceeded to the jail and made application for admittance, which was refused. After a short consultation and several inquiries, they made their way to the residence of Mr. David Howell, one of our most wealthy and respected citizens, and a member of the Society of Friends, where the lady made known her mission and desired Mr. H.'s aid in getting an interview with Brown and his fellow prisoners. She was in a very polite and candid manner informed by Mr. Howell that he would do nothing toward furthering her wishes, as he was decidedly of the opinion that she was doing no honor to the respectable society with which she claimed to be connected, by running about the country and offering her services to "nurse" and "sooth" the perpetrators of the terrible crimes of which Brown and Co. having been convicted.—Nothing daunted, she made application to Dr. Mason, the physician of the jail, who informed her that permission to enter would be granted the next day, (Sabbath.) When Brown was informed of her arrival, he said he did not want to see her, and immediately had a dispatch forwarded to Mrs. Child and other Northern volunteers, to stay at home, stating that if they had any money to spare, he would prefer his wife should have it. Mrs. Spring visited Brown on Sunday, according to appointment, accompanied by her son, and was kindly received by Brown and Stevens.—She remained with them some time, and visited them again in the afternoon. It is understood that no objection will be made by the State's officers to her giving the prisoners any attention she may desire, although they were being treated with the utmost possible kindness by the officers in command of the jail. Considerable suspicion has been aroused towards the young man who professes to be her son—the impression being that he is a brother of the prisoner, Stevens, and has availed himself of this *ruse* to obtain an interview.

Railroad Incident—A Child Rescued by a Conductor

As one of the freight trains coming east on Friday rounded a sharp curve, near Barree Siding, a station about twelve miles west of Huntingdon, the engineer saw a small child sitting in the middle of the track, playing, unconscious of its danger. He instantly whisled down brakes and reversed his engine, but the weight of the train and the high speed at which it was running rendered it impossible to stop before reaching the child, which must inevitably have been crushed to death.—In this emergency, when most men would have stood paralized with horror, the conductor of the train, Daniel McCoy, with steadiness of nerve that has few parallels, ran to the front of the engine, crawled down on the cowcatcher, and holding himself with one hand, leaned as far forward as possible, and as he approached the child, with a sweeping blow of the other he threw it off the track. It was the work of a instant, and required a steady hand and cool head to accomplish it, but he was equal to the emergency. The train was immediately stopped, and on going back the child was found lying at the foot of a small embankment, some twenty or thirty feet from the track of the road, alive and kicking, but somewhat stunned and bruised. The child belonged to a farmer named Neff, residing immediately along the road.

OBLIGING.—Let a friend tell his story of a visit to one of our great packing houses. He says: The foremen took us all over the premises. We saw everything. He was a good natured scotchman, and full of a desire to "put us through in good shape." We went to where the men were killing the hogs at the rate of ten or a dozen in as many minutes, first by knocking them down with a sledge, then sticking them. We looked on a minute or two, when he burst out, "Wouldn't you like to knock down a hog or two yourself?" We declined his invitation, having no personal animosity against the hogs. Courteous is the foreman, anyhow.—*Chicago Press*

The Worcester Transcript says that Mrs. D. W. Moore, of West Boylston, was safely delivered on the 8th inst., of a pair of twins more remarkably united than were the Siamese Twins. The pair were female children, perfect in form, but joined breast to breast from the collar-bone to the umbilical. There was one breast-bone on either side, and the ribs of both children were joined to these bones. There was but one liver in common but double in size. The heart was of the same conformity. There was one kidney to each child, but double.

The Town Clock

Now that we have got a three thousand dollar case for a Town Clock, let us have it set up at once. We understand that the old clock is as good, with a little cleaning and adjusting, and promises to tell off the time as accurately, as ever. All it wants is to be set up, and wound up, and supplied with four pair of hands, and it will talk on every side, and strange as it may seem, tell the truth. Who will make a move in the matter! Where is Smith, the Saxton? He would like the job of winding it up every week, then let him get out a subscription paper and get contributions to defray the expense, after first ascertaining how much the necessary repairs will be. Give us the time!

Peterson's Magazine.

We are in receipt of this popular Lady's Magazine for December. It is a splendid number. "Peterson" has a circulation already, of nearly 100,000, but will be greatly improved in 1860. Its fashions are always the latest and prettiest. Its price is but Two DOLLARS a year, or a dollar less than Magazines of its class. *Subscribe for it and save a dollar.* To clubs, it is cheaper still—viz: three copies for $5, or eight for $10. By Telegraph—1 o'clock Monday Morning.

PORTLAND, Me., 13.

The steamship Hungarian left Liverpool at 2 10 P. M. of the 2nd Nov., and arrived here this morning at 10 30.

The steamship Teutonia arrived at Southampton on the 29th.

A letter purporting to have been written by Napoleon to the King of Sardinia, dated October 20th, has found its way into print. There was some doubt of its authenticity, but it was generally regarded as genuine.

The paris correspondent of the London Times, who started the letter, guarantees its authenticity.

The Emperor writes to the King to settle with him the course which ought to be followed for the future. The circumstances, he says, are grave, and it is requisite to lay aside idle allusions. He says that the question is not now, whether he has been well or ill at Villa Franca, but rather to obtain from the treaty the result most favorable for the pacification of Italy and the repose of Europe. It is necessary to conclude a treaty that shall secure in the best manner possible the independence of Italy, which should satisfy Piedmont, and yet should not wound the Catholic sentiment of the rights of sovereigns, in whom the Pope felt an interest.—The Emperor gives in detail his views as to the way which his object may be best accomplished, and adds,—it is the real interest of your Majesty to second me in the development of the plan, in order to obtain from it the best results; for your Majesty cannot forget that I am bound by treaty, and I cannot, in the Congress about to open, withdraw myself from my engagement. The part of France is placed before hand. The plan itself is already known.

The Emperor demands that the Dutchess of Parma shall be called to Modena—Parma is to be invited to Piedmont, and Tuscany augmented, perhaps, by a portion of territory, is to be restored to the Grand Duke Ferdinand, and a system of moderate liberty shall be adopted in all the States of Italian confederation, with the Pope as honorary President. With this increase of his moral influence, would enable him to make concessions in conformity with the legitimate wishes of the population.

The letter attracted much attention, and some English journals see in it good reasons why England should refuse to join the Congress.

The correspondent has received a warning for an article by Montalambert, regarding the late war and the Pope.

The Ami de la Religion also received a warning for reproducing the article.

It is stated that the King of Abysinia has made over to France the island and port of Massonah, in the Red Sea.

SPIAN.

The Spanish Government have chartered all the steam packets which run between its ports and Marsailles, for the conveyance of the expedition against Morocco.

The Queen offered to contribute part of her civil list, and to sell her jewels towards defraying the expenses of the war.

ITALY.

The Times Ministerial asserts that the Sardinian Cabinet has not adhered to the diplomatic arrangements by which Italy has been disposed of at Zurich, and in case of Romagna being attacked Piedmont will take the field to assist them.

According to advices from Sicily the insurrection there had not ceased. Reinforcement of troops are being despatched. Numerous arrests were made.

The Pope, according to several journals, has accepted the several principles of reform that has been suggested, but desires to be himself the judge of the time they shall be implied, and herein is the difficulty.

DR. M'LANE'S
CELEBRATED
VERMIFUGE
AND
LIVER PILLS.
WE beg leave to call the attention of the Trade, and more especially the Physicians of the country, to two of the most popular remedies now before the public. We refer to
Dr. Chas. M'Lane's Celebrated
Vermifuge and Liver Pills.
We do not recommend them as universal Cure-alls, but simply for what their name purports, viz.:
THE VERMIFUGE,
For expelling Worms from the human system. It has also been administered with the most satisfactory results to various Animals subject to Worms.
THE LIVER PILLS,
For the cure of LIVER COMPLAINTS, all BILIOUS DERANGEMENTS, SICK HEAD-ACHE, &c. In cases of
FEVER AND AGUE,
preparatory to or after taking Quinine, they almost invariably make a speedy and permanent cure.
As specifics for the above mentioned diseases, they are Unrivaled, and never known to fail when administered in accordance with the directions.
Their unprecedented popularity has induced the proprietors,
FLEMING BROTHERS,
PITTSBURGH, PA.
to dispose of their Drug business, in which they have been successfully engaged for the last Twenty Years, and they will now give their undivided time and attention to their manufacture. And being determined that Dr. M'Lane's Celebrated Vermifuge and Liver Pills shall continue to occupy the high position they now hold among the great remedies of the day, they will continue to spare neither time nor expense in procuring the Best and Purest material, and compound them in the most thorough manner. Address all orders to
FLEMING BROS., Pittsburgh, Pa.
P. S. Dealers and Physicians ordering from others than Fleming Bros. will do well to write their orders distinctly, and take none but *Dr. M'Lane's, prepared by Fleming Bros., Pittsburgh, Pa.* To those wishing to give them a trial, we will forward per mail, post paid, to any part of the United States, one box of Pills for twelve three-cent postage stamps, or one vial of Vermifuge for fourteen three-cent stamps. DR. N. R. C. ROWE.

URISCOPIAN PHYSICIAN.

(Late from the Island of Barbadoes, West Indies)

WHO has located in Rochester, begs to announce to the public of Batavia and vicinity, that he can be consulted on all CANCEROUS and CATARRH affections, Tumors, diseases of the Lungs, Throat, Liver, Kidneys, &c., &c. Also Scrofulous and all other Chronic Diseases, at his office No. [illegible] Block, corner of Main and St. Paul Streets.

The success that has attended his practice was never surpassed by any other Medical man of his Profession. He has cured entirely some of the worst cases of that most loathsome disease, CANCER—the thoughts of which chill the heart and makes life a burden to those afflicted with it—which had been pronounced by some of the most skilful Physicians as incurable. These patients now live as witnesses to this fact. CATARRH, this most annoying disease, which if not checked, terminates in Consumption, he can cure most speedily,—Scrofulous and all other Chronic Diseases he treats with equal success. Patients placing themselves under his care will be treated strictly scientific, as he is a legitimate practioner and not self taught man. Dr. R. has discovered a speedy and certain cure for such cases of that fearful and ravaging disease CANCER, as are curable. It has hitherto been the opinion of the Medical Faculty that Cancer cannot be cured. Dr. Rowe however, has after a thorough investigation and study of the disease been able to discover a remedy that will cure such cases as can be cured. Though all cases cannot be cured, yet they can be relieved and life prolonged. Any one consulting him will be told candidly whether anything can be done for them or not. Consultation free. Dr. R. by a careful chemical examination of the Urine can tell almost every Chronic Disease that mankind is liable to, and thus can treat diseases more correctly and successfully than by any other mode of examination. The reason that a great many curable diseases are deemed incurable is simply from not finding out the real secret of the disease. Parties at a distance, not able to consult him personally, by sending a small vial with some of their Urine from the first made in the morning, and $1 as a fee for testing it, at the same time stating their age, will be told their disease. Letters addressed to Box 301, Rochester, N. Y., will meet with prompt attention. Packages containing Urine must be addressed to his office. Reference as to his mode of treatment can be given to some of the first Physicians in this country.

Dr. Rowe will be in the Exchange Hotel, Attica, for 4 days, Tuesday, Wednesday, Thursday, Friday, Oct. 4, 5, 6, 7, where he can be consulted on the above diseases.

PHYSICIAN & SURGEON.

From Berlin, lately from Rochester and Syracuse, begs to inform the public of Batavia and vicinity that he has taken rooms at the Western Hotel, Batavia N. From the great advantage he enjoyed at those institutions in treating the various diseases the human system is liable to, he confidently offers his services to the suffering public and solicits their patronage; he pays particular attention to the diseases of Eye and Ear which he treats with the utmost success which has attended his practice for the last fourteen years.

DR. JOHNSON'S

HERB DISPENSARY

OFFICE 95 MAIN STREET,

(2d floor, Up Stairs, Buffalo, N. Y.)

A NEW, SPEEDY, AND MOST SUCCESSFUL MODE OF TREATING

Spermatorhoea, Nervous Debility, Marasmus or Wasting Consumption.

AND ALL

Diseases of the Urino-Genital Organs.

A CLASS of Maladies prevail to a fearful extent in community; dooming at least fifty thousand youth of both sexes, annually to an early grave. These diseases are very imperfectly understood. Their external manifestations or symptoms are Nervous Debility, relaxation and exhaustion; Marasmus, or muscular wasting and consumption of the tissues of the whole body; shortness of breathing, or hurried breathing on ascending a hill, or a flight of stairs—great palpitation of the heart, asthma, bronchitis and sore throat; shaking of the hands and limbs, aversion to society, and to business or study, dimness of eye-sight, loss of memory, dizziness of the head, neuralgic pains in various parts of the body; pains in the back and limbs, lumbago, dyspepsia or indigestion, irregularity of the bowels, deranged secretion of the kidneys and other glands of the body, as Leucorrhoea, or Fleur Albus, &c. Likewise Epilepsy, Hysteria and Nervous Spasms.

Now, in ninety-nine out of every one hundred cases, all the above named disorders and a host of others not named have their seat primarily in the sexual organs, and arise from morbid excitement and chronic inflammation—a state of morbid irritability, hence the want of success on the part of Old School Doctors.

Dr. JOHNSON is now engaged in treating this class of modern maladies with the most astonishing success. The treatment adopted by the Institution is new, it is based upon scientific principles with new discovered remedies, without minerals or poisons. The facilities of cure are such, that patients can be cured at their own homes without expense, in any part of the country, from an accurate description of their case by letter, and have the medicine sent them by mail or express.

Young Men suffering from these disorders will receive for 25 a series of Health Rules, and perfect chart of cure, which will be to them a true polar star through life.

THE GROVER & BAKER

Having greatly increased their facilities for manufacturing their CELEBRATED FAMILY MACHINES, with all the recent improvements, have reduced their prices, and offer for sale

It is no longer questioned that these Machines are the best in use for family sewing. SEND FOR A CIRCULAR.

CHEWING Cigars, [illegible]

Scrofula, or King's Evil,

is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth, and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children."

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently, vast numbers perish by disorders which, although not scrofulous in their nature are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S

Compound Extract of Sarsaparilla,

the most effectual remedy which the medical skill of our times can devise for this every where prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as ERUPTIVE and SKIN DISEASES, ST. ANTHONY'S FIRE, ROSE, or ERYSIPELAS, PIMPLES, PUSTULES, BLOTCHES, BLAINS and BOILS, TUMORS, TETTER and SALT RHEUM, SCALD HEAD, RINGWORM, RHEUMATISM, SYPHILITIC and MERCURIAL DISEASES, DROPSY, DYSPEPSIA, DEBILITY, and, indeed, ALL COMPLAINTS ARISING FROM VITIATED OR IMPURE BLOOD. The popular belief in "*impurity of the blood*," is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Ayer's Cathartic Pills,

FOR ALL THE PURPOSES OF A FAMILY PHYSIC,

are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search, and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures, and directions for their use in the following complaints: *Costiveness, Heartburn, Headache arising from a disordered Stomach, Nausea, Indigestion, Pain in and Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Jaundice*, and other kindred complaints, arising from a low state of the body or obstruction of its functions.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness, and so numerous are the cases of its cures, that almost every section of country abounds in persons, publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

NEW YORK WEEKLY,

A HANDSOME QUARTO PUBLICATION,

BEAUTIFULLY ILLUSTRATED,

[illegible] ACKNOWLEDGED TO BE

THE BEST STORY PAPER IN THE WORLD!

Among its Regular Contributors will be found the names of some of the best male and female writers in the United States! Such writers as Justin Jones, [illegible] Augustine J. H. Duganne, William Earle Binder, Harry Hazleton, James Reynolds, Francis S. Smith.

Mrs. Mary J. Holmes, Helen Forest Graves, Mary C. Vaughan, Margaret Verne, Anna Raymond, Ella Marville. Write for it regularly, while a score of other well known writers occasionally contribute to its columns.

THE NEW YORK WEEKLY has now engaged a force of talent that cannot be rivaled by any establishment in the world!

NOTICES OF THE PRESS.

Never before has any new candidate for public favor in the Literary World received such flattering notices from the Press. From all quarters our editorial brethren have cheered us on by speaking of our enterprise in a manner to stimulate our vanity, and to excite the envy of our rivals.

GENERAL CHARACTER OF THE NEW YORK WEEKLY.

The WEEKLY is designed more especially as a First-Class Story Paper, in which we intend to give our readers a succession of THE BEST STORIES EVER PUBLISHED IN THE UNITED STATES! The aim and object of these publications will be to inculcate moral lessons under the pleasing guise of fiction, or to teach great moral lessons through the same means. We shall never publish a word or line, the tendency of which is to injure the morals or taste of the masses. Every issue of the NEW YORK WEEKLY will contain short sketches of Life and Manners, Notings of Travel and Adventure, Short Stories, General Summary of Events, Humorous Gleanings, Poetry, Editorials, etc. &c. As specimens of our serials, we would point to A. J. H. Duganne's great story, Garibaldi; The Hero of Italy! Harry Hazel's exciting Indian Romance, The Mute Spy! Francis S. Smith's Unusually Interesting Domestic Story, [illegible] The Lady of Charity! While, as specimens of our minor departments, we point with pride to our Ballads of the Bible, admitted by all to be the most chastely written and beautiful scriptural poems ever produced.

Our Knowledge Box, in which is weekly contained a mass of paragraphs of the greatest importance to housekeepers and others.

The Pleasant Paragraphs, an interesting melange, ranging "from grave to gay, from lively to severe."

Our Ladies' Column, prepared expressly for the ladies by one of the most brilliant lady writers of the present day.

Our Birthful Morsels, our Items of Interest, etc., etc. In a word, its Editors will use their best endeavors to get up just such a paper as will eventually find its way to every fireside in the land—that shall be a welcome visitor wherever it goes—equally popular in the workshop and the office—at the fireside of the farmer, or in the counting-room of the merchant—a paper that parents can, with safety, place in the hands of their children without note or comment, feeling certain that its influence will be to stimulate their minds to the pursuit of knowledge, or lead them to abhor vice and wrong.

OUR CIRCULATION & PROSPECTS

The NEW YORK WEEKLY has gone up to a circulation which places it second in point of circulation in the list of publications of the day. There is but one weekly publication in the world having a larger circulation than the WEEKLY.

The indications are, at present, that the circulation of the WEEKLY will soon reach half a million. Where the news-men were taken tens, they are now taking hundreds of copies. This is the general effect among the five thousand News Agents who are now regularly selling the NEW YORK WEEKLY, while from nearly every Post Office in the country, we are daily getting subscriptions and orders for specimens.

How and Where to Get the "Weekly."

Wherever there is a News Agent, get the paper from him. By so doing, you do not run the risk of losing your money through the Post Office, or having to pay for what you will never get. If the paper you are buying from the Agent stops, you do not lose advance subscriptions, sent to a place where you have no means of looking after it. We trust the day is not far distant when every town, large enough to sustain a Post Office, will have its News Agency.

OUR TERMS:

The price of the NEW YORK WEEKLY is FOUR CENTS, but where Agents have to pay extra freight or postage, a higher price is necessarily charged. When sent by mail, the price will invariably be $2.00 a year, in advance. Subscriptions taken for three months. Two copies will be sent for one year for $3. Four copies for $5. Eight copies for $12. Postmasters and others who get up clubs of ten, and send us $15 at one time, will be entitled to an extra copy for their trouble. The bills of all solvent banks taken at par for subscriptions. Canada subscribers must send twenty-six cents extra with every subscription to pre-pay the American postage.

All letters and communications, in relation to the Editorial or Business Departments of the NEW YORK WEEKLY, must be addressed to

Ayer's Sarsaparilla,

A compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

HOSTETTER'S STOMACH BITTERS.

It is a fact that, at some period, every member of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has introduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nausea, Flatulency, Loss of Appetite, or any Bilious Complaints, arising from a morbid inaction of the Stomach or Bowels, producing Cramps, Dysentery, Colic, Cholera Morbus, &c., these Bitters have no equal.

Diarrhoea, Dysentery or Flux, so generally contracted by new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend Bitters of some kind; then why not use an article known to be infallible? All nations have their Bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to prove the value of this great preparation in the scale of medical science.

FEVER AND AGUE.—This trying and provoking disease, which fixes its relentless grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be defeated from the body by the use of HOSTETTER'S RENOWNED BITTERS. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nausea nor offend the palate, and render unnecessary any change of diet or interruption of ordinary pursuits, but promote sound sleep and healthy digestion, the complaint is removed as speedily as is consistent with the production of a thorough and permanent cure.

For Persons in Advanced Years, who are suffering from an enfeebled constitution and infirm body, these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indispensable, especially where the mother's nourishment is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart temporary strength and vigor to the system. Ladies should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtue of the Bitters, will recommend their use in all cases of weakness.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for HOSTETTER'S CELEBRATED STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

Prepared and sold by **HOSTETTER & SMITH**, Pittsburgh, Pa., and sold by all druggists, grocers, and dealers generally throughout the United States, Canada, South America, and Germany.

Batavia Lyceum Lectures.

We are informed that the Committee have not been inactive or unsuccessful in the sale of Lyceum Tickets, and in procuring the services of some of the most distinguished Lectures of the country. The list, which is not yet fully perfected, will stand about as follows:—

Rev. HENRY W. BELLOWS, of New York whose position and power in literary matters, and whose fame as a pulpit orator created a strong desire to listen to him, here, will deliver the Opening Lecture, on Tuesday evening, the 6th of December.—His Lecture is styled "DIRECTION ☞ !" It is on the importance of "facing right," and is more particularly addressed to Young Men.

Dr. J. G. Holland, of Springfield, Mass., the well-known author of "Timothy Titcomb's Letters" the "Gold Foil papers," "Bitter Sweet," etc., appears on Saturday evening December 10th.

Wm. H. Millburn, of Brooklyn, formerly Chaplain of the U. S. Senate, and the author of a recent work entitled "Ten Years of a Preacher's Life," succeeds Dr. Holland. Mr. M. is popularly known as the Blind Preacher. He appears on Friday evening, December 16th, and takes for his subject "Aaron Burr."

Ralph Waldo Emerson, whose speech at the last Burns' Festival, in Boston, added even to his world-wide reputation among the reading and thinking men and women on both sides of the Atlantic, will lecture here on the evening of the 25th of January—intermediate his Lectures at Buffalo and Rochester. Various gentlemen were especially desirous to see Mr. E., again in our Lecture desk, and one of the most learned and critical minds in our midst stated to the Committee that "Mr. "Emerson's philosophic notions were so "original, piquant and suggestive, and he "stood so high as a thinker, that he should "regret not hearing him, if in our power."

Rev John Lord, of Stamford, Conn., noted as an Historical and Scientific Lecturer, is engaged for Tuesday evening, January 3d. His subject will probably be one of his Course on "The Great Representation of Modern Civilization" "Galileo —*Scientific Discoveries.*

T. Starr King, of Boston, "whose fascinating eloquence—whether in lecture, speech, or sermon—always draws crowded audiences wherever he goes, from Bangor to St. Louis," will give one of the most celebrated of his Lectures, on Tuesday evening, December 20th, called "Existence and life."

At least three other Lectures will be added to the above.

Major Constable, whose unpretending and unheralded, but really meritorious Lectures on India are kindly remembered, will give a Lecture on the "Destinies of Peru and Mexico," with which countries he is familiar as a traveler.

Rev. George Dana Boardman, of Rochester, whose services the Committee have this year been again successful in obtaining and with whose solid and sparkling eloquence and rare and genial personal qualities our citizens are abundantly acquainted, will lecture on the subject of "Loyalty to Law."

Allen Steele's "troops of friends" in and all around Batavia, will be loth to concede that in literary preparation and oratorical power, their widely-known and esteemed favorite is often surpassed. It is many years since he appeared in our Lyceum desk, but his welcome this season will be most cordial and unmistakable.

In order to accommodate all classes, the tickets to the Course will *all* be single and be put at the very low price of ONE DOLLAR. In Rochester and Buffalo, where the Societies have the advantage of a large Hall and a city population, these Course tickets are put at $1 50; and they can barely be afforded at $1, if our citizens, now, as heretofore, second and respond most heartily and generously to the efforts of the Officers of the Lyceum who devote so much time, patience and thankless toil to secure for us once more a series of first class Lectures for our "Winter Nights."

The Great Eastern was expected to leave Holyhead for Southampton Bay the day the Hungarian sailed. The directors had voted £10,000 to place the ship in complete order.—It is asserted that she goes to Liverpool in the spring, and that Scott Russell's services are dis-

Wreck of the Royal Charter.

By the City of Baltimore intelligence comes of the particulars of the wreck of the vessel of which a brief notice has already appeared in the telegraph column.

It appears that the Royal Charter was within two or three hours sail of Liverpool, after a rapid passage from Melbourne. She experienced the full fury of the terrible northeast gale which prevailed all over England. During the night of the 26th ult., the steam power of the vessel being merely auxiliary, it was insufficient to prevent her being driven towards the shore, and as the water was rapidly shoaling, it became necessary at about 10 o'clock at night, to let go the anchors, guns having been previously fired and rockets discharged, in the hope of attracting a pilot, but without success.

The gale, meantime increased to a perfect hurricane, and at 2 o'clock in the morning the port anchor chain parted, and shortly afterwards the ship was beating on the rock, in a place called Moelfra Bay, near Puffin Island on the coast of Anglesea. The masts were cut away but without any beneficial results.

About daylight—six o'clock—a sailor, with a cord about his waist, jumped overboard, and although the sea ran tremendously high, he succeeded in reaching and maintaining a footing on the rocky shore, which was not more than ten yards distant from the ship, but was almost perpendicular to the height of 40 feet.

A hawser was then got ashore, and a boatswain's chair attached to it, with a view of hauling the passengers and crew ashore. About a dozen seamen were by this means landed, and it was hoped that all on board might be saved. At about 7 o'clock, however, the waves beating against the ship broadside, with continued violence, she suddenly snapped asunder amidship, and tumbled in pieces.

As the passengers had mostly kept below, large numbers were killed by the crashing debris, and only 26 person managed to get ashore, making the whole number saved only 39, out of a total passengers and crew of *four hundred and ninety-three!*

The scene was terrible in the extreme. Many were washed on and off the rocks several times, and, in numerous instances those who thought themselves secure, on the jutting rocks, were hurled back into the sea by the furious waves. Not a superior officer was saved; neither a woman or child. Capt. Taylor exerted himself to the utmost, but was finally struck on the head, while struggling in the waters by a boat falling from the davits, and was seen no more.

The destruction of the ship was rapid and complete, so that by 8 o'clock, nothing was visible but masses of wreck, mingled with the bodies of the dead washed on the strand. The prostration of the telegraph wires, and the destruction, by the sea, of portions of the Chester and Holyhead Railway, which passes the locality, caused considerable delay in the receipt of the news at Liverpool, and a consequent loss of time in sending tug boats to the spot.

The vessel had on board, it is supposed, 79,000 ounces of gold! besides a large number of sovereigns. Estimates of the total value range from £500,000 to £800,000, and hopes were entertained that this might be recovered by divers.

The Royal Charter was an iron vessel of 2749 tons register, clipper built, and furnished with auxiliary screw engines.—She was built in 1855 at a cost of over £60,000 and was insured for £80,000.—Her general cargo was not very valuable, £5,000.

Oberlin, Ohio, must be a pleasant place to live in during the dog days. Col. Pepper, of Rising Sun, Ia., who was passing through the Republican stronghold, stopped to take supper while he was waiting for the cars to arrive. The landlord of the inn informed him that supper was ready, and the colonel proceeded to partake of it. As he arrived at the door the landlord tapped him on the shoulder, and asked him if he had any prejudices against sitting down at the table with several colored gentlemen who were boarders there.—Upon the colonel informing him that he had a slight objection to such a procedure, the landlord suggested that he had better, perhaps, wait for the second table and eat after the negroes had done! The colonel took his carpet sack and left about this time, but was followed by the landlord, who stated that the prejudices of the place were such that he could make no distinction in color at his house.

The Auburn Advertiser—Seward's home organ—of Saturday says:

"Joshua R. Giddings passed through this city this morning, the 12th, on his way to Peterboro, on a visit to Gerrit Smith's family.

The wind at Buffalo sunday amounted to a perfect gale, and the schooners Alle[illegible], Oak Hill and Miranda went ashore, two on the beach in the bay, and one on the Canada shore. Buffalo is a windy

CAN THE REPUBLICANS FAIRLY REPUDIATE BROWN.—The Republican press have taken delight in re-publishing this extract from the Kansas Herald of Freedom:

"More than once we have stated they (Free State leaders in Kansas) were bastard Republicans, with hardly a single feeling in common with that party, and we repeat it now."

If these men who are now termed bastard Republicans are really entitled to that appellation, how comes it to pass that when GERRIT SMITH last Fall stated in the Cooper Institute in New York, that Kansas owed her freedom to John Brown and not to the Republicans, the New York Tribune waxed wroth in the most terrible way at the very bare idea of robbing its beloved party of the honor of giving to the world such men as Brown, Lane, Cook, &c.—Just hear the Tribune of Oct. 13, 1859:

"Old Jno. Brown of Osawatamie, and nineteen-twentieths of his co-defenders of Freedom in Kansas, were and are Republicans and migrated thither under the impulse of Republican ides and convictions. But for the Republicans and the sentiment which called that party into being, there would have been no (or at least not enough [illegible] *brave spirits* in Kansas [illegible] Border Ruffians and [illegible]tion in 1857-58 any [illegible]55-56."—*Buffalo*

LOCAL MATTERS.

The announcement of the forth coming winter evening Lectures, and Lecturers will be found in our paper to-day. We are glad to see the names of Dr. BELLOWS, and R. W. EMERSON on the list.—EMERSON is emphatically one of the greatest minds of the age and Dr. BELLOWS is a man of considerable distinction. We by no means single these names out to draw a distinction between them and the others, but merely from the fact that they are better known perhaps, as original and profound thinkers.

THE TIME.—The good book says there is a time for all things, but we here in Batavia just at this present *time*, have *all things* ready for the *time*. This is reversing things a little, but it is a part of the church, and must be right, so up with the Time, so that we can see what o'clock it is up at the stone church.

If you have a cough, buy Dr. Griswold's Cough Mixture, that always cures.

If you want Physic, get the Fluid Extract of Senna, that any child will take, and call it good.

If bruised, or got the Rheumatism, get the Arnica.

If nervous, get the sedative.

If you have the Ague, or a Diarrhoea. Just call at Wilder's News Room, and you will find all these Remedies' which are the best known.

DR. M'LANE'S
CELEBRATED
VERMIFUGE
AND
LIVER PILLS.

WE beg leave to call the attention of the Trade, and more especially the Physicians of the country, to two of the most popular remedies now before the public. We refer to

Dr. Chas. M'Lane's Celebrated
Vermifuge and Liver Pills.

We do not recommend them as universal Cure-alls, but simply for what their name purports, viz.:

THE VERMIFUGE,

For expelling Worms from the human system. It has also been administered with the most satisfactory results to various Animals subject to Worms.

THE LIVER PILLS,

For the cure of LIVER COMPLAINTS, all BILIOUS DERANGEMENTS, SICK HEAD-ACHE, &c. In cases of

FEVER AND AGUE,

preparatory to or after taking Quinine, they almost invariably make a speedy and permanent cure.

As specifics for the above mentioned diseases, they are Unrivaled, and never known to fail when administered in accordance with the directions.

Their unprecedented popularity has induced the proprietors,

FLEMING BROTHERS,
PITTSBURGH, PA.

to dispose of their Drug business, in which they have been successfully engaged for the last Twenty Years, and they will now give their undivided time and attention to their manufacture. And being determined that Dr. M'Lane's Celebrated Vermifuge and Liver Pills shall continue to occupy the high position they now hold among the great remedies of the day, they will continue to spare neither time nor expense in procuring the Best and Purest material, and compound them in the most thorough manner. Address all orders to

FLEMING BROS., Pittsburgh, Pa.

P.S. Dealers and Physicians ordering from others than Fleming Bros., will do well to write their orders distinctly, and *take none but Dr. M'Lane's, prepared by Fleming Bros., Pittsburgh, Pa.* To those wishing to give them a trial, we will forward per mail, post paid, to any part of the United States, one box of Pills for twelve three-cent postage stamps, or one vial of Vermifuge for fourteen three-cent stamps. All orders from Canada must be accompanied by twenty cents extra.

DR. N. R. C. ROWE.

URISCOPIAN PHYSICIAN.

(Late from the Island of Barbadoes, West Indies)

Who has located in Rochester, begs to announce to the public of Batavia and vicinity, that he may be consulted on all CANCEROUS and CATARRH affections, Tumors, diseases of the [illegible], Throat, Liver, Kidneys, &c., &c. Also Scrofula and all other Chronic Diseases, at [illegible] Block, corner of Main and St. Paul Streets.

The success that has attended his practice was never surpassed by any other Medical man of his Profession. He has cured entirely some of the worst cases of that most loathsome disease, CANCER—the thoughts of which chill the heart and makes life a burden to those afflicted with it—which had been pronounced by some of the most skilful Physicians as incurable. [illegible] CATARRH, this most awful disease, which if not checked terminates in Consumption, he can cure most readily.—Scrofula and all other Chronic Diseases he treats with equal success. Patients placing themselves under his care will be treated strictly scientific, as he is a legitimate practitioner and no self-taught man. Dr. [illegible] discovered a speedy and certain cure for such cases of that fearful and [illegible] disease Cancer, as are curable. It has hitherto been the opinion of the Medical Faculty that Cancer cannot be cured. Dr. Rowe however, has after a thorough investigation and study of the disease been able to discover a remedy that will cure such cases as can be cured. Though all cases cannot be cured, yet they can be relieved and life prolonged. Any one consulting him will be told candidly whether anything can be done for them or not. Consultation free. Dr. R. by a careful chemical examination of the Urine can tell almost every Chronic Disease that mankind is liable to, and can treat disease more correctly and successfully than by any other mode of examination. The reason that a great many curable diseases are deemed incurable is simply from not finding out the real seat of the disease. Parties at a distance, not able to consult him personally, by sending a small vial with some of their Urine from the first made in the morning, and $1 as a fee for testing it, at the same time stating their age, will be told their disease. Letters addressed to Box 864, Rochester, N. Y., will meet with prompt attention. Packages containing Urine must be addressed to his office. Reference as to his mode of treatment can be given to some of the first Physicians in this country.

☞ Dr. Rowe will be at the Exchange Hotel, Attica, for 4 days, Tuesday, Wednesday, Thursday, Friday, Oct. 4, 5, 6, 7, where he can be consulted on the above diseases.

C[illegible]

Scrofula, or King's Evil,

is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children."

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently, vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S

Compound Extract of Sarsaparilla,

the most effectual remedy which the medical skill of our times can devise for this every-where prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as ERUPTIVE and SKIN DISEASES, ST. ANTHONY'S FIRE, ROSE, or ERYSIPELAS, PIMPLES, PUSTULES, BLOTCHES, BLAINS and BOILS, TUMORS, TETTER and SALT RHEUM, SCALD HEAD, RINGWORM, RHEUMATISM, SYPHILITIC and MERCURIAL DISEASES, DROPSY, DYSPEPSIA, DEBILITY, and, indeed, ALL COMPLAINTS ARISING FROM VITIATED OR IMPURE BLOOD. The popular belief in "*impurity of the blood*" is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Ayer's Cathartic Pills,

FOR ALL THE PURPOSES OF A FAMILY PHYSIC,

are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search, and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures, and directions for their use in the following complaints: *Costiveness, Heartburn, Headache arising from a disordered Stomach, Nausea, Indigestion, Pain in and Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Jaundice*, and other kindred complaints, arising from a low state of the body or obstruction of its functions.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness, and so numerous are the cases of its cures, that almost every section of country abounds in persons, publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

Ayer's Sarsaparilla,

[illegible] which we have labored [illegible] that our [illegible] extract of Para [illegible] substances [illegible] as to afford an [illegible] Sarsaparilla is [illegible] that such a remedy [illegible] who suffer from Scrofulous complaints, and that one which will accomplish [illegible] of immense service to [illegible] of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:—

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREAUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. [illegible] by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

[illegible] much, the reputation of [illegible] these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be [illegible] according to directions on the bottle.

HOSTETTER'S STOMACH BITTERS.

IT is a fact that, at some period, every member of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has introduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nausea, Flatulency, Loss of Appetite, or any Bilious Complaints, arising from a morbid inaction of the Stomach or Bowels, producing Cramps, Dysentery, Colic, Cholera Morbus, &c., these Bitters have no equal.

Diarrhœa, dysentery or flux, so generally contracted by new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend Bitters of some kind; then why not use an article known to be infallible? All nations have their Bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to prove the value of this great preparation in the scale of medical science.

FEVER AND AGUE.—This trying and provoking disease, which fixes its relentless grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTERS. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nausea nor offend the palate, and render unnecessary any change of diet or interruption of ordinary pursuits, but promote sound sleep and healthy digestion, the complaint is removed as speedily as is consistent with the production of a thorough and permanent cure.

For Persons in Advanced Years, who are suffering from an enfeebled constitution and infirm body, these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indispensable, especially where the mother's nourishment is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart temporary strength and vigor to the system. Ladies should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtue of the Bitters, will recommend their use in all cases of weakness.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for HOSTETTER'S CELEBRATED STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

JOB PRINTING, OF ALL KINDS, EXECUTED AT THIS OFFICE WITH TASTE AND DESPATCH.

Very much as we Expected.

JOSHUA L. BROWN has discovered what he considers a "technical informality" in some of the ballots cast for Judge Taggart and therefor, in company with Wm. Tyrell Esq., (who it will be remembered was a regular candidate for the office of District Attorney, and was'nt elected) has addressed to the Board of Canvassers his protest, instructing them that certain good and lawful ballots must be thrown out, and thus elect him Judge for another four years. They won't do it;

Judge Brown's Letter to the Board of Canvassers.

TO THE BOARD OF COUNTY CANVASSERS OF THE COUNTY OF GENESEE.

Gentlemen:—

I understand that quite a large number of Ballots cast in the election held on Tuesday last, which relate to the office of County Judge were given for Moses Taggart (as designated in said ballots) of "County Judge and Surrogate."

These ballots I claim to be illegal and therefore protest against the same being counted or estimated in the canvass of vote for County Judge.

I respectfully claim that no ballots whatever having the designation thereon "For County Judge and Surrogate" should be considered, counted, or estimated at all in the canvass.

I have been informed that some of the returns of the inspectors of election in some of the towns, after the same having been made out, certified and delivered to the Supervisors pursuant to the statute, were afterwards without any authority or direction of the Board of County Canvassers, returned to the town inspectors and altered. How or by what means this has been done, I am not informed, I do not know that the fact is so but I have been informed by persons whom I believe are men of truth that such is the fact particularly in respect to the towns of Batavia and Byron.

I particularly insist that such alteration of the said returns was entirely illegal and unauthorized, and that the same are thereby vitiated and should be entirely rejected by your honorable body. I beg most respectfully to state that for these unauthorized and illegal interferences with said returns, I do not impugn the motives or intentions of the parties by whom the same was done, on the contrary, I have no doubt they acted from pure and correct motives, and were actuated by upright intentions.

I hereby claim that they have made a mistake of law in regard to their powers and duties, the legal effect of which is to vitiate the same returns.

Batavia, Nov. 15th, 1859.

JOSHUA L. BROWN.

The Protest of Wm. Tyrrell Esq.

To the Chairman of the Board of County Canvassers.

SIR:—I am credibly informed that the ballots for District Attorney, in the east and west election districts of Pembroke were wrongly counted, and that the error arose in counting a large number of Democratic ballots with my name on in place of James M. Willett, for Willett and against me, not discovering but what they were for him, my name being printed on the ballot, in place of his. I am disposed to think from information sent me, that there are enough of such ballots to change the result in the county. I also challenge the count in Oakfield, Elba and Pavilion on the same ground.

I am necessarily absent to-day at Alexander and ask that the canvass for District Attorney, be deferred till to-morrow, that I may look into the case, the proper way to dispose of the case is to send the returns back for a new count.

Yours, Truly,

WILLIAM TYRRELL.

Church Gossip—Sermons at $96.15 Each.

NEW YORK, Nov. 7, 1859.

REV. DR. Bethune has a call to a church in New York, and it is understood that he will accept it. It is almost the last church in the city from which it would have been supposed that he would have accepted a call. It is the Twenty first street Reformed Dutch Church, situated not far from the Fifth avenue. It was never large nor wealthy. The house is neat and churchy, but small. It will seat not far from six hundred persons, and has no gallery but one on the end for the choir. The church has now a pastor, to whom only a nominal salary has been paid for years. He is one of the wealthiest men in the city, and heir to wealth almost untold. To this church Dr. Bethune has been called as Associate Pastor, and it is said he has accepted the call, and is to be installed on the first Sabbath in December next. The pastor gives up his whole salary to Dr. Bethune, and twenty men, personal friends of Dr. B., have pledged themselves to pay $100 each a year, for two years, to raise a salary of $5,00 to be paid the co-pastor. Dr. Bethune is to preach each Sabbath morning, and Rev. Dr. Van Nest each afternoon.

Collector Schell, his brother Richard, the banker, the Stuarts, of sugar fame, and other magnates of the city, are among the contributors to the new movement. Such a change in this respectable and quiet parish—the crowds, where a week ago there was quite room enough and to spare—the raising of pew rents to quite a startling advance—the rousing salary of $5,000 paid by what was a feeble church a few months since—the influx of the aristocracy among this staid church going people, the suddenness of the whole movement, it being done by the consistory, without the call of the congregation together to see if they concur or not in the new movement—all this has made quite a flutter and a sensation in this so long quiet quarter of the ecclesiastical world of New York.

SHOCKING ACCIDENT ON THE N. Y. C. RAILROAD!—A LADY PASSENGER KILLED!—Passengers who came from Albany Monday night in the New York Express train, over the Central Road, bring us the particulars of a shocking accident to one of their number at Geddes—a lady named Knight, who was instantly killed. The train left Syracuse at 6:15, one coach having been cut off at that city. The passengers were huddled together in the last car—quite a number standing for want of seats. Among these was the unfortunate lady, and a number of her sex. After the train had got under motion the brakeman called out to the passengers standing in the two after cars. Thither the passengers started over the platforms. Mrs. Knight followed another lady who endeavored to assist her from one car to another. In passing from the third to the second car Mrs K. fell upon the track and the wheels of three cars passed over her body, crushing it in the most frightful manner. The lady who preceded Mrs. K. saw her fall, and by her shrieks notified the passengers of the accident. The train was stopped after running nearly a half a mile, and backed up. The body of the unfortunate lady was found deprived of its head and shockingly mangled. The Accommodation train—which leaves fifteen minutes after the Express—came up and took the remains back to Syracuse, to there await the order of friends.

Mrs. Knight was a widow, aged about 30 years, and was on her way from Arlington, Vt., to Gerard, Pa., in company with the father of her deceased husband, a man upwards of 80 years of age. The old gentleman returned to Syracuse with the body of his daughter-in-law. We understand that deceased leaves two orphan children at Arlington.—*Roch. Union.*

OLD BROWN.—"Redpath," in his reminiscences of the insurrectionists, published in the Boston Bee, gives the following of "Ossawatomie Brown:"

"In his camp he permitted no profanity no man of loose morals who suffered to stay there, unless, indeed, as prisoners of war. 'I would rather have the small pox yellow fever and cholera all together in my camp, than a man without principle.'—This he said to the present writer, when speaking of some ruffianly recruits whom a well known leader had recently introduced. 'It's a mistake, sir,' he continued that our people make when they think that bullies are the best fighters, or that they are the fit men to oppose the Southerners. Give me men of good principles—God-fearing men—men who respect themselves, and with a dozen of them, I will oppose any hundred such men as these Buford ruffians.' His whole character is portrayed in these words. He was a Puritan in the Cromwellian sense of the word. He trusted in God and kept his powder dry. Prayers were offered up in his camp every morning and evening; no food was eaten unless grace was first asked on it."

Miss Eliza Logan has withdrawn from the stage, having got married.

Removal of the Buffalo Post Master

A Buffalo Paper of Tuesday says.

Intelligence was received last evening that James G. Dickie had been removed from the office of Postmaster of this city, and Hon. I. T. Hatch appointed to the vacancy. Though the news does not reach us from an official source, we regard it as entirely reliable.

TERRIBLE ACCIDENT IN BUFFALO—FALLING OF ONE OF THE BURNED WALLS OF THE ELEVATOR—SEVERAL PERSONS KILLED.—About half-past twelve o'clock yesterday afternoon a fearful accident occurred at the scene of the disasterous fire of last week. The middle wall of the City Elevator,—which, together with almost the entire building that stood through the fire, has been left standing in great insecurity ever since,—fell, with a sudden crash, upon the west side, where a large number of persons were engaged in removing the most badly damaged grain, and buried several underneath its mass of brick.—*Buffalo Express.*

Post Office Removal!

A Washington despatch to the Tribune states that Mr. Hatch, late M. C. from Erie, has been appointed to the Buffalo Post office. If so, Major Dickie has unexpectedly been made to surrender.—Dickie was postmaster under Pierce, and was retained by Buchanan. There will be some rejoicing on the part of the Republican clique.

Thurlow Weed and William H. Seward vs. James Gordon Bennett.

The Albany Journal does not publish or notice the dispatch sent through Saturday to the effect that Thurlow Weed is about to commence a suit for libel against James Gordon Bennett in charging him (Weed) with participating in the African slave trade. The grounds for the dispatch are found in a leading editorial in the Courier and Enquirer with regard to charges against Seward in the Herald:

It will surprise nobody if the friends of Gov. Seward insist, that upon his return to the country, he commence a libel suit against the Herald for this deliberate application to him of the term "Traitor."—In like manner, Mr. Thurlow Weed, has been told by his friends, that while they might pending the recent election, consent to submit to the charge so repeatedly made in the Herald, that he and other leaders of the Republican party are directly interested in, and practically engaged in fitting out vessels for the slave trade, the time has arrived when he must vindicate himself from this imputation, by giving the Herald an opportunity to make good this famous libel upon himself, and through him, upon the Republican Party. Mr. Weed, has, we are informed, yielded to the demands of the friends, and will at an early day, commence a suit for libel against the Editor of the Herald. What course Governor Seward may adopt, upon his return to the United States, we do not presume to say. But if the Administration will not afford him an opportunity to vindicate himself, by arraigning him for the *Treason* they have so charged upon him, he may be forced into the action which his friends now deem necessary, without regard to the character of the paper making the charge.

DEATH OF A PIONEER SETTLER.—A correspondent of the Wayne Sentinel furnishes that paper with the following obituary notice of an aged pioneer, who recently died in this country:

The last of the pioneer settlers of East Palmyra is gone. Abram Foster died in Webster, Monroe county, of this State, in his ninetieth year. In June, 1791, he, with Joel Foster and Lother Sanford, left Southampton, Long Island, with knapsacks on their backs, rifles in their hands, and their carpenter-tools in a sack, strapped to the back of an Indian pony, as agents of the Long Island Company, to explore the Genesee country. They pursued the Southern route to Lindley Town Steuben county, where they stopped to work and await the coming of Elias Reeves and William Hopkins, who were to traverse the Northern route.

In September, Abram Foster and Elias Reeves contracted with Phelps & Gorham, at Canandaigua, for five thousand and five hundred acres—what is now called the Long Island Purchase. He was remarkable for his size, strength, decision and enterprise. Not content with the quiet of farming he engaged in house and mill building; and the town were of his erection. He was strictly a Pioneer, removing in a few years to the Canandaigua Outlet, then to Flint Creek—in both places erecting mills.

We next find, in 1812, the smoke from his log cabin rising in the forest on the shore of Lake Ontario. Here houses, mills and cultivated fields were the work of his hands; and where he has since lived, respected, not alone for his might, but for piety and usefulness. Not only was [illegible] our soil, but the last [illegible] of that noble, ente[illegible] fruits of whose toil[illegible] we now enjoy.

A Draft on a Fashionable Seminary.

Some days since a well-dressed man called at one of our fashionable seminaries to have an interview with the principal.—He represented that he had three children, whom he desired to place in some educational institution, and that he had been recommended to call upon the gentleman. He had been assured, he said, of the capabilities of the instructors, and wanted to make some inquiry as to the religious advantages. The principal replied that the pupils were permitted to attend such church as their parents desired, and that family worship was held in the institution every day. The visitor was, however, hard to please; he required evidence of the evangelical character of the teachers, and that there were no pupils in attendance to impart to his offspring improper ideas of modesty or religion. The exhibition of a catalogue and a long list of references seemed to satisfy him, and he finally came to an understanding as to the terms on which his children should enter the institution and board in the family of the principal. The conditions, he was informed, were payment in advance. This seemed to astonish him; but he rallied in a moment, and answering, "Oh, certainly," drew out a pocket book, and tossing over a few bills, not enough to meet the charge, finally produced a draft, seventy eight dollars in amount over the bill charged for the board and tuition of his children.—The principal obligingly took it, paying the difference; and the patron of the seminary took his leave. The three new pupils did not come as agreed, and no bank in the city will cash the draft. The police are looking out for the operator.

AMERICAN ANTIQUITIES.—At a regular meeting of the American Ethnological Society in the city of New York, letters were received from Mr. Cheeney, of Cherry Creek, accompanied with a map, measurement and description of certain Earth Works existing in Chautauqua and Cattaraugus counties, which, according to the aged Indian Chief, called Seneca White, is said by tradition to have been on the battle grounds between the Five Nations and the Southern and Western tribes, in their own wars. One of these works was a wall of earth, enclosing three-fourths of a acre, where many skulls have been found one with a bullet in it. Some appear to be the skulls of white men. One of several mounds on the high banks of Cattaraugus Creek, is fifteen feet high, and another sixteen and one hundred and thirty-six feet round. Bones and pottery are found in them. There is a defensive work, enclosing two acres, with a wall and ditch. Near Elm Creek is a circular fortification, one thousand feet round, and another has a fine spring in the centre.—At Randolph is a series of works, one, one thousand feet in circumference, with four gateways. The stumps of old trees, two and a half feet thick, stand on the embankment. Many other works are described or mentioned, in the interesting letters of Mr. Cheeney.

LAST EVENING'S REPORT.

BARNSTABLE, Nov. 15.

The kidnapping indictment involving the return of Columbus Jones to slavery was taken up this morning in the Superior Court. The defendant filed a special decree, alleging that Jones was a fugitive slave, and they arrested him as the agent of the owner, and denying the validity of the statutes under which the indictments are framed. To this the District Attorney filed a demurrer for the purpose of this trial. The demurrer was sustained without argument.

The defendants then plead the general issue, and filed a motion for continuance, on the ground that they had just learned of existence of a decree in Chancery in Florda, establishing the ownership of Jones.

The competency of that evidence was denied, and the question was argued at length by the District Attorney and Gen. Cushing.

The Court took the papers and will give a decision in the morning.

CROTON FALLS, Nov. 15.

The up freight train was run into by a wood train this afternoon, smashing one car, but injuring no person.

PITTSBURGH, Nov. 15.

The Ohio River still continues to rise and is now in good navigable order, with seven feet of water in the channel.

Abundance of boats are now in port, and there is any amount of freight ready for transportation.

Several boats are now loading, and navigation may be considered as resumed for the winter.

NEW YORK, Nov. 15.

Tens on the Essex County Bank, of Newark, N. J., altered from ones, have made their appearance.

A large and very brilliant meteor passed over the city between 9 and 10 o'clock this morning, in a direction from North to South.

The apparent size of the neucleus was one foot in diameter. The length of the trail twenty feet—the shape being a cone tapering to a point. Color, that of a bright yellow.

It was seen from various points in the city—the sun at the time shining through a cloudless sky.

10 P. M.—The Atlas & Argus, to this hour figures Jones 204 ahead. The Journal claims 102 majority for Leavenworth still.

Election Returns

The Albany Atlas and Argus of this morning says:

The additional returns—official and otherwise—received yesterday, show a result more favorable to those Democratic candidate endorsed by the Americans.—Our table gives JONES a majority of 304.—This is of course likely to be varied one way or the other by official figures yet to come in. RICHMOND'S vote, so far as heard from, seems to be at least even with JONES, and there is now a reasonable prospect that at least two of the Democratic candidates are elected.

DR. M'LANE'S

CELEBRATED

VERMIFUGE AND LIVER PILLS.

WE beg leave to call the attention of the Trade, and more especially the Physicians of the country, to two of the most popular remedies now before the public. We refer to

Dr. Chas. M'Lane's Celebrated
Vermifuge and Liver Pills.

We do not recommend them as universal Cure-alls, but simply for what their name purports, viz.:

THE VERMIFUGE,

For expelling Worms from the human system. It has also been administered with the most satisfactory results to various Animals subject to Worms.

THE LIVER PILLS,

For the cure of LIVER COMPLAINTS, all BILIOUS DERANGEMENTS, SICK HEAD-ACHE, &c. In cases of

FEVER AND AGUE,

preparatory to or after taking Quinine, they almost invariably make a speedy and permanent cure.

As specifics for the above mentioned diseases, they are Untivaled, and never known to fail when administered in accordance with the directions.

Their unprecedented popularity has induced the proprietors,

FLEMING BROTHERS,
PITTSBURGH, PA.

to dispose of their Drug business, in which they have been successfully engaged for the last Twenty Years, and they will now give their undivided time and attention to their manufacture. And being determined that Dr. M'Lane's Celebrated Vermifuge and Liver Pills shall continue to occupy the high position they now hold among the great remedies of the day, they will continue to spare neither time nor expense in procuring the Best and Purest material, and compound them in the most thorough manner. Address all orders to

FLEMING BROS., Pittsburgh, Pa.

P.S. Dealers and Physicians ordering from others than Fleming Bros., will do well to write their orders distinctly, and take none but *Dr. M'Lane's, prepared by Fleming Bros., Pittsburgh, Pa.* To those wishing to give them a trial, we will forward per mail, post paid, to any part of the United States, one box of Pills for twelve three-cent postage stamps, or one vial of Vermifuge for fourteen three-cent stamps. All orders from Canada must be accompanied by twenty cents extra.

DR. N. R. C. ROWE.

URISCOPIAN PHYSICIAN.

(Late from the Island of Barbadoes, West Indies)

WHO has located in Rochester, begs to announce to the public of Batavia and vicinity, that he can be consulted on all CANCEROUS and CATARRH affections, Tumors, diseases of the Lungs, Throat, Liver, Kidneys, &c., &c. Also Scrofulous and all other Chronic Diseases, at his office No. 8 Stone Block, corner of Main and St. Paul Streets.

The success that has attended his practice was never surpassed by any other Medical man of his Profession. He has cured entirely some of the worst cases of that most loathsome disease, CANCER—the thoughts of which chill the heart and makes life a burden to those afflicted with it—which had been pronounced by some of the most skilful Physicians as decidedly incurable. Those patients now live as witnesses to this fact. CATARRH, this most awful disease, which if not checked, terminates in Consumption, he can cure most speedily.— Scrofulous and all other Chronic Diseases he treats with equal success. Patients placing themselves under his care will be treated strictly scientific, as he is a legitimate practioner and not self-taught man. Dr. R. has discovered a speedy and certain cure for such cases of that fearful and ravaging disease CANCER, as are curable. It has hitherto been the opinion of the Medical Faculty that Cancer cannot be cured. Dr. Rowe however, has after a thorough investigation [illegible] of the disease been able to discover a remedy that will cure such cases as can be cured. Though all cases cannot be cured, yet they can be relieved and life prolonged. Any one consulting him will be told candidly whether anything can be done for them or not. Consultation free. Dr. R. by a careful chemical examination of the Urine can tell almost every Chronic Disease that mankind is liable to, and then can treat diseases more correctly and successfully than by any other mode of examination. The reason that a great many curable diseases are deemed incurable is simply from not finding out the real secret of the disease. Parties at a distance, not able to consult him personally, by sending a small vial with some of their Urine from the first made in the morning, and as soon after testing it, at the same time stating their age, will be told their disease. Letters addressed to Box 964, Rochester, N. Y., will meet with prompt attention. Packages containing Urine must be addressed to his office. Reference as to his mode of treatment can be given to some of the first Physicians in this country.

☞ Dr. Rowe will be at the Exchange Hotel, Attica, for 4 days, Tuesday, Wednesday, Thursday, Friday, Oct. 4, 5, 6, 7, where he can be consulted on the above diseases.

A NEW, SPEEDY, AND MOST SUCCESSFUL

MODE OF TREATING

Spermatorhoea, Nervous Debility, Marasmus or Wasting Consumption.

AND ALL

Diseases of the Urino-Genital Organs.

A CLASS of Maladies prevail to a fearful extent in community; dooming at least fifty thousand youth of both sexes, annually to an early grave. These diseases are very imperfectly understood. Their external manifestations or symptoms are Nervous Debility, relaxation and exhaustion; Marasmus, or muscular wasting and consumption of the tissues of the whole body; shortness of breathing, or hurried breathing on ascending a hill, or a flight of stairs— great palpitation of the heart, asthma, bronchitis and sore throat; shaking of the hands and limbs, aversion to society, and to business or study, dimness of eye-sight, loss of memory, dizziness of the head, neuralgic pains in various parts of the body; pains in the back and limbs, lumbago, dyspepsia or indigestion, irregularity of the bowels, deranged secretion of the kidneys and other glands of the body, as Leucorrhoea, or Fleur Albus, &c. Likewise Epilepsy Hysteria and Nervous Spasms.

Now, in ninety-nine out of every one hundred cases, all the above named disorders and a host of others not named have their seat primarily in the sexual organs, and arise from morbid excitement and chronic inflammation—a state of morbid irritability, hence the want of success on the part of Old School Doctors.

Dr. JOHNSON is now engaged in treating this class of modern maladies with the most astonishing success. The treatment adopted by the Institution is new. It is based upon scientific principles, with new discovered remedies, without minerals or poisons. The facilities of cure are such, that patients can be cured at their own houses without expense, in any part of the country, from an accurate description of their case by letter, and have the medicine sent them by mail or express.

Young Men suffering from these directful ills, will receive for $1 a series of Health Rules, and perfect charts of cure, which will be to them a true polar star through life.

Scrofula, or King's Evil,

is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children."

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently, vast numbers perish by disorders which, although not scrofulous in their nature are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S

Compound Extract of Sarsaparilla,

the most effectual remedy which the medical skill of our times can devise for this every-where prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as ERUPTIVE and SKIN DISEASES, ST. ANTHONY'S FIRE, ROSE, or ERYSIPELAS, PIMPLES, PUSTULES, BLOTCHES, BLAINS and BOILS, TUMORS, TETTER and SALT RHEUM, SCALD HEAD, RINGWORM, RHEUMATISM, SYPHILITIC and MERCURIAL DISEASES, DROPSY, DYSPEPSIA, DEBILITY, and, indeed, ALL COMPLAINTS ARISING FROM VITIATED OR IMPURE BLOOD. The popular belief in "*impurity of the blood*," is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Ayer's Cathartic Pills,

FOR ALL THE PURPOSES OF A FAMILY PHYSIC,

are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search, and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures, and directions for their use in the following complaints: *Costiveness, Heartburn, Headache arising from a disordered Stomach, Nausea, Indigestion, Pain in and Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Jaundice*, and other kindred complaints, arising from a low state of the body or obstruction of its functions.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness, and so numerous are the cases of its cures, that almost every section of country abounds in persons, publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

Ayer's Sarsaparilla,

A compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE, OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

[illegible] much, the reputation of [illegible] these ends. But the [illegible] by preparations of [illegible] has not all the [illegible] has more because [illegible] to be compounded [illegible] but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

HOSTETTER'S STOMACH BITTERS.

It is a fact that, at some period, every member of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has introduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nausea, Flatulency, Loss of Appetite, or any Bilious Complaints, arising from a morbid function of the Stomach or Bowels, producing Cramps, Dysentery, Colic, Cholera Morbus, &c., these Bitters have no equal.

Diarrhoea, dysentery or flux, so generally contracted by new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend Bitters of some kind; then why not use an article known to be infallible? All nations have their Bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to prove the value of this great preparation in the scale of medical science.

Fever and Ague.—This trying and provoking disease, which fixes its relentless grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTERS. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nausea nor offend the palate, and render unnecessary any change of diet or interruption of ordinary pursuits, but promote sound sleep and healthy digestion, the complaint is removed as speedily as is consistent with the production of a thorough and permanent cure.

For Persons in Advanced Years, who are suffering from an enfeebled constitution and infirm body, these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indispensable, especially where the mother's nourishment is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart temporary strength and vigor to the system. Ladies should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtue of the Bitters, will recommend their use in all cases of weakness.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for Hostetter's Celebrated Stomach Bitters, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

CONSUMPTION.

WINCHESTER'S
GENUINE PREPARATION OF THE
HYPOPHOSPHITES
OF LIME AND OF SODA,

The Specific Remedy for Consumption, Chronic Bronchitis, Asthma, Scrofula, Dyspepsia, General Debility, and all Nervous Diseases.

The success of this NEW REMEDY discovered by Dr. Churchill, of Paris, [illegible] UNBOUNDED POPULARITY throughout Europe and the United States. It is a purely SCIENTIFIC PREPARATION, and acts with INVARIABLE EFFICACY in all stages of Pulmonary and Nervous Diseases. The *Hypophosphites increase the Principle which constitutes nervous force, and are the most powerful blood generating agents known.*

The Cure of Consumption,

In the second and third stages [illegible] when there can be no uncertainty as to the nature of the disease, [illegible] IN ALL CASES by this treatment, even when the existing lesion of the lungs is of itself sufficient to produce death.

This Remedy has not only a curative effect, but will, if used whenever there exists a suspicion of the disease, PREVENT ITS DEVELOPMENT, and thus act AS A PRESERVATIVE WITH REGARD TO CONSUMPTION, JUST AS VACCINATION DOES WITH REGARD TO SMALL POX.

Professional Correspondence.

"[illegible], Aug. 6, 1859.—I have been treating the disease for twenty-five years, and have derived more satisfaction from the use of the Hypophosphites *than from all other means of medication combined.*"

"Manchester, Mich., Aug. 8, 1859.—I have used the Hypophosphites in my practice *with very happy effects*—so much so that I would not be satisfied to remain without them."

"[illegible], Vt., Aug. 9, 1859.—I believe the Hypophosphites used in the manner and way Dr. Churchill used them, will cure consumption."

"[illegible], N. Y., Aug. 12, 1859.—I have prescribed the Hypophosphites in several cases, and *am delighted with its effects.* [illegible]"

"Lowell, O., July 5, 1859.—I have used in all about forty [illegible] in but one instance have they failed to benefit the patient, and that was a hopeless case before I was called. I have had several cases given up by attending physicians, who are now enjoying comparatively good health, and exempt from all the symptoms of pulmonary disease. I have used the Remedy in my own case, *with decided success.* It was regarded as hopeless by physicians and friends, and even by myself, under the old treatment. I am now able to ride, in attending to the sick, as many miles, perhaps, as any other physician in the county."

"[illegible], Pa., July 28, 1859.—I received the twelve bottles of Churchill's Remedy for Consumption. * * * Is [illegible] IN EVERY CASE."

Consumptives, in any stage of the Disease, should resort *immediately* to the use of the Hypophosphites of Lime and Soda. "Winchester's Genuine Preparation" (in single bottles, & extra large Bottles), is "chemically pure," is the combination proposed by Dr. Churchill "for general use," and is prepared according to his *original Formula*.

Dr. Churchill's Work on Consumption,

Comprising his Report made to the Imperial Academy of Medicine, Paris; Notes of Cases, and Letters, Documents, Testimonials, &c., together with a Circular, will be sent on receipt of TWELVE CENTS in stamps.

CAUTION.—Interested Druggists will try to sell you other preparations than mine. Do not buy them! My "Genuine Preparation" bears my *fac simile signature.*

Beware of all Preparations claiming to be the Hypophosphites, which contain IRON, or any DRUG. The country is likely to be flooded with spurious preparations. By writing to me, you obtain information that will prevent any deception being practised upon you.

We also beg to inform our readers that we do not hold ourselves responsible for the opinions of our correspondents.

JOB PRINTING, OF ALL KINDS, EXECUTED AT THIS OFFICE WITH TASTE AND DESPATCH.

No intelligence has been received of the missing steamer *North Star*. The official list of her passengers, as published at the time of her departure, shows that there were over seven hundred persons on board, of whom a large number were ladies and children. The sailors, marines, and United States officers, on their way to join the United States frigate *Saranac*, on the pacific station, numbered one hundred and sixty four. The cargo of the steamer consisted of some 346 packages of Express freight, valued at $52,235. The owners profess to entertain no fears for the safety of the steamer, supposing she may have put into some port of the West Indies, where she will be heard from in a few days. There is, nevertheless, great public anxiety on her account.

Further details of news by the Overland Mail to Oct. 24, are telegraphed from St. Louis. Gov. WELLER, it was understood, was to make his appointment of a United States Senator, in the place of the late Mr. BRODERICK, in time for the steamer of Nov. 5. A destructive fire had laid waste a large portion of the town of Yreka. From the Sandwich Islands we hear of the dullness of trade, the failure of the coffee, and the moderate success of the sugar crop. The passengers and crew of the clipper-ship *Mastiff*, whose disaster has already been reported, were carried to Honolulu by the British ship *Achilles*. Among the passengers was Mr. RICHARD H. DANA, of Boston. There were also on board 175 Chinamen, one of which was the only person lost. Nothing but the lives of the party was saved. The cargo and personal effects of the captain crew and passengers were utterly destroyed with the vessel.

A "Ghostly" Procession!—Humors of the Campaign!

Red spirits and white,
Blue spirits and gray,
Mingle, mingle, mingle,
Ye that mingle may.

A great deal was said and sung about ghosts in the columns of the Advocate during the late exciting, but funny Canvass, and one article in particular, describing the various party Ghosts, engaged in the fight as the Ghosts of "Old line Whigs," Ghosts of "Democrats," "Sore Head Republican Ghosts," "Equal Rights Ghosts" "Know Nothing Ghosts" the "Ghost of Old Fogyism," etc., etc., was so graphic and withal so good humored that it straightway set our *Devil* to dreaming.

The result of his dreaming was, that on the night after the election, just as the clock tolled midnight, he saw or seemed to see the following "*Procession.*" It started out of the room in the Court House, over which hangs the old rusty sign marked "Surrogate's Office" proceeded down Main Street to the "American Boot and Shoe Store" where THOMAS made them a neat little speech, then turned down Jackson Street, till it arrived exactly in front of the Central Rail Road Ware House, on the left hand where the Band completed the tune it had been all along playing, "*the Rogues March*" and the Procession then disappeared into thin air.

As nearly as our juvenile imp could discern the characters and performances, they were something as follows:

First, Solus, striding along "grand gloomy and peculiar," a late regular Republican nominee for County Judge, carrying copies of his excellent sentence in the Bergen Case, filed "*nunc pro tunc*" He was supported by "Hi who caried submissively, a bundle of the Advocate containing the opinion delivered on quashing *the Weller Gas Indictment.*

[illegible] carrying the $5 (Imperial) gold pen, raped in black, and the other bearing quietly and modestly along a "fair" copy of the famous Rail Road stipulation. Then came "our brother" (A. R) and the receiver of "all that is mortal" of the "Genesee Mutiny" arm in arm, followed by the same horse and buggy that drove them down to "regulate" the Byron Caucus.

Next the Supervisor of Batavia carrying the key of the Cady School House, lifting his hat politely and inquiring, with many bows whether there was really a double delegation from the town of Byron." He was followed, at respectful distance, by the balance of *"the Committee of five"* crying "alls fair in politics." The Benham Boys of Byron with pieces of the Marble Mantle Piece, making a "d—d—fuss generally"—and asking whether lightning had struck any where else the same day.

Squire H. with his noted Constitutional argument, made in the Republican Convention, printed (at the expense of the Committee) on *Satin* headed "the Report of a Committee is always final.'

Neighbor W. of the Advocate footing up the bills of the campaign denouncing Tom add Oc., for getting him into so bad a box, and offering to sell out cheap, to brother Thompson of Le Roy, or the returned delegate from Kansas, The delegate from Kansas himself, distributing copies of the *Ghost Article* in the Advocate transferred by him into the Gazette, and informing the crowd that he was its sole author and that it "finished the campaign."

The village Pound Keeper with that dollar"—supported by M. COSTELLO, the latter brandished the Club that beat the Dutchman and declared in rich Irish brogue, that there wasn't "a Divil a word truth in the Studley yarn."

The Ghosts of the Bethany Client, and of poor Johnny McClosky, here tripped along, looking as large, and twice as happy, as in real life.

And Uncle Rufus plucky but rheumatic, swinging his umbrella, and shouting Hosana for Le Roy—and declaring that it was time the old fogies, like himself and MOSES, took the helm again, but stoutly refusing to tell who he voted for.

William and Amos, the one carrying the club that he says he holds over all the Republicans who don't go for him at the Caucusses—and the other carrying the "Republican Hen Coop" much shattered, the top partly blown up—and several slats off in front.

Tune—"Oh what has caused this great commotion—otion—all the country thro'h."

Motto—"There's many a slip betwixt the cup and lip."

Another—"No wonder I'm beat when I had such a load to carry with me."

S. the land Agent, with bundles of votes Handbills, and large piles of the recent circular for "*private circulation*" only. Mr. S. was seen to ask several persons, confidentally if election was really over, or whether there was "going to be much of a storm after all!" Last, but not least, in this "strange eventful" procession, came the late Secretary of the Genesee Mutiny—a little *discouraged*." He was supported by the same array of little Boys who carried his letters into the "Peoples Convention," and stuck the extra *Advocates* into the farmers waggons.

He stated that he had a few more of the "same sort left"—but denied, indignantly, that *Bangs* had anything to do with them. He also took several gentlemen aside and asked them, *sotto voce*, whether they had seen his *last letter*—saying that was the greatest hit of all. Here he called on *Pettit* to help him, and after denouncing the distinguished Ex Senator of LeRoy, for his "Chicken Celery" and "old monongohela," he and his boon companions began to sing

"We wont go home till morning
Till daylight doth appear."

This was about all that our devil could distinctly make out,—but the last words that fell on his ear were these of the old witch chant, which Johnny H. so beautifully and amiably quoted and applied in the *Advocate*,—

"Red spirits and white, blue spirits and Gray-
Mingle, Mingle, Mingle, ye that mingle may."

EXIT OMNE, GHOSTS.

The Mozart Hall Democrats last evening nominated Fernando Wood, as Mayor.

Anecdotes of John Brown.

The Warren (Penn.) Ledger says:

"Some who knew John Brown in early life, and there is one living in this section who knew him well, and who learned his trade of him, represent him as having been always characterized and even noted for singular probity of life, and as having been distinguished by strong and rather eccentric benevolent impulses. When a leather dealer, at his maturity, he would refuse to sell leather until the last drop of moisture had been dried from it, lest he should sell his customers water and reap the gain. He is said to have caused a man to be arrested or re-arrested for some small offense, not easily substantiated to a jury, or who had already passed a preliminary examination without effect, although he (Brown) had sustained no personal injury, but simply because he thought the crime should be punished; and his benevolence induced him to supply amply the wants of the offender out of his private means, and we believe to provide for the family until the time of trial. The rogue confessed that he had never lived so well as during the time of his imprisonment.—A still more curious instance is related of his eccentric character. Having gone from his house for a physician, in a case of common family urgency, he saw some persons bagging apples in another person's orchard. He made them restore their booty, and took measures to effect their arrest, so that much time was necessarily consumed before he attended to the urgent distresses of his family. These cases, credibly related, are manifestly part and parcel with his recent extraordinary act in Virginia.—The first-mentioned of these cases is from the mouth of one who knew him well, and who regarded him at that time as an exemplary and highly Christian man."

Washington Tribune correspondence—Secretary Cobb has not commenced writing his annual report, and will not till his latest figures are received. The Clerks are now digesting information already obtained for his notes and references. Beside an apparent balance of $4,700,000 in treasury, the Secretary has $5,000,000 in notes received for customs during the heavy imports which are capable of reissue, and about $1,000,000 more anticipated from miscellaneous sources.

These two sums with a temporary draught upon the working margin of the department will enable him to meet the Post Office demands of about $8,000,000 by the 1st of January, and $1,000,000 for Congressional mileage. If the revenue fulfills his anticipation afterwards he can get on, if not, a new loan will be necessary.

The board appointed by the navy department to examine Maynard's Breech loading carbine, say they think it recommends itself to the test of the naval service.

A Rochester girl, named Frances McKinney, procured the arrest of a faithless lover who had deserted her in her shame. During his courtship he told her that he had once taken a solemn oath, to please a friend, that he would never marry except upon the condition that she at length acceded to. Before the magistrate the fellow offered to marry the girl and thus put an end to the proceedings, but she hesitated and then refused the offer outright.—She thought that a man who had deceived her once could not be trusted, and that she had better have nothing to do with him. She served him right.

Dr. Smith of Rochester has invented a light which possesses extraordinary powers. It was recently placed upon a locomotive on the Central Railroad. The account says: "It was found that a man with optics of ordinary power could, solely by the light reflected from the lamp read a newspaper printed in type like that with which this article is set, *a full quarter of a mile from the locomotive.*

An editor and a young school-mistress were engaged in conversation the other day, when the following passed between them: Editor—"Miss—, when are you going to be married?" School mistress—"Well, I don't know; the first chance I got." Editor—"Well, as that's my intention, suppose we marry." School mistress—"Well, I don't know whether that would be a *chance* or not." The editor acknowledged himself "in below the ford."

REMARKABLE SPOT ON THE SUN.—It is stated that a spot of remarkable size is now visible on the surface of the sun, more than sixty thousand miles in diameter, or eight times the diameter of the earth. It can be seen without difficulty with the aid of an opera glass, the eye, of course, being protected by a screen. The area occupied by this disturbance of the sun's surface is about three thousand millions of square miles, some fifteen or sixteen times the whole surface of the earth.

LOCAL MATTERS.

We have been informed by a friend formerly a resident of this village. that we are soon to be favored with a rich musical treat by Mr. James G. Clark. whose fame has reached us long since, as a beautiful composer and a fine singer, assisted by the Union Bards of Rochester. who rank among the first singers of the day. Selections will be made from the most beautiful quartettes and duets of the musical age, by the Bards, and the finest selection of ballads which has ever been presented will be rendered by Mr. Clark. We need not we think say anything further by way of recommendation, as two names so well known as the above, are a combination, in our idea, to powerful to be resisted.

D., in a note to Dr. Herrick, says: I have tested your purgative Sugar Coated Pills in a variety of diseases, and find them superior to any cathartic I ever used. My customers, particularly the female portion, have fallen in love with them, and frequently ask me to give them the Sugar Coated Pill. Your discovery in coating a pill with sugar should immortalize your name, and I doubt not your invention will be handed down to future posterity as a discovery worthy the day in which we live. Please accept my thanks for the can of pills which reached me this morning by express. Enclosed find the amount of your bill. Sold everywhere.

Dr. M'LANE'S

CELEBRATED

VERMIFUGE

AND

LIVER PILLS.

WE beg leave to call the attention of the Trade, and more especially the Physicians of the country, to two of the most popular remedies now before the public. We refer to

Dr. Chas. M'Lane's Celebrated

Vermifuge and Liver Pills.

We do not recommend them as universal Cure-alls, but simply for what their name purports, viz.:

THE VERMIFUGE,

For expelling Worms from the human system. It has also been administered with the most satisfactory results to various Animals subject to Worms.

THE LIVER PILLS,

For the cure of LIVER COMPLAINTS, all BILIOUS DERANGEMENTS, SICK HEAD-ACHE, &c. In cases of

FEVER AND AGUE,

preparatory to or after taking Quinine, they almost invariably make a speedy and permanent cure.

As specifics for the above mentioned diseases, they are Unrivaled, and never known to fail when administered in accordance with the directions.

Their unprecedented popularity has induced the proprietors,

FLEMING BROTHERS,
PITTSBURGH, PA.

to dispose of their Drug business, in which they have been successfully engaged for the last Twenty Years, and they will now give their undivided time and attention to their manufacture. And being determined that Dr. M'Lane's Celebrated Vermifuge and Liver Pills shall continue to occupy the high position they now hold among the great remedies of the day, they will continue to spare neither time nor expense in procuring the Best and Purest material, and compound them in the most thorough manner. Address all orders to

FLEMING BROS., Pittsburgh, Pa.

P.S. Dealers and Physicians ordering from others than Fleming Bros., will do well to write their orders distinctly, and take none but Dr. M'Lane's, prepared by Fleming Bros. Pittsburgh, Pa. To those wishing to give them a trial, we will forward per mail, post paid, to any part of the United States, one box of Pills for twelve three-cent postage stamps, or one vial of Vermifuge for fourteen three-cent stamps. All orders from Canada must be accompanied by twenty cents extra.

DR. COGGSWELL'S NEW MEDICAL SALT.

For Inflamatory Diseases Only.

New Medical Salt! New Medical Salt!

IT IS NOT A CURE-ALL.

For Inflammatory Diseases only

Dr. Coggswell's New Medical Salt, instead of its being a remedy for all ills, has control over but one ill; has but one aim, and accomplishes but one thing, to wit: subdues inflammatory diseases, whatever be its form or locality, whether in the head, throat, abdomen, extremities or skin.

New Medical Salt. Its peculiar excellence is, that without the useless loss of blood and strength, it effectually cures inflammatory diseases, (an other,) by producing an equilibrium, of the fluids in the body, the want of which is the sole cause of inflammation!

Notice To Invalids!! The following forms which the unbalanced fluids assume, and many not here mentioned, that have more or less fever or pain, are as easily subdued by the *New Medical Salt*, as fire is extinguished by water, to wit: Brain Fever, Headache, rush of blood to Head and Heart, Fits, Inflamed eyes, ears, nose, lungs and liver, Neuralgia Spinal affections, Erysipelas, Bronchitis, Pleurisy, Asthma, Cough, Dyspepsia, Venereal Diseases, Rheumatism, Gout, Scrofula, and all Itching and other cutaneous eruptions.

Dr. Coggswell's New Medical Salt does just what it claims to do—no more no less—equalizes the fluids by removing from the system all arterial and venous obstructions. Descriptive circulars may be obtained from any Druggist who has this valuable medicine for sale.

Dr. Coggswell's New Medical Salt. Get a Circular. Ask any Druggist about the *New Medical Salt*.

Ask your neighbors about the *New Medical Salt*. If sick, try; if not sick, remember the *New Medical Salt*.

Dr. Coggswell's New Medical Salt is for sale in Batavia by G. W. Fellows and by all enterprising druggists wherever the Herald is read.

As it is not a Patent Medicine, but the prescription of an eminent Physician, no one should fail to try the New Medical Salt.

For testimonial and directions see circular.

Acute Packages, $1,00; Chronic $2,50.

Sent by mail, free of expense on receipt of price.

DR. N. R. C. ROWE.

URISCOPIAN PHYSICIAN.

(Late from the Island of Barbadoes, West Indies)

Who has located in Rochester, begs to announce to the public of Batavia and vicinity, that he can be consulted on all CANCEROUS and CATARRH affections, Tumors, diseases of the Lungs, Throat, Liver, Kidneys, &c., &c. Also Scrofulous and all other Chronic Diseases, at his office No. 6 Stone Block, corner of Main and St. Paul Streets.

The success that has attended his practice was never surpassed by any other Medical man of his Profession. He has cured entirely some of the worst cases of that most loathesome disease, CANCER—the thoughts of which chill the heart and makes life a burden to those afflicted with it—which had been pronounced by some of the most skilful Physicians as decidedly incurable. These patients now live as witnesses to this fact. CATARRH, this most awful disease, which if not checked, terminates in Consumption, he can cure most speedily.—Scrofulous and all other Chronic Diseases he treats with equal success. Patients placing themselves under his care will be treated strictly scientific, as he is a legitimate practioner and no self taught man. Dr. R. has discovered a speedy and certain cure for such cases of that fearful and ravaging disease Cancer, as are curable. It has hitherto been the opinion of the Medical Faculty that Cancer cannot be cured. Dr. Rowe however, has after a thorough investigation 'ong study of the disease been able to discover a remedy that will cure such cases as can be cured. Though all cases cannot be cured, yet they can be relieved and life prolonged. Any one consulting him will be told candidly whether anything can be done for them or not. Consultation free. Dr. R. by a careful chemical examination of the Urine can tell almost every Chronic Disease that mankind is liable to, and thus can treat diseases more correctly and successfully than by any other mode of examination. The reason that a great many curable diseases are deemed incurable is simply from not finding out the real secret of the disease. Parties at a distance, not able to consult him personally, by sending a small vial with some of their Urine from the first made in the morning, and $1 as a fee for testing it, at the same time stating their age, will be told their disease. Letters addressed to Box 964, Rochester, N. Y., will meet with prompt attention. Packages containing Urine must be addressed to his office. References as to his mode of treatment can be given to some of the first Physicians in this country.

☞ Dr. Rowe will be at the Exchange Hotel, Attica, for 4 days, Tuesday, Wednesday, Thursday, Friday, Oct. 4, 5, 6, 7, where he can be consulted on the above diseases.

DR. JOHNSON'S

HERB DISPENSARY

OFFICE 95 MAIN STREET,

(2d door, Up Stairs, Buffalo, N. Y.)

A NEW, SPEEDY, AND MOST SUCCESSFUL MODE OF TREATING

Spermatorhoea, Nervous Debility, Marasmus or Wasting Consumption.

AND ALL

Diseases of the Urino-Genital Organs.

A class of Maladies prevail to a fearful extent in community; dooming at least fifty thousand youth of both sexes, annually to an early grave. These diseases are very imperfectly understood. Their external manifestations or symptoms are Nervous Debility, relaxation and exhaustion; Marasmus, or muscular wasting and consumption of the tissues of the whole body; shortness of breathing, or hurried breathing on ascending a hill, or a flight of stairs—great palpitation of the heart, asthma, bronchitis and sore throat; shaking of the hands and limbs, aversion to society, and to business or study, dimness of eye-sight, loss of memory, dizziness of the head, neuralgic pains in various parts of the body; pains in the back and limbs, lumbago, dyspepsia or indigestion, irregularity of the bowels, deranged secretion of the kidneys and other glands of the body, as Leucorrhoea, or Fleur Albus, &c. Likewise Epilepsy Hysteria and Nervous Spasms.

Now, in ninety-nine out of every one hundred cases, all the above named disorders and a host of others not named have their seat primarily in the sexual organs, and arise from morbid excitement and chronic inflamation—a state of morbid irritability, hence the want of success on the part of Old School Doctors.

Dr. JOHNSON is now engaged in treating this class of modern maladies with the most astonishing success. The treatment adopted by the Institution is new, it is based upon scientific principles, with new discovered remedies, without minerals or poisons. The facilities of cure are such, that patients can be cured at their own houses without exposure, in any part of the country, from an accurate description of their case by letter, and have the medicine sent them by mail or express.

Young Men suffering from these direful ills, will receive for $5 a series of Health Rules, and perfect chart of cure, which will be to them a true polar star through life.

Having greatly increased their facilities for manufacturing their Celebrated Family Machines, with all the recent improvements, have reduced their prices, and offer for sale

A NEW STYLE MACHINE, PRICE $50.

It is no longer questioned that these Machines are the best in use for family sewing. They also HEM, FELL, GATHER, AND STITCH

A CHILD OF TEN YEARS

FIFTEEN HUNDRED STITCHES A MINUTE

and will do the sewing of a family cheaper than a seamstress can do it, even if she works at the rate of

Is there a husband, father, or brother in the United States who will permit the drudgery of hand sewing in his family, when a Grover & Baker Machine will do it better, more expeditiously and cheaper than can possibly be done by hand?

Scrofula, or King's Evil,

is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth, and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children."

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently, vast numbers perish by disorders which, although not scrofulous in their nature are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S
Compound Extract of Sarsaparilla,

the most effectual remedy which the medical skill of our times can devise for this every-where prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as Eruptive and Skin Diseases, St. Anthony's Fire, Rose, or Erysipelas, Pimples, Pustules, Blotches, Blains and Boils, Tumors, Tetter, and Salt Rheum, Scald Head, Ringworm, Rheumatism, Syphilitic and Mercurial Diseases, Dropsy, Dyspepsia, Debility; and, indeed, all Complaints arising from Vitiated or Impure Blood. The popular belief in "*impurity of the blood*," is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Ayer's Cathartic Pills,

FOR ALL THE PURPOSES OF A FAMILY PHYSIC,

are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search, and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures, and directions for their use in the following complaints: *Costiveness, Heartburn, Headache arising from a disordered Stomach, Nausea, Indigestion, Pain in and Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Jaundice,* and other kindred complaints, arising from a low state of the body or obstruction of its functions.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness, and so numerous are the cases of its cures, that almost every section of country abounds in persons, publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

THE

NEW YORK WEEKLY,

A HANDSOME QUARTO PUBLICATION

BEAUTIFULLY ILLUSTRATED,

IS NOW UNIVERSALLY ACKNOWLEDGED TO BE

THE BEST STORY PAPER IN THE WORLD!

Among its Regular Contributors will be found the names of some of the best male and female writers in the United States! Such writers as Justin Jones, (Harry Hazel,) Augustine J. H. Duganne, William Earle Binder, Harry Hazleton, James Reynolds, Francis S. Smith.

Mrs. Mary J. Holmes, Helen Forest Graves, Mary C. Vaughan, Margaret Verne, Anna Raymond, Eda Mayville. Write for it regularly, while a score of other well known writers occasionally contribute to its columns.

THE NEW YORK WEEKLY has now engaged a force of talent that cannot be rivaled by any establishment in the world!

NOTICES OF THE PRESS.

Never before has any new candidate for public favor in the Literary World received such flattering notices from the Press. From all quarters, our editorial brethren have cheered us on by speaking of our enterprise in a manner to stimulate our vanity, and to excite the envy of our rivals.

GENERAL CHARACTER OF THE NEW YORK WEEKLY.

The WEEKLY is designed more especially as a First-Class Story Paper, in which we intend to give our readers a succession of THE BEST STORIES EVER PUBLISHED IN THE UNITED STATES! The aim and object of these productions will be to inculcate useful knowledge under the pleasing guise of fiction, or to teach great moral lessons through the same means. We shall never publish a word or line, the tendency of which is to injure the morals or taste of the reader. Every issue of the NEW YORK WEEKLY will contain short sketches of Life and Manners, Notings of Travel and Adventure, Short Stories, General Summary of Events, Humorous Gleanings, Poetry, Editorials, &c., &c. As specimens of our serials, we would point to A. J. H. Duganne's great story, Garibaldi, The Hero of Italy! Harry Hazel's exciting Indian Romance, The Mute Spy! Francis S. Smith's Intensely Interesting Domestic Story, Maggie, The Child of Charity! While, as specimens of our standing departments, we point with pride to our Ballads of the Bible, admitted, by all to be the most chastely written and beautiful scriptural poems ever produced.

Our Knowledge Box, in which is weekly contained a number of paragraphs of the greatest importance to house-keepers and others.

Our Pleasant Paragraphs, an interesting *melange*, ranging "from grave to gay, from lively to severe."

Our Ladies' Column, prepared especially for the ladies by one of the most brilliant lady writers of the present day.

Our Mirthful Morsels, our Items of Interest, etc., etc. In a word, its Editors will use their best endeavors to get up just such a paper as will eventually find its way to every fireside in the land—that shall be a welcome visitor wherever it goes—equally popular in the workshop and the office—at the fireside of the farmer, or in the counting-room of the merchant—a paper that parents can, with safety, place in the hands of their children without note or comment, feeling certain that its influence will be to stimulate their minds to the pursuit of knowledge, or lead them to abhor vice and wrong.

OUR CIRCULATION & PROSPECTS.

The NEW YORK WEEKLY has gone up to a circulation which places it second in point of circulation in the list of publications of the day. There is but one weekly publication in the world having a larger circulation than the WEEKLY.

The indications are, at present, that the circulation of the WEEKLY will soon reach half a million. Where the newsmen were taken tens, they are now taking hundreds of copies. This is the general effect among the *five thousand* News Agents who are now regularly selling the NEW YORK WEEKLY, while from nearly every Post Office in the country, we are daily getting subscriptions and orders for specimens.

How and Where to Get the "Weekly."

Wherever there is a News Agent, get the paper from him. By so doing, you do not run the risk of losing your money through the Post Office, or having to pay for what you will never get. If the paper you are buying from the Agent stops, you do not lose advance subscriptions, sent to a place where you have no means of looking after it. We trust the day is not far distant when every town, large enough to sustain a Post Office, will have its News Agency.

OUR TERMS:

The price of the NEW YORK WEEKLY is FOUR CENTS, but where Agents have to pay extra freight or postage, a higher price is necessarily charged. When sent by mail, the price will invariably be $2 00 a year, in advance. Subscriptions taken for three months. Two copies will be sent for one year for $3, four copies for $5, eight copies for $12. Postmaster and others who get up clubs of ten, and send us $15 at one time, will be entitled to an extra copy for their trouble. The bills of all solvent banks taken at par for subscriptions. Canada subscribers must send twenty-five cents extra with every subscription, to pre-pay the American postage.

All letters and communications, in relation to the Editorial or Business Departments of the NEW YORK WEEKLY, must be addressed to

STREET & SMITH,

Ayer's Sarsaparilla,

A compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:

Scrofula and Scrofulous Complaints, Eruptions and Eruptive Diseases, Ulcers, Pimples, Blotches, Tumors, Salt Rheum, Scald Head, Syphilis and Syphilitic Affections, Mercurial Disease, Dropsy, Neuralgia or Tic Douloureaux, Debility, Dyspepsia and Indigestion, Erysipelas, Rose, or St. Anthony's Fire, and indeed the whole class of complaints arising from Impurity of the Blood.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.

HOSTETTER'S STOMACH BITTERS.

It is a fact that, at some period, every member of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose Dr. Hostetter has introduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature enable the system to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nausea, Flatulency, Loss of Appetite, or any Bilious Complaints, arising from a morbid inaction of the Stomach or Bowels, producing Cramps, Dysentery, Colic, Cholera Morbus, &c., these Bitters have no equal.

Diarrhea, dysentery or flux, so generally contracted by new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend Bitters of some kind; then why not use an article known to be infallible? All nations have their Bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to prove the value of this great preparation in the scale of medical science.

Fever and Ague.—This trying and provoking disease, which fixes its relentless grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTERS. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nausea nor offend the palate, and render unnecessary any change of diet or interruption of ordinary pursuits, but promote sound sleep and healthy digestion, the complaint is removed as speedily as is consistent with the production of a thorough and permanent cure.

For Persons in Advanced Years, who are suffering from an enfeebled constitution and infirm body, these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indispensable, especially where the mother's nourishment is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart temporary strength and vigor to the system. Ladies should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtue of the Bitters, will recommend their use in all cases of weakness.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for HOSTETTER'S CELEBRATED STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

JOB PRINTING, OF ALL KINDS, EXECUTED AT THIS OFFICE WITH TASTE AND DESPATCH.

The Attorney General's Letter on Brown's "Last Card."

A friend of Judge Taggart understanding that some sly dodge might be attempted in or before the Board of Canvassers in order to throw out Judge T's majority and count in J. L. Brown took the precaution to solicit the Attorney General to give his opinion as to whether the votes with the caption, for "County Judge *and Surrogate*" should be allowed or not. Let it be remembered that four of the Supervisors viz: Warner of Batavia, Moulton of Alexander, McCrillis of Oakfield and Gates of Darien, mainly if not entirely, in this far-fetched and "thimble rigging" quibble, voted against allowing votes with that caption to Judge Taggart which the ballot boxes contained and which, was in effect to declare J. L. Brown still County Judge of Genesee in spite of the honestly and clearly expressed will of a majority of her electors. We repeat, let the extraordinary dodges, and performances attending the recent *Canvass of votes* in this County be well remembered.

Well may our citizens irrespective of party rejoice that they are in mercy spared any further judicial rule at the hands of the disappointed and defeated Candidate who finds it so hard to believe in, and still harder to submit with grace and cheerful- to the *verdict of the ballot box*.

But here follows the letter of Judge TREMAIN:—

STATE OF NEW YORK, ATTORNEY
GENERAL'S OFFICE, ALBANY,
Nov. 14th, 1859.

DEAR SIR:—It is my opinion that the ballots cast for Moses Taggart, for "County Judge and Surrogate" are good. They comply with the statute in designating the office intended by the elector and leave no room for doubt as to the intention of the parties depositing the ballots.

Being Surrogate in fact, there is no inconsistency, and the words and "Surrogate" do not vitiate. The case in 17th Illinois is in point. Who can doubt that a vote for "Supreme Court Judge" would be good instead of "Justice." It has been so held by the State Canvassers.

Yours Truly, L. TREMAIN.

Arrest of a Supposed Insurgent.

Dr. W. R. Palmer was arrested at Memphis, Tenn., some days since, on suspicion of having been concerned in the insurrection at Harper's Ferry.

A suspicion of his complicity in that affair was excited by two letters which he dropped when hastily leaving a railroad car, observing which, a gentleman picked them up and and endeavored to recall the owner, but the cars moved along and the gentleman retained the letters. Observing that one of them was directed to "John Brown," and recalling the circumstances of the haste of the person who dropped them, and what seemed an attempt to conceal his features from observation, suspicion was excited, and one of the letters—open when found—was perused. Its contents referred to the movements of the insurgent Brown, and induced the belief that the person who dropped the letters was one of the prime movers in the Harper's Ferry affair. The letters were forwarded to the Governor with a detailed statement of the manner in which they were obtained; all of which resulted in the arrest, as above stated of Dr. Palmer, who was identified as the man who dropped the letters in the rail-car. An examination of the accused was made in the Magistrate's Court, which resulted in his being held to bail in the sum of $2,500 for his appearance before the Circuit Court, in default of which he was committed to jail.

SLEIGHING.—In the northern part of the State the people are now enjoying very good sleighing. In some of the counties the snow is a foot deep.

Election of Jones.

We learn by official returns that Floyd Jones is elected by a majority of 1,270.—The Republicans have certainly no cause for exultation; on the contrary, a considerable depression of their spirits would seem very natural, in consideration of the great Democratic gain indicated by the last general election returns, and of the defeat of four of their candidates in the recent contest. Republicanism is certainly in a decline and probably will not survive the year 1860.

The "Higher Law" Candidate.

MR. EDITOR:—Don't fail to enlighten the natives and naturalized, as to the immaculate talents of the volunteers counsel of the board of County Canvasser. Who ever before discovered that "the proper way to dispose" of supposed errors in counting the votes was "to send the returns back for a new count?" Grand idea to be sure. No matter if the ballots have been destroyed as the law requires, The learned Counsel is not to be baffled by so small an obstacle as the destruction of the ballots. The ballots have been burned say the inspectors.—Count them over says the Counsel. Put on your second sight spectacles, peer into the ashes and spell out.

WILLIAM TYRRELL, you must see what is not to be seen. Do spread his fame broadcast through the land.

QUI A COURSE.

An American gentleman relates, after leaving a paper of which he was the editor and returning on a visit he wrote a leader for the new editor, and he really thought it good, better than he had written for months. Next day he met an old acquaintance with a paper in his hand. "Ah!" said he, "this paper is but a miserable thing now—nothing like what it was when you had it"—and pointing to the article he had written he continued:—"Look, for instance, at this thing! who would read such trashy stuff as that! Why didn't the fool let you write the article."

Thurlow Weed speaking through the Journal of the lamentable insanity of Gerrit Smith, says:—

"With those who have known Gerrit Smith longest and most intimately, his present melancholy condition is more a matter of regret than surprise. His mind has hovered upon the borders of insanity for more than a quarter of a century.—His physical health was destroyed, many years ago, by his peculiar habits and views in regard to temperance and diet."

We quote only the above paragraph of Mr. Weeds article. A part of it is eminently just to Mr. Smith, but the above would indicate that Mr. Weed has lived beyond the use of his reason. Why it is that the Republican Press, with scarcely an exception, persist in making such false, cowardly and contemptible charges the public pretty well understand. We know of nothing so contemptible as these thrusts at the man who hold his present assailers in silence before the calamity that deprives him of the power now to defend himself.

If Mr. Smiths "habits" have predisposed him to insanity, there is no virtue in an exact, and pure life. Thurlow Weed has out lived his reason, but not his malignancy.

Return of Gov. Seward.

Gov. Seward is expected to arrive at New York, from Europe, about the 25th inst., and the Republicans of the Metropolis are making arrangements to receive him with a characteristic demonstration.

The four $1000 bills on the Commercial Bank at Montreal, lost some time since, were returned to Moulson's Bank on the 16th inst., by a Roman Catholic priest. They are supposed to have reached his hands through the Confessional.

Killed by the Cars.

The night Express train from New York, over the Genesee Valley Railroad ran against and killed a man yesterday morning, near Wayland. We have not learned the name of the person.

The host of personal friends of Gerrit Smith will rejoice to learn, from most credible authority, that Dr. Gray in Utica has given his family encouragement to feel that the afflicted gentleman will be entirely restored to mental health. It is also his opinion that Mr. Smith's bodily health will be reestablished. So prostrated was he when he arrived at Utica, that it was the opinion of his physicians that he would not have survived forty-eight hours longer had he remained at his home. So says the New York *Tribune*.

Safety of the Steamer North Star.

CHARLESTON, Thursday, Nov. 17.

A letter to the Charleston Courier, dated Nassau, New-Providence, Nov. 9, states that the steamer North Star, from New York for Aspinwall, got ashore about the 25th of October, on French Keys, and remained on the Keys six or seven days, but finally got off without extra assistance by throwing over some coal, and with loss of anchors, and proceeded on her voyage on the 2d inst.

TALENT AND GENIUS.—Very felicitous is Dr. Holmes when he says, "the world is always ready to receive talent with open arms. Very often it does not know what to do with genius. Talent is a docile creature. It bows its head meekly while the world slips the collar over it. It backs into the shafts like a lamb. It draws its load cheerfully, and is patient of the bit and the whip. But genius is always impatient of its harness, its wild blood makes it hard to train.

"A goose flies by a chart which the Royal Geographical Society could not mend. A poet, like the goose, sails without visible landmarks to unexplored regions of truth, which philosophy has failed to lay down upon its atlas. The philosopher gets his track by observation; the poet trusts to his inner sense, and makes the straighter and swifter line.

"Talent is a very common family trait; genius belongs rather to individuals; just as you find one giant or one dwarf in a family, but rarely a whole brood of either. Talent is often to be envied, and genius very commonly to be pitied. It stands twice the chance of the other of dying in a hospital, in jail, in debt, in bad repute. It is a perpetual insult to mediocrity; its very word is a trespass against somebody's vested ideas."

HOUSEHOLD WORKS FOR THE LADIES.—The London Literary Gazette says that when a lady desires to compose her mouth to a bland and serene character, she should just before entering the room, say *bescu*, and keep the expression into which the mouth subsides until the effect upon the company is evident. If, on the other hand, she wishes to assume a distinguished, noble bearing, not suggestive of sweetness, she should say *brush*, the result of which is infallible. We have heard of a painter who used to say, when a lady sitter desired to make a small mouth and look pretty, he told her to say *fip*, but when the mouth was already too small and needed enlargement, he told her to say *cabbage*. Perhaps a due attention to these rules might be useful to all persons intending to submit to the modern process of daguerreotype poortraiture.

A WOMAN PASSING AS A MAN FOR FORTY YEARS.—A most extraordinary revelation was made at an inquest recently, before the coroner of Salford, England. The body of a man was found in the sluice of a Mode Wheel, on the river Irwell, and and in the evening an inquest was held.—On inquiry it was found that the deceased, who went by the name of Harry Stokes, was in fact a woman; that she had worked as a bricksetter for above a quarter of a century; that she had been twice married during that period; had kept a beer shop in Manchester during the early part of her career, but in every way conducted herself as a man. The jury, after an examination returned a verdict of "found drowned."

There is something amusing in the following despatch from Charlestown:

"Brown's speech created the greatest excitement. The guard had been increased. Three men selling patent medicines had been ordered out of town."

The good people of Charlestown are right. There is more danger in the quack doctors than in the whole army of abolitionists.—*Utica Telegraph*.

THE WATERVLIET ELOPEMENT.—The Albany Argus says Miss Munsion, the young girl who eloped with her brother-in-law, Hootout, assures her parents that she will again go off with him, as soon as an opportunity is offered. In the meantime she has "nothing to wear," her sister having locked up her wearing apparel. The same paper states that no proceedings will be instituted against Hootout, as the girl was of age, and was supposed to be beyond abduction.

SENSIBLE.—Give your child a second education. See to it that his morals are pure, his mind cultivated and his whole nature made subservient to the laws which govern man, and you have given what will be more valuable than the wealth of the Indies. You have given him a start which no misfortune can deprive him of. The earlier you teach him to depend upon his own resources, and the blessing of God, the better.

"WHERE DID THE METEOR STRIKE?" asks the Tribune of yesterday. It struck Leavenworth, knocked over Story, and damaged Chapin and Forrest, at the same time "shivering the timbers" of the Republican platform on which Seward & Co. thought themselves comfortably seated!—*Atlas & Argus*.

A Rochester lawyer charges the Jail breaking at Rochester, upon W. C. Bloss, Esq., the Chaplain in the Jail, on the ground that Bloss exhorted the prisoners to "flee from the wrath to come."

We have been informed by a friend formerly a resident of this village, that we are soon to be favored with a rich musical treat by Mr. James G. Clark, whose fame has reached us long since, as a beautiful composer and a fine singer, assisted by the Union Bards of Rochester, who rank among the first singers of the day. Selections will be made from the most beautiful quartettes and duets of the musical age, by the Bards, and the finest selection of ballads which has ever been presented will be rendered by Mr. Clark. We need not we think say anything further by way of recommendation, as two names so well known as the above, are a combination, in our idea, to powerful to be resisted.

BY TELEGRAPH

Evening Report.

New York State Election.

ALBANY 12 30 P. M. Nov. 17.

The Evening Journal's figures allow the following majorities: Jones 1522; Richmond about 1600; Skinner about 600; and Elderkin about 200. This is without Erie, Essex, Kings, and New York, which may vary the result for Canal Commissioner and Prison Inspector. Other figures give Jones 1569; Richmond 2609; Skinner 520; Elderkin 120—up to noon.

This includes 1,100 votes cast for Van. R. Richmond, which will be allowed in the state canvass.

Since the last despatch more returns have been received, adding the gain by Onondaga and deducting the loss in Columbia and Suffolk counties, Skinner stands 420 ahead and Elderkin 95.

Jones, majority 1,270, all official except eight counties. On other candidates twenty counties to hear from.

Taking Jones figures in these counties the majorities stand thus:—Richmond 2,170; Skinner 248; Forrest 134.

The official returns received to-day place Forrest ahead of Elderkin, up to 7 P. M.

The Late Election.

The Democrats have carried California by such a majority as to make sure of it for the Democratic candidate in 1860.

In New York the Democrats have elected half their ticket, under circumstances which show a great majority against Seward Republicanism, sufficient to defeat its pretensions in 1860.

These two States, with the Southern vote are more than sufficient to give the next Presidential election to the Democrats.

Maryland (which went for FILLMORE in 1856) has elected a Democratic Legislature, which will put an end to the reign of Rowdyism in Baltimore, and restore the State to the Democrats in 1860.

In Wisconsin the Republicans have lost 7000 in six months, and RANDALL is re-elected by less than 1000 majority.

DR. M'LANE'S

CELEBRATED

VERMIFUGE

AND

LIVER PILLS.

WE beg leave to call the attention of the Trade, and more especially the Physicians of the country, to two of the most popular remedies now before the public. We refer to

Dr. Chas. M'Lane's Celebrated

Vermifuge and Liver Pills.

We do not recommend them as universal Cure-alls, but simply for what their name purports, viz.:

THE VERMIFUGE,

For expelling Worms from the human system. It has also been administered with the most satisfactory results to various Animals subject to Worms.

THE LIVER PILLS,

For the cure of LIVER COMPLAINTS, all BILIOUS DERANGEMENTS, SICK HEAD-ACHE, &c. In cases of

FEVER AND AGUE,

preparatory to or after taking Quinine, they almost invariably make a speedy and permanent cure.

As specifics for the above mentioned diseases, they are Unrivaled, and never known to fail when administered in accordance with the directions.

Their unprecedented popularity has induced the proprietors,

FLEMING BROTHERS,

PITTSBURGH, PA.

to dispose of their Drug business, in which they have been successfully engaged for the last Twenty Years, and they will now give their undivided time and attention to their manufacture. And being determined that Dr. M'Lane's Celebrated Vermifuge and Liver Pills shall continue to occupy the high position they now hold among the great remedies of the day, they will continue to spare neither time nor expense in procuring the Best and Purest material, and compound them in the most thorough manner. Address all orders to

FLEMING BROS., Pittsburgh, Pa.

P.S. Dealers and Physicians ordering from others than Fleming Bros., will do well to write their orders distinctly, and *take none but Dr. M'Lane's, prepared by Fleming Bros., Pittsburgh, Pa.* To those wishing to give them a trial, we will forward per mail, post paid, to any part of the United States, one box of Pills for twelve three-cent postage stamps, or one vial of Vermifuge for fourteen three-cent stamps. All orders from Canada must be accompanied by twenty cents extra.

Scrofula, or King's Evil,

is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children."

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently, vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S

Compound Extract of Sarsaparilla,

the most effectual remedy which the medical skill of our times can devise for this every-where prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as ERUPTIVE and SKIN DISEASES, ST. ANTHONY'S FIRE, ROSE, or ERYSIPELAS, PIMPLES, PUSTULES, BLOTCHES, BLAINS and BOILS, TUMORS, TETTER and SALT RHEUM, SCALD HEAD, RINGWORM, RHEUMATISM, SYPHILITIC and MERCURIAL DISEASES, DROPSY, DYSPEPSIA, DEBILITY, and, indeed, ALL COMPLAINTS ARISING FROM VITIATED OR IMPURE BLOOD. The popular belief in "*impurity of the blood*" is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Ayer's Cathartic Pills,

FOR ALL THE PURPOSES OF A FAMILY PHYSIC,

are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search, and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures, and directions for their use in the following complaints: *Costiveness, Heartburn, Headache arising from a disordered Stomach, Nausea, Indigestion, Pain in and Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Jaundice*, and other kindred complaints, arising from a low state of the body or obstruction of its functions.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness, and so numerous are the cases of its cures, that almost every section of country abounds in persons, publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

HOSTETTER'S
STOMACH BITTERS.

It is a fact that, at some period, every member of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has introduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nausea, Flatulency, Loss of Appetite, or any Bilious Complaints, arising from a morbid inaction of the Stomach or Bowels, producing Cramps, Dysentery, Colic, Cholera Morbus, &c., these Bitters have no equal.

Diarrhœa, Dysentery or flux, so generally contracted by new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend Bitters of some kind; then why not use an article known to be infallible? All nations have their Bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to prove the value of this great preparation in the scale of medical science.

FEVER AND AGUE.—This trying and provoking disease, which fixes its relentless grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTERS. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nausea nor offend the palate, and render unnecessary any change of diet or interruption of ordinary pursuits, but promote sound sleep and healthy digestion, the complaint is removed as speedily as is consistent with the production of a thorough and permanent cure.

For Persons in Advanced Years, who are suffering from an enfeebled constitution and infirm body, these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indispensable, especially where the mother's nourishment is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart temporary strength and vigor to the system. Ladies should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtue of the Bitters, will recommend their use in all cases of weakness.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for HOSTETTER'S CELEBRATED STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

THE DAILY HERALD

BATAVIA, Saturday, Nov. 19, 1859

SUBSCRIPTION PRICE 6 CENTS PER WEEK.

TO CORRESPONDENTS:

No notice can be taken of anonymous communications. Whatever is intended for insertion must be authenticated by the name and address of the writer; not necessarily for publication, but as a guarantee of his good faith.

We also beg to inform our readers that we do not hold ourselves responsible for the opinions of our correspondents.

JOB PRINTING, OF ALL KINDS, EXECUTED AT THIS OFFICE WITH TASTE AND DESPATCH.

An Editor Lost--A Night in the Woods.

The senior editor of the Grand Rapids (Mich.) Weekly Eagle, lost his way while going from Newaygo to Grand Haven, recently, and was obliged to spend a night in the woods. The weather was wet and chilly, and the benighted knight of the quill, was obliged to keep moving all night, for, after lying awhile, in order to rest, on a brush pile he had gathered, a numbness began to creep over his system, admonishing him that inaction would result in his death. So, by great exertion he again dragged himself upon his feet and resolutely traveled till daylight, when, completely exhausted he chanced to come upon the house of a friend whose kind attentions soon revived him and enabled him to reach his home.

Correspondence.

The following Communication, evidently intended for the Republican Advocate, found its way to our office, perhaps through a mistake.

UP SALT RIVER, Nov. 1859.

MR. EDITOR:—I certainly did not contemplate a visit to this saline region before I suddenly found myself here; and now that I *am* in this locality, I conclude to be a philosopher, and to submit with a good grace—not *dis*-grace—to what, in the wisdom of the sovereign people, is best, so far as my relation to *them* is concerned. "Vox populi et vox Dei."

I am at present characterized by a *retiring* manner, and certainly am not disposed to *thrust* myself into any position the responsibilities of which might be so weighty a charge upon me that I could not well *discharge* them.

Some may think it a hard case for a person to be forced to be *resigned*, but I judge the nature of the case to depend upon the number of sympathizing friends the person may have.

The *force* of circumstances has recently impelled a large number in this direction, some of whom take matters very quietly and seem hopeful for the future, notwithstanding the present unfavorable state of their affairs, while others, with their hands thrust into their empty pockets, look disappointed and hungry, as if, failing to get a large bone to pick, they would willingly accept of a smaller one, even on the condition of sharing the pickings with other hungry and greedy ones. I heard several here complain of the treachery of supposed friends; and some, often refering to recent incidents, remark that they have learned a thing or two, and intimate that at a future time they will be able to prevail with the "dear people," and retrieve their fortunes.

You will please to assure the minority, who have manifested their friendship for me in the best way they know, that I shall be "around" again after awhile, and with their assistance may yet achieve a success that will enable me to repay their friendship. Until such time arrives, I bid you all a reluctant adieu.

DONE BROWN.

IMPORTANT.—The following afflicting item of news appeared in the telegraph column of the Advocate, reported exclusively for that paper yesterday.

BALTIMORE, Nov. 18.

The Harper's Ferry—at Charleston last night was detained outside of the town for over 2½ hours by a guard, before they would allow him to pass, and was also detained until 4 o'clock.

It is most devoutly to be hoped for that "Harper's Ferry" will not be "detained outside of the town" for a protracted period of time. Wonder if *him* is suspected by the Virginians of plotting a new Insurrection.

The Harper's Ferry Outbreak.

The Militia of Virginia again under arms — Another reputed accomplice leaves the country— Interview with Brown and his Wife— Rumors of an attempt to rescue Brown— Virginia arms for the fray.

RICHMOND, Nov. 17—Evening.

The military here are under arms, and ready to march at a moment's warning, in consequence of reports from Charlestown of an intended rescue of Brown.

ALEXANDRIA, Nov. 17—Evening.

There is great excitement here, in consequence of a rumor of the rescue of Brown; and the volunteer militia are assembling at the armories.

WASHINGTON, Thursday, Nov. 17.

Such a rumor as is noted in the foregoing dispatches was circulated here to-day, but was not credited.

BALTIMORE, Thursday, Nov. 17.

A dispatch from Col. Davis, at Charlestown, to Gov. Wise, this evening, requests the dispatch there of two companies of cavalry, stating that five barns and outhouses have been fired to-day, it is supposed, by sympathisers with Brown.

Dispatches have been received in Richmond, which have caused the authorities there to take prompt action. Three hundred men and two pieces of artillery leave Alexandria at daybreak by Governor Wise's orders. The Richmond forces will probably leave on an express train at an early hour.

BALTIMORE, Nov. 17.—11 30 P. M.

There are rumors at Harper's Ferry that 250 men armed with rifles, are encamped at Berrysville, near Charlestown, meditating a rescue. Of course the report is too improbable for belief.

The operator at Harper's Ferry says that a messenger had been sent to Charlestown to obtain reliable information, but has not yet returned. There is great excitement at the Ferry, and armed guards are patroling the streets and roads.

BALTIMORE, Nov. 18—1 30 A. M.

The messenger has not yet returned to Harper's Ferry. He left at 10 o'clock, and was to have been back in two and a half hours. He is probably detained by some of the guards.

The correspondent of The N. Y. Times at Honolulu, affords that paper interesting particulars of the homicide perpetrated by King KAMEHAMEHA. The King with the Queen, Prince Royal, and a numerous suite, leaving Hawaii upon a summer excursion, visited the Island of Lahaina, where their stay was brought to a close on the 15th of September. Ordering the royal yacht to prepare for return to the capital, the King, on the morning of that day, embarked alone on the vessel, leaving his attendants to follow at their leisure. A calm delayed the yacht, and at night, taking a small boat, his Majesty returned to shore, and proceeding to the lodgings of Mr. HENRY A. NEILSON, his Private Secretary, entered into a violent quarrel with that gentleman, and presently shot him fatally in the breast. The cause of difficulty is not ascertained. Surmises as to indiscretions on the part of the Queen, obtained momentary currency, but were instantly discredited. No statements have been made by the official papers on the subject. Mr. NEILSON was formerly a resident of New-York, and from the accession of KAMAHAMEHA, until the fatal quarrel, has enjoyed the monarch's unlimited confidence and regard.

Grace Greenwood lectured at Tremont Temple, in Boston, Nov. 15, to an immense audience. Her subject was, "The Heroic in Common Life." She spoke of the "Dress-reform" movement very contemptuously, remarking: I have had my heroic moments, when I even dreamed myself equal to the *role* of Joan of Arc and Grace Darling; but never, in my utmost exaltation, have I felt capable of leading in this desperate effort to row against wind and tide, perhaps the mountainous billows, of ridicule. I might be tortured by the pin-pricks of newspaper wit, and "smile amid my pain;" I might be cut by high fashion, and survive; but I must confess, "Young America" on the street corners would appal me!"

The "Rogues' Gallery," at the police Head quarters in New York, having been made the receptacle of the picture of the rogues who are arrested for crimes, Capt. Leonard has had framed a cabinet of murderous weapons, burglars' tools and every variety of implements used by a thief to assist him in his work. One of the largest of the implements is a combination bit for boring through safe doors, and there are few iron plates that could resist its tremendous penetrating power. There are several nicely finished steel jimmies and small crowbars for prying open doors and drawers, and a bunch of skeleton keys by which all ordinary locks can be readily picked; pieces for turning keys from the outside; a small lancet-like knife for ripping open coat pockets, and other tools for the facilitation of roguery.

The Watertown Journal of this week says: "Tuesday morning finds us with twelve inches of snow and sleighing fine.

IN SEARCH OF A PASTOR.—A Congregationalist pastor, in Connecticut, made a hard hit at certain tendencies, in more than one Christian denomination, in saying that "when a pulpit was vacant now-a-days, the church generally appointed a committee to go and make inquiry of some Theological Professor, or of some other eminent divine, for a suitable candidate. The first question about him usually was, Is he a popular man? The second, Is he a good speaker? Third, Is he social and easy in manner? Fourth, Is he a man of decided talents? Fifth, Can he live on a small salary? And then, as the committee was about taking leave, with hat in hand, and one foot over the door sill, it is sometimes added—'he's a man of piety, we suppose.'"

A YOUNG GIRL BURNT TO DEATH IN ORLEANS CO.—The Orleans American says that on Wednesday of last week, Miss Snow, aged about 19 years residing near Middleport, while attending a fire out doors accidentally caught her dress in the blaze, and in a moment she was enveloped in flames. All efforts to extinguish the fire were fruitless, and her clothes were completely burned from her person. She lingered in great agony until Sunday, when death came to her relief.

A letter in the London Post gives the report that one of the divers had entered the saloon of the Royal Charter, and there found about 200 passengers in the positions they occupied when the ship went down, some sitting round the table, others standing upright, and others as if in the act of coming from berths. Two experienced divers had succeeded in raising about two tons of copper ore, but no gold.

PUTTING A GOOD FACE ON.—A fellow who had been excessively annoyed by the continual visits of sundry creditors, but had managed to come out right side up, was walking down street a few days since meeting a neighbor he remarked,

"You seem to walk more erect than usual, my friend." "Yes—I have been straightened by circumstances."

The following postscript to an Irish letter can be seen at the Boston office:—"Dear Mike—If you dont get this letter at all, write and let's no it, and I'll raise the devil with the Postmaster. An' mind now, ye don't pay a cint of the postage in advance till ye see the letter safe from the office."

The other morning a young lady went into a music store and asked the clerk if he had "Some One to Love." He was all aback, blushed, adjusted his eye glass, searched the shelves over and replied that he had not, but thought he should before long.

A young lady of Edgefield, S. C., recently attended a family soiree as "The Evening News" Her dress (made entirely of news paper,) was decidedly unique and very beautiful. It is said to have presented by candle light a resemblance to the richest brocade.

WHOSE ROOSTER!—A stray bird of the *genus* hen, of the male gender, long tail feathers, and a loud shrill voice, has lately been seen in various localities. Whose is he? The Republicans claimed him when he first appeared at large; but theirs is no such bird!

Again we ask, whose *rooster's* astray? Can the Le Roy Gazette answer!

A resident of New Orleans, it is said, has just returned home from England, where he disposed of a patent for fish-hooks, of his own invention, for $25,000.

Eli Thayer keeps at work at Carado his Virginia free colony. Several New England families have lately purchased homes there.

Last year Gov. Morgan had 569 majority over Leavenworth, in Montgomery county. This year, Church, Dem., not on the Utica ticket, has 18 majority over Leavenworth, showing a Republican loss of 597.

The process of solidification of milk is being applied to sweet cider, so that five quarts are reduced to one, which becomes a jelly, and can be made sweet and liquid cider again by the addition of water.

Doesticks, (Thompson) is said to be an applicant for a passage in Prof. Lowe's great balloon.—*Utica Observer.*

Damphool, his friend, it is said, declines to accompany him.

Near Quebec on Saturday evening, a man was rescued from perishing in an immense snow drift, into which he had wandered. The winter has fairly set in along that part of the St. Lawrence.

At Buffalo, during the past month, no less than 26,544 barrels of flour have been consigned to the Central Railroad.

When a public man claims more consideration than his faculties entitle him to, he is a politician.

To Miss A. N. P.

Dear Ada, how we miss you,
Your own kind heart can tell,
From out our little circle
Where all loved you so well;
Where every eye was beaming
With kind regard for you,
And every heart was beating
With love and friendship true.

We miss you in the morning,
When the sun is in the east,
And we early used to call you,
From your cosy little nest,
And from your gentle slumber,
So pleasantly you would wake,
And answer, I am coming,
Our early walk to take.

We miss you from the table;
And your accustomed seat.
And very much we miss you,
When we walk up the street,
We miss you at the grape vine
That grows beside the wall,
But when we meet at evening dear,
We miss you most of all.

"Queen of the Monthlies."

THE LADIES' REPOSITORY. A General Literary and Religious Magazine for the Family. Volume XX commences January, 1860. $2 per Annum, Invariably in Advance.

The Repository is a magazine for the family circle. Literary without being pedantic; religious in its tone and character without bigotry, it will make itself welcome wherever it is known.

1. In quality of paper and style of printing the Repository is unequaled.

2. Each number will contain at least two original steel engravings—executed in the highest style of the art, by artists who stand at the head of their profession. This is done by no other magazine now published. Among our engravings during the year will be a number of portraits of eminent ministers and laymen, as well as ladies.

3. The Repository has a large list of original contributors, which comprises many of the best writers of prose and poetry in the country.

4. The best English literary and religious magazines will also be laid under contribution for selected matter.

5. Miss Townsend will continue her popular series of stories for children.

6. The Editorial Department will be at once varied, interesting, and instructive. It will include *Scripture Cabinet—Notes and Queries—Children's Corner—Domestic Economy—Wayside Gleanings—Literary Correspondence—Notices of New Publications—Items, Literary, Scientific, and Religious—and Editor's Table.* Occasional *Editorial Papers* on matters of general interest to the Church will also appear in this Department.

7. In no respect will the forthcoming volume fall below the best of its predecessors. The utmost skill of the Editor and his contributors, together with the vast resources of the Methodist Book Concern, will be employed without stint to make it the best magazine in the country.

The Terms are Two Dollars a year, invariably in advance. All subscriptions must begin with the volume. All ministers of the Methodist Episcopal Church are accredited agents, and will receive subscriptions and payments for the Repository.

The December number closes the volume. See to it that your subscription is renewed immediately. Be on hand for the first issue of the new volume.

Fifty thousand subscribers! Shall we have them? The Repository is the only family magazine now published by the Church. Certainly, then, 50,000 subscribers is the very least we ought to think of. One general and thorough effort, and the work is done.

Thanksgiving Festival.

THOMAS BARRETT is making arrangements to hold a grand COTILLION PARTY at Ellicott Hall on Thursday evening, Nov, the 24th. Tickets admitting a gentleman and Ladies, fifty cents.

Thomas is well known in this community as the chief man in getting up amusements for the young people and should be extensively patronized. Good music will be provided for the occasion, and a grand time is expected.

We have been informed by a friend formerly a resident of this village, that we are soon to be favored with a rich musical treat by Mr. James G. Clark, whose fame has reached us long since, as a beautiful composer and a fine singer, assisted by the Union Bards of Rochester, who rank among the first singers of the day. Selections will be made from the most beautiful quartettes and duets of the musical age, by the Bards, and the finest selection of ballads which has ever been presented will be rendered by Mr. Clark. We need not we think say anything further by way of recommendation, as two names so well known as the above, are a combination, in our idea, to powerful to be resisted.

If you have a cough, buy Dr. Griswold's Cough Mixture, that always cures.

If you want Physic, get the Fluid Extract of Senna, that any child will take, and call it good.

If bruised, or got the Rheumatism, get the Arnica.

If nervous, get the sedative.

If you have the Ague, or a Diarrhoea. Just call at Wilder's News Room, and you will find all these Remedies' which are the best known.

OYSTER DEPOT.—Baltimore Oysters by the keg or can at Whole Sale and Retail. Gallon 8s 6d; can 32 cents; Package warranted full of large Oysters. Call and see them on Jackson St.

THE GREAT AMERICAN

Boot & Shoe Store,

No. 2, Odd Fellow's Hall.

GREAT DISCOVERY!

NEW MODE OF ADVERTISING.

The Proprietor of the Great American Shoe Store, No. 2 Odd Fellows Hall, south side Main street, nearly opposite the Post Office, claims to be the inventor of the cheapest and best mode of advertising in the world. He claims to be the manufacturer of

BOOTS AND SHOES

that will advertise themselves, by giving ample satisfaction to the wearer, thereby *speaking in* language not to be misunderstood by him, which he immediately interprits to his neighbors. After having tested the merits of his invention for the last twenty years, he feels confident of its

ENTIRE SUCCESS.

and would recommend it to all the other Boot and Shoe makers and dealers in this vicinity to be adopted by them. And he would especially call the attention of the citizens of Genesee county and advise them to study well its operations.

He has on hand a good assortment of Stock such as

Oak and Hemlock Sole Leather,

French calf skins, kip and morocco, &c., which he holds will stand investigation from the best of judges; and *MECHANICS* to manufacture it who are second to none in the State.

Also the largest stock of Ready Made Boots and Shoes in the county; both *Eastern and Home Made, at prices that defy Competition.*

Thankful for the very liberal patronage you have been pleased to extend, I would respectfully solicit a continuance of the same.

My Stock consists of every variety of Goods to be found in Eastern Markets. In my

DRESS GOODS DEPARTMENT,

You will find, Paramettas; Delaines; plain figured and plaid Merinoes; Cashmeres; Valencias Black and Fancy Silks; Traveling Goods and many other kinds too numerous to mention. My

DOMESTIC DEPARTMENT.

In this will be found every grade of all brands of Sheetings and Shirtings, striped and checked Canton Flannels, brown and bleached, red and white Flannels, at all prices; Denims Towelings and every thing to be found in any market. In my

WORSTED DEPARTMENT,

I keep Hoods, Comforters, Armlets, Leggins, Mittens and everything new and novel. In the selection of Hosiery I have paid particular attention especially Ladies and Misses Ribbed Hose, which I am selling at half the usual price. Now to the

RAGLAN DEPARTMENT,

My stock of these goods cannot be surpassed as for style and elegance, and to this department I would particularly call the attention of the Ladies and to those who have heretofore been obliged to go to Rochester or Buffalo in order to get a fashionable Ragland or Cape, or even Dress Goods, I only ask to call and examine our stock and prices to be convinced at once, that to look further will be of no use.

DR. M'LANE'S

CELEBRATED

VERMIFUGE

AND

LIVER PILLS.

WE beg leave to call the attention of the Trade, and more especially the Physicians of the country, to two of the most popular remedies now before the public. We refer to

Dr. Chas. M'Lane's Celebrated

Vermifuge and Liver Pills.

We do not recommend them as universal Cure-alls, but simply for what their name purports, viz.:

THE VERMIFUGE,

For expelling Worms from the human system. It has also been administered with the most satisfactory results to various Animals subject to Worms.

THE LIVER PILLS,

For the cure of LIVER COMPLAINTS, all BILIOUS DERANGEMENTS, SICK HEAD-ACHE, &c. In cases of

FEVER AND AGUE,

preparatory to or after taking Quinine, they almost invariably make a speedy and permanent cure.

As specifics for the above mentioned diseases, they are Unrivaled, and never known to fail when administered in accordance with the directions.

Their unprecedented popularity has induced the proprietors,

FLEMING BROTHERS,

PITTSBURGH, PA.

to dispose of their Drug business, in which they have been successfully engaged for the last Twenty Years, and they will now give their undivided time and attention to their manufacture. And being determined that Dr. M'Lane's Celebrated Vermifuge and Liver Pills shall continue to occupy the high position they now hold among the great remedies of the day, they will continue to spare neither time nor expense in procuring the Best and Purest material, and compound them in the most thorough manner. Address all orders to

FLEMING BROS., Pittsburgh, Pa.

P.S. Dealers and Physicians ordering from others than Fleming Bros., will do well to write their orders distinctly, and take none but *Dr. M'Lane's, prepared by Fleming Bros., Pittsburgh, Pa.* To those wishing to give them a trial, we will forward per mail, post paid, to any part of the United States, one box of Pills for twelve three-cent postage stamps, or one vial of Vermifuge for fourteen three-cent stamps. All orders from Canada must be accompanied by twenty cents extra.

DR. COGGSWELL'S NEW MEDICAL SALT.

For Inflamatory Diseases Only.

New Medical Salt! New Medical Salt!

IT IS NOT A CURE-ALL.

For Inflammatory Diseases only

DR. COGGSWELL'S New Medical Salt instead of its being a remedy for all ills, [illegible] control over but one ill, has but one aim, and accomplishes but one thing, to wit: subdues inflammatory diseases, whatever be its form or locality, whether in the head, throat, abdomen, extremities or skin.

NEW MEDICAL SALT. Its peculiar excellence is, that without the useless loss of blood and strength, it effectually cures inflammatory diseases, not otherwise by producing an equilibrium of the fluids in the body, the want of which is the sole cause of inflammation!

NOTICE TO INVALIDS! The following forms which the inflammation [illegible] assume, and many not here mentioned, that have much or less fever or pain, are as easily subdued by the *New Medical Salt*, as fire is extinguished by water, to wit: Brain Fever, Headache, rush of blood to Head and Heart, Fits, Inflamed eyes, ears, nose, lungs and liver, Neuralgia, Spinal affections, Erysipelas, Bronchitis, Pleurisy, Asthma, Cough, Dyspepsia, Venereal Diseases, Rheumatism, Gout, Scrofula, and all itching and other cutaneous eruptions.

DR. COGGSWELL'S NEW MEDICAL SALT does just what it claims to do—no more, no less—equalizes the fluids by removing from the system all arterial and venous obstructions. Descriptive circulars may be obtained from any Druggist who has this valuable medicine for sale.

DR. COGGSWELL'S NEW MEDICAL SALT. Get a Circular. Ask any Druggist about the *New Medical Salt*.

Ask your neighbors about the *New Medical Salt*. Watch, try; if not sick, remember the *New Medical Salt*.

DR. COGGSWELL'S NEW MEDICAL SALT is for sale in Batavia by D. W. Fellows and by all enterprising druggists wherever the Herald is [illegible]. As it is not a Patent Medicine, but the prescription of an eminent Physician, no one should fail to try the New Medical Salt.

For testimonial and directions see circular.

ACUTE PACKAGES, $1.00; CHRONIC $2.00.

Sent by mail, free of expense on receipt of price.

Their external manifestations or symptoms are Nervous Debility, relaxation and exhaustion; Marasmus, or muscular wasting and consumption of the tissues of the whole body; shortness of breathing, or hurried breathing on ascending a hill, or a flight of stairs—great palpitation of the heart, asthma, bronchitis and sore throat; shaking of the hands and limbs, aversion to society, and to business or study, dimness of eyesight, loss of memory, dizziness of the head, neuralgic pains in various parts of the body; pains in the back and limbs, lumbago, dyspepsia or indigestion, irregularity of the bowels, deranged secretion of the kidneys and other glands of the body, as leucorrhoea, or Fluor Albus, &c. Likewise Epilepsy, Hysteria and Nervous Spasms.

Now, in ninety-nine out of every one hundred cases, all the above named disorders and a host of others not named have their seat primarily in the sexual organs, and arise from morbid excitement and chronic inflammation—a state of morbid irritability; hence the want of success on the part of Old School Doctors.

DR. JOHNSON is now engaged in treating this class of modern maladies with the most astonishing success. The treatment adopted by the Institution is new. It is based upon scientific principles, with new discovered remedies, without minerals or poisons. The facilities of cure are such, that patients can be cured at their own homes without expense, in any part of the country, from an accurate description of their case by letter, and have the medicine sent them by mail or express.

Young men suffering from these dreadful ills, will [illegible] for by a series of Health Rules, and perfect chart of cure, which will be to them a true polar star through life.

THE GROVER & BAKER

Sewing Machine Co.

Having greatly increased their facilities for manufacturing their CELEBRATED FAMILY MACHINES, with all the recent improvements, have reduced their prices, and offer for sale

A NEW STYLE MACHINE,

PRICE $50.

It is no longer questioned that these Machines are the best in use for family sewing. They also HEM, FELL, GATHER, AND STITCH

in the most superior manner, and are the only machines in the market that are so well and simply made, that they may be sent into families with no other instructions than are contained in a circular which accompanies each machine, and from which

A CHILD OF TEN YEARS

may readily learn to use them, and keep them in order. They make upwards of

FIFTEEN HUNDRED STITCHES A MINUTE

and will do the sewing of a family cheaper than a seamstress can do it, even if she works at the rate of

ONE CENT AN HOUR.

Is there a husband, father, or brother in the United States who will permit the drudgery of hand sewing in his family, when a Grover & Baker Machine will do it better, more expeditiously, and cheaper than can possibly be done by hand?

Scrofula, or [illegible]

[illegible] blood, by which [illegible] and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, [illegible] unhealthy food, impure air, filth, and [illegible] habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children."

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently, vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S

Compound Extract of Sarsaparilla,

the most effectual remedy which the medical skill of our times can devise for this every where prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as ERUPTIVE and SKIN DISEASES, ST. ANTHONY'S FIRE, ROSE, or ERYSIPELAS, PIMPLES, PUSTULES, BLOTCHES, BLAINS and BOILS, TUMORS, TETTER and SALT RHEUM, SCALD HEAD, RINGWORM, RHEUMATISM, SYPHILITIC and MERCURIAL DISEASES, DROPSY, DYSPEPSIA, DEBILITY, and, indeed, ALL COMPLAINTS ARISING FROM VITIATED OR IMPURE BLOOD. The popular belief in "*impurity of the blood*" is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Ayer's Cathartic Pills,

FOR ALL THE PURPOSES OF A FAMILY PHYSIC,

are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search, and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures, and directions for their use in the following complaints: *Costiveness, Heartburn, Headache arising from a disordered Stomach, Nausea, Indigestion, Pain in and Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Jaundice,* and other kindred complaints, arising from a low state of the body or obstruction of its functions.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness, and so numerous are the cases of its cures, that almost every section of country abounds in persons, publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

NOTICES OF THE PRESS.

Never before has any new candidate for public favor in the Literary World received such flattering notices from the Press. From all quarters, our editorial brethren have cheered us on by speaking of our enterprise in a manner to stimulate our vanity, and to excite the envy of our rivals.

GENERAL CHARACTER OF THE NEW YORK WEEKLY.

The WEEKLY is designed more especially as a First-Class Story Paper, in which we intend to give our readers a succession of THE BEST STORIES EVER PUBLISHED IN THE UNITED STATES! The aim and object of these productions will be to inculcate useful knowledge under the pleasing garb of fiction, or to teach great moral lessons through the same means. We shall never publish a word or line, the tendency of which is to injure the morals or taste of the reader. Every issue of the NEW YORK WEEKLY will contain short sketches of Life and Manners, Notices of Travel and Adventure, Short Stories, General Summary of Events, Humorous Gleanings, Poetry, Editorials, &c., &c. As specimens of our stories, we would point to A. J. H. Duganne's great story, Garibaldi, the Hero of Italy! Harry Hazel's exciting Indian Romance, The Wolf Spy! Francis S. Smith's [illegible] Domestic Story, Maggie, The Child of Charity! While, as supplementary of our standing departments, we point with pride to our Gallery of the Bible, admitted by all to be the most [illegible] written and beautiful scriptural pieces ever produced.

Our Knowledge Box, in which is weekly contained a number of paragraphs of the greatest importance to house-keepers and others.

Our Pleasant Paragraphs, an interesting mélange, ranging "from grave to gay, from lively to severe."

Our Ladies' Column, prepared expressly for the ladies by one of the most brilliant lady writers of the present day.

Our Mirthful Morsels, our Items of Interest, etc., etc. In a word, its Editors will use their best endeavors to get up just such a paper as will eventually find its way to every fireside in the land—that shall be a welcome visitor wherever it goes—equally popular in the workshop and the office—at the fireside of the farmer, or in the counting-room of the merchant—a paper that parents can, with safety, place in the hands of their children without fear or comment, feeling certain that its influence will be to stimulate their minds to the pursuit of knowledge, or lead them to abhor vice and wrong.

OUR CIRCULATION & PROSPECTS

The NEW YORK WEEKLY has gone up to a circulation which places it second in point of circulation in the list of publications of the day. There is but one weekly publication in the world having a larger circulation than the WEEKLY.

The indications are, at present, that the circulation of the WEEKLY will soon reach half a million. Where the newsmen were taken tens, they are now taking hundreds of copies. This is the general effect among the five thousand News Agents who are now regularly selling the NEW YORK WEEKLY, while from nearly every Post Office in the country, we are daily getting subscriptions and orders for specimens.

How and Where to Get the "Weekly."

Wherever there is a News Agent, get the paper from him. By so doing you do not run the risk of losing your money through the Post Office, or having to pay for what you will never get. If the paper you are buying from the Agent stops, you do not lose advance subscriptions, sent to a place where you have no means of looking after it. We trust the day is not far distant when every town, large enough to sustain a Post Office, will have its News Agency.

OUR TERMS:

The price of the NEW YORK WEEKLY is FOUR CENTS, but where Agents have to pay extra freight or postage, a higher price is necessarily charged. When sent by mail, the price will invariably be $2 00 a year, in advance. Subscriptions taken for three months. Two copies will be sent for one year for $3, four copies for $5, eight copies for $10. Postmasters and others who get up clubs of ten, and send us $15 at one time, will be entitled to an extra copy for their trouble. The bills of all solvent banks taken at par for subscriptions. Canada subscribers must send twenty-five cents extra with every subscription, to pre-pay the American postage.

All letters and communications, in relation to the Editorial or Business Departments of the NEW YORK WEEKLY, must be addressed to

Lager Beer Saloon!

WM. BENDER.

You who have drank "BILL'S" Lager Beer
And felt its warmth arise,
Know well it drives out ev'ry fear,
And wakes up just surprise!

It fills the nerves with Native life,
And warms the stomach so,
Digestion moves with greater strife
And sets the soul in glow!

"Bill's" Lager is the best of drink,
It makes a man what all he'd think;
It warms him through and through, you know
And puts his nerves in a glow.

It never makes a man grow dumb,
Nor filthy as a common drunk!
But always makes the sense rise
To fruitful triumph it be hays!

Bill's glasses, too, are just the thing,
They hold as much as Nature'll swing,
And keep the mind in equal poise,
And conscience from a drunken noise.

So you who want your senses whet
You drink Bill's Lager, and you'll get
The Helicon worth in sparkling foam,
At Bender's shop and happy home!

So you that want a beverage clear
And one that sparkles fine,
Come here to Bill the Lager Beer,
[illegible]
And [illegible] happiness,
And [illegible] your [illegible]

[illegible] Sarsaparilla,

[illegible] which we have labored [illegible] that can [illegible] of Fact [illegible] substance [illegible] is called an [illegible] Sarsaparilla is [illegible] from Scrofulous [illegible] which will not [illegible] returning service to [illegible] will not follow [illegible] this compound will [illegible] many of the [illegible] of the following complaints:

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

HOSTETTER'S STOMACH BITTERS.

It is a fact that [illegible] every member of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has introduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nausea, Flatulency, Loss of Appetite, or any Bilious Complaints, arising from a morbid inaction of the Stomach or Bowels, producing Cramps, Dysentery, Colic, Cholera Morbus, &c., these Bitters have no equal.

Diarrhœa, dysentery or flux, so generally contracted by new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend Bitters of some kind; then why not use an article known to be infallible? All nations have their Bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to prove the value of this great preparation in the scale of medical science.

Fever and Ague.—This trying and provoking disease, which fixes its relentless grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTERS. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nausea nor offend the palate, and render unnecessary any change of diet or interruption of ordinary pursuits, but promote sound sleep and healthy digestion, the complaint is removed as speedily as is consistent with the production of a thorough and permanent cure.

For Persons in Advanced Years, who are suffering from an enfeebled constitution and infirm body, these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indispensable, especially where the mother's nourishment is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart temporary strength and vigor to the system. Ladies should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtue of the Bitters, will recommend their use in all cases of weakness.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for Hostetter's Celebrated Stomach Bitters, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

THE DAILY HERALD

BATAVIA, Monday, Nov. 21, 1859

SUBSCRIPTION PRICE 6 CENTS PER WEEK.

TO CORRESPONDENTS:

No notice can be taken of anonymous communications. Whatever is intended for insertion must be authenticated by the name and address of the writer; not necessarily for publication, but as a guarantee of his good faith.

We also beg to inform our readers that we do not hold ourselves responsible for the opinions of our correspondents.

JOB PRINTING, OF ALL KINDS, EXECUTED AT THIS OFFICE WITH TASTE AND DESPATCH.

Gov. Morgan and the Secretary of State.

There has recently been quite a sprightly correspondence between our most excellent and popular Secretary of State and Governor Morgan growing out of a Republican Sheriff's mutilating the election notice. The facts briefly are these:

Alonzo A. Gregory, Sheriff of Cattaraugus County conceiving the State Election notice to be longer than necessary, and that its entire publication would put a larger bill into the hands of some of the printers (who had not been specially friendly to him) than he desired them to have, expunged that portion of it, relating to the Loan Law. For this grave offence of mutilating a Public Document, and withholding from the people essential information pertaining to the election, GIDEON J. TUCKER, Secretary of State addressed his Excellency Gov. Morgan a letter requesting the removal of Sheriff Gregory, accompanying his letter with the law and the testimony in the case.

To this letter, we regret to say, Gov. Morgan replied through his private Secretary (which was a great indignity to a high State officer) declining to remove the Sheriff.

How much the Republicanism of the Sheriff had to do with his protection in this case, our readers can well judge for themselves. The following reply to Gov. Morgan by the Secretary of State is somewhat pungent yet dignified and just.

OFFICE OF THE SECRETARY OF STATE,
Of the State of New York,
Albany, Nov. 4, 1859.

To His Excellency E. D. Morgan, Gov.

DEAR SIR: Your Excellency's Private Secretary has favored me with a letter, stating that the charge preferred by me against Alonzo A. Gregory, Sheriff of Cattaraugus county, has been dismissed.

I consider it my duty most respectfully to protest against this decision of your Excellency. I had expected to be notified of your readiness to hear the arguments I might have to offer, after you should have received the reply of Mr. Gregory to my charge. I had not anticipated that so grave an accusation as that which I had been compelled to make, would be disposed of without affording me an opportunity to be heard before your Excellency.

I protest against this dismissal of my charge, because your Excellency has thereby virtually decided that a Sheriff has the right, in his pleasure and at his discretion, to mutilate a General Election Notice issued by me, and thus to usurp the functions of the Secretary of State, and to change the language and character of a public document.

You have at least, decided that you will not remove him from office for such a grave offense.

I further protest against this decision of your Excellency, because the act of Mr. Gregory, in attaching the name and designation of office of the Secretary of State, to a document which I do not recognize as emanating from me, or by authority, has committed a moral if not a legal forgery; and you have decided that this is not, in your judgement, an adequate reason for removing him from office.

I further protest against this decision of your Excellency, because your Private Secretary, in communicating it to me by your directions, adds that it is based upon the ground that you are "advised that the publication of the law attached to the Election Notice was not obligatory upon the Sheriff:" whereas I respectfully deny that any law was attached to such Election Notice, the Proposed Loan Law, to be voted upon at the coming Election, having been inserted in the body of the Notice and formed a part thereof. A careful examination by your Excellency would have disclosed this circumstance, and would have also shown that the elimination of the Loan law was not the only change made by the Sheriff in the body of the Notice.

But I respectfully submit and protest that it was not for your Excellency to inquire what the Notice contained, but to be satisfied whether the Sheriff had published it as I had sent it to him inasmuch as your Excellency has jurisdiction over the Sheriff but not over the Secretary of State; and inasmuch as no Sheriff, nor even a Governor, is given, by the laws of this State, any power or authority with respect to the framing or drawing up of a General Election Notice, or deciding what shall be contained therein. Your Excellency will remember that the Secretary of State is exclusively charged with this duty, and is responsible only to the Courts of law for its proper discharge.

All which I have the honor most respectfully to submit, remaining

Your Excellency's obedient servant,

GIDEON J. TUCKER.

The result of the Sheriff's misconduct may be summed up thus:

1st. The loan law has not been published generally in Cattaraugus County, and many of the voters there have remained ignorant of its provisions.

2d. Legal notice of it has not been given and the Board of State Canvassers may decline to count the votes for and against it, if any were cast there.

3d. Gov. Morgan has decided that the Sheriff can pretty much do what he chooses with the Secretary of State's notice, though the law directs the Sheriff to publish it.

4th. The County of Cattaraugus will have to pay such newspaper publishes as printed the whole notice, in spite of the Sheriff.

5th. If the Sheriff has violated the law by forging Secretary Tucker's name to a notice he never signed, he will probably be punished by the Courts.

TOUCHING US UP.—The Buffalo Republic has got a new local editor who proposes to laugh Rochester out of existence entirely; but until he is posted with regard to matters about his own village, his wit will seem rather flat to his readers.—*Rochester American.*

The new "local" of the *Republic*, has, of course, looked over the files of that journal in order to "learn the way of the office," and observing that abuse of Rochester has been one of the leading proclivities of his predecessor, his own course is shaped accordingly. Every newspaper however good it may be in some regards, is pretty sure to have one or two bad points; and above, we have indicated one of the mean features of the "glorious *Republic.*" Faxon *did* show some wit; but whether his successor has any or not is *yet* to be determined. By the way, there is a chance for improvement in the manners of the Rochester press.

The excitement in Virginia in regard to the rescue of John Brown has become so absurd as to be a matter of shame to those who have caused it. Troops have been kept under arms at Richmond; troops have been hastened forward from Alexandria; munitions of war have been expedited from the arsenal at Washington to the arsenal at Harper's Ferry: the Railroad Company has placed an armed guard to wait upon the Highness of the Harper's Ferry bridge, and yet the accounts from Baltimore, based upon the latest information advanced from Charlestown, assure that no enemy has appeared to withstand these formidable preparations and that the moving cause of the extremely violent popular emotion was the conflagration of a hay-stack. At Washington it is gratifying to observe, the affair has been rated at its proper value.

The Detroit Tribune says that on Saturday last, some miscreant placed a large stone on the Great Western Railway a short distance from Paris, (near Smith's Bridge,) with the evident intention of upsetting the train. The stone was of large size—over 100 lbs. in weight! The night accommodation train, going west, came along, when the cow-catcher struck the stone and happily pushed it off the track. The cow-catcher, and iron work connecting, were smashed up. The engine-driver, feeling the shock, stopped the train, and on going back, discovered the cause of the accident. It was a mere miracle that the train was not upset, thereby causing a destruction of human life.

The N. Y. Herald of yesterday announces the arrival of officer Tyler from Buffalo, with warrants for the arrest of Australian Kelly, Ned Price, John Morrissey, John Heenan, Jemmy Massey, and others, in all fifteen, for setting on foot and aiding in the late prize fight in Canada, between Kelly and Price.

A young lady named Buck went into a trance while riding in the cars from New Haven to Hartford, the other day, and remained motionless and senseless for three days thereafter. She is said to be subject to these singular fits, but her ordinary bodily health does not appear to be affected by them.

Mr. Wm. J. Lane, for many years cashier of the Fulton Bank, has tendered his resignation, and it has been accepted.—[N. Y. Eve. Post.

Mr. Lane is the father of the young rascal who proved a defaulter in the institution, and whose 'fast' establishment was sold at auction subsequently to the discovery.

THE BONNER FORGERY.—The correspondent of the Springfield Republican gives the following details of the Bonner forgery:

"I suppose that you have read in the newspapers of the arrest of Leach and Bishop, charged with the forgery on Mr. Bonner, of the Ledger. But it has not been told in any newspapers just how that forgery came about. Not long ago a woman came to the Ledger office, and said she wished to subscribe for ten copies of the Ledger, for a friend, Miss——of North Orange, N. J., who had not time to call, and had, therefore, commissioned her to attend to the matter. In payment she offered a $50 bank bill, and asked for a bank check for 'change,' instead of money. By means of the check she obtained Mr. Bonner's signature, and the name of the bank with which he had an account, and through it the forgery to the amount of $3,500 was committed. On its discovery, the woman who asked for the 'check' was remembered; but on sending to North Orange, no Miss——was found, though the postmaster was running about to find her, to pay the postage on the avalanche of Ledgers which had been flowing into the post-office for a month. The woman has also been arrested; she was helping her husband with a devotion worthy of a better cause. They were taken on board the Europa, in which they had embarked for a European tour, their pockets lined with $100 notes from the Nassau Bank.

New Books.

Life of Col. David Crockett, *written by himself.* Comprising his early life, hunting adventures, services under Gen. Jackson in the Creek War, electioneering speeches, career in Congress, triumphal tour in the Northern States, and services in the Texan war. To which is added an account of Col. Crockett's glorious death at the Alamo while fighting in defence of Texan Independence. By the Editor. Philadelphia, published by G. G. Evans No. 439 Chestnut st., 1859.

All who have heard of the eccentricities of Crockett—and who has not heard of them?—will be glad to be able to obtain his auto-biography; and from which the only correct estimate of him can be made. A more deeply interesting and amusing work than the one whose title is above given, we have seldom, if ever, read. David Crockett's life was indeed a strange and eventful one; and the account he has given of himself was partly designed to correct the false impressions that an unscrupulous penny-a-liner has, in a catch-penny book, given of his (Crockett's) character. The Colonel's auto-biography is as interesting as anything that could be written about him; yet he does not represent himself to have been a buffoon, an amusingly—crazy savage nor as anything other than a high-minded, firm-principled, "go-ahead" adventurous, and on the whole very eccentric man, having much practical, but no superficial knowledge. Though unlettered, the Colonel had talent of a very high order; and his eccentricities were not of a character to repulse or disgust people, but on the contrary *they* tended to increase the number of his friends: they were the eccentricities of a man of genius who was unaccustomed to the dissimilations and so-called refinement of social life. His "Life" is written in the phraseology and style of thought peculiar to him, without having undergone any material change in the hands of the editor. We doubt not but the majority of our readers will secure the book. It can be had of the publisher, who, on receiving the ($1,25) will send it and also *a present.*

Selections will be made from the most beautiful quartettes and duets of the musical age, by the Bards, and the finest selection of ballads which has ever been presented will be rendered by Mr. Clark. We need not we think say anything further by way of recommendation, as two names so well known as the above, are a combination, in our idea, to powerful to be resisted. *

Arrival Of the Steamship Canada

LATER FROM EUROPE.

Arrival of the Great Eastern at Southampton.

CHOLERA AMONG THE FRENCH TROOPS.

European Congress to be Held at Paris.

SACKVILLE, N. B. Nov. 19

The R. M. steamship Canada, from Liverpool at 3 P. M., of the 5th inst., and Queenstown on the evening of the 7th, arrived at Halifax 4 A. M., to-day. She sailed this morning for Boston, where she will be due on Sunday evening.

The steamship India, from Quebec, arrived at Liverpool at 2:10 P. M., on the 2d, and City of Washington, from New York, about two hours later.

The Canada experienced severe weather in the channel, and for a week after leaving Queenstown.

Hon. Charles Sumner and Gen. Van Rensselaer and lady are among her passengers.

It is asserted that England will join the Congress, and that the French and English governments have agreed on a basis for the settlement of the Italian question.

It was vaguely reported that Garibaldi, in his interview with the King of Sardinia declared that Italy was betrayed and that he would lead the revolution. The King protested against such a proceeding.

The Great Eastern had arrived at Southampton.

GREAT BRITAIN.

The Great Eastern left Holyhead on the 2d, and reached Southampton on the 4th. Shee xperienced very rough weather and a heavy sea on the passing round.

The Times account of this third trial, says that when the ship was exposed to the roll of the Atlantic, she rolled and dipped with ease. The ship seemed to swing herself with a sidelong gentle motion over every wave, dropping deeply and easily beyond them. The whole roll of the vessel is calculated at only eight degrees each way, or sixteen degrees in all, and every day amount to smaller vessels, though something for one which was supposed to be almost immovable by wind or sea. The greatest speed attained was 15½ knots, or close on to 18 miles per hour. However, the run from Holyhead to Southampton is pronounced far more satisfactory than either of her previous trips. The engines were under the sole control of Mr. McLennan, chief engineer of the ship.

The organization of the French Army for China is considered definitely settled and the preparation at the seaports for embarkation have already commenced.

FRANCE.

Cholera had broken out among the French troops destined to invade Morocco, and carried off several distinguished officers, including Col. Lafont, commanding the engineers. The ravages exceeded 50 per day, and the total deaths were 1,500.

LIVERPOOL, Saturday morning. Nov. 7.—The steamship Africa, from New York Oct. 6th, arrived at about 10 o'clock this morning.

CASSEL, 5th.—In the second sitting of the second Chamber to-day, the proposal of M. Heplaus to present an address to the electors in favor of the re-establishment of the constitution of 1803, has been definitely agreed to by 38 against 5 votes.

ZURICH, 6—The Sardinian Plenipotentiaries have received orders from Turin to sign the treaty of peace.

It is believed that the treaty will be signed to-morrow, and the convocation to be held at Paris will immediately follow.

It is stated on reliable authority that the Congress will meet in Paris, not in Brussels.

GENOA, Nov. 6th.—The Assemblies of Central Italy will, it is stated, confer the Regency on Prince Carignana.

NEW ORLEANS, Nov. 20.

The steamship Arizona has arrived from Brazos of the 17th inst, bringing $753,000 in specie. Brownsville is safe.

Capt. Tobin and 80 rangers arrived on the 13th.

Thirty men from the cutter Dodge and 50 troops from Baton Rogue, left there for Brownsville on the 16th, making nearly 200 troops and volunteers now at Brownsville.

A prisoner had been hung without a trial.

DR. M'LANE'S

CELEBRATED

VERMIFUGE

AND

LIVER PILLS.

WE beg leave to call the attention of the Trade, and more especially the Physicians of the country, to two of the most popular remedies now before the public. We refer to

Dr. Chas. M'Lane's Celebrated

Vermifuge and Liver Pills.

We do not recommend them as universal Cure-alls, but simply for what their name purports, viz.:

THE VERMIFUGE,

For expelling Worms from the human system. It has also been administered with the most satisfactory results to various Animals subject to Worms.

THE LIVER PILLS,

For the cure of LIVER COMPLAINTS, all BILIOUS DERANGEMENTS, SICK HEAD-ACHE, &c. In cases of

FEVER AND AGUE,

preparatory to or after taking Quinine, they almost invariably make a speedy and permanent cure.

As specifics for the above mentioned diseases, they are Unrivaled, and never known to fail when administered in accordance with the directions.

Their unprecedented popularity has induced the proprietors,

FLEMING BROTHERS,
PITTSBURGH, PA.

to dispose of their Drug business, in which they have been successfully engaged for the last Twenty Years, and they will now give their undivided time and attention to their manufacture. And being determined that Dr. M'Lane's Celebrated Vermifuge and Liver Pills shall continue to occupy the high position they now hold among the great remedies of the day, they will continue to spare neither time nor expense in procuring the Best and Purest material, and compound them in the most thorough manner. Address all orders to

FLEMING BROS., Pittsburgh, Pa.

P.S. Dealers and Physicians ordering from others than Fleming Bros. will do well to write their orders distinctly, and take none but Dr. M'Lane's, prepared by Fleming Bros., Pittsburgh, Pa. To those wishing to give them a trial, we will forward per mail, post paid, to any part of the United States, one box of Pills for twelve three-cent postage stamps, or one vial of Vermifuge for fourteen three-cent stamps. All orders from Canada must be accompanied by twenty cents extra.

HERB DISPENSARY

OFFICE 95 MAIN STREET,

(Corner, Up Stairs, Buffalo, N. Y.)

A NEW, SPEEDY, AND MOST SUCCESSFUL MODE OF TREATING

Spermatorrhoea, Nervous Debility, Marasmus or Wasting Consumption.

AND ALL

Diseases of the Urino-Genital Organs.

A CLASS of Maladies prevail to a fearful extent in community; dooming at least fifty thousand youth of both sexes, annually to an early grave. These diseases are very imperfectly understood. Their external manifestations or symptoms are Nervous Debility, relaxation and exhaustion; Marasmus, or muscular wasting and consumption of the tissues of the whole body; shortness of breathing, or hurried breathing on ascending a hill, or a flight of stairs—great palpitation of the heart, asthma, bronchitis and sore throat; shaking of the hands and limbs, aversion to society, and to business or study, dimness of eye-sight, loss of memory, dizziness of the head, neuralgic pains in various parts of the body; pains in the back and limbs, lumbago, dyspepsia or indigestion, irregularity of the bowels, deranged secretion of the kidneys and other glands of the body, as Leucorrhoea, or Fluor Albus, &c. Likewise Epilepsy Hysteria and Nervous Spasms.

Now, in ninety-nine out of every one hundred cases all the above named disorders and a host of others not named have their seat primarily in the sexual organs, and arise from morbid excitement and chronic inflammation—a state of morbid irritability, hence the want of success on the part of Old School Doctors.

DR. JOHNSON is now engaged in treating this class of modern maladies with the most astonishing success. The treatment adopted by the Institution is new, it is based upon scientific principles, with new discovered remedies, without minerals or poisons. The facilities of cure are such, that patients can be cured at their own homes without expense, in any part of the country, from an accurate description of their case by letter, and have the medicine sent them by mail or express.

Young Men suffering from these dreadful ills, will receive for [illegible] of Health Rules, and [illegible] which will be to them a [illegible] through life.

The popular belief in "impurity of the blood" is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Ayer's Cathartic Pills,

FOR ALL THE PURPOSES OF A FAMILY PHYSIC,

are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search, and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures, and directions for their use in the following complaints: *Costiveness, Heartburn, Headache arising from a disordered Stomach, Nausea, Indigestion, Pain in and Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Jaundice,* and other kindred complaints, arising from a low state of the body or obstruction of its functions.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness, and so numerous are the cases of its cures, that almost every section of country abounds in persons, publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

Wherever there is a News Agent, get the paper from him. By so doing, you do not run the risk of losing your money through the Post Office, or having to pay for what you will never get. If the paper you are buying from the Agent stops, you do not lose advance subscriptions, and in a place where you have no means of looking after it. We mean the day is not far distant when every town, large enough to sustain a Post Office, will have its News Agent.

OUR TERMS:

The price of the NEW YORK WEEKLY is [illegible] cents, but where Agents have to pay extra freight or postage, a higher price is necessarily charged. Lager Beer Saloon!

WM. BENDER.

You who have drank "Bill's" Lager Beer
And felt its warmth arise,
Know well it drives out ev'ry fear,
And wakes up *just surprise!*

It fills the nerves with Native life,
And warms the stomach too,
Digestion moves with greater [illegible]
And sets the soul in glow!

"Bill's" Lager is the best of drink,
It makes a man feel all he'd think;
It warms him through and through, you know
And puts his nerves in a glow.

It never makes a man more drunk,
Nor [illegible] as a common drunk!
But always makes the [illegible]
To [illegible] triumph if he [illegible]

Bill's glasses, too, are just the thing,
They hold as much as Nature'll swing,
And keep the mind in equal poise,
And conscience from a drunken noise.

Then who would [illegible] your money [illegible]
You drink Bill's Lager, and you'll get
The [illegible] worth in [illegible] [illegible]
At Bender's shop and happy home!

So you that want a [illegible] clear
And one that sparkles [illegible]
Come buy or fill his Lager Beer,
'Twill make you feel sublime!
And will [illegible] improve,
And make your [illegible]

[illegible] rilla,

[illegible] Sarsaparilla [illegible] [illegible] [illegible] [illegible]

[illegible] EXTERNAL AND INTERNAL [illegible] [illegible] Salt Rheum, Scald Head, [illegible] [illegible] Dropsy, Dyspepsia, [illegible] Debility, [illegible] and Indigestion, [illegible] [illegible] [illegible] [illegible]

The Sarsaparilla will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. [illegible] by the aid of this remedy, [illegible] [illegible] [illegible] [illegible] the body will [illegible] if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

[illegible] the reputation, of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

HOSTETTER'S STOMACH BITTERS.

IT is a fact that, at some period, every member of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has introduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nausea, Flatulency, Loss of Appetite, or any Bilious Complaints, arising from a morbid inaction of the Stomach or Bowels, producing Cramps, Dysentery, Colic, Cholera Morbus, &c., these Bitters have no equal.

Diarrhea, dysentery or flux, so generally contracted by new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend Bitters of some kind; then why not use an article known to be infallible? All nations have their Bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to prove the value of this great preparation in the scale of medical science.

FEVER AND AGUE.—This trying and provoking disease, which fixes its relentless grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTERS. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nausea nor offend the palate, and render unnecessary any change of diet or interruption of ordinary pursuits, but promote sound sleep and healthy digestion, the complaint is removed as speedily as is consistent with the production of a thorough and permanent cure.

For Persons in Advanced Years, who are suffering from an enfeebled constitution and infirm body, these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indispensable, especially where the mother's nourishment is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart temporary strength and vigor to the system. Ladies should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtue of the Bitters, will recommend their use in all cases of weakness.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for HOSTETTER'S CELEBRATED STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

☞ Prepared and sold by HOSTETTER & SMITH, Pittsburgh, Pa., and sold by all druggists, grocers, and dealers generally throughout the United States, Canada, South America, and Germany.

The John Brown Excitement.

The telegraph is made the vehicle of rumors and fears without number from the seat of the Virginia conflict. The good people of the chivalrous State are in a terrible condition of apprehension of the Northern fanatics, lest they come down upon them to rescue John Brown. Of the deplorable state of things there, the following from the New York Times will give an impressive picture.

An unfounded story, carried to Harper's Ferry by a person whose classification as an impostor or a weakling, is still undetermined, led the Executive of Virginia to believe that an expedition 500 strong, and armed to the teeth, had passed the Ohio River near Wheeling, and were, by forced marches, hastening to the recovery and release of John Brown. Time was not to be lost. There was a large body of militia afoot at Charlestown; federal troops abounded at Harper's Ferry and the population of Jefferson County was under arms for the express purpose of defeating any such audacious attempt. But the necessity of larger preparations was obvious. A body of 400 troops had at once been thrown forward by rail from Richmond, Gov. Wise acting in person as conductor of the martial train; others were ordered to advance from Petersburgh, while a smaller force with two pieces of artillery, took the field by way of Washington. Late dispatches describe Harper's Ferry as alive with these heroes, eagerly expecting the five hundred, and prepared to give them a sanguinary welcome. From Wheeling, in the mean time, we have assurances that no such invasion of the Old Dominion had been effected; and although rumors of the appearance of such a band in Clarke County and of an encounter with them there by the populace, are reported, we may be justified in assuming the entire story to be the practical joke of some thoughtless person, wicked enough to sport with the apprehensions of a terrified people. Nor does this cruel and ill-timed spirit of jest confine itself to such mischievous efforts. The Richmond Examiner states that Gov. Wise has been warned of a scheme for kidnapping prominent citizens of Virginia or members of their families, and to keep them as hostages for the pardon of Brown and his fellow prisoners. The Examiner also cautions the people of the State against flocking in crowds to the scene of the execution, assigning as a reason that that event will probably be the time when the homesteads on the border will be most exposed to peril. It is reported from Alexandria that such was the view of the imminent danger of Virginia in that place that many persons volunteered to accompany the military who were dispatched to Charlestown. At Norfolk a clothier named Danenberg has been indicted for sedition, his offence being that he had expressed the sentiment that John Brown was a good man, fighting in a good cause, and that he had done nothing more than any honest man would do." The unfortunate gentleman is soon to be brought to trial for uttering this treasonable language.

We regret to learn of the bereavement of Gen. Geo. P. Morris of the "Home Journal," in the death of his excellent and most amiable wife, Mrs. Mary Worthington Morris.

A firm in Cincinnati recently telegraphed to a correspondent in Cleveland, as follows: "Cranberries rising. Send immediately one hundred barrels" per Simmons," "Simmons" being the agent of the Cincinnati house. The telegraph ran the two last words together, and shortly afterwards the Cincinnati firm were astonished to find delivered at their store, one hundred barrels of persimmons.

Mexican Affairs.

The Administration at Washington has at last resolved upon that decisive step which must determine the fate of Mexico. At a Cabinet meeting held on Saturday, we learn says the N. Y. Times from our special correspondent, it was resolved to move an army of occupation across the Rio Grande, and having taken possession of the Northern States of the Republic, to hold them until such guarantees as shall insure order along the frontiers and the safety of the various transit routes shall have been definitely obtained. The first steps of this startling measure have already been taken. The Quartermaster has been ordered to provide transports for a number of companies, to be embarked at New-York; while another strong body of infantry, with artillery, is to be sent down the Mississippi. In the meantime much doubt involves the condition of affairs at Brownsville. The action of Government is evidently founded upon an assumption of the truth of the information transmitted to the War Department by Gen. Twiggs; and yet there are grave reasons to question the veracity of such reports, and for believing that, though Brownsville may have fallen into the hands of the banditti, that no intelligence *after the fact* has yet reached us. The citizens of New Orleans are preparing to send succor to the beleaguered town.

Rochester.—Rochester is going it again. If a great criminal, or great man of any kind, is spoken of in any quarter, Rochester will be sure to trace up the individual's genealogy, and find that it commenced in Falls Field, or in that neighborhood. If a crevasse occurs in the levees on the Mississippi River, Rochester straightway gets one up on the canal, and there is an awful time. When a horrible assassination is announced in some other quarter, directly somebody in Rochester is stabbed several times, and is tumbled over the bluff, and the newspapers have a general holiday. When Paulsen was playing his great chess match at Chicago—*blindfold*—immediately a man in Rochester announced that he was ready to play twenty games, one after another, with one hand tied behind him and his trowsers rolled up. Within a couple of weeks, John Brown—Ossawottomie—has been arrested, and a large number of his weapons for distribution among the negroes were found—pikes or diggers mounted on pitchfork handles. Of course, Rochester had to stir itself around on the subject, and on Saturday the papers there announced that a lot of John Brown's weapons were found in that city. By the next mail we expect to hear that Rochester has found another John Brown, and a better article of John Brown than the Harper's Ferry man. At all events, they will be sure to trace up John Brown as an old resident of Rochester, and thus be able to keep up the reputation of Rochester as being always ahead.—*Buff. Courier.*

A mysterious affair is exciting the Bridgeport people. A few years ago a beautiful lady of that town married a man who won her affections and esteem by means of forged letters, and other deceit. She afterwards found him "a brute in human form," and leaving him, brought her child to Bridgeport, and resided with her relatives. Ever since that time her husband has annoyed her in every way, and tried to abduct the child. She has filed a petition for divorce, but the hearing has not yet come off. She went to a neighboring town on Saturday, to visit, but was watched. That night she retired to bed, but was missing in the morning.—Under the circumstances in which she was placed, it is improbable that she willingly went away with her husband; there is no doubt that chloroform was administered and that she was carried off. She has not yet been heard from.

Another Kind of a Cat.—A gentleman doing business on Main st., was presented with a beautiful kitten. Yesterday a couple of young ladies, one of them named Julia happened into the store and of course kitty, as kittens and babies always do, came in for an immense quantity of endearments and caresses.

"Oh, my! What a sweet, darling little kitty! What is its name?"

"It has not been christened yet."

"Oh, the dear thing! Do call it Julia—won't you?"

"I should be very happy to do so," said our gallant friend—*but it isn't that kind of a cat.*"

Kitty was deposited on the floor in a twinkling, and a couple of young ladies were seen looking round for a good place to faint.

New York City Politics.

The unanimous nomination of William F. Havemeyer and Samuel J. Tilden, by the Democrats of New York, is in the attendant circumstances are all auspicious. The press of the city speaks warmly in praise of both candidates. One of the gentlemen, who had been prominently spoken of for Mayor, James T. Brady, withdrew his name giving in his adhesion to the nomination. Mr. Devlin and Recorder Barnard, prominently supported for Corporation Counsel, also withdrew their names, in order to give unanimity to the nomination.

The Mozart Hall party (which cast several thousand votes in the late contest) has broken up, and a portion under the lead of Wilson (Wood's nominee for Senator in the 4th District) confirmed the nominations of Havemeyer and Tilden.

No class is so much interested in good government in the city of New York, as the great body of operatives and the mercantile and business men, who constitute the Democracy of the Empire city. We hope to see them united in support of this ticket. The great interests of the country demand such a union at this time, in what may justly be regarded as the Metropolis of the Confederacy.

A Boy Frightened to Death.—A death of a most extraordinary character took place at Ottawa, Canada, on the 2d instant, the particulars of which are these: Some men were about to slaughter an ox, and had attached one end of a rope to the horns, and passed the other through the door into the slaughter-house, and were driving the animal in. The boy, Simon O'Donnell, help a candlestick in one corner of the shed, to throw light on the proceedings. When the beast was driven in, it appears that it made a sudden movement toward the where the boy was, and was instantly seized by the nose by one of the butcher's dogs, when it roared out loudly, and the boy dropped to the ground in an instant, perfectly dead. The Coroner's jury returned a verdict to the effect that the death of the boy was occasioned by "fright."

Question for a Debating Society.—A cotemporary proposes the following question for debate. "If a fellow what is a feller—and his gal—are about to be parted for a time—and they propose to change daguerreotypes, and for that purpose the feller goes to the daguerreotype shop—and is to pay for having the pictures took, and he has only money enough to pay for one picture in a magnificent case—and one picture in an ordinary case—which picture should he put in the magnificent case—his own ugly mug or hern? Would it be gallant to him to put her mug in the ugly case? Would it be generous in him to put his mug in the ugly case which she is to keep? That's the question before the meeting."

A Cleveland paper, we see, is arguing to prove that the first great men to engage in the Underground Railroad business were Moses and Aaron. The Israelites whom he "ran off," hundreds and thousands at a time, from the House of Bondage, the editor says, were slaves, in the same sense as the African is at the South; and hence, as Moses is one of the most godlike types of goodness, it is the duty of all men to imitate that goodness as much as possible. Hence, the Underground Railroad ought to be worked upon as a religious institution—one to be encouraged, and not to be ashamed of.

A young fellow named Taylor, wishing to desert his wife, came up the River to Albany, and then sent a despatch to her, signing it with the name of another person, that he had fallen off a sloop and was drowned. Mrs. Taylor at once started for Albany. On arriving there, and learning how she had been deceived, she became almost crazed.

The *Herald*, menaced with a libel suit for editorily charging Thurlow Weed with being concerned in the Slave Trade, thus backs, not down, but sideways:

"We, therefore, unhesitatingly believe, and state that he was no more concerned in the Slave Trade than the southern Democratic and Southern statesmen, or Mr. Buchanan's Administration, and thus we restore our amiable contemporary to his usual peace of mind and good standing in the community. Stetson, of the Astor, will please to empty one of his best bottles on this point."

For several nights past, says the Red Wing [Minn.] Republican, the heavens have been beautifully illuminated by the fires upon the prairies and the bluffs within a few miles of town.

We have been informed by a friend formerly a resident of this village, that we are soon to be favored with a rich musical treat by Mr. James G. Clark, whose fame has reached us long since, as a beautiful composer and a fine singer, assisted by the Union Bards of Rochester, who rank among the first singers of the day. Selections will be made from the most beautiful quartettes and duets of the musical age, by the Bards, and the finest selection of ballads which has ever been presented will be rendered by Mr. Clark. We need not we thinksay anything further by way of recommendation, as two names so well known as the above, are a combination, in our idea, to powerful to be resisted.

If you have a cough, buy Dr. Griswold's Cough Mixture, that always cures.

GREAT DISCOVERY!

NEW MODE OF ADVERTISING.

The Proprietor of the Great American Shoe Store, No. 2 Odd Fellows Hall, south side Main street, nearly opposite the Post Office, claims to be the Inventor of the cheapest and best mode of advertising in the world. He claims to be the manufacturer of

The Comptroller has placed the matter in the hands of Attorney General Tremain, who will proceed at once under act of 1845, to foreclose and sell the road, with all appurtenances. Sec. 9 of the law of 1845, gives the Comptroller power to sell on application of bond holders in certain cases.

VERMIFUGE

AND

LIVER PILLS.

WE beg leave to call the attention of the Trade, and more especially the Physicians of the country, to two of the most popular remedies now before the public. We refer to

Dr. Chas. M'Lane's Celebrated Vermifuge and Liver Pills.

We do not recommend them as universal Cure-alls, but simply for what their name purports, viz.:

THE VERMIFUGE,

For expelling Worms from the human system. It has also been administered with the most satisfactory results to various Animals subject to Worms.

THE LIVER PILLS,

For the cure of LIVER COMPLAINTS, all BILIOUS DERANGEMENTS, SICK HEAD-ACHE, &c. In cases of

FEVER AND AGUE,

preparatory to or after taking Quinine, they almost invariably make a speedy and permanent cure.

As specifics for the above mentioned diseases, they are Unrivaled, and never known to fail when administered in accordance with the directions.

Their unprecedented popularity has induced the proprietors,

FLEMING BROTHERS,
PITTSBURGH, PA.

to dispose of their Drug business, in which they have been successfully engaged for the last Twenty Years, and they will now give their undivided time and attention to their manufacture. And being determined that Dr. M'Lane's Celebrated Vermifuge and Liver Pills shall continue to occupy the high position they now hold among the great remedies of the day, they will continue to spare neither time nor expense in procuring the Best and Purest material, and compound them in the most thorough manner. Address all orders to

FLEMING BROS., Pittsburgh, Pa.

P.S. Dealers and Physicians ordering from others than Fleming Bros., will do well to write their orders distinctly, and *take none but Dr. M'Lane's, prepared by Fleming Bros., Pittsburgh, Pa.* To those wishing to give them a trial, we will forward per mail, post paid, to any part of the United States, one box of Pills for twelve three-cent postage stamps, or one vial of Vermifuge for fourteen three-cent stamps. All orders from Canada must be accompanied by twenty cents extra.

DR. COGGSWELL'S NEW MEDICAL SALT.

For Inflamatory Diseases Only.

New Medical Salt! New Medical Salt?

IT IS NOT A CURE-ALL.

For Inflammatory Diseases only

DR. COGGSWELL'S NEW MEDICAL SALT instead of its being a remedy for all ills, has control over but one ill, has but one aim, and accomplishes but one thing, to wit: subdues inflammatory diseases, whatever be the form or locality, whether in the head, throat, abdomen, extremities or skin.

NEW MEDICAL SALT. Its peculiar excellence is, that without the useless loss of blood and strength, it effectually cures inflammatory diseases, [illegible] an equilibrium of the fluids in the body, the want of which is the sole cause of inflammation!

NOTICE TO INVALIDS! ! The following forms which the unbalanced fluids assume, and many not here mentioned, that have more or less fever or pain, are as easily subdued by the *New Medical Salt*, as fire is extinguished by water, to wit: Brain Fever, Headache, rush of blood to Head and Heart, Fits, Inflamed eyes, ears, nose, lungs and liver; Neuralgia, Spinal affections, Erysipelas, Bronchitis, Pleurisy, Asthma, Cough, Dyspepsia, Venereal Diseases, Rheumatism, Gout, Scrofula, and all itching and other cutaneous eruptions.

DR. COGGSWELL'S NEW MEDICAL SALT does not, while it claims to do—no more no less—equalize the fluids by removing from the system all arterial and venous obstructions. Descriptive circulars may be obtained from any Druggist who has this valuable medicine for sale.

Ask your neighbors about the *New Medical Salt*. If sick, try; if not sick, remember the *New Medical Salt*.

DR. COGGSWELL'S NEW MEDICAL Salt is for sale in Batavia by H. W. Fellows and by all enterprising druggists wherever the Herald is.

As it is not a Patent medicine, but the prescription of an eminent Physician, no one should fail to try the New Medical Salt.

A NEW, SPEEDY, AND MOST SUCCESSFUL

MODE OF TREATING

Spermatorhoea, Nervous Debility, Marasmus or Wasting Consumption.

AND ALL

Diseases of the Urino-Genital Organs.

A CLASS of Maladies prevail to a fearful extent in community; dooming at least fifty thousand youth of both sexes, annually to an early grave. These diseases are very imperfectly understood. Their external manifestations or symptoms are Nervous Debility, relaxation and exhaustion; Marasmus, or muscular wasting and consumption of the tissues of the whole body; shortness of breathing, or hurried breathing on ascending a hill, or a flight of stairs—great palpitation of the heart, asthma, bronchitis and sore throat; shaking of the hands and limbs, aversion to society, and to business or study, dimness of eye-sight, loss of memory, dizziness of the head, neuralgic pains in various parts of the body; pains in the back and limbs, lumbago, dyspepsia or indigestion, irregularity of the bowels, deranged secretion of the kidneys and other glands of the body, as Leucorrhoea, or Fluor Albus, &c. Likewise Epilepsy Hysteria and Nervous Spasms.

Now, in ninety-nine out of every one hundred cases all the above named disorders and a host of others not named have their seat primarily in the sexual organs, and arise from morbid excitement and chronic inflammation—a state of morbid irritability, hence the want of success on the part of Old School Doctors.

DR. JOHNSON is now engaged in treating this class of modern maladies with the most astonishing success. The treatment adopted by the Institution is new, it is based upon scientific principles with new discovered remedies, without mercury or poisons. The facilities of cure are such, that patients can be cured at their own homes without [illegible], in any part of the country, from an accurate description of their case by letter, and have the medicine sent them by mail or express.

Scrofula, or King's Evil,

[illegible] the blood, by which this fluid becomes vitiated, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children."

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently, vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same cause.

THE

NEW YORK WEEKLY,

A HANDSOME QUARTO PUBLICATION,

BEAUTIFULLY ILLUSTRATED,

IS NOW UNIVERSALLY ACKNOWLEDGED TO BE

THE BEST STORY PAPER IN THE WORLD!

Among its Regular Contributors will be found the names of some of the best male and female writers in the United States! Such writers as Justin Jones, Harry Hazel, Augustine J. H. Duganne, William Earle Binder, Harry Hazleton, James Reynolds, Francis S. Smith.

Mrs. Mary J. Holmes, Helen Forest Graves, Mary C. Vaughan, Margaret Verne, Anna Raymond, Eda Mayville. Write for it regularly, while a score of other well known writers occasionally contribute to its columns.

THE NEW YORK WEEKLY has now engaged a force of talent that cannot be rivaled by any establishment in the world!

NOTICES OF THE PRESS.

Never before has any new candidate for public favor in the Literary World received such flattering notices from the Press. From all quarters, our editorial brethren have cheered us on by speaking of our enterprise in a manner to stimulate our vanity, and to excite the envy of our rivals.

GENERAL CHARACTER OF THE NEW YORK WEEKLY.

The WEEKLY is designed more especially as a First-Class Story Paper, in which we intend to give our readers a succession of THE BEST STORIES EVER PUBLISHED IN THE UNITED STATES! The aim and object of these productions will be to inculcate useful knowledge under the pleasing guise of fiction, or to teach great moral lessons through the same means. We shall never publish a word or line, the tendency of which is to injure the morals or taste of the reader. Every issue of the NEW YORK WEEKLY will contain short sketches of Life and Manners, Notings of Travel and Adventure, Short Stories, General Summary of Events, Humorous Gleanings, Poetry, Editorials, &c., &c. As specimens of our serials, we would point to A. J. H. Duganne's great story, Garibaldi, The Hero of Italy! Harry Hazel's exciting Indian Romance, 'The Mohe Spy!' Francis S. Smith's Intensely Interesting Domestic Story, Maggie, The Child of Charity! While, as specimens of our standing departments, we point with pride to our Ballads of the Bible, admitted by all to be the most chastely written and beautiful scriptural poems ever produced.

Our Knowledge Box, in which is weekly contained a number of paragraphs of the greatest importance to house-keepers and others.

Our Pleasant Paragraphs, an interesting *melange*, ranging "from grave to gay, from lively to severe."

Our Ladies' Column, prepared especially for the ladies by one of the most brilliant lady writers of the present day.

Our Mirthful Morsels, our Items of Interest, etc., etc. In a word, its Editors will use their best endeavors to get up just such a paper as will eventually find its way to every fireside in the land—that shall be a welcome visitor wherever it goes—equally popular in the workshop and the office—at the fireside of the farmer, or in the counting-room of the merchant—a paper that parents can, with safety, place in the hands of their children without note or comment, feeling certain that its influence will be to stimulate their minds to the pursuit of knowledge, or lead them to abhor vice and wrong.

OUR CIRCULATION & PROSPECTS

The NEW YORK WEEKLY has gone up to a circulation which places it second in point of circulation in the list of publications of the day. There is but one weekly publication in the world having a larger circulation than the WEEKLY.

The indications are, at present, that the circulation of the WEEKLY will soon reach half a million. Where the newsmen were taken tens, they are now taking hundreds of copies. This is the general effect among the *five* thousand News Agents who are now regularly selling the NEW YORK WEEKLY, while from nearly every Post Office in the country, we are daily getting subscriptions and orders for specimens.

How and Where to Get the "Weekly."

Wherever there is a News Agent, get the paper from him. By so doing, you do not run the risk of losing your money through the Post Office, or having to pay for what you will never get. If the paper you are buying from the Agent stops, you do not lose advance subscriptions, sent to a place where you have no means of looking after it. We trust the day is not far distant when every town, large enough to sustain a Post Office, will have its News Agency.

OUR TERMS:

The price of the NEW YORK WEEKLY is FOUR CENTS, but where Agents have to pay extra freight or postage, a higher price is necessarily charged. When sent by mail, the price will invariably be $2 00 a year, in advance. Subscriptions taken for three months. Two copies will be sent for one year for $3, four copies for $5, eight copies for $12. Postmaster and others who get up clubs of ten, and send us $15 at one time, will be entitled to an extra copy for their trouble. The bills of all solvent banks taken at par for subscriptions. Canada subscribers must send twenty-five cents extra with every subscription, to pre-pay the American postage.

All letters and communications, in relation to the Editorial or Business Departments of the NEW YORK WEEKLY, must be addressed to,

Ayer's Sarsaparilla,

A compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

HOSTETTER'S STOMACH BITTERS.

It is a fact that, at some period, every member of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has introduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nausea, Flatulency, Loss of Appetite, or any Bilious Complaints, arising from a morbid inaction of the Stomach or Bowels, producing Cramps, Dysentery, Colic, Cholera Morbus, &c., these Bitters have no equal.

Diarrhoea, dysentery or flux, so generally contracted by new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend Bitters of some kind; then why not use an article known to be infallible? All nations have their Bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to prove the value of this great preparation in the scale of medical science.

FEVER AND AGUE.—This trying and provoking disease, which fixes its relentless grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTERS. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nausea nor offend the palate, and render unnecessary any change of diet or interruption of ordinary pursuits, but promote sound sleep and healthy digestion, the complaint is removed as speedily as is consistent with the production of a thorough and permanent cure.

For Persons in Advanced Years, who are suffering from an enfeebled constitution and infirm body, these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indispensable, especially where the mother's nourishment is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as *Hostetter's Stomach Bitters,* is needed to impart temporary strength and vigor to the system. Ladies should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtue of the Bitters, will recommend their use in all cases of weakness.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for HOSTETTER'S CELEBRATED STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

Prepared and sold by HOSTETTER & SMITH, Pittsburgh, Pa., and sold by all druggists, grocers, and dealers generally throughout the United States, Canada, South America, and Germany.

We also beg to inform our readers that we do not hold ourselves responsible for the opinions of our correspondents.

More Light.

It seems not a little strange that inasmuch as we have a gas manufactory in this village of abundant capacity that the streets of this village are so insufficiently lighted. On Bank st., and Summit st., there is great need of light as well as in many other portions of the town. By a more liberal use of gas on the streets we presume that the private consumption would be considerably reduced in price.—The consumption of gas in the streets of this village is much less in proportion to the population, than it is in cities. There can be no reasonable argument argued against an increase of lamps on the streets—why can't we have them?

Modesty is a Virtue.

Mr. Editor:—The above caption is most vividly impressed upon my mind by the excessively modest letter of the late defeated candidate for District Attorney in this county. I quote the following beautiful extract from his letter of the 15th, inst., to the Chairman of the Board of County Canvassers. "I am necessarily absent to-day at Alexander and ask that the canvass for District Attorney be deferred till to-morrow that I may look into the case."

Only think of it Mr. Editor; this sentence amounts to a petition; an *actual prayer for delay*. How condescending and becoming in the great *defeated*—look at it in all its bearings; you must dissect and analyze it before you can discover all its beauties!

First, "I am necessarily absent." It is no ordinary business that could engage the attention of the learned Counsel, but an absolute necessity, the particulars of which he is to modest to disclose. I almost tremble when I attempt to lift the veil and divulge to an admiring world that, the necessary engagement referred to, was no less than officiating as Counsel in a most interesting suit in a Justice's Court, in which the learned Counsel himself had been chosen defendant.

Second, "At Alexander" that town of towns, that gave the learned Counsel so large a majority of its votes! How could he leave so dear a place or neglect so important business.

And hereby the learned Counsel only asks for the merest trifle—merely thirteen canvassers to postpone their labors to accomodate him for a *single day!* Is it not a subject worthy the admiration of the world.

In connection with the above please to issue you proclamation for the discovery and return to the owner, of from three to five hundred lost ballots. It can be proved that ballots enough "to change the result in the county," were *actually printed* containing the names of the Democratic State officers, with the learned Counsellors name inserted, instead of Mr. Willett's for District Attorney, and sent to the towns of Pembroke, Oakfield, Elba and Pavilion. Why they were not found in the ballot boxes, is the mystery. A suitable and liberal reward will be paid to the finder on his returning the votes in question to the owner in such a state that they may be used effectually in counting *in* the learned Counsel as District Attorney.

The Ladies American Magazine for December closes the second volume of this popular Monthly. The price is two dollars a year for single copies, and liberable deduction for clubs. Henry White Publisher, 37 Park Row, N. Y.

Arthur's Ladies' Home Magazine.

Is now admitted by the press in all parts of the union, to be, without question, the leading Two Dollar Magazine published. To gain this distinction, was the aim of all parties interested in the work; and no expense was spared to give its readers choice original literature, fine engravings and beautiful typography. For 1860 the work is to be still further advanced in excellence, and having distanced the two dollar magazines in all the essentials of a first class periodical, it will offer new attractions, and emulate its higher priced, and more ambitious compeers.

The plan and purpose of the Magazine will remain the same. Its aim is to bring to the homes of the people a pure useful and attractive literature; and in doing so it offers, at the same time, the elegancies of art, to charm the eye and improve the taste. As in periodicals of this class, matters of fashion for the ladies are included, the Home Magazine presents the latest styles, both in colored steel plates, and engravings on wood; in which are included an almost endless variety of patterns for needle work and embroidery.

The price of this Magazine is within the reach of all. Think of getting the monthly visits of such a work at $1,25 a year, which is the price when four copies are subscribed for in a club. Terms, $2,00 a year; Two copies for $3,00; Four copies for $5,00; Twelve copies for $15,00, and an extra copy for the getter up of the club.

An offer is made in the Evening Journal to wager $5,000, that Gov. Seward will carry this State, if nominated for President; $1,000 on 1,000 majority, $2,000 on 2,000, majority, and so on up to 20,000—making in all a wager of $25,000; there will be no takers of the bet!—*Batavia Advocate.*

We are authorized to state that a gentleman of ample responsibility in this village stands ready to take the above bet, if it is offered in good faith, and by a responsible party. Let the Evening Journal bring out its man, and he will be matched in a hurry. We hope there will be no Republican back-down, on the part of this champian of Mr. Seward.

Failures in Chicago.—There was considerable talk on Change in New York last week of some mercantile failures in Chicago, which have caused some stir in that city. They are, so far as we learn relics of the crisis. In 1857, a good many houses, not only at Chicago, but here and elsewhere as well were saved from destruction by the assistance of banks and wealthy friends. These houses gave their paper for the advances made them, in the hope that the business of the two seasons of 1858 and '59 would be as lucrative as usual, Having been disappointed in the result, they are now in many cases going quietly into liquidation. Their failure will not cause any extended trouble in the mercantile world; and so far as the broken houses are themselves concerned it is beyond question the best thing that could happen to them.

Gerrit Smith.—The Macacheek Press gives the following particulars of an interview with Gerrit Smith last summer: "Mr. Gerrit Smith is known to be an anti-war man, opposed in fact to all violence.—Then he is known to be as brave as Old Ossawatomie, and had he consented to an insurrectionary movement, would have put himself at its head. But he is opposed to any wickedness of the sort. For example, when Mr. Donn Piatt was on a visit to Mr. Smith's beautiful house in New York, during the last spring, he was shown in the library a work by Redpath, which had been presented to Mr. Smith by the author. It was dedicated to Old Ossawatomie.—Mr. Smith asked if his guest knew Old Ossawatomie, and went on to say that Brown had suffered great wrongs, and could accomplish much good if he were not so violent. 'Violence after wrong comes of itself, said Mr. Smith, 'and needs no cultivation. On the contrary, it is one of the evils we seek to eradicate. When designedly used as a means, it defeats its purpose and brings the good to naught."

About Making Nails.—The first machine ever used for cutting nails is said to have been invented by Benjamin Cochrane, a shopmate of Eli Whitney. This inventor died at Batavia, N. Y., in 1846, at a good old age. His machine cut out the nail without a head. Previous to the date of his invention (1790,) nails had been punched out of plates by hand in Connecticut; these also had no head. In 1810, the ingenious Jacob Perkins and Jonathan Ellis, of Massachusetts, erected the first machinery for cutting and heading nails at one operation. In 1792: cut-nails were first made in England by machinery, two rollers with dies being employed for the purpose. One-half the impress was made in each roller where they came in contact, the blanks were fed in at the top, and the finished nails dropped out below as the steel rollers revolved.

Mr. Freeman "keeps a hotel" in New York, and one of his guests cited him before the Mayor on Saturday. He testified that Freeman agreed to keep him at the rate of a dollar a day; that he remained four days, for which he paid five dollars and that Mr. Freeman then demanded seven dollars more, and retained a steamboat ticket and his baggage as security for that amount. Mr. Freeman was arrested, and set up in defence the theory, that he only agreed to keep him through the *day*, and that the seven or eight dollars extra was for *lodging*, and for the trouble he took in protecting his guest against sharpers, by procuring for him a genuine instead of a bogus ticket. The Mayor took a different view of the *matter*, however, and insisted that a day means twenty *four hours*, and in spite of Mr. Freeman's ingenious theory, he was compelled to give up his guest's baggage and ticket without getting the seven dollars.

The Air Ship Did'nt Set Sail.

Prof. Lowe did not start for Europe last Saturday. He publishes a card apologizing for the postponement of the trip, on the ground of inclement weather. Sixty hours fair weather, and a continued flow of gas, are indispensable. He says:

The public may rest assured that the earliest practicable moment will be made available for the object I have in view, and that no effort will be foregone that may subserve the success of this, the first voyage upon the "wings of the wind" from the New to the Old World. While the project is grand, magnificent and beautiful to contemplate, the public should not forget that it is none the less laborious, expensive and hazardous. Should I succeed in the attempt, those who now hesitate to give me their confidence may awake to the fact that "in the bright lexicon of youth there is no such word as fail." Had my operations been conducted immediately near the works of the gas company, the inflation might have been accomplished in ten hours or less. It should be remembered that the monster ship Great Eastern has not yet arrived; and it may be a pardonable pride to suggest that the aerial ship of which I am captain may touch upon Albion's shore long in advance of the anchorage of the English leviathan in American waters. Should I, Mr. Editor, be the humble means of advancing the interest of Science, and in some measure adding to the glory of our common country, I shall be more than repaid for the long months of thought, research and labor that I have contributed to the accomplishment of the great design I have in view, Believing in the kind indulgence of a liberal public, I am, &c., T. S. C. Lowe.

New York Central Railroad—Election of Directors.—It is announced by advertisement in the New York papers that the annual election for Directors of the Central Railroad will be held at the office of the Company in Albany, on the 14 proximo, The poll will be open from 11 o'clock A. M. till 1 o'clock P. M. Inspectors of election will be chosen at the same time with the Directors. The transfer books of the company will be closed *seven days prior* to the election, and re open the day following the election.

A chap was walking along one day, when he saw a rattlesnake, nicely coiled up. As the snake saw him, it raised its tail and began its not very musical wh-i-r-r, whereupon the chap stopped and said, "We-e-ll, if you ain't the *wusses* scared snake I ever saw, I'll be———!"

When Governor Tallmadge went to Fondu Lac, his new home was graced by several grown-up daughters. It was at the time the bustle was a desired accession of grace and outline, but new to the Indians. A grave old chief one day was asked what he thought of Gov.'s daughters. "Pretty squaws; nice white squaws, pity 'um backs broke."

Three little girls were nearly killed in Randolph, Vt., a few days ago by a ram. The animal butted them down, and then pursued them to the house, where he battered down the door before he was captured. He was a "battering ram."

A wag, on seeing an old gobbler trying to swallow a cotton string, remarked, that was the last attempt to introduce cotton into Turkey..

DR. N. R. C. ROWE.

URISCOPIAN PHYSICIAN.

(Late from the Island of Barbadoes, West Indies)

WHO has located in Rochester, begs to announce to the public of Batavia and vicinity, that he can be consulted on all CANCEROUS and CATARRH affections, Tumors, diseases of the Lungs, Throat, Liver, Kidneys, &c., &c. Also Scrofulous and all other Chronic Diseases, at his office No. 6 Stone Block, corner of Main and St. Paul Streets.

The success that has attended his practice was never surpassed by any other Medical man of his Profession. He has cured entirely some of the worst cases of that most loathsome disease, CANCER—the thoughts of which chill the heart and makes life a burden to those afflicted with it—which had been pronounced by some of the most skillful Physicians as decidedly incurable. These patients now live as witnesses to this fact. CATARRH, this most awful disease, which if not checked, terminates in Consumption, he can cure most speedily.—Scrofulous and all other Chronic Diseases he treats with equal success. Patients placing themselves under his care will be treated strictly scientific, as he is a legitimate practioner and no self taught man. Dr. R. has discovered a speedy and certain cure for such cases of that fearful and ravaging disease CANCER, as are curable. It has hitherto been the opinion of the Medical Faculty that Cancer cannot be cured. Dr. Rowe however, has after a thorough investigation long study of the disease been able to discover a remedy that will cure such cases as can be cured. Though all cases cannot be cured, yet they can be relieved and life prolonged. Any one consulting him will be told candidly whether anything can be done for them or not. Consultation free. Dr. R. by a careful chemical examination of the Urine can tell almost every Chronic Disease that mankind is liable to, and thus can treat diseases more correctly and successfully than by any other mode of examination. The reason that a great many curable diseases are deemed incurable is simply from not finding out the real secret of the disease. Parties at a distance, not able to consult him personally, by sending a small vial with some of their Urine from the first made in the morning, and $1 as a fee for testing it, at the same time stating their age, will be told their disease. Letters addressed to Box 364, Rochester, N. Y., will meet with prompt attention. Packages containing Urine must be addressed to his office. References as to his mode of treatment can be given to some of the first Physicians in this country.

Dr. ROWE will be at the Eagle Hotel, Batavia on Monday and Tuesday November 28 and 29.

DR. M'LANE'S

CELEBRATED

VERMIFUGE

AND

LIVER PILLS.

WE beg leave to call the attention of the Trade, and more especially the Physicians of the country, to two of the most popular remedies now before the public. We refer to

Dr. Chas. M'Lane's Celebrated

Vermifuge and Liver Pills.

We do not recommend them as universal Cure-alls, but simply for what their name purports, viz.:

THE VERMIFUGE,

For expelling Worms from the human system. It has also been administered with the most satisfactory results to various Animals subject to Worms.

THE LIVER PILLS,

For the cure of LIVER COMPLAINTS, all BILIOUS DERANGEMENTS, SICK HEAD-ACHE, &c. In cases of

FEVER AND AGUE,

preparatory to or after taking Quinine, they almost invariably make a speedy and permanent cure.

As specifics for the above mentioned diseases, they are Unrivaled, and never known to fail when administered in accordance with the directions.

Their unprecedented popularity has induced the proprietors,

FLEMING BROTHERS,
PITTSBURGH, PA.

to dispose of their Drug business, in which they have been successfully engaged for the last Twenty Years, and they will now give their undivided time and attention to their manufacture. And being determined that Dr. M'Lane's Celebrated Vermifuge and Liver Pills shall continue to occupy the high position they now hold among the great remedies of the day, they will continue to spare neither time nor expense in procuring the Best and Purest material, and compound them in the most thorough manner. Address all orders to

FLEMING BROS., Pittsburgh, Pa.

P.S. Dealers and Physicians ordering from others than Fleming Bros., will do well to write their orders distinctly, and *take none but Dr. M'Lane's, prepared by Fleming Bros., Pittsburgh, Pa.* To those wishing to give them a trial, we will forward per mail, post paid, to any part of the United States, one box of Pills for twelve three-cent postage stamps, or one vial of Vermifuge for fourteen three-cent stamps. All orders from Canada must be accompanied by twenty cents extra.

SUBSCRIPTION PRICE 6 CENTS PER WEEK.

TO CORRESPONDENTS:

We also beg to inform our readers that we do not hold ourselves responsible for the opinions of our correspondents.

JOB PRINTING, OF ALL KINDS, EXECUTED AT THIS OFFICE WITH TASTE AND DESPATCH.

More Light.

It seems not a little strange that inasmuch as we have a gas manufactory in this village of abundant capacity that the streets of this village are so insufficiently lighted. On Bank st., and Summit st., there is great need of light as well as in many other portions of the town. By a more liberal use of gas on the streets we presume that the private consumption would be considerably reduced in price.—The consumption of gas in the streets of this village is much less in proportion to the population, than it is in cities. There can be no reasonable argument argued against an increase of lamps on the streets—why can't we have them?

Modesty is a Virtue.

Mr. Editor:—The above caption is most vividly impressed upon my mind by the excessively modest letter of the late defeated candidate for District Attorney in this county. I quote the following beautiful extract from his letter of the 15th, inst., to the Chairman of the Board of County Canvassers. "I am necessarily absent to-day at Alexander and ask that the canvass for District Attorney be deferred till to-morrow that I may look into the case."

Only think of it Mr. Editor; this sentence amounts to a petition; an *actual prayer for delay.* How condescending and becoming in the great defeated—look at it in all its bearings; you must dissect and analyze it before you can discover all its beauties!

First, "I am necessarily absent." It is no ordinary business that could engage the attention of the learned Counsel, but an absolute necessity, the particulars of which he is to modest to disclose. I almost tremble when I attempt to lift the veil and divulge to an admiring world that, the necessary engagement referred to, was no less than officiating as Counsel in a most interesting suit in a Justice's Court, in which the learned Counsel himself had been chosen defendant.

Second, "At Alexander" that town of towns, that gave the learned Counsel so large a majority of its votes! How could he leave so dear a place or neglect so important business.

And hereby the learned Counsel only asks for the merest trifle—merely thirteen canvassers to postpone their labors to accomodate him for a *single day!* Is it not a subject worthy the admiration of the world.

In connection with the above please to issue you proclamation for the discovery and return to the owner, of from three to five hundred lost ballots. It can be proved that ballots enough "to change the result in the county," were *actually printed* containing the names of the Democratic State officers, with the learned Counsellors name inserted, instead of Mr. Willett's for District Attorney, and sent to the towns of Pembroke, Oakfield, Elba and Pavilion. Why they were not found in the ballot boxes, is the mystery. A suitable and liberal reward will be paid to the finder on his returning the votes in question to the owner in such a state that they may be used effectually in counting in the learned Counsel as District Attorney.

REPUBLICAN HEN COOP, JR.

The LADIES AMERICAN MAGAZINE for December closes the second volume of this popular Monthly. Now is a good time to subscribe, and the Publisher offers rare inducements to those who favor him with their patronage. The price is two dollars a year for single copies, and liberable deduction for clubs. Henry White Publisher, 37 Park Row, N. Y.

Arthur's Ladies' Home Magazine.

Is now admitted by the press in all parts of the union, to be, without question, the leading Two Dollar Magazine published. To gain this distinction, was the aim of all parties interested in the work; and no expense was spared to give its readers choice original literature, fine engravings and beautiful typography. For 1860 the work is to be still farther advanced in excellence, and having distanced the two dollar magazines in all the essentials of a first class periodical, it will offer new attractions, and emulate its higher priced, and more ambitious compeers.

The plan and purpose of the Magazine will remain the same. Its aim is to bring to the homes of the people a pure useful and attractive literature; and in doing so it offers, at the same time, the elegancies of art, to charm the eye and improve the taste. As in periodicals of this class, matters of fashion for the ladies are included, the Home Magazine presents the latest styles, both in colored steel plates, and engravings on wood; in which are included an almost endless variety of patterns for needle work and embroidery.

The price of this Magazine is within the reach of all. Think of getting the monthly visits of such a work at $1,25 a year, which is the price when four copies are subscribed for in a club. Terms, $2,00 a year; Two copies for $3,00; Four copies for $5,00; Twelve copies for $15,00, and an extra copy for the getter up of the club.

Address T. S. ARTHUR & Co.,
323 Walnut st., Philadelphia.

An offer is made in the Evening Journal to wager $5,000, that Gov. Seward will carry this State, if nominated for President; $1,000 on 1,000 majority, $2,000 on 2,000, majority, and so on up to 20,000—making in all a wager of $25,000; there will be no takers of the bet!—*Batavia Advocate.*

We are authorized to state that a gentleman of ample responsibility in this village stands ready to take the above bet, if it is offered in good faith, and by a responsible party. Let the Evening Journal bring out its man, and he will be matched in a hurry. We hope there will be no Republican back-down, on the part of this champian of Mr. SEWARD.

FAILURES IN CHICAGO.—There was considerable talk on Change in New York last week of some mercantile failures in Chicago, which have caused some stir in that city. They are, so far as we learn relics of the crisis. In 1857, a good many houses, not only at Chicago, but here and elsewhere as well were saved from destruction by the assistance of banks and wealthy friends. These houses gave their paper for the advances made them, in the hope that the business of the two seasons of 1858 and '59 would be as lucrative as usual, Having been disappointed in the result, they are now in many cases going quietly into liquidation. Their failure will not cause any extended trouble in the mercantile world; and so far as the broken houses are themselves concerned it is beyond question the best thing that could happen to them.

GERRIT SMITH.—The Macacheek Press gives the following particulars of an interview with Gerrit Smith last summer: "Mr. Gerrit Smith is known to be an anti-war man, opposed in fact to all violence.—Then he is known to be as brave as Old Ossawatomie, and had he consented to an insurrectionary movement, would have put himself at its head. But he is opposed to any wickedness of the sort. For example, when Mr. Donn Piatt was on a visit to Mr. Smith's beautiful house in New York, during the last spring, he was shown in the library a work by Redpath, which had been presented to Mr. Smith by the author. It was dedicated to Old Ossawatomie.—Mr. Smith asked if his guest knew Old Ossawatomie, and went on to say that Brown had suffered great wrongs, and could accomplish much good if he were not so violent. 'Violence after wrong comes of itself,' said Mr. Smith, 'and needs no cultivation. On the contrary, it is one of the evils we seek to eradicate. When designedly used as a means, it defeats its purpose and brings the good to naught."

ABOUT MAKING NAILS.—The first machine ever used for cutting nails is said to have been invented by Benjamin Cochrane, a shopmate of Eli Whitney. This inventor died at Batavia, N. Y., in 1846, at a good old age. His machine cut out the nail without a head. Previous to the date of his invention (1790,) nails had been punched out of plates by hand in Connecticut; these also had no head. In 1810, the ingenious Jacob Perkins and Jonathan Ellis, of Massachusetts, erected the first machinery for cutting and heading nails at one operation. In 1792: cut-nails were first made in England by machinery, two rollers with dies being employed for the purpose. One-half the impress was made in each roller where they came in contact, the blanks were fed in at the top, and the finished nails dropped out below as the steel rollers revolved.

Mr. Freeman "keeps a hotel" in New York, and one of his guests cited him before the Mayor on Saturday. He testified that Freeman agreed to keep him at the rate of a dollar a day; that he remained four days, for which he paid five dollars and that Mr. Freeman then demanded seven dollars more, and retained a steamboat ticket and his baggage as security for that amount. Mr. Freeman was arrested, and set up in defence the theory, that he only agreed to keep him through the *day*, and that the seven or eight dollars extra was for *lodging*, and for the trouble he took in protecting his guest against sharpers, by procuring for him a genuine instead of a bogus ticket. The Mayor took a different view of the matter, however, and insisted that a day means twenty four hours, and in spite of Mr. Freeman's ingenious theory, he was compelled to give up
ticket without ge

When Governor Tallmadge went to Fondu Lac, his new home was graced by several grown-up daughters. It was at the time the bustle was a desired accession of grace and outline, but new to the Indians. A grave old chief one day was asked what he thought of Gov.'s daughters. "Pretty squaws; nice white squaws, pity 'um backs broke."

Three little girls were nearly killed in Randolph, Vt., a few days ago by a ram. The animal butted them down, and then pursued them to the house, where he battered down the door before he was captured. He was a "battering ram."

A wag, on seeing an old gobbler trying to swallow a cotton string, remarked, that was the last attempt to introduce cotton into Turkey.

DR. M'LANE'S

CELEBRATED

VERMIFUGE

AND

LIVER PILLS.

WE beg leave to call the attention of the Trade, and more especially the Physicians of the country, to two of the most popular remedies now before the public. We refer to

Dr. Chas. M'Lane's Celebrated

Vermifuge and Liver Pills.

We do not recommend them as universal Cure-alls, but simply for what their name purports, viz.:

THE VERMIFUGE,

For expelling Worms from the human system. It has also been administered with the most satisfactory results to various Animals subject to Worms.

THE LIVER PILLS,

For the cure of LIVER COMPLAINTS, all BILIOUS DERANGEMENTS, SICK HEAD-ACHE, &c. In cases of

FEVER AND AGUE,

preparatory to or after taking Quinine, they almost invariably make a speedy and permanent cure.

As specifics for the above mentioned diseases, they are Unrivaled, and never known to fail when administered in accordance with the directions.

Their unprecedented popularity has induced the proprietors,

FLEMING BROTHERS,

PITTSBURGH, PA.

to dispose of their Drug business, in which they have been successfully engaged for the last Twenty Years, and they will now give their undivided time and attention to their manufacture. And being determined that Dr. M'Lane's Celebrated Vermifuge and Liver Pills shall continue to occupy the high position they now hold among the great remedies of the day, they will continue to spare neither time nor expense in procuring the Best and Purest material, and compound them in the most thorough manner. Address all orders to

FLEMING BROS., Pittsburgh, Pa.

P.S. Dealers and Physicians ordering from others than Fleming Bros., will do well to write their orders distinctly, and *take none but Dr. M'Lane's, prepared by Fleming Bros., Pittsburgh, Pa.* To those wishing to give them a trial, we will forward per mail, post paid, to any part of the United States, one box of Pills for twelve three-cent postage stamps, or one vial of Vermifuge for fourteen three-cent stamps. All orders from Canada must be accompanied by twenty cents extra.

SUBSCRIPTION PRICE 6 CENTS PER WEEK.

TO CORRESPONDENTS:

No notice can be taken of anonymous communications. Whatever is intended for insertion must be authenticated by the name and address of the writer; not necessarily for publication, but as a guarantee of his good faith.

We also beg to inform our readers that we do not hold ourselves responsible for the opinions of our correspondents.

JOB PRINTING, OF ALL KINDS, EXECUTED AT THIS OFFICE WITH TASTE AND DESPATCH.

More Light.

It seems not a little strange that inasmuch as we have a gas manufactory in this village of abundant capacity that the streets of this village are so insufficiently lighted. On Bank st., and Summit st., there is great need of light as well as in many other portions of the town. By a more liberal use of gas on the streets we presume that the private consumption would be considerably reduced in price.—The consumption of gas in the streets of this village is much less in proportion to the population, than it is in cities. There can be no reasonable argument argued against an increase of lamps on the streets—why can't we have them?

Modesty is a Virtue.

MR. EDITOR:—The above caption is most vividly impressed upon my mind by the excessively modest letter of the late defeated candidate for District Attorney in this county. I quote the following beautiful extract from his letter of the 15th, inst., to the Chairman of the Board of County Canvassers. "I am necessarily absent to-day at Alexander and ask that the canvass for District Attorney be deferred till to-morrow that I may look into the case."

Only think of it Mr. Editor; this sentence amounts to a petition; an *actual prayer for delay*. How condescending and becoming in the great defeated—look at it in all its bearings; you must dissect and analyze it before you can discover all its beauties!

First, "I am necessarily absent." It is no ordinary business that could engage the attention of the learned Counsel, but an absolute necessity, the particulars of which he is to modest to disclose. I almost tremble when I attempt to lift the veil and divulge to an admiring world that, the necessary engagement referred to, was no less than officiating as Counsel in a most interesting suit in a Justice's Court, in which the learned Counsel himself had been chosen defendant.

Second, "At Alexander" that town of towns, that gave the learned Counsel so large a majority of its votes! How could he leave so dear a place or neglect so important business.

And hereby the learned Counsel only asks for the *merest* trifle—merely thirteen canvassers to postpone their labors to accomodate him for a *single day!* Is it not a subject worthy the admiration of the world.

In connection with the above please to issue you proclamation for the discovery and return to the owner, of from three to five hundred lost ballots. It can be proved that ballots enough "to change the result in the county," were *actually printed* containing the names of the Democratic State officers, with the learned Counsellors name inserted, instead of Mr. Willett's for District Attorney, and sent to the towns of Pembroke, Oakfield, Elba and Pavilion. Why they were not found in the ballot boxes, is the mystery. A suitable and liberal reward will be paid to the finder on his returning the votes in question to the owner in such a state that they may be used effectually in counting *in* the learned Counsel as District Attorney.

REPUBLICAN HEN COOP, JR.

THE LADIES AMERICAN MAGAZINE for December closes the second volume of this popular Monthly. Now is a good time to subscribe, and the Publisher offers rare inducements to those who favor him with their patronage. The price is two dollars a year for single copies, and liberable deduction for clubs. Henry White Publisher, 37 Park Row, N. Y.

Arthur's Ladies' Home Magazine.

Is now admitted by the press in all parts of the union, to be, without question, the leading Two Dollar Magazine published. To gain this distinction, was the aim of all parties interested in the work; and no expense was spared to give its readers choice original literature, fine engravings and beautiful typography. For 1860 the work is to be still further advanced in excellence, and having distanced the two dollar magazines in all the essentials of a first class periodical, it will offer new attractions, and emulate its higher priced, and more ambitious compeers.

The plan and purpose of the Magazine will remain the same. Its aim is to bring to the homes of the people a pure useful and attractive literature; and in doing so it offers, at the same time, the elegancies of art, to charm the eye and improve the taste. As in periodicals of this class, matters of fashion for the ladies are included, the Home Magazine presents the latest styles, both in colored steel plates, and engravings on wood; in which are included an almost endless variety of patterns for needle work and embroidery.

The price of this Magazine is within the reach of all. Think of getting the monthly visits of such a work at $1,25 a year, which is the price when four copies are subscribed for in a club. Terms, $2,00 a year; Two copies for $3,00; Four copies for $5,00; Twelve copies for $15,00, and an extra copy for the getter up of the club.

Address T. S. ARTHUR & Co.,
323 Walnut st., Philadelphia.

An offer is made in the Evening Journal to wager $5,000, that Gov. Seward will carry this State, if nominated for President; $1,000 on 1,000 majority, $2,000 on 2,000, majority, and so on up to 20,000—making in all a wager of $25,000; there will be no takers of the bet!—*Batavia Advocate.*

We are authorized to state that a gentleman of ample responsibility in this village stands ready to take the above bet, if it is offered in good faith, and by a responsible party. Let the Evening Journal bring out its man, and he will be matched in a hurry. We hope there will be no Republican back-down, on the part of this champian of Mr. SEWARD.

FAILURES IN CHICAGO.—There was considerable talk on Change in New York last week of some mercantile failures in Chicago, which have caused some stir in that city. They are, so far as we learn relics of the crisis. In 1857, a good many houses, not only at Chicago, but here and elsewhere as well were saved from destruction by the assistance of banks and wealthy friends. These houses gave their paper for the advances made them, in the hope that the business of the two seasons of 1858 and '59 would be as lucrative as usual. Having been disappointed in the result, they are now in many cases going quietly into liquidation. Their failure will not cause any extended trouble in the mercantile world; and so far as the broken houses are themselves concerned it is beyond question the best thing that could happen to them.

GERRIT SMITH.—The Macacheek Press gives the following particulars of an interview with Gerrit Smith last summer: "Mr. Gerrit Smith is known to be an anti-war man, opposed in fact to all violence;—Then he is known to be as brave as Old Ossawatomie, and had he consented to an insurrectionary movement, would have put himself at its head. But he is opposed to any wickedness of the sort. For example, when Mr. Donn Piatt was on a visit to Mr. Smith's beautiful house in New York, during the last spring, he was shown in the library a work by Redpath, which had been presented to Mr. Smith by the author. It was dedicated to Old Ossawatomie.—Mr. Smith asked if his guest knew Old Ossawatomie, and went on to say that Brown had suffered great wrongs, and could accomplish much good if he were not so violent. 'Violence after wrong comes of itself, said Mr. Smith, 'and needs no cultivation. On the contrary, it is one of the evils we seek to eradicate. When designedly used as a means, it defeats its purpose and brings the good to naught."

ABOUT MAKING NAILS.—The first machine ever used for cutting nails is said to have been invented by Benjamin Cochrane, a shopmate of Eli Whitney. This inventor died at Batavia, N. Y., in 1846, at a good old age. His machine cut out the nail without a head. Previous to the date of his invention (1790,) nails had been punched out of plates by hand in Connecticut; these also had no head. In 1810, the ingenious Jacob Perkins and Jonathan Ellis, of Massachusetts, erected the first machinery for cutting and heading nails at one operation. In 1792: cut-nails were first made in England by machinery, two rollers with dies being employed for the purpose. One-half the impress was made in each roller where they came in contact, the blanks were fed in at the top, and the finished nails dropped out below as the steel rollers revolved.

Mr. Freeman "keeps a hotel" in New York, and one of his guests cited him before the Mayor on Saturday. He testified that Freeman agreed to keep him at the rate of a dollar a day; that he remained four days, for which he paid five dollars and that Mr. Freeman then demanded seven dollars more, and retained a steamboat ticket and his baggage as security for that amount. Mr. Freeman was arrested, and set up in defence the theory, that he only agreed to keep him through the *day*, and that the seven or eight dollars extra was for *lodging*, and for the trouble he took in protecting his guest against sharpers, by procuring for him a genuine instead of a bogus ticket. The Mayor took a different view of the matter, however, and insisted that a day means twenty-four hours, and in spite of Mr. Freeman's ingenious theory, he was compelled to give up his guest's baggage and ticket without getting the seven dollars.

The Air Ship Did'nt Set Sail.

Prof. Lowe did not start for Europe last Saturday. He publishes a card apologizing for the postponement of the trip, on the ground of inclement weather. Sixty hours fair weather, and a continued flow of gas, are indispensable. He says:

The public may rest assured that the earliest practicable moment will be made available for the object I have in view, and that no effort will be foregone that may subserve the success of this, the first voyage upon the "wings of the wind" from the New to the Old World. While the project is grand, magnificent and beautiful to contemplate, the public should not forget that it is none the less laborious, expensive and hazardous. Should I succeed in the attempt, those who now hesitate to give me their confidence may awake to the fact that "in the bright lexicon of youth there is no such word as fail." Had my operations been conducted immediately near the works of the gas company, the inflation might have been accomplished in ten hours or less. It should be remembered that the monster ship Great Eastern has not yet arrived; and it may be a pardonable pride to suggest that the aerial ship of which I am captain may touch upon Albion's shore long in advance of the anchorage of the English leviathan in American waters. Should I, Mr. Editor, be the humble means of advancing the interest of Science, and in some measure adding to the glory of our common country, I shall be more than repaid for the long months of thought, research and labor that I have contributed to the accomplishment of the great design I have in view. Believing in the kind indulgence of a liberal public, I am, &c., T. S. C. LOWE.

NEW YORK CENTRAL RAILROAD—ELECTION OF DIRECTORS.—It is announced by advertisement in the New York papers that the annual election for Directors of the Central Railroad will be held at the office of the Company in Albany, on the 14 proximo. The poll will be open from 11 o'clock A. M. till 1 o'clock P. M. Inspectors of election will be chosen at the same time with the Directors. The transfer books of the company will be closed seven days prior to the election, and re open the day following the election.

A chap was walking along one day, when he saw a rattlesnake, nicely coiled up. As the snake saw him, it raised its tail and began its not very musical wh-i-r-r, whereupon the chap stopped and said, "We-e-ll, if you ain't the *wussest* scared snake I ever saw, I'll be———!"

When Governor Tallmadge went to Fondu Lac, his new home was graced by several grown-up daughters. It was at the time the bustle was a desired accession of grace and outline, but new to the Indians. A grave old chief one day was asked what he thought of Gov.'s daughters. "Pretty squaws; nice white squaws, pity 'um backs broke."

Three little girls were nearly killed in Randolph, Vt., a few days ago by a ram. The animal butted them down, and then pursued them to the house, where he battered down the door before he was captured. He was a "battering ram."

A wag, on seeing an old gobbler trying to swallow a cotton string, remarked, that was the last attempt to introduce cotton into Turkey.

DR. N. R. C. ROWE.

URISCOPIAN PHYSICIAN.

(Late from the Island of Barbadoes, West Indies)

WHO has located in Rochester, begs to announce to the public of Batavia and vicinity, that he can be consulted on all CANCEROUS and CATARRH affections, Tumors, diseases of the Lungs, Throat, Liver, Kidneys, &c., &c. Also Scrofulous and all other Chronic Diseases, at his office No. 6 Stone Block, corner of Main and St. Paul Streets.

The success that has attended his practice was never surpassed by any other Medical man of his Profession. He has cured entirely some of the worst cases of that most loathesome disease, CANCER—the thoughts of which chill the heart and makes life a burden to those afflicted with it—which had been pronounced by some of the most skilful Physicians as decidedly incurable. Those patients now live as witnesses to this fact. CATARRH, this most awful disease, which if not checked, terminates in Consumption, he can cure most speedily.—Scrofulous and all other Chronic Diseases he treats with equal success. Patients placing themselves under his care will be treated strictly scientific, as he is a legitimate practioner and no self taught man. Dr. R. has discovered a speedy and certain cure for such cases of that fearful and ravaging disease CANCER, as are curable. It has hitherto been the opinion of the Medical Faculty that Cancer cannot be cured. Dr. ROWE however, has after a thorough investigation and study of the disease been able to discover a remedy that will cure such cases as can be cured. Though all cases cannot be cured, yet they can be relieved and life prolonged. Any one consulting him will be told candidly whether anything can be done for them or not. Consultation free. Dr. R. by a careful chemical examination of the Urine can tell almost every Chronic Disease that mankind is liable to, and thus can treat diseases more correctly and successfully than by any other mode of examination. The reason that a great many curable diseases are deemed incurable is simply from not finding out the real secret of the disease. Parties at a distance, not able to consult him personally, by sending a small vial with some of their Urine from the first made in the morning, and $1 as a fee for testing it, at the same time stating their age, will be told their disease. Letters addressed to Box 964, Rochester, N. Y., will meet with prompt attention. Packages containing Urine must be addressed to his office. References as to his mode of treatment can be given to some of the first Physicians in this country.

Dr. ROWE will be at the Eagle Hotel, Batavia on Monday and Tuesday November 28 and 29.

DR. M'LANE'S

CELEBRATED

VERMIFUGE

AND

LIVER PILLS.

WE beg leave to call the attention of the Trade, and more especially the Physicians of the country, to two of the most popular remedies now before the public. We refer to

Dr. Chas. M'Lane's Celebrated

Vermifuge and Liver Pills.

We do not recommend them as universal Cure-alls, but simply for what their name purports, viz.:

THE VERMIFUGE,

For expelling Worms from the human system. It has also been administered with the most satisfactory results to various Animals subject to Worms.

THE LIVER PILLS,

For the cure of LIVER COMPLAINTS, all BILIOUS DERANGEMENTS, SICK HEAD-ACHE, &c. In cases of

FEVER AND AGUE,

preparatory to or after taking Quinine, they almost invariably make a speedy and permanent cure.

As specifics for the above mentioned diseases, they are Unrivaled, and never known to fail when administered in accordance with the directions.

Their unprecedented popularity has induced the proprietors,

FLEMING BROTHERS,
PITTSBURGH, PA.

to dispose of their Drug business, in which they have been successfully engaged for the last Twenty Years, and they will now give their undivided time and attention to their manufacture. And being determined that Dr. M'Lane's Celebrated Vermifuge and Liver Pills shall continue to occupy the high position they now hold among the great remedies of the day, they will continue to spare neither time nor expense in procuring the Best and Purest material, and compound them in the most thorough manner. Address all orders to

FLEMING BROS., Pittsburgh, Pa.

P.S. *Dealers and Physicians ordering from others than Fleming Bros., will do well to write their orders distinctly, and take none but Dr. M'Lane's, prepared by Fleming Bros., Pittsburgh, Pa.* To those wishing to give them a trial, we will forward per mail, post paid, to any part of the United States, one box of Pills for twelve three-cent postage stamps, or one vial of Vermifuge for fourteen three-cent stamps. All orders from Canada must be accompanied by twenty cents extra.

HERB DISPENSARY

OFFICE 95 MAIN STREET,

(Corner, Up Stairs, Buffalo, N. Y.)

A NEW, SPEEDY, AND MOST SUCCESSFUL

MODE OF TREATING

Spermatorhoea, Nervous Debility, Marasmus or Wasting Consumption,

AND ALL

Diseases of the Urino-Genital Organs.

A CLASS of Maladies prevail to a fearful extent in community; dooming at least fifty thousand youth of both sexes, annually to an early grave. These diseases are very imperfectly understood. Their external manifestations or symptoms are Nervous Debility, relaxation and exhaustion; Marasmus, or muscular wasting and consumption of the tissues of the whole body; shortness of breathing, or hurried breathing on ascending a hill, or a flight of stairs—great palpitation of the heart, asthma, bronchitis and sore throat; shaking of the hands and limbs, aversion to society, and to business or study; dimness of eyesight, loss of memory, dizziness of the head, neuralgic pains in various parts of the body; pains in the back and limbs, lumbago, dyspepsia or indigestion, irregularity of the bowels, deranged secretion of the kidneys and other glands of the body, as Leucorrhoea, or Fluor Albus, &c. Likewise Epilepsy, Hysteria and Nervous spasms.

Now in ninety-nine out of every one hundred cases, all the above named disorders and a host of others not named have their seat primarily in the sexual organs, and arise from morbid excitement and chronic inflammation—a state of morbid irritability, hence the want of success on the part of Old School Doctors.

Dr. JOHNSON is now engaged in treating this class of modern maladies with the most astonishing success. The treatment adopted by the institution is new, it is based upon scientific principles, with new discovered remedies, without minerals or poisons. The facilities of cure are such that patients can be cured at their own homes without expense, in any part of the country.

THE GROVER & BAKER

Sewing Machine Co.

Having greatly increased their facilities for manufacturing their CELEBRATED FAMILY MACHINES, with all the recent improvements, have reduced their prices, and offer for sale

A NEW STYLE MACHINE,

PRICE $50.

It is no longer questioned that these Machines are the best in use for family sewing. They also

in the most superior manner, and are the only machines in the market that are so well and simply made, that they may be sent into families with no other instructions than are contained in a circular which accompanies each machine, and from which

may readily learn to use them, and keep them in order. They make upwards of

FIFTEEN HUNDRED STITCHES A MINUTE

and will do the sewing of a family cheaper than a seamstress can do it, even if she works at the rate of

ONE CENT AN HOUR.

Is there a husband, father, or brother in the United States who will permit the drudgery of hand sewing in his family, when a Grover & Baker Machine will do it better, more expeditiously, and cheaper than can possibly be done by hand?

NOTICES OF THE PRESS.

Never before has any new candidate for public favor in the Literary World received such flattering notices from the Press. From all quarters, our editorial brethren have cheered us on in speaking of our enterprise in a manner to stimulate our vanity, and to excite the envy of our rivals.

GENERAL CHARACTER OF THE NEW YORK WEEKLY.

The WEEKLY is designed more especially as a First-Class Story Paper, in which we intend to give our readers a succession of THE BEST STORIES EVER PUBLISHED IN THE UNITED STATES! The aim and object of these productions will be to inculcate useful knowledge under the pleasing guise of fiction, or to teach great moral lessons through the same means. We shall never publish a word or line, the tendency of which is to injure the morals or taste of the reader. Every issue of the NEW YORK WEEKLY will contain short sketches of Life and Manners, Notings of Travel and Adventure, Short Stories, General Summary of Events, Humorous Gleanings, Poetry, Editorials, &c., &c. As specimens of our serials, we would point to A. J. H. Duganne's great story, Garibaldi, The Hero of Italy; Harry Hazel's exciting Indian Romance, The Mute Spy; Francis S. Smith's Intensely Interesting Domestic Story, Maggie, The Child of Charity. While, as specimens of our standing departments, we point with pride to our Ballads of the Bible, admitted by all to be the most chastely written and beautiful scriptural poems ever produced.

Our Knowledge Box, in which is weekly contained a number of paragraphs of the greatest importance to house-keepers and others.

Our Pleasant Paragraphs, an interesting melange, ranging "from grave to gay, from lively to severe."

Our Ladies Column, prepared especially for the ladies by one of the most brilliant lady writers of the present day.

Our Mirthful Morsels, our Items of Interest, etc., etc. In a word, its Editors will use their best endeavors to get up just such a paper as will eventually find its way to every fireside in the land—that shall be a welcome visitor wherever it goes—equally popular in the workshop and the office—at the fireside of the farmer, or in the counting-room of the merchant—a paper that parents can, with safety, place in the hands of their children without note or comment, feeling certain that its influence will be to stimulate their minds to the pursuit of knowledge, or lead them to abhor vice and wrong.

OUR CIRCULATION & PROSPECTS

The NEW YORK WEEKLY has gone up to a circulation which places it second in point of circulation in the list of publications of the day. There is but one weekly publication in the world having a larger circulation than the WEEKLY.

The indications are, at present, that the circulation of the WEEKLY will soon reach half a million. Where the newsmen were taken tens, they are now taking hundreds of copies. This is the general effect among the five thousand News Agents who are now regularly selling the NEW YORK WEEKLY, while from nearly every Post Office in the country, we are daily getting subscriptions and orders for specimens.

How and Where to Get the "Weekly."

Wherever there is a News Agent, get the paper from him. By so doing, you do not run the risk of losing your money through the Post Office, or paying to pay for what you will never get. If the paper you are buying from the Agent stops, you do not lose advance subscriptions, sent to a place where you have no means of looking after it. We trust the day is not far distant when every town, large enough to sustain a Post Office, will have its News Agency.

OUR TERMS:

The price of the NEW YORK WEEKLY is FOUR CENTS, but where Agents have to pay extra freight or postage, a higher price is necessarily charged. When sent by mail, the price will invariably be $2 for a year, in advance. Subscriptions taken for three months. Two copies will be sent for one year for $3, four copies for $5, eight copies for $12. Postmasters and others who get up clubs of ten, and send us $15 at one time, will be entitled to an extra copy for their trouble. The bills of all solvent banks taken at par for subscriptions. Canada subscribers must send twenty-five cents extra with every subscription, to pre-pay the American postage.

Ayer's Sarsaparilla,

[illegible] which we have labored [illegible] alterative that can [illegible] concentrated extract of Para [illegible] with other substances [illegible] as to afford an [illegible] Sarsaparilla is [illegible] that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREAUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE, OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

A NEW, SPEEDY, AND MOST SUCCESSFUL MODE OF TREATING

Spermatorhoea, Nervous Debility, Marasmus or Wasting Consumption.

AND ALL

Diseases of the Urino-Genital Organs.

A CLASS of Maladies prevail to a fearful extent in community; dooming at least fifty thousand youth of both sexes, annually to an early grave. These diseases are very imperfectly understood. Their external manifestations or symptoms are Nervous Debility, relaxation and exhaustion; Marasmus, or muscular wasting and consumption of the tissues of the whole body; shortness of breathing, or hurried breathing on ascending a hill, or a flight of stairs—great palpitation of the heart, asthma, bronchitis and sore throat; shaking of the hands and limbs, aversion to society, and to business or study, dimness of eye-sight, loss of memory, dizziness of the head, neuralgy pains in various parts of the body; pains in the back and limbs, lumbago, dyspepsia or indigestion, irregularity of the bowels, deranged secretion of the kidneys and other glands of the body, as leucorrhoea, or Fleur Albus, &c. Likewise Epilepsy, Hysteria and Nervous Spasms.

Now, in ninety-nine out of every one hundred cases, all the above named disorders and a host of others not named, have their seat primarily in the sexual organs, and arise from morbid excitement and chronic inflammation—a state of morbid irritability—hence the want of success on the part of Old School Doctors.

Dr. JOHNSON is now engaged in treating this class of modern maladies with the most astonishing success. The treatment adopted by the Institution is new, it is based upon scientific principles, with new discovered remedies, without minerals or poisons. The facilities of cure are such, that patients can be cured at their own houses without expense, in any part of the country, from an accurate description of their case by letter, and have the medicine sent them by mail or express.

Young Men suffering from these direful ills, will receive for $1 a series of Health Rules, and perfect chart of cure, which will be to them a true polar star through life.

JOB PRINTING, OF ALL KINDS, EXECUTED AT THIS OFFICE WITH TASTE AND DESPATCH.

Will John Brown be Hung.

Gov. Wise has quenched the last hope of clemency on his part, and there is no chance for Brown now but to be hung.—If Emerson is right in saying that the execution of Brown "will make the gallows glorious like the cross" then it is a most glorious death that John Brown dies.

If the Northern fanatics—the real blue Abolitionists, such as Wendell Phillips, Dr. Cheever, and hundreds of others, let Brown be hung, they aught to slink away into the deepest and darkest obscurity.—Without at least an effort to rescue him, all their professions for these many years will be stamped with insincerity.

The plan is to let Brown be hung without an act of resistence, and then set up the cry of "martyrdom" sanctify the name of Brown, and use it hereafter as a political power to away, and control the ignorent. There is a sufficient number of the Abolitionist who are leading men in the Republican Party to plan this scheme, and it is likely to be most effectually carried out. It is not for the good of humanity but it is for power that they are working. This political interest in the slaves of the South will never profit them, for it is not for their emancipation that it tends.

John Brown sees the result of his death; he will be crucified between to or more thieves virtually, and in time more than likely his name will be hallowed by some extreme faction of the fanatical race. This gives the hero his firmness, for he dies not as a disgraced criminal, but as a martyr.

We sincerely deplore the fate of John Brown, wrong as he may be, he has been true to his professed principles, and now is to suffer death in consequence. There is much of the true hero in this, and it would seem that such men ought not to die, but be restored to right thought and action. He dies the sacrifice of radical Abolitionism.

Commonsense rules the mass of the people, whatever the misnamed and misanthrope philosophers may say to the contrary. Show them a good thing; let its merits be clearly demonstrated, and they will not hesitate to give it their most cordial patronage. The masses have already ratified the judgment of a physician, concerning the virtue of Hostetter's Bitters, as may be seen in the immense quantities of this medicine that are annually sold in every section of the land. It is now recognized as greatly superior to all other remedies yet devised for diseases of the digestive organs, such as diarrhoea, dysentery, dyspepsia, and for the various fevers that arise from derangement of these portions of the system. Hostetter's name is rapidly becoming a household world, from Maine to Texas, from the shores of the Atlantic to the Pacific. Try the article and be satisfied.

Sold by all druggist in the world.

See advertisement in another column.

A British officer writing from Teheran, Persia, to the 'London Times,' remarks:—"A Cathartic Pill manufactured by 'an American Chemist' (Dr. J. C. Ayer, of Lowell Mass.) has cured the Shah of a Liver Complaint that threatened his life. The simple fact, as might be expected, renders the Americans immensely popular here, while we English are overlooked.—Doubtless our own scholars made the discoveries which he employs, and thus it is in everthing; we do the labor, then the mousing Americans put their mark on it and take the reward. Doct. Ayer is idolized by the Court as its retainers here, which will doubtless be reflected to him on a gold snuff box, or hilted sword, while not the name even of Davy, Christoson or Brodie—the great lights by which he shines, is known."—[New York Sunday Paper.

The Charlestown Prisoners.

CHARLESTOWN, Nov. 22.

Yesterday was spent in a grand military parade and review by Gov. Wise.

During the afternoon, Gov. Wise and his staff had a long interview with the prisoners, urging them to prepare for death as the sentence would be carried out without any interference on his part.

Brown declared himself ready to die, and justified his course, only regretting his error in allowing the train to pass.

Cook was willing to be shot, but always had a great repugnance to hanging.

Gov. Wise said that Coppie was the only one that he had ever thought of commuting, but he had now determined to hang them all.

Gov. Wise yesterday received a despatch from the Governor of South Carolina, tendering any amount of military in defence of Virginia. Gov. Wise replied thanking him for his offer, but assuring the Governor that Virginia was able to defend herself.

The Richmond military were all ordered home yesterday, but the people protested, declaring that if there was any necessity for them to come, that necessity still existed. The result was, that Gov. Wise ordered two Richmond Companies to remain, and also the Petersburg artillery.

Several of the Richmond Company started for Rome this morning, and others will go to-morrow, Governor Wise and his staff left this morning.

He expressed the intention of having one thousand military present on the day of the execution.

The express car in a Michigan Central train caught fire one mile and a half from Big Calumet, the other day, and an editor who was abroad describes the run to the water station after the rear and greater portion of the train had been cut off:

The wind was blowing a gale, and the locomotive began to fly with its utmost speed to a water tank on the Big Calumet, a mile and a half distant. It was a splendid sight. Before the train reached there the whole car was in flames, and the wind and speed of the locomotive sent a flame several yards behind. Those who had a side view as it passed, imagined that a comet was sweeping its fiery tail on the earth. On arriving at the tank the wind blew the flames directly against the house, and that caught fire, and the burning car had to be removed where the water in the tank was of no use. Three pails only could be brought into requisition. Mr. Johnson dashed in the deck of the car, and, having a supply of water in the tender, began to apply it as rapidly as it could be passed. Some of the men suspected there was powder among the groceries in the burning car, and felt like shrinking. Soon the flames began to yield, and backing under the water tank, the gate was hoisted and the flood soon subdued them.

USE OF ALCOHOLIC STIMULANTS, IN CONSUMPTION.—The idea which has prevailed to a considerable extent among physicians and others, for a few years past, that alcoholic stimulants were useful in arresting the progress of tubercular diseases, has met with a strong counter stroke at the hands of Dr. John Bell, of New York, who has written a treatise on the subject, after a full examination and collation of statistics. The treatise was prepared for the Trustees of the Fiske Fund, of Rhode Island, who offered a premium of $200 for the best essay on that subject. Dr. Bell reaches the following conclusions:

1. The opinion so largely prevailing as to the effects of the use of alcoholic liquors, viz: that they have a marked influence in preventing the deposition of tubercles, is destitute of any solid foundation.

2. On the contrary, their use appears rather to predispos to tubercular deposition.

3. When tubercle already exists alcohol has no obvious effect in modifying the usual course run by this substance.

4. Neither does it mitigate, in any considerable degree, the morbid effects of tubercle upon the system, and stage of the disease.

It might be added that in many cases the use of prescribed stimulants has resulted in confirmed habits that are quite as bad as the original disease.

The Boston Herald has a theory that the upper stratum of the atmosphere remains stationary while the earth revolves, It proposes, therefore, that Prof. Lowe, the great gas-balloon man, shall ascend five miles up in a straight line, and wait in the "upper stratum" for three hours when, the earth having performed one-eight of a revolution, Europe will be directly under him. He can then descend having consumed only ten hours and journeyed only ten miles to reach the "ould contrie." Prof. Lowe need not then cross the Atlantic—the Atlantic will cross him.

John B. Gough is working wonders in the Temperance cause in Ireland. Large audiences flock to hear him everywhere, and in Belfast alone, the whisky metropolis of the North, two thousand persons have signed the total abstinence pledge.

STAND FROM UNDER.—The following is the latest "Court" news.

The Empress Eugene and the ladies of her Court have definitively abandoned crinoline; they have also substituted short dresses for trailing ones, and at the request of her Majesty, which at Court amounts to a command, for promenades in ordinary toiletts, *mousseline de laine* has been adopted. All dresses will be of this material, but not long and trailing.—They are to be short, so as to show the lower part of the leg a little.

GOLD IN UTAH.—If the recently discovered gold and silver mines in Utah prove to be as rich and extensive as they are believed to be, the population which they will attract will become the most potent lever for overturning the Mormon hierarchy and destroying the dominance of that sect in that country. The existence of valuable mines all along that region of country, from the Sierras to the Rocky Mountains—if they are found practicable for working—will also have a decided influence in adding the great National Enterprise of constructing the Pacific Railroad. Everything now tends to promote a large emigration toward the heart of the Republic, from both the Pacific and the Atlantic basins.

A law suit recently occurred in Bangor Me., in which it became necessary to give the exact locality of Pennsylvania.—One witness testified that it lay south of New York and north of Florida, and he was under the impression that it was an Atlantic State. Another witness testified that he had been to Philadelphia, says it is a commercial city, that there is a considerable amount of water there, and that the tide rises and falls; he also thought Philadelphia was in Pennsylvania.

Ex-Senator James Wadsworth of Buffalo, who has filled the Mayoralty chair of that city, and was the first Democrat ever elected to the Senate of this State from Erie County, has determined to remove from Buffalo and make New York City his future residence.

The Buffalo papers state that the Central Railroad has donated $25 to John Guenther, the fireman who was injured on the roof of their depot at the time of the Elevator fire in that city, and have promised to aid him further, or furnish employment to him in the future.

GOV. HUNT'S SILVER WEDDING.—Gov. Hunt's Silver Wedding was celebrated on Monday evening last. A large number of personal friends from different parts of the State were present. The ceremonies of the occasion were conducted in excellent taste by Rev. Dr. Shelton of Buffalo.

OFFICE 95 MAIN STREET,

(2d door, Up Stairs, Buffalo, N. Y.)

A NEW, SPEEDY, AND MOST SUCCESSFUL

MODE OF TREATING

Spermatorhoea, Nervous Debility, Marasmus or Wasting Consumption.

AND ALL

Diseases of the Urino-Genital Organs.

A CLASS of Maladies prevail to a fearful extent in community; dooming at least fifty thousand youth of both sexes, annually to an early grave. These diseases are very imperfectly understood. Their external manifestations or symptoms are Nervous Debility, relaxation and exhaustion; Marasmus, or muscular wasting and consumption of the tissues of the whole body; shortness of breathing, or hurried breathing on ascending a hill, or a flight of stairs—great palpitation of the heart, asthma, bronchitis and sore throat; shaking of the hands and limbs, aversion to society, and to business or study, dimness of eyesight, loss of memory, dizziness of the head, neuralgy pains in various parts of the body; pains in the back and limbs, lumbago, dyspepsia or indigestion, irregularity of the bowels, deranged secretion of the kidneys and other glands of the body, as Leucorrhoea, or Fleur Albus, &c. Likewise Epilepsy Hysteria and Nervous Spasms.

Now, in ninety-nine out of every one hundred cases, all the above named disorders and a host of others not named have their seat primarily in the sexual organs, and arise from morbid excitement and chronic inflamation—a state of morbid irritability, hence the want of success on the part of Old School Doctors.

DR. JOHNSON is now engaged in treating this class of modern maladies with the most astonishing success. The treatment adopted by the Institution is new, it is based upon scientific principles, with new discovered remedies, without minerals or poisons. The facilities of cure are such, that patients can be cured at their own houses without expense, in any part of the country, from an accurate description of their case by letter, and have the medicine sent them by mail or express.

Young Men suffering from these direful ills, will receive for $5 a series of Health Rules, and perfect chart of cure, which will be to them a true polar star through life.

DR. M'LANE'S
CELEBRATED
VERMIFUGE
AND
LIVER PILLS.

WE beg leave to call the attention of the Trade, and more especially the Physicians of the country, to two of the most popular remedies now before the public. We refer to

Dr. Chas. M'Lane's Celebrated

Vermifuge and Liver Pills.

We do not recommend them as universal Cure-alls, but simply for what their name purports, viz.:

THE VERMIFUGE,

For expelling Worms from the human system. It has also been administered with the most satisfactory results to various Animals subject to Worms.

THE LIVER PILLS,

For the cure of LIVER COMPLAINTS, all BILIOUS DERANGEMENTS, SICK HEAD-ACHE, &c. In cases of

FEVER AND AGUE,

preparatory to or after taking Quinine, they almost invariably make a speedy and permanent cure.

As specifics for the above mentioned diseases, they are Unrivaled, and never known to fail when administered in accordance with the directions.

Their unprecedented popularity has induced the proprietors,

FLEMING BROTHERS,
PITTSBURGH, PA.

to dispose of their Drug business, in which they have been successfully engaged for the last Twenty Years, and they will now give their undivided time and attention to their manufacture. And being determined that Dr. M'Lane's Celebrated Vermifuge and Liver Pills shall continue to occupy the high position they now hold among the great remedies of the day, they will continue to spare neither time nor expense in procuring the Best and Purest material, and compound them in the most thorough manner. Address all orders to

FLEMING BROS., Pittsburgh, Pa.

P.S. Dealers and Physicians ordering from others than Fleming Bros., will do well to write their orders distinctly, and *take none but Dr. M'Lane's, prepared by Fleming Bros., Pittsburgh, Pa.* To those wishing to give them a trial, we will forward per mail, post paid, to any part of the United States, one box of Pills for twelve three-cent postage stamps, or one vial of Vermifuge for fourteen three-cent stamps. DR. COGSWELL'S NEW MEDICAL SALT.

For Inflamatory Diseases Only.

New Medical Salt! New Medical Salt!

IT IS NOT A CURE-ALL.

For Inflammatory Diseases only

DR. COGSWELL'S NEW MEDICAL SALT, instead of its being a remedy for all ills, has control over but one ill, has but one aim, and accomplishes but one thing, to wit: subdues inflammatory diseases, whatever be its form or locality, whether in the head, throat, abdomen, extremities or skin.

NEW MEDICAL SALT. Its peculiar excellence is, that without the useless loss of blood and strength it effectually cures inflammatory diseases, (no other) by producing an equilibrium of the fluids in the body, the want of which is the sole cause of inflammation!

NOTICE TO INVALIDS!! The following forms which the unbalanced fluids assume, and many not here mentioned, that have more or less fever or pain, are as easily subdued by the *New Medical Salt* as fire is extinguished by water, to wit: Brain Fever, Headache, rush of blood to Head and Heart, Fits, Inflamed eyes, ears, nose, lungs and liver, Neuralgia, Spinal affections, Erysipelas, Bronchitis, Pleurisy, Asthma, Cough, Dyspepsia, Venereal Diseases, Rheumatism, Gout, Scrofula, and all itching and other cutaneous eruptions.

DR. COGSWELL'S NEW MEDICAL SALT does just what it claims to do—no more no less—equalizes the fluids by removing from the system all vitiated and venous obstructions. Descriptive circulars may be obtained from any Druggist who has this valuable medicine for sale.

Ask your neighbors about the *New Medical Salt*. If sick, try it. If not sick, remember the *New Medical Salt*.

CLARLES DE HEINTZE M. D

PHYSICIAN & SURGEON.

From Berlin, lately from Rochester and Syracuse, begs to inform the public of Batavia and vicinity that he has taken rooms at the Western Hotel, Batavia N. Y., where he firstly will stop a fortnight from October 20th. Dr. de Heintze has been a Surgeon in the Royal Charity Hospital in Berlin, and Physician to the Elizabeth Hospital in Berlin. He is a member of the medical society of Prussia and member of the Homoeopathic Academy of Palermo.

From the great advantage he enjoyed at these institutions in treating the various diseases the human system is liable to he confidently offers his services to the suffering public and solicits their patronage. He pays particular attention to the diseases of Eye and Ear which he treats with the utmost success which has attended his practice for the last fourteen years.

HOSTETTER'S STOMACH BITTERS.

IT is a fact that, at some period, every member of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has introduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nausea, Flatulency, Loss of Appetite, or any Bilious Complaints, arising from a morbid inaction of the Stomach or Bowels, producing Cramps, Dysentery, Colic, Cholera Morbus, &c., these Bitters have no equal.

Diarrhoea, dysentery or flux, so generally contracted by new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend Bitters of some kind; then why not use an article known to be infallible? All nations have their Bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to prove the value of this great preparation in the scale of medical science.

FEVER AND AGUE.—This trying and provoking disease, which fixes its relentless grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTERS. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nausea nor offend the palate, and render unnecessary any change of diet or interruption of ordinary pursuits, but promote sound sleep and healthy digestion, the complaint is removed as speedily as is consistent with the production of a thorough and permanent cure.

For Persons in Advanced Years, who are suffering from an enfeebled constitution and infirm body, these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indispensable, especially where the mother's nourishment is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart temporary strength and vigor to the system. Ladies should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtue of the Bitters, will recommend their use in all cases of weakness.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for HOSTETTER'S CELEBRATED STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

Ayer's Sarsaparilla,

A compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE, OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

DR. N. R. C. ROWE,

URISCOPIAN PHYSICIAN.

(Late from the Island of Barbadoes, West Indies)

WHO has located in Rochester, begs to announce to the public of Batavia and vicinity, that he can be consulted on all CANCEROUS and CATARRH affections, Tumor diseases of the Lungs, Throat, Liver, Kidney &c. &c. Also Scrofulous and all other Chronic Diseases, at his office No. 5 Stone Block, corner of Main and St. Paul Streets.

The success that has attended his practice was never surpassed by any other Medical man of his Profession. He has cured entirely some of the worst cases of that most loathsome disease, CANCER—the thoughts of which chill the heart and makes life a burden to those afflicted with it—which had been pronounced by some of the most skilful Physicians as decidedly incurable. These patients now live as witnesses to this fact. CATARRH, this most awful disease, which if not checked, terminates in Consumption, he can cure most speedily.—Scrofulous and all other Chronic Diseases he treats with equal success. Patients placing themselves under his care will be treated strictly scientific, as he is a legitimate practioner and no self taught man. Dr. R. has discovered a speedy and certain cure for such cases of that fearful and ravaging disease CANCER, as are curable. It has hitherto been the opinion of the Medical Faculty that Cancer cannot be cured. Dr. Rowe however, has after a thorough investigation long study of the disease been able to discover a remedy that will cure such cases as can be cured. Though all cases cannot be cured, yet they can be relieved and life prolonged. Any one consulting him will be told candidly whether anything can be done for them or not. Consultation free. Dr. R. by a careful chemical examination of the Urine can tell almost every Chronic Disease that mankind is liable to, and thus can treat diseases more correctly and successfully than by any other mode of examination. The reason that a great many curable diseases are deemed incurable is simply from not finding out the real seat of the disease. Parties at a distance, not able to consult him personally, by sending a small vial with some of their Urine from the first made in the morning, and $1 as a fee for testing it, at the same time stating their age, will be told their disease. Letters addressed to Box 963, Rochester, N. Y., will meet, with prompt attention. Packages containing Urine must be addressed to his office. References as to his mode of treatment can be given to some of the Best Physicians in this country.

DR. ROWE will be at the Eagle Hotel, Batavia on Monday and Tuesday November 28 and 29.

DR. JOHNSON'S
HERB DISPENSARY

OFFICE 95 MAIN STREET,

(2d door, Up Stairs, Buffalo, N. Y.)

A NEW, SPEEDY, AND MOST SUCCESSFUL MODE OF TREATING

Spermatorhoea, Nervous Debility, Marasmus or Wasting Consumption.

AND ALL

Diseases of the Urino-Genital Organs.

A CLASS of Maladies prevail to a fearful extent in community; dooming at least fifty thousand youth of both sexes, annually to an early grave. These diseases are very imperfectly understood. Their external manifestations or symptoms are Nervous Debility, relaxation and exhaustion; Marasmus, or muscular wasting and consumption of the tissues of the whole body; shortness of breathing, or hurried breathing on ascending a hill, or a flight of stairs—great palpitation of the heart, asthma, bronchitis and sore throat; shaking of the hands and limbs, aversion to society, and to business or study, dimness of eye-sight, loss of memory, dizziness of the head, neuralgic pains in various parts of the body; pains in the back and limbs, lumbago, dyspepsia or indigestion, irregularity of the bowels, deranged secretion of the kidneys and other glands of the body, as Leucorrhoea or Fleur Albus, &c. Likewise Epilepsy, Hysteria and Nervous Spasms.

Now, in ninety-nine out of every one hundred cases, all the above named disorders and a host of others not named have their seat primarily in the sexual organs, and arise from morbid excitement and chronic inflammation—a state of morbid irritability, hence the want of success on the part of Old School Doctors.

Dr. JOHNSON is now engaged in treating this class of modern maladies with the most astonishing success. The treatment adopted by the Institution is new, it is based upon scientific principles, with new discovered remedies, without minerals or poisons. The facilities of cure are such, that patients can be cured at their own homes without expense, in any part of the country, from an accurate description of their case by letter, and have the medicine sent them by mail or express.

Young Men suffering from these dreadful ills, will receive for $5 a series of Health Rules, and perfect chart of cure, which will be to them a true polar star through life.

THE

NEW YORK WEEKLY,

A HANDSOME QUARTO PUBLICATION,

BEAUTIFULLY ILLUSTRATED,

IS NOW UNIVERSALLY ACKNOWLEDGED TO BE

THE BEST STORY PAPER IN THE WORLD!

Among its Regular Contributors will be found the names of some of the best male and female writers in the United States! Such writers as Justin Jones, (Harry Hazel,) Augustine J. H. Duganne, William Earle Binder, Harry Hazleton, James Reynolds, Francis S. Smith.

Mrs. Mary J. Holmes, Helen Forest Graves, Mary C. Vaughan, Margaret Verne, Anna Raymond, Eda Mayville. Write for it regularly, while a score of other well known writers occasionally contribute to its columns.

THE NEW YORK WEEKLY has now engaged a force of talent that cannot be rivaled by any establishment in the world!

NOTICES OF THE PRESS.

Never before has any new candidate for public favor in the Literary World received such flattering notices from the Press. From all quarters, our editorial brethren have cheered us on by speaking of our enterprise in a manner to stimulate our vanity, and to excite the envy of our rivals.

GENERAL CHARACTER OF THE NEW YORK WEEKLY.

The WEEKLY is designed more especially as a First-Class Story Paper, in which we intend to give our readers a succession of THE BEST STORIES EVER PUBLISHED IN THE UNITED STATES! The aim and object of these productions will be to inculcate useful knowledge under the pleasing guise of fiction, or to teach great moral lessons through the same means. We shall never publish a word or line, the tendency of which is to injure the morals or taste of the reader. Every issue of the NEW YORK WEEKLY will contain short sketches of Life and Manners, Notings of Travel and Adventure, Short Stories, General Summary of Events, Humorous Gleanings, Poetry, Editorials, &c., &c. As specimens of our serials, we would point to A. J. H. Duganne's great story, Garibaldi, The Hero of Italy! Harry Hazel's exciting Indian Romance, The Mute Spy! Francis S. Smith's Intensely Interesting Domestic Story, Maggie, The Child of Charity! While, as specimens of our standing departments, we point with pride to our Ballads of the Bible, admitted by all to be the most chastely written and beautiful scriptural poems ever produced.

Our Knowledge Box, in which is weekly contained a number of paragraphs of the greatest importance to house-keepers and others.

Our Pleasant Paragraphs, an interesting *melange*, ranging "from grave to gay, from lively to severe."

Our Ladies' Column, prepared especially for the ladies by one of the most brilliant lady writers of the present day.

Our Mirthful Morsels, our Items of Interest, etc., etc. In a word, its Editors will use their best endeavors to get up just such a paper as will eventually find its way to every fireside in the land—that shall be a welcome visitor wherever it goes—equally popular in the workshop and the office—at the fireside of the farmer, or in the counting-room of the merchant—a paper that parents can, with safety, place in the hands of their children without note or comment; feeling certain that its influence will be to stimulate their minds to the pursuit of knowledge, or lead them to abhor vice and wrong.

OUR CIRCULATION & PROSPECTS

The NEW YORK WEEKLY has gone up to a circulation which places it second in point of circulation in the list of publications of the day. There is but one weekly publication in the world having a larger circulation than the WEEKLY.

The indications are, at present, that the circulation of the WEEKLY will soon reach half a million. Where the newsmen were taking tens, they are now taking hundreds of copies. This is the general effect among the *five thousand* News Agents who are now regularly selling the NEW YORK WEEKLY, while from nearly every Post Office in the country, we are daily getting subscriptions and orders for specimens.

How and Where to Get the "Weekly"

Wherever there is a News Agent, get the paper from him. By so doing, you do not run the risk of losing your money through the Post Office, or having to pay for what you will never get. If the paper you are buying from the Agent stops, you do not lose advance subscriptions, sent to a place where you have no means of looking after it. We trust the day is not far distant when every town, large enough to sustain a Post Office, will have its News Agency.

OUR TERMS:

The price of the NEW YORK WEEKLY is FOUR CENTS, but where Agents have to pay extra freight or postage, a higher price is necessarily charged. When sent by mail, the price will invariably be $2 00 a year, in advance. Subscriptions taken for three months. Two copies will be sent for one year for $3, four copies for $5, eight copies for $12. Postmasters and others who get up clubs of ten, and send us $15 at one time, will be entitled to an extra copy for their trouble. The bills of all solvent banks taken at par for subscriptions. Canada subscribers must send twenty-five cents extra with every subscription, to prepay the American postage.

All letters and communications, in relation to the Editorial or Business Departments of the NEW WEEKLY, must be addressed to,

THE DAILY HERALD

BATAVIA, Saturday, Nov. 26, 1859

SUBSCRIPTION PRICE 6 CENTS PER WEEK.

TO CORRESPONDENTS:

No notice can be taken of anonymous communications. Whatever is intended for insertion must be authenticated by the name and address of the writer; not necessarily for publication but as a guarantee of his good faith.

We also beg to inform our readers that we do not hold ourselves responsible for the opinions of our correspondents.

JOB PRINTING, OF ALL KINDS, EXECUTED AT THIS OFFICE WITH TASTE AND DESPATCH.

Bayard Taylor and Thos. K Beecher added to the Lyceum Course.

We are informed that, in addition to the names already announced, BAYARD TAYLOR and THOS. K. BEECHER, have been engaged for Lyceum Lectures.

The list comprises now, *eleven* Lecturers, and embraces a great variety of subjects as well as talent. This makes the price of each lecture, to those having season tickets, a trifle less than *one dime*. One dollar for eleven lectures is certainly a small price. We hope to see our community, generally second this effort to afford popular instruction and national literary entertainment at a price so low *all* may partake.

Bayard Tayor is to lecture on "Alexander Von Humboldt;" and Mr. Beecher on "Utopia—a Village."

The opening lecture is from Rev. Henry W. Bellows, of New York who has never lectured in Batavia, and whom there will be a strong desire and anxiety to hear. It is hardly necessary to state that Dr. B. ranks among the most eloquent Speakers and writers of the American Pulpet.

His address is specially designed for Young Men, and is entitled "Direction," and treats on the importance of "facing right."

Tickets can be obtained of Mr. Howard at Bank of Genesee, of David Seaver Esq., Messrs. Clark & Tryon, G. F. Lay, Secretary, or of any of the officers of the Lyceum.

Four men went fishing at Sodus Point on Sunday the 13 inst., taking a jug of whiskey along for comfort. In raising the jug to frequently from the bottom of the boat, the balance was overcome, and a revolution took place from which they were not able to recover, and were all drowned.

The Democrat misquotes Ralph Waldo Emerson, and makes it a text for an orthodox sort of a sermon. It is important first to start right, and then—go ahead.

What They were Going to do with Him.

A few days since, a party of eight North Carolinian emigrants, en route for Oregon, passed through Danville, Missouri. While stopping to make some purchases, one of them was pounced upon by a lawyer of the town, who indulged largely in the not exclusively Yankee recreation of asking questions. The emigrant was quite communicative and told him that they were going to found a town, the pursuit of each person was already marked out, and there were no drones among them. What was this man to do? He was to open a store. And that? Start a blacksmithshop.—And the other standing behind him?—Engage in sheep raising. So they were nearly all inventorized, when a decrepid, white haired octogenarian ancestor of about half the company, and looking venerable enough for old time himself, was observed sitting in one of the wagons.

"Why, who is that?" asked the questioner.

"That's my father."

"What is he going to do? He can't be of any use to the settlement."

"Oh, yes," replied North Carolina promptly, "we are taking the old man along to start a grave yard with."

RAILROAD COLLISION.—The Rochester Democrat of Thursday says: "Between five and six o'clock last evening, two eastward bound freight trains came in collision, on the bridge over Allen's Creek, in the town of Brighton. Ten or a dozen cars were knocked into "flinders" but nobody was hurt.

"The Accident occurred in consequence of a separation of the cars in the leading train, so that part of them were left behind, and before the train could be got in order again, or a signal made to the engineer of the locomotive following behind,

Thanksgiving Dinner.

There was the turkey—a lordly fellow—his surface crisped and browned, and glistening with basting—his legs in the air, as though entreating mercy from the pitiless Jones, who cruelly sharpened his knife for the motion above. We sat down.—Jones adroitly sliced off some of the breast first, just to set our mouths watering, and commenced the grand attack on the legs, to mow them from the unfortunate turkey. Jones is a scientific carver—very—in fact he prides himself upon his talent in that particular, and in his earlier days was a *surgical* professor at a large eating house.

Jones struck the joint with a smile in his eye and the point of the knife, and looking around for the general admiration, gave the knife a turn expecting the leg, side-bone and all to fall gracefully over on the dish. But it didn't. Another pry with the same result—and another with the same result. Jones then tried the other leg with no better success, and with a large quantity of anger, swearing rankling in his bosom, laid down his knife and fork, and looking fiercely at Mrs. Jones, enquired blandly how long she had known the fowl and if it wasn't barely possible that *that* was the first turkey there ever was—always. Mrs Jones mildly remonstrated that she had no acquaintance with the bird before the day previous, and that the wretched butcher had told her it was exceedingly young—in fact the youngest turkey he had ever seen.

Showering mental maledictions on the head of the butcher, Jones proceeded to take off the meat without separating the bones, and gave each some with some of the stuffing which looked particularly nice and inviting. We took a mouthful of said stuffing gave it one turn over our tongue, then with a very long face, we rolled it off our hanging lip upon the plate. "Hey! what's the matter?" said Jones, "eh!"—"Taste it yourself," said we, and Jones tasted. "——! !———! ! ! ———! !!!" shouted Jones "where's Bridget?"

Bridget came—frightened to death.—Said Jones, brandishing the carving knife fiercely. "What in —— did you put in this stuffing!" "Sure I put nothin' but what the misthress gave me—the summer savory sir!" "Lets see it—lets see it"—yelled Jones—"bring forth the paper!" and the paper was brought forth, when lo! and behold, that which should have been summer savory, was not summer savory, but was powdered BONESET! Jones fairly groaned in spirit and in flesh—Bridget fled, a dead silence settled over the group for a moment, interrupted by Jones saying in a tone of compromise with his conscience, "No wonder I couldn't get the blasted bones apart, when I was working against nature and BONESET."

We lost our dinner, but Jones is consoled for the loss of his, by having made a discovery for the setting of broken legs, and dislocated joints—but he don't believe "boneset" improves turkey.—*Buffalo Republic.*

The Washington correspondent of the Mobile Register says:

There has been much solicitude felt by every one here (worthy to feel) of late about the health of Mrs. Judge Douglas, whose life more than once within the week just passed seemed hanging on a thread. She is now, however, out of danger, and it is hoped will, ere long, again appear in public. A woman of fascinating charms of person and conversation, of great amiability and distinguished position is always a favorite in Washington. Mrs. Douglas is more. She even rivals her husband in that great democratic spirit which always characterizes him; and in the private duties of life her benevolence and charity, her care for the poor and the needy, her attention to the sick and destitute, united with her many virtuous qualities of head and heart, give to the wife of the Illinois Senator a wide and commanding popularity. May she enjoy it a thousand years.

CONTENTS OF THE DEAD LETTER OFFICE.—The Washington Constitution advertises the catalogue of letters which have accumulated in the dead letter office since 1848. The catalogue embraces coats, hats, socks, drawers, gloves, scarfs, suspenders, patent inhaling tube, gold pens, pencils, and all kinds of small jewelry imaginable, undersleeves, fans, hankerchiefs, box of dissecting instruments, pocket bibles, children's dresses, lace collars, books, buttons, cloth, purses, slippers, chemises, bed quilts, boots, shirts, gaffs for game fowls, cornfield hoe, black silk basque, hoods, shawls, gaiters, cigar case, snuff box, spectacles, false teeth, night caps, brogans, aprons, pantalettes, ear trumpet, sholder braces, silk flag, razors, one hundred catechisms, watch crystals, nipple glasses, demi-veils, edging, and a thousand other things, too numerous to mention. No pawnbroker's shop ever excelled in variety the collection of the Dead Letter Office.

Last week a young lady passed through Cincinnati en route for St. Louis, whither she had been forwarded by express. She was from Paris, and being ignorant of our language her friends had placed her in charge of an express messenger

NOT SO DISTRESSING AFTER ALL.—The Springfield Republican relates that one of the "lovers," whose affianced is unfortunately a Normal school pupil, went to see her the other night, and was obliged to do all the talking himself, the lady saying a "nary work" throughout the evening.—The fact was, she had committed some offense during school hours, and as punishment was required not to speak for 24 hours. Wonder if the principal ever heard the proverb, "Woman's tongue is like a lamb's tail" But the girl could smile, and her hands and lips were under no ban, and the lover, on the whole, was quite reconciled and don't think much of talking.

Brown's Sanity.

Mr. Hoyt, one of Brown's counsel, has been in Cleveland for for the purpose of getting affidavits of the acquaintances of Brown as to his insanity. The Herald says a large number of affidavits have been obtained at Akron, Hudson, Cleveland &c. and they are made by men of the first respectability, who have known Brown for many years intimately, and there is no difference of opinion among them as to the monomania of Brown upon the subject of slavery.

The Evening Journal is evidently downhearted—fairly used up, by the recent overthrow of its party in the State. A few days after election, when in the heat and excitement of the game of brag, it believed the stakes already within its grasp, it was prepared to "bet" and to "bluff" with all the desperation of the gamester. Now it breathes a faint hope that the Canal Commissioner may yet be considered in doubt, and heads an article on the next Presidency with the ominious words "Disolving Views!"—*Atlas & Argus.*

GAS IN OBERLIN.—S. Plumb Esq., has completed the Gas Works in Oberlin, Ohio, and the stores and business places are now lighted with gas. Dwellings and streets will come next in order, and ere long the good people will marvel how they lived so contentedly in darkness.—The city of Monroe, Mich., is also to be lighted by gas on the first of January.—The works are in construction by Maj. B. T. Field, and will be completed by that time.

Jerome Bonaparte of Baltimore, who recently returned to the United States, has refused the dignity of Senator of Frane, offered to him by his father, Prince Jerome, in order to induce him to remain in France. Mr. Bonaparte prefered the simple title of American citizen to that of senator of France. After the efforts made by the American branch of the Bonapartes to obtain recognition as legitimate members of the Imperial family, the news of this refusal will create some surprise.

DR. JOHNSON'S
HERB DISPENSARY
OFFICE 95 MAIN STREET,
(3d door, Up Stairs, Buffalo, N. Y.)
A NEW, SPEEDY, AND MOST SUCCESSFUL
MODE OF TREATING
Spermatorhoea, Nervous Debility, Marasmus or Wasting Consumption.
AND ALL
Diseases of the Urino-Genital Organs.

A CLASS of Maladies prevail to a fearful extent in community; dooming at least fifty thousand youth of both sexes, annually to an early grave. These diseases are very imperfectly understood. Their external manifestations or symptoms are Nervous Debility, relaxation and exhaustion; Marasmus, or muscular wasting and consumption of the tissues of the whole body; shortness of breathing, or hurried breathing on ascending a hill, or a flight of stairs—great palpitation of the heart, asthma, bronchitis and sore throat; shaking of the hands and limbs, aversion to society, and to business or study, dimness of eyesight, loss of memory, dizziness of the head, neuraligy pains in various parts of the body; pains in the back and limbs, lumbago, dyspepsia or indigestion, irregularity of the bowels, deranged secretion of the kidneys and other glands of the body, as Leucorrhoea, or Fleur Albus, &c. Likewise Epilepsy Hysteria and Nervous Spasms.

Now, in ninety-nine out of every one hundred cases, all the above named disorders and a host of others not named have their seat primarily in the sexual organs, and arise from morbid excitement and chronic inflamation—a state of morbid irritability, hence the want of success on the part of Old School Doctors.

Dr. JOHNSON is now engaged in treating this class of modern maladies with the most astonishing success. The treatment adopted by the Institution is new, it is based upon scientific principles, with new discovered remedies, without minerals or poisons. The facilities of cure are such, that patients can be cured at their own houses without expense, in any part of the country, from an accurate description of their case by letter, and have the medicine sent them by mail or express.

Young Men suffering from these direful ills, will receive for $5 a series of Health Rules, and perfect chart of cure, which will be to them a true polar star through life.

LOCAL MATTERS.

THE TOWN CLOCK has got its face on or rather its faces, for it has no less than four, nearly as many as some folk, and they look every way for Sunday as they should, being up on a church. It now wants the hands, to point off the time, and a hammer to strike off the hours, and it will show the way the world goes, and keep the reckoning, as an honest time-keeper should— undoubtedly.

SMITH the Sexton has got the specifications, the estimations, and the calculations about ready, and soon he will be round to get the *manifestations*, of interest in having the time. Let no man be found unprepared!

Meeting Smith one day, says he "why is a town clock like an observing man?— We give it up.

"Because it notes every moment o time.

"But why is a town clock like a very bad man? said we in return.

"Shouldn't think it was said Smith.

"Doesn't it work Sunday the same as any other day?

"But why is a town clock like a politician? Again returned Smith with a stray smile in the corner of his mouth.

We had to give it up. "Because it carries so many faces.

We told Smith he could pass—and started, but he called out: "Why is a town clock not like a politician! We shook our head.

"Because every face on the clock tells the same story."

We havn't seen Smith since.

WE beg leave to call the attention of the Trade, and more especially the Physicians of the country, to two of the most popular remedies now before the public We refer to

Dr. Chas. M'Lane's Celebrated

Vermifuge and Liver Pills.

We do not recommend them as universal Cure-alls, but simply for what their name purports, viz.:

THE VERMIFUGE,

For expelling Worms from the human system. It has also been administered with the most satisfactory results to various Animals subject to Worms.

THE LIVER PILLS,

For the cure of LIVER COMPLAINTS, all BILIOUS DERANGEMENTS, SICK HEAD-ACHE, &c. In cases of

FEVER AND AGUE,

preparatory to or after taking Quinine, they almost invariably make a speedy and permanent cure.

As specifics for the above mentioned diseases, they are Unrivaled, and never known to fail when administered in accordance with the directions.

Their unprecedented popularity has induced the proprietors,

FLEMING BROTHERS,

PITTSBURGH, PA.

to dispose of their Drug business, in which they have been successfully engaged for the last Twenty Years, and they will now give their undivided time and attention to their manufacture. And being determined that Dr. M'Lane's Celebrated Vermifuge and Liver Pills shall continue to occupy the high position they now hold among the great remedies of the day, they will continue to spare neither time nor expense in procuring the Best and Purest material, and compound them in the most thorough manner. DR. COGSWELL'S NEW MEDICAL SALT.

For Inflammatory Diseases Only.

New Medical Salt! New Medical Salt!

IT IS NOT A CURE-ALL.

For Inflammatory Diseases only

Dr. Cogswell's New Medical Salt instead of its being a remedy for all ills, has centred over but one ill, has but one aim, and accomplishes but one thing, to wit: subdues inflammatory diseases, whatever be its form or locality, whether in the head, throat, abdomen, extremities or skin.

New Medical Salt. Its peculiar excellence is, that without the useless loss of blood and strength, it effectually cures inflammatory diseases, two other, by producing an equilibrium of the fluids in the body, the want of which is the sole cause of inflammation!

Notice to Invalids!! The following forms which the unbalanced fluids assume, and many not here mentioned, that have more or less fever or pain, are as easily subdued by the *New Medical Salt*, as fire is extinguished by water, to wit: Brain Fever, Headache, rush of blood to Head and Heart, Fits, Inflamed eyes, ears, nose, lungs and liver, Neuralgia, Spinal affections, Erysipelas, Bronchitis, Pleurisy, Asthma, Cough, Dyspepsia, Venereal Diseases, Rheumatism, Gout, Scrofula, and all itching and other cutaneous eruptions.

Dr. Cogswell's New Medical Salt does just what it claims to do—no more, no less—equalizes the fluids by removing from the system all arterial and venous obstructions. Descriptive circulars may be obtained from any Druggist who has this valuable medicine for sale.

CLARLES DE HEINTZE M. D

PHYSICIAN & SURGEON.

From Berlin, lately from Rochester and Syracuse, begs to inform the public of Batavia and vicinity that he has taken rooms at the Western Hotel Batavia N. Y. where he firstly will stop a fortnight from October 29th. Dr. de Heintze has been Surgeon to the Royal Charity Hospital Berlin and Physician to the Elizabeth Hospital in Berlin. He is a member of the medical society of Prussia and member of the *Homoeopathic* Academy of Palermo.

From the great advantage he enjoyed at those institutions in treating the various diseases the human system is liable to he confidently offers his services to the suffering public and solicits their patronage; he pays particular attention to the diseases of Eye and Ear which he treats with the utmost success which has attended his practice for the last fourteen years.

HOSTETTER'S STOMACH BITTERS.

It is a fact that, at some period, every member of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has introduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nausea, Flatulency, Loss of Appetite, or any Bilious Complaints, arising from a morbid inaction of the Stomach or Bowels, producing Cramps, Dysentery, Colic, Cholera Morbus, &c., these Bitters have no equal.

Diarrhœa, dysentery or flux, so generally contracted by new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend Bitters of some kind; then why not use an article known to be infallible? All nations have their Bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to prove the value of this great preparation in the scale of medical science.

Fever and Ague.—This trying and provoking disease, which fixes its relentless grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTERS. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nausea nor offend the palate, and render unnecessary any change of diet or interruption of ordinary pursuits, but promote sound sleep and healthy digestion, the complaint is removed as speedily as is consistent with the production of a thorough and permanent cure.

For Persons in Advanced Years, who are suffering from an enfeebled constitution and infirm body, these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indispensable, especially where the mother's nourishment is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart temporary strength and vigor to the system. Ladies should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtue of the Bitters, will recommend their use in all cases of weakness.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for Hostetter's Celebrated Stomach Bitters, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

Ayer's Sarsaparilla,

A compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:

Scrofula and Scrofulous Complaints, Eruptions and Eruptive Diseases, Ulcers, Pimples, Blotches, Tumors, Salt Rheum, Scald Head, Syphilis and Syphilitic Affections, Mercurial Disease, Dropsy, Neuralgia or Tic Douloureux, Debility, Dyspepsia and Indigestion, Erysipelas, Rose or St. Anthony's Fire, and indeed the whole class of complaints arising from Impurity of the Blood.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

DR. N. R. C. ROWE.

URISCOPIAN PHYSICIAN.

(Late from the Island of Barbadoes, West Indies)

Who has located in Rochester, begs to announce to the public of Batavia and vicinity, that he can be consulted on all CANCEROUS and CATARRH affections, Tumor Diseases of the Lungs, Throat, Liver, Kidney &c. &c. Also Scrofulous and all other Chronic Diseases, at his office No. 6 Stone Block, corner of Main and St. Paul Streets.

The success that has attended his practice was never surpassed by any other Medical man of his Profession. He has cured entirely some of the worst cases of that most loathsome disease, CANCER—the thoughts of which chill the heart and makes life a burden to those afflicted with it—which had been pronounced by some of the most skilful Physicians as decidedly incurable. These patients now live as witnesses to this fact. CATARRH, this most awful disease, which if not checked, terminates in Consumption, he can cure most speedily.—Scrofulous and all other Chronic Diseases he treats with equal success. Patients placing themselves under his care will be treated strictly scientific, as he is a legitimate practitioner and no self taught man. Dr. R. has discovered a speedy and certain cure for such cases of that fearful and ravaging disease CANCER, as are curable. It has hitherto been the opinion of the Medical Faculty that Cancer cannot be cured. Dr. ROWE however, has after a thorough investigation long study of the disease been able to discover a remedy that will cure such cases as can be cured. Though all cases cannot be cured, yet they can be relieved and life prolonged. Any one consulting him will be told candidly whether anything can be done for them or not. Consultation free. Dr. R. by a careful chemical examination of the Urine can tell almost every Chronic Disease that mankind is liable to, and thus can treat diseases more correctly and successfully than by any other mode of examination. The reason that a great many curable diseases are deemed incurable is simply from not finding out the real seat of the disease. Parties at a distance, not able to consult him personally, by sending a small vial with some of their Urine from the first made in the morning, and $1 as a fee for testing it, at the same time stating their age, will be told their disease. Letters addressed to Box 504, Rochester, N. Y., will meet with prompt attention. Packages containing Urine must be addressed to his office. References as to his mode of treatment can be given to some of the first Physicians in this country.

Dr. ROWE will be at the Eagle Hotel, Batavia on Monday and Tuesday November 28 and 29.

DR. JOHNSON'S
HERB DISPENSARY
OFFICE 95 MAIN STREET,
(3d door, U. States, Buffalo, N. Y.)
A NEW, SPEEDY, AND MOST SUCCESSFUL MODE OF TREATING

Spermatorhoea, Nervous Debility, Marasmus or Wasting Consumption.
AND ALL
Diseases of the Urino-Genital Organs.

A CLASS of Maladies prevail to a fearful extent in community; dooming at least fifty thousand youth of both sexes, annually to an early grave. These diseases are very imperfectly understood. Their external manifestations or symptoms are Nervous Debility, relaxation and exhaustion; Marasmus, or muscular wasting and consumption of the tissues of the whole body; shortness of breathing, or hurried breathing on ascending a hill, or a flight of stairs—great palpitation of the heart, asthma, bronchitis and sore throat; shaking of the hands and limbs, aversion to society, and to business or study, dimness of eye-sight, loss of memory, dizziness of the head, neuralgia pains in various parts of the body; pains in the back and limbs, lumbago, dyspepsia or indigestion, irregularity of the bowels, deranged secretion of the kidneys and other glands of the body, as Leucorrhoea, or Fleur Albus, &c. Likewise Epilepsy Hysteria and Nervous Spasms.

Now, in ninety nine out of every one hundred cases, all the above named disorders and a host of others not named have their seat primarily in the sexual organs, and arise from morbid excitement and chronic inflamation—a state of morbid irritability, hence the want of success on the part of Old School Doctors.

Dr. JOHNSON is now engaged in treating this class of modern maladies with the most astonishing success. The treatment adopted by the Institution is new. It is based upon scientific principles, with new discovered remedies, without minerals or poisons. The facilities of cure are such, that patients can be cured at their own homes without expense, in any part of the country, from an accurate description of their case by letter, and have the medicine sent them by mail or express.

Young Men suffering from these direful ills, will receive for $5 a series of Health Rules, and perfect chart of cure, which will be to them a true polar star through life.

TO CORRESPONDENTS:

We also beg to inform our readers that we do not hold ourselves responsible for the opinions of our correspondents.

JOB PRINTING, OF ALL KINDS, EXECUTED AT THIS OFFICE WITH TASTE AND DESPATCH.

The Recent Gale.

Accounts reach us from almost every quarter of disasters by the gale on last Friday night. At Buffalo Lake Erie made a visit into the lower part of the city, filling up cellars and basements, and starting up bridges over the Canal, from their foundations, so that they fell, as the water receded, into the bottom of the Canal. Some buildings in the course of construction were blown down, and many chimneys were untoped.

The Canal bridge on Main street is so badly damaged by high water, that it will have to be rebuilt. The iron canal bridge on River street, is entirely destroyed. Several houses, in different parts of the city, are blown down. The new breakwater for the protection of the Southern part of the city has been almost entirely destroyed. That potion of the city being several feet under water.

The track of the Niagara Falls division of the Central road on the bank of the river, is impassable. Passengers are carried around the break in stages.

In Rochester one house was unroofed, and slight damage effected in many places. Telegraph poles everywhere are reported down.

A HARD RIDE.—Charles Wetzel started from Buffalo for Albany, and reached Rochester *under* the following circumstances, or the cars. On the arrival of the train at Rochester he was discovered sitting in a constrained and uncomfortable position beneath the baggage car on one of the trucks. He was summoned forth to give an account of himself, which he did, by saying that his name was Charles Wetzel; that he was a sailor, and that he had been on the lakes during the season until a few weeks ago, when he was taken sick and sent to the hospital. On recovering he found himself without money and without a chance of procuring employment. He therefore resolved to make the best of his way to Albany, and to avoid being asked for fare, ensconsed himself in a place where the conductor would not be likely to annoy him. Wetzel was quite confident that he could ride to Albany safely in the dangerous position he had chosen, but was, of course, not allowed to try the experiment.

Refutation of Slander.

We copied the other day from the N. Y. Times, a story about a man abducting his wife, first giving her chloroform. This story turns out to be untrue, as the following note handed to the Editor of the Times in person by the husband accompanied by the wife.

NEW YORK, Friday, Nov. 25, 1859.

To the Editor of the N. Y. Times:

A foul and wicked slander having appeared in your paper of the 23d instant, copied from the Bridgeport Farmer, and a still more slanderous report appeared in the Farmer of the 19th inst. I here say to you the whole is a base slander and falsehood against my husband. It is true I have been absent from my husband for nearly three years. I became satisfied of my error and wrote for my husband to come after me, which he very kindly did, following out my instructions exactly.—Whatever difficulty may have existed between us has been amicably adjusted, and not the least difficulty would have occurred between me and my husband had we not been interfered with by other parties. There is not, I am happy to say one word of truth in the whole statement as it appeared in your paper. I do not censure the paper for inserting it, excepting where it first started, and I earnestly hope they will be as prompt in contradicting it as they were in giving it publicity.

Judge Douglas' Health.

The serious apprehensions entertained, says the Freeman's Journal in regard to Judge Douglas' recent violent attack of [illegible], is relieved. The danger is over and Mr. Douglas is rapidly recovering. The [illegible] constitution that has enabled him for years to work night and day, and [illegible] the most exhausting fatigues of mind and body, has carried him through a very severe form of billious fever. We are altogether of the opinion of our friend Mr. Clancy, of the New York Leader, that men who are faithfully executing a providential *mission* do not die till they have accomplished it—and Judge Douglas has not by any means yet finished his work. We are glad to learn that Mrs. Douglas, the accomplished and devoted wife of the Judge, though much shaken by her protracted illness, is also considered out of danger.

Coffins made of Glass.

The New Albany (Ind.) Tribune has the following:

Mr. John R. Cannon, of this city, has just obtained a patent for glass coffins.—The invention seems to be a very valuable one, and we will attempt to briefly describe it. The coffin is made of glass, from one-half to an inch thick, cast in two pieces of the ordinary form. In the upper edge of the body of the coffin is a groove, in which a tongue in the lid loosely fits.—When a corpse is placed in the coffin, this groove is filled with melted cement; the lid is placed on, and firmly held by three iron bands until the cement is hardened. Through a small hole in the top of the coffin the air is then extracted by means of an air pump. By these means, Mr. Cannon claims, bodies may be preserved in their natural state for all time to come, and when placed in vaults, can always be accessible to the gaze of those who are left behind. The expense of these coffins will be no more than that of ordinary wooden coffins, and if the expectations of the inventor are realized so far as the preservation of coffins is concerned, they will immediately come into general use, and our friend Mr. Cannon will realize a magnificent fortune.

Sewing Machines.

The revolution in Needlework goes bravely on. We remember well when the first sewing machine was exhibited in a front window of a store in Broadway, New York, but now a number of entire buildings are occupied in this great thoroughfare for the exhibition and sale of these machines.

GROVER & BAKER seems to lead, having recently moved into their eloquent new store.

This establishment occupies an entire building in the most fashionable part of Broadway, with 25 feet front, and running through 200 feet to Mercer-street. The front is a single iron Gothic arch, three stories high, the two lower stories being formed of eight panes of plate glass, four in the lower story, each 14½ by 5 feet, and four in the second story, each 11½ by 6 feet. The basement is used for setting up and packing the machines, the space under the Broadway sidewalk making a nice shop for repairs, and the space under the Mercer street sidewalk being occupied for generating the steam by which the building is heated.

On the first floor is a beautiful salesroom, 25 by 150 feet in the rear being used for receiving, delivering and storing the machines as they come from the manufactory. In the second story, directly over the salesroom, is the receiving-room, where ladies who purchase machines are taught the art of using them.

Some one having written to Mrs. Swisshelm about Minnesota, she recounts some of the bad features of the State as follows:

First and foremost, moccasin politicians second, musquitoes, which bleed the settlers three months in the year; third, the water is so hard that one must break it with ashes before it will wash clothes; fourth, the men have taken to chewing tobacco, and they nearly all chew or smoke; fifth, apples are scarce; sixth, weeds grow very fast; seventh, sometimes the frost kills the squash vines before the seeds are ripe; and these are all that she can think of, except that there is no coal—that the wood does not grow in stove length, but has all to be chopped, etc.

THE KIND OF WOMEN WE LIKE TO SEE.—Some one in writing on gloomy, dismal wintry days in the Fall of the year, remarks:—"Show us a woman who is merry in the melancholy days, when the hoarse winds have caught cold, and the withered leaves rustle about covered with frost, and the bare grapevine that shingled the arbor with green looks like an anaconda trying to swallow a summer house—who is as merry then, as when there is a "sweet south and a bank of violets," to make love to, and we will show you a woman who will gracefully bend to misfortune, like a flower to the wind, and when the blast has gone by, will stand erect [illegible]

New York Politics.

The nominations of Mr. Havemeyer for Mayor, Mr. S. J. Tilden for Corporation Counsel, and Mr. McElroy for Almshouse Governor, were duly indorsed at Tammany Hall. The meeting, which represented an unusual amount of social and political influence, was so large that there were crowds both inside and out, speeches both inside and out, and enthusiasm all around. The Chairman of the meeting proper was Mr. Augustus Schell, and the speakers Hon. John Van Buren, Mr. Jas. T. Brady and Hon. John Kelly.

John Brown will be hung. Yesterday a Virginia major, of the name of Smith, was in Washington, *en route* to Charleston. He goes to the relief of Col. Davis, of whose arduous exertions from day to day the public has been duly advised. Major Smith will assume the entire control of the military arrangements for Brown's execution on Friday next. Secretary Floyd tendered him any amount of arms or ammunition that he deemed necessary. As five hundred additional troops are to be sent from Richmond, the Federal aid is not needed. Charlestown is said to be for the moment tranquil.

THE HOG CROP IN MICHIGAN.—The Detroit Advertiser of Thursday says: The weather has prevented much doing in pork. Only two or three houses have commenced packing, and these only on a very limited scale. Buyers generally expect a decline in prices, and are not anxious to buy immediately, even should the hogs be offered. The Hog crop is coming in much later this year than usual, and the quality also thus far has been inferior, a fact that is accounted for by the high prices that have ruled for old corn, and the consequently small amount that has been fed out. We have no sales of dressed hogs of any moment to report.

THAT BALLOON VOYAGE TO EUROPE.—The balloon exhibition of Prof. Lowe is finally closed for the season, and the promised Aerial trip to Europe postponed—mainly "on account of the weather."—All the apparatus having been removed from the Palace grounds, visitors who, on Thursday, were allured to the spot, to witness an ascension in the small balloon, found "the great *globe* itself, gone like the baseless fabric of a vision." The heavy blow on Thanksgiving day rendered the preliminary ascension impossible, so that no visitors were admitted, and no money received. The balloon has been carried to a place near the gas-house, at the foot of Fourteenth-street, North River, where it will remain until Spring.

THE PRIZE FIGHTERS IN TROUBLE.—Capt. Squires of the N. Y. Police, and the Buffalo Deputy-Marshal who has been watching for those concerned in the prize fights which have recently occurred near Buffalo, on Thanksgiving night came upon "Australian Kelly" suddenly in the drinking saloon in N. Y. which he is in the habit of frequenting, in Thirteenth st. He supposed that the Buffalo officer had left the City, and thus fell into his power unawares. His friends got out a writ of *habeas corpus*, brought him before Judge Russell, and had him admitted to bail.

SORGHUM.—A correspondent from Springfield, Cedar County, Iowa, writes that about 7,000 gallons of syrup have been made in that town, from the sorghum-cane, during the past year. The town has 174 families, nearly all of whom are members of the Society of friends.

NEW DEMOCRATIC DAILY IN NEW YORK.—The N. Y. Day Book says "it is rumored that a Douglas daily Democratic paper is to be soon started in New York, with John Clancy for editor." Mr. Clancy is the present County Clerk, and editor of the Leader. He was chairman of the committee on resolutions at the late Democratic State Convention.

A man in Hartford is living with his third wife, his first two partners having left him because he did not come up to their ideas of what a kind, careful husband should be. Neither of the ladies procured a decree of divorce, yet each of them has a second husband. The father and mother of this practical free lover have each been married the second time, although their separation was simply by mutual agreement. The Courant vouches for the truth of the statement.

There is a Mississippi planter who dares invoke mercy for Brown. "W. E. G." whom the editor calls a "large slaveholder," communicated over his initials to The Vicksburg Citizen a fiery appeal to Gov. Wise to save the "Old Man," "for God's sake, and the sake of the Government."

Gov. Seward was presented in Alexandria with three superb Arabian horses, which will be shipped to this country.—Two of them will be presented to the New York State Agricultural Society.

Frederick Brown an only full brother of Capt. John Brown, is delivering lectures on the history of the latter, and [illegible]

The New York correspondent of the Boston Transcript says that five hundred copies of the Banner of Light, the Spiritualist paper which publishes Beecher's and Chapin's sermons, are distributed at the church of the former every Sunday morning, if not quite as many at Dr. Chapin's church.

The Buffalo Commercial announces that as Miss Hattie Brown is "about to Center a new phase of life," a complimentary sacred concert is to be given her on Monday evening next in the Unitarian Church, where she has sung during the past three years.

The doomed Brown was approached by a minister of the Presbyterian persuasion, a few days ago, who wished to advise him spiritually. Brown replied to him, saying that they did not worship the same God. The minister was a slaveholder.

The reason why that young lady printer at Cleveland attempted to shoot a young man compositor, was because the latter had remarked that "somebody would have to get another font of SMALL CAPS for her before long."

THE GREAT AMERICAN
Boot & Shoe Store.
No. 2, Odd Fellow's Hall.

GREAT DISCOVERY!

NEW MODE OF ADVERTISING.

The Proprietor of the Great American Shoe Store, No. 2 Odd Fellows Hall, south side Main street, nearly opposite the Post Office, claims to be the inventor of the cheapest and best mode of advertising in the world. He claims to be the manufacturer of

BOOTS AND SHOES

that will advertise themselves, by giving ample satisfaction to the wearer, thereby speaking in language not to be misunderstood by him, which he immediately interprets to his neighbors. After having tested the merits of his invention for the last twenty years, he feels confident of its

ENTIRE SUCCESS,

and would recommend it to all the other Boot and Shoe makers and dealers in this vicinity to be adopted by them. And he would especially call the attention of the citizens of Genesee county and advise them to study well its importance.

He has on hand a good assortment of Stock such as—

Oak and Hemlock Sole Leather,

French calf skins, kip and morocco, &c., which he holds will stand investigation from the best of judges, and *MECHANICS* to manufacture it who are second to none in the State.

BY TELEGRAPH

Evening Report.

ST. LOUIS, Nov. 26.

The Arizona correspondence of the Republican gives the following information from Sonora.

Capt. Porter with the United States sloop of war St. Marys had entered Guaymas harbor. On finding that Col. Alden, the acting United States Consul in the absence of Judge Ross, was not recognized and not permitted to hoist the U. S. colors over the consulate, Capt. Porter insisted on the Prefect respecting his authority. Meeting with opposition he ordered his flag-staff to be erected over the Consul's office and run up the stars and stripes. He then informed the Prefect that it should not be taken down without a fight and it was left undisturbed.

Gov. Pesquiera arrived a few days after when Capt. Porter waited on him, but not understanding Spanish and Pesquiera not speaking English, the interview was very unsatisfactory.

Porter entered a protest against the treatment received by Capt. Stone's party, and would probably be present to aid Capt. Ewell in adjusting the difficulties with Pesquiera.

Despatches containing the above information arrived at Fort Buchanan, Nov. 10th, en route to Washington.

The Republican has Santa Fe letters of the 7th inst. The Indians were still committing depredations on the mail and emigrant trains.

Col. Fontleroy had arrived at Santa Fe and assumed the command of the department.

It was expected he would take measures to chastise the Indians, and prevent further outrages.

NEW YORK, Nov. 26.

Rumors apparently on excellent authority say Mr. Vanderbilt has purchased the Pacific Mail Company's fleet for $2,000,000.

TORONTO, Nov. 26.

Chief Justice McAuley died suddenly this afternoon, of disease of the heart.

WINDSOR, N. S., Nov. 26.

TO THE ASSOCIATED PRESS.—The following is a list of the Cabin passengers by the Indian, all of whom have been saved:

Hon. Mr. Botsford, Mr. Meldrum, Mrs. Meldrum, Mr. Patterson, Mrs. Patterson Mr. Street, Mrs. Street, Mrs. Elliott.

A NEW, SPEEDY, AND MOST SUCCESSFUL
MODE OF TREATING
Spermatorrhoea, Nervous Debility, Marasmus or Wasting Consumption.
AND ALL
Diseases of the Urino-Genital Organs.

A CLASS of Maladies prevail to a fearful extent in community; dooming at least fifty thousand youth of both sexes annually to an early grave. These diseases are very imperfectly understood. Their external manifestations or symptoms are Nervous Debility, relaxation and exhaustion; Marasmus, or muscular wasting and consumption of the tissues of the whole body; shortness of breathing, or hurried breathing on ascending a hill, or a flight of stairs—great palpitation of the heart, asthma, bronchitis and sore throat; shaking of the hands and limbs, aversion to society, and to business or study, dimness of eyesight, loss of memory, dizziness of the head, neuralgic pains in various parts of the body; pains in the back and limbs, lumbago, dyspepsia or indigestion, irregularity of the bowels, deranged secretion of the kidneys and other glands of the body, as Leucorrhoea, or Fluor Albus, &c. Likewise Epilepsy Hysteria and Nervous Spasms.

Now, in ninety-nine out of every one hundred cases, all the above named disorders and a host of others not named have their seat primarily in the sexual organs, and arise from morbid excitement and chronic inflammation—a state of morbid irritability, hence the want of success on the part of Old School Doctors.

Dr. JOHNSON is now engaged in treating this class of modern maladies with the most astonishing success. The treatment adopted by the Institution is new, it is based upon scientific principles, with new discovered remedies, without minerals or poisons. The facilities of cure are such, that patients can be cured at their own houses without expense, in any part of the country, from an accurate description of their case by letter, and have the medicine sent them by mail or express.

Young Men suffering from these direful ills, will receive for $1 a series of Health Rules and perfect chart of cure, which will be to them a true polar star through life.

DR. M'LANE'S
CELEBRATED
VERMIFUGE
AND
LIVER PILLS.

WE beg leave to call the attention of the Trade, and more especially the Physicians of the country, to two of the most popular remedies now before the public. We refer to

Dr. Chas. M'Lane's Celebrated
Vermifuge and Liver Pills.

We do not recommend them as universal Cure-alls, but simply for what their name purports, viz.:

THE VERMIFUGE,

For expelling Worms from the human system. It has also been administered with the most satisfactory results to various Animals subject to Worms.

THE LIVER PILLS,

For the cure of LIVER COMPLAINTS, all BILIOUS DERANGEMENTS, SICK HEAD-ACHE, &c. In cases of

FEVER AND AGUE,

preparatory to or after taking Quinine, they almost invariably make a speedy and permanent cure.

As specifics for the above mentioned diseases, they are Unrivaled, and never known to fail when administered in accordance with the directions.

Their unprecedented popularity has induced the proprietors,

FLEMING BROTHERS,
PITTSBURGH, PA.

to dispose of their Drug business, in which they have been successfully engaged for the last Twenty Years, and they will now give their undivided time and attention to their manufacture. And being determined that Dr. M'Lane's Celebrated Vermifuge and Liver Pills shall continue to occupy the high position they now hold among the great remedies of the day, they will continue to spare neither time nor expense in procuring the Best and Purest material, and compound them in the most thorough manner. Address all orders to

FLEMING BROS., Pittsburgh, Pa.

P.S. Dealers and Physicians ordering from others than Fleming Bros., will do well to write their orders distinctly, and take none but Dr. M'Lane's, prepared by Fleming Bros., Pittsburgh, Pa. To those wishing to give them a trial, we will forward per mail, post paid, to any part of the United States, one box of Pills for twelve three-cent postage stamps, or one vial of Vermifuge for fourteen three-cent stamps. HOSTETTER'S STOMACH BITTERS.

It is a fact that, at some period, every member of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has introduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nausea, Flatulency, Loss of Appetite, or any Bilious Complaints, arising from a morbid inaction of the Stomach or Bowels, producing Cramps, Dysentery, Colic, Cholera Morbus, &c., these Bitters have no equal.

Diarrhea, dysentery or flux, so generally contracted by new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend Bitters of some kind; then why not use an article known to be infallible? All nations have their Bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to prove the value of this great preparation in the scale of medical science.

FEVER AND AGUE.—This trying and provoking disease, which fixes its relentless grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTERS. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nausea nor offend the palate, and render unnecessary any change of diet or interruption of ordinary pursuits, but promote sound sleep and healthy digestion, the complaint is removed as speedily as is consistent with the production of a thorough and permanent cure.

For Persons in Advanced Years, who are suffering from an enfeebled constitution and infirm body, these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indispensable, especially where the mother's nourishment is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart temporary strength and vigor to the system. Ladies should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtue of the Bitters, will recommend their use in all cases of weakness.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for HOSTETTER'S CELEBRATED STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

[illegible] the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.

DR. N. R. C. ROWE.

URISCOPIAN PHYSICIAN.

(Late from the Island of Barbadoes, West Indies)

WHO has located in Rochester, begs to announce to the public of Batavia and vicinity, that he can be consulted on all CANCEROUS and CATARRH affections, Tumor diseases of the Lungs, Throat, Liver, Kidney &c., &c. Also Scrofulous and all other Chronic Diseases, at his office No. 8 Stone Block, corner of Main and St. Paul streets.

The success that has attended his practice was never surpassed by any other Medical man of his Profession. He has cured entirely some of the worst cases of that most loathsome disease, CANCER—the thoughts of which chill the heart and makes life a burden to those afflicted with it—which had been pronounced by some of the most skilful Physicians as decidedly incurable. These patients are live witnesses to this fact. CATARRH, this most awful disease, which if not checked, terminates in Consumption, he can cure most speedily—Scrofulous and all other Chronic Diseases he treats with equal success. Patients placing themselves under his care will be treated strictly scientific, as he is a legitimate practioner and no self-taught man. Dr. R. has discovered a speedy and certain cure for such cases of that fearful and [illegible] disease CANCER, as are curable. It has hitherto been the opinion of the Medical Faculty that Cancer cannot be cured. Dr. Rowe, however, has after a thorough [illegible] investigation long study of the disease been able to discover a remedy that will cure such cases as can be cured. Though all cases cannot be cured, yet they can be relieved and life prolonged. Any one consulting him will be told candidly whether anything can be done for them or not. Consultation free. Dr. R. by a careful chemical examination of the Urine can tell almost every Chronic Disease that mankind is liable to, and thus can treat diseases more correctly and successfully than by any other mode of examination. The reason that a great many curable diseases are deemed incurable is simply from not finding out the real cause of the disease. Parties at a distance, not able to consult him personally, by sending a small vial with some of their Urine from the first made in the morning, and $1 as a fee for testing it, at the same time stating their age, will be told their disease. Letters addressed to Box 941, Rochester, N. Y., will meet with prompt attention. Packages containing Urine must be addressed to his office. References as to his mode of treatment can be given to some of the first Physicians in this country.

Dr. ROWE will be at the Eagle Hotel, Batavia on Monday and Tuesday November 28 and 29.

JOB PRINTING, OF ALL KINDS, EXECUTED AT THIS OFFICE WITH TASTE AND DESPATCH.

Wouldn't Light.

Early "candle-light" came last evening to many of our citizens for the first time in a long while. We stepped into a neighboring store just at dark, and found a man making a most extravagant use of matches, by setting off half a dozen at a time and complaining that they wouldn't light the gas; he was confident that such matches couldn't be matched by the meanest kind of sulpher dips. We suggested that perhaps the gas might be at fault; but this he couldn't see, and didn't seem to comprehend; he knew that there was an intimate relation between the end of the gas burner, and a certain body known as a Gas Light Company, that rendered bills, but what that relation was he didn't seem to know, nor the bound that united them, though he did know that somehow he was bound to pay a bill every two months. Setting off another large bunch of matches which were applied to the gas burner, but without the slighest sign of light he burst out in a most emphatic damn the gas—which was quite unnecessary as well as very wrong, as the gas was most effectually damed somewhere already. The street lamps looked sadly forsaken and melancholy at ten o'cock when we went home, but we learned that our neighbors matches were effetualy in igniting the gas soon after the trial referred to above.

In aid of John Brown's Family.—Parker Pillsbury will speak at Corinthian Hall in Rochester, on Friday night Dec. 2d, in behalf of the Brown Family.

Hon. David R. Floyd Jones.

The Troy Budget, in speaking of this gentleman's election, says: It is highly satisfactory to look over the official returns of the late election, as they come in, and and see how the Democratic candidates stand before the people of their several localities. Whether elected or defeated, they all seem to be well approved by their immediate neighbors. David R, Floyd Jones, the Democratic Secretary of State, in his own county of Queens, has nearly twice as much majority as his competitor has votes. He leads the local candidate for Senator more than three hundred votes, and has eighty one more than any other candidate on the ticket. The success of such a leader adds materily to the satisfaction naturally felt at the result.—During the canvass, not a word has been said to his prejudice even by the most heated of his political opponents. His well-admited qualifications for the high station to which he has been elected, are only equaled by his eminent and exemplary private life. During his long and faithful service as a leading member of both branches of the Legislature, he has challenged and won the admiration of friends and foes in every section of the State; and in every capacity has been distinguished for his support of democratic measures and his devotion to democratic principles and policy.

A day or two ago Mr. J. J. Van Wyck a farmer residing near Fishkill, turned a valuable horse into a lot in which a large hog was penned. During this day the hog managed to break out of the pen, and was observed by several of the neighbors to follow the horse wherever it went. Nothing more was thought of the matter until morning, when the horse was found dead in the lot, with nearly all the flesh torn from the head and neck. It is supposed that the hog followed the noble animal until it lay down, when the attack was made. A large wound was found in the horse's side, bearing evidence of the assailant's voracity. The hog was afterwards killed, and when dressed weighed 240 pounds.

A gentleman felt the loss of $20,000 from the estimated value of his character, in consequence of a statement in regard to him made in the Crown Point (Ind.) Register, and thereupon he applied to the Court for damages in that sum. After two years' delay, the claim has been adjusted by a verdict in his favor of $10, and he to pay his own costs, amounting to $45.

Vegetable Wonder.—Perhaps no country outside the tropics can show so many astonishing vegetable curiosities as California. We have, during the summer just passed, seen sights among the gardens and vineyards of this country which, written just as they appeared, and sent to the States of Pensylvania, Kentucky, Massachusetts or Missouri, would procure for us from the readers of the Independent the reputation of being one of the chief liars. We have seen, for instance, in Garcelon's ranch, a little riding switch of a pear tree, bearing healthy fruit, that would five times outweigh the tree; an apple tree in Medina's garden, not taller than a good sized man, and not to heavy for a stage drivers whip stock, bearing at once over 200 apples, of good size and flavor.—But the last wonder is a cabbage tree now growing in Dr. Hepburn's garden, Mokelumne Hill, which in five years, from an ordinary cabbage plant, has grown to some nine feet high in the main stalk, and when its full branches were on, a month ago, *near fifteen feet high*. The stalk has become hard as wood, and it bore this year about fifty or sixty heads of cabbage.—The Doctor intends to keep it growing, and thinks in a few years more that he will be able to boast the possession of the most profitable tree in the country; for besides great quantities of green cabbage and crout that it produces, he every season gathers many papers of first rate seed, and hundreds of plants which sprung up spontaneously beneath its boughs.—*San Andreas Independant.*

The way They go.—The underground Railroad appears to be doing a lively business now-a-days, in spite of the Harper's Ferry excitement. Some ten or twelve thousand dollars worth of Southern property, in the shape of nine negroes, passed through Sandusky one evening last week, *en route* for Canada.

The St. Louis papers say that on Monday night of last week, ten negroes, five males and five females, ran off from Lagrange, Lewis County, in Missouri. They belonged to seven different persons, and being valuable slaves, were worth not less than $10,000. They stole a flat boat with which they crossed to the Illinois shore, with the help, no doubt, of Abolitionists. A reward of $2,650 is offered for their arrest. On Friday night, another negro, belonging to Captain Lillard, of the same place, effected his escape, making eleven in all.

The Chicago Journal, of Friday says:—"Last night the underground railroad train arrived here, with 30 passengers—5 from the vicinity of Richmond, Va., 12 from Kentucky, and 22 from Missouri. They are now all safe in Canada. The 13 from Missouri were sold to go down the river the very day they started. A stalwart six footer and a Sarp's rifle were guides."

It is expected that by the middle of next March, our western coast will be within ten days telegraphic communication with the Atlantic States. This will take place by the simultaneous completion, at that time, of the telegraphic lines between St. Louis and Fort Smith, at this end of the route, and San Francisco and Los Angelos at the Pacific end, thus cutting off three and a half days on either side. Deducting these seven days from the twenty between the two termini, and there remain thirteen. This time the stage owners promise to shorten three days. The time will thus be reduced to ten days between Fort Smith and Los Angelos, the two extreme telegraphic points.

Mr. Cook's Chances Dim.—It has been supposed by some that owing to Cook's confession and his relationship to Gov. Willard, of Indiana that he would be able to secure a pardon or the commutation of his sentence. The Richmond Enquirer, however, says he will be hung:

The pardon of Cook is out of the question—*he is the most guilty of all the Charlestown prisoners.* So far from his being the dupe of Old Brown, Ossawatomie is the victim of John E. Cook.

Good men never make anything by treating rascals as equals. A concious villain who is treated as an equal by an honest man who is conscious of his villainy, recognises the man at once as a coward, and treats him accordingly. Treated as an inferior, a bad man becomes polite at *once, or defiant*, the bully and the blackguard that he is. We may go the world over without finding any man who in his soul, knows his place so well as a very bad man; and there is no way of securing his respect so easily as to give him to understand that he is understood, and appreciated at his true value.

Libel Suit.—Parley Cole, editor of the Cortland Gazette, has been sued by A. P. Smith, Esq., of that village, for libel, laying his damages at $5,000. Mr. Smith was the Republican candidate for County Judge, in Cortland county, at the late election, but was defeated. The suit is based upon several grossly libelous articles that appeared in the Gazette between the time of Smith's nomination and the election.

Attempted Rescue Expected Last Night.

Baltimore, Nov. 27.

A steamer arrived from Norfolk to-day with two companies of troops, numbering 170 men, who will go on to Charlestown to-night on a special train. Two companies left Charlestown to-day for Wheeling, to guard the Ohio line. The Virginia Cadets, and a company of over one hundred volunteers, went up in a special train this afternoon. These reinforcements will make the force at Charlestown over one thousand strong. Every car that passes through is searched, at all the stopping places in Virginia, for armed men.—What new information has been received has not transpired.

There seems, however a determination to keep up the panic. Companies from all parts of the State have tendered their services to Gov. Wise. Also, four companies from Georgia, and one from North Carolina, but the services of these were declined. The citizens of Rockingham county have tendered a hundred mounted men, to proceed to any point the Governor may designate. The Richmond Dispatch urges the people of Virginia to stay away from the execution of Brown and his comrades. It also says, that visitors from other States, if they are permitted to be present, will have assigned to them a position where they can do no mischief.

LATER.

It is now said that the new and extensive military movements have grown out of a confident belief on the part of the Virginia officials, that an attack and an attempted rescue will be made to night. Governor Wise and Attorney General Hunter profess to have received information to that effect.

From Havana.

New York, Nov. 28.—The steamship Empire City arrived here this evening, with Havana dates of the 23d inst.

The city of Havana was in a state of excitement, predicated upon the coming festivities in honor of the new Captain General, Serrano, to take place on the 24th, that functary having arrived from Spain.

The steamship Daniel Webster, from New York, and the Northern Light, from Aspinwall, had not yet arrived.

Says the Richmond Enquirer: "If the blood of John Brown is to prove the seed of the Abolition Church, we have no objections to a good harvest. If his execution elects Seward, the time of our exodus will have arrived, and it will produce its Moses."

"Elder, will you have a drink of cider?" said a farmer to an old temperance man who was spending an evening at his house. "Ah!—hum—no—thank ye," said the old man. I never drink any liquor of any kind—'specially cider; but if you call it apple juice, I think I'll take a drop."

A Western journalist whose wife had just presented him with twins and who for this reason was compelled to neglect his paper for one day, wrote the day after the following excuse: "We were unable to issue our paper yesterday in consequence of the arrival of two extra mails."

Parson Brownlow, of Tennessee, in course of conversation with a gentleman in Rochester, a few days ago, remarked that "the Loco-Foco party was, without doubt, the most corrupt institution this side of——" a very hot place, which the parson mentioned by name.

John Cochrane's name is mentioned in connection with the Speakership of the next House.

Senator Douglas and his wife are both recommended to visit the coast of Florida for the restoration of their health.

LOCAL MATTERS.

We have not been in to see the Panorama at Concert Hall yet, thought we sent a band, and regret to learn that our citizens do not properly appreciate this grand work of art, in not crowding the Hall every night. We saw it last year, and know that it has only to be seen to be appreciated.

Cooper's Novels,

We are in receipt of the ninth number of Coopers illustrated novels published by Messrs Townsend & Brother New York. This volume "The Prarie" is one of the most elegant of the whole series so far as it has progressed. Its illustrations are not surpassed by any other number while its style of execution, typography, paper and binding is if anything more excellent than any of its antecedents.

It is not with this publication as with many, no pains expense or labor are spared to render it all that was promised that it should be in the prospectus, and we do think it the most beautifully published work that has for years came under our notice.

The matter of this volume is peculiarly attractive, illustrating prairie life as well as Indian cunning, bringing into notice our old friend Leather Stocking so happily introduced in the "Last of the Mohiekans" whom all its readers will follow with that peculiar interest engendered while reading that interesting story. For it we only ask a reading, as we regard it as one of the most excellent of Cooper's Novels. We are confident it will recommend the whole series better than we can.

We say again to families who have not yet procured this work go and do it at once you will not in our judgement regret it.

Arrival of the Baltic—Later from California.

New York, Nov. 27.

The Baltic, from Aspinwall the 19th, arrived here at an early hour this morning. She brings 650 passengers, and upwards of $1,700,000 in treasury. The Baltic connected at the Isthmus with steamer Golden Age, which vessel was detained on her down trip 40 hours in the Gulf of Tehauntepec by a severe gale.

The Orizaba of the Vanderbilt line left San Francisco at the same time as the Baltic, with 250 passengers. The Baltic brings over freight, 100 cases silk worm eggs from China for Italy and the south of France.

Arrival of the Overland Mail.

St. Louis, Nov. 28.

The overland mail has arrived with San Francisco dates of the 7th inst.

The Governor has ordered an election for December 10th, to fill the vacancy in the State Senate. This will be a very exciting election as it involves the question whether the Legislature shall grant the right to construct bulkheads to protect the harbor of San Francisco, a project involving an expenditure of $5,000-000.

An association has been formed at San Francisco with the intention of embracing the whole State, for the purpose of excluding the Chinamen from all employment except the lowest kind.

Business was stagnant. There had been no sales of any consequence since the departure of the steamer of the 5th inst.

A dispatch from San Francisco dated Monday, 7th inst.—6 P. M., overtook the mail at Gelroy. It says, trade opened fairly for the first of the month. Light sales of cheese were made from the ship Daring at 12½a13c. June butter sold at 35c., but the market was quiet and the purchases limited.

A Mexican Battle.

New York, Nov. 28.

A letter from Panama to the Times states that a battle had been fought at Tepic, Mexico, between the Conservatives and Liberals—the latter under Gen. Coronado. The Liberals were defeated, with the loss 400 killed, Gen. Coronado among the number. Loss of Conservatives unknown. The Liberals fled to Mazatlan.

Coronado had imprisoned the British Consul at Mazatlan for refusing to pay duty on the specie which had been smuggled from that port by the steamship Cyclops, but the commander of the Amethyst released him and blockaded the port, seizing the cotton loaded ships.

The Liberal party at Mazatlan had refused to recognize the American Consul until the arrival of the St. Mary's, when all difficulty will be settled.

A NEW, SPEEDY, AND MOST SUCCESSFUL

MODE OF TREATING

Spermatorhoea, Nervous Debility, Marasmus or Wasting Consumption.

AND ALL

Diseases of the Urino-Genital Organs.

A CLASS of Maladies prevail to a fearful extent in community; dooming at least fifty thousand youth of both sexes, annually to an early grave. These diseases are very imperfectly understood. Their external manifestations or symptoms are Nervous Debility, relaxation and exhaustion; Marasmus, or muscular wasting and consumption of the tissues of the whole body; shortness of breathing, or hurried breathing on ascending a hill, or a flight of stairs—great palpitation of the heart, asthma, bronchitis and sore throat; shaking of the hands and limbs, aversion to society, and to business or study, dimness of eye-sight, loss of memory, dizziness of the head, neuraligy pains in various parts of the body; pains in the back and limbs, lumbago, dyspepsia or indigestion, irregularity of the bowels, deranged secretion of the kidneys and other glands of the body, as Leucorrhoea, or Fluor Albus, &c. Likewise Epilepsy Hysteria and Nervous Spasms.

Now, in ninety-nine out of every one hundred cases, all the above named disorders and a host of others not named have their seat primarily in the sexual organs, and arise from morbid excitement and chronic inflamation—a state of morbid irritability, hence the want of success on the part of Old School Doctors.

Dr. JOHNSON is now engaged in treating this class of modern maladies with the most astonishing success. The treatment adopted by the Institution is new, it is based upon scientific principles, with new discovered remedies, without minerals or poisons. The facilities of cure are such, that patients can be cured at their own houses without expense, in any part of the country, from an accurate description of their case by letter, and have the medicine sent them by mail or express.

Young Men suffering from these dreadful ills, will receive for $5 a series of Health Rules, and perfect charts of cure, which will be to them a true polar star through life.

DR. M'LANE'S

CELEBRATED

VERMIFUGE

AND

LIVER PILLS.

WE beg leave to call the attention of the Trade, and more especially the Physicians of the country, to two of the most popular remedies now before the public. We refer to

Dr. Chas. M'Lane's Celebrated

Vermifuge and Liver Pills.

We do not recommend them as universal Cure-alls, but simply for what their name purports, viz.:

THE VERMIFUGE,

For expelling Worms from the human system. It has also been administered with the most satisfactory results to various Animals subject to Worms.

THE LIVER PILLS,

For the cure of Liver Complaints, all Bilious Derangements, Sick Head-Ache, &c. In cases of

Fever and Ague,

preparatory to or after taking Quinine, they almost invariably make a speedy and permanent cure.

As specifics for the above mentioned diseases, they are Unrivaled, and never known to fail when administered in accordance with the directions.

Their unprecedented popularity has induced the proprietors,

Fleming Brothers,
Pittsburgh, Pa.

to dispose of their Drug business, in which they have been successfully engaged for the last Twenty Years, and they will now give their undivided time and attention to their manufacture. And being determined that Dr. M'Lane's Celebrated Vermifuge and Liver Pills shall *continue* to occupy the high position they now hold among the great remedies of the day, they will continue to spare neither time nor expense in procuring the Best and Purest material, and compound them in the most thorough manner. Address all orders to

FLEMING BROS., Pittsburgh, Pa.

P.S. Dealers and Physicians ordering from others than Fleming Bros., will do well to write their orders distinctly, and *take none but Dr. M'Lane's, prepared by Fleming Bros., Pittsburgh, Pa.* To those wishing to give them a trial, we will forward per mail, post paid, to any part of the United States, one box of Pills for twelve three-cent postage stamps, or one vial of Vermifuge for fourteen three-cent stamps. All orders from Canada must be accompanied by twenty cents extra.

DR. COGGSWELL'S NEW MEDICAL SALT.

For Inflamatory Diseases Only.

New Medical Salt! New Medical Salt!

IT IS NOT A CURE-ALL.

For Inflammatory Diseases only.

Dr. Coggswell's New Medical [illegible] of its being a remedy for all [illegible] control over but one ill. It has but one task and accomplishes but one thing, to wit: [illegible] inflammatory diseases, whatever [illegible] locality, whether in the head, throat, stomach, extremities or skin.

New Medical Salt. Its peculiar [illegible] is, first without the [illegible] strength, it effectually cures inflammatory diseases, (no other,) by producing an equilibrium of the fluids in the body, the want of which is the sole cause of inflamation?
